August 4, 2026

Dear Parent/Guardian:

To enhance the safety of our students, the school district will be continuing random searches during the 2026-2027 school year. These searches will be conducted swiftly to ensure that instructional time is not disrupted. The searches are designed to detect prohibited items such as items, weapons, and vapes, helping to prevent the presence of such items on school grounds and the risk of violent incidents.

If you or your child have any questions, please refer to the Code of Student Conduct, available on the Tate High School and Escambia County Public Schools websites. You may also contact Assistant Principal Somer Bridges for further assistance.

Sincerely,

Emily King
Principal
