

BECOME A 2026 SPONSOR!

FOR THE 5TH ANNUAL **UnPoppable**

**Stability Today.
Opportunity Tomorrow.**

Saturday, October 10, 2026 6:30-8:30pm

White Center HUB - Savusa Hall | 10829 8th Ave SW Seattle, WA 98146

As an UnPoppable Sponsor, you will be a part of ensuring that small bumps for families do not become unsurmountable road blocks to learning and education.

LCF's Family Support Fund provides financial support for housing, transportation and basic needs items when temporary hardships within a household keep a child from engaging in learning.

We will recognize sponsors at our 5th Annual UnPoppable evening fundraiser, as well as in communications leading up to and following the event. All campaign donations benefit the Family Support Fund. Together, we will ensure that the bubbles of potential we see in every child are never fragile, never fleeting, and always UnPoppable.

2 Tickets to evening event (\$50 value)			♥	♥

All children deserve childcare where potential is nurtured, protected, and celebrated—like bubbles full of promise, floating upward with hope. But unlike ordinary bubbles, the dreams we hold for our children must be UnPoppable—resilient, supported, and sustained by a community that believes every child matters.

Stability today means opportunity tomorrow.

That means expanding our reach, welcoming new voices, and building stronger partnerships—from birth through early career—so that every child, in every community, has the opportunity to thrive. It means recognizing that early learning is not just the beginning—it's the foundation that amplifies success across K-12, post-secondary education, and beyond.

Together, we can ensure that the bubbles of potential we see in every child are never fragile, never fleeting, and always UnPoppable.

About the Learning Communities Foundation

The Puget Sounds Educational Services District Learning Communities Foundation (LCF) provides support for PSESD services and programs. From early learning to post-secondary, PSESD supports children, students, and families across 35 school districts. To support this work, LCF builds partnerships, raises awareness, and develops resources across programs to create a just and humanizing learning system.

LCF's signature program, the Family Support Fund, provides resources to fill gaps arising from unexpected financial strains. These resources keep families housed and safe and their children engaged in learning.

Together, these efforts honor and uplift the strengths of families and communities, reflecting LCF's commitment to partnering for nurturing, thriving learning environments where every child and family flourishes.
