KOROBORO INTERNATIONAL SCHOOL

Extra Curricular Activities (ECA) Expo Sparks Student Interest

Article Supplied by Ms Upu Ravu - Deputy Principal, Koro Campus

WELCOME TO THE INFORMER

Our ECA Expo held during lunchtime in Week 3 on Friday was a great success. Coaches and activity leaders from across the school were present to showcase the exciting extra-curricular activities available to students. Through presentations, posters and displays, students were able to learn more about the different opportunities on offer and what they can expect to learn and experience in each activity.

It was wonderful to see so many students showing enthusiasm and signing up for activities. The strong level of interest highlights the importance of providing students with opportunities to develop new skills, build confidence, discover new interests and connect with others beyond the classroom.

ECA registration forms have been printed and are now available for students. Online sign-up links have also been shared with families via ClassTag to make registration as easy as possible.

ECA Online Sign-Up Links:
Boro Campus:
https://forms.gle/uoGiteByGxuXmCG68
Koro Campus:
https://forms.gle/jfyNjueud3PXFXU3A

This year ECA sessions will run from **3:20 pm to 4:20 pm**. To ensure each activity can run successfully, a minimum of **10 students** is required for each activity. Activities that do not reach the minimum number may be cancelled. Students are asked to select **three activity preferences** in order of preference. If a student's first choice is unavailable due to low enrolment, every effort will be made to place them in their second or third preference.

ECA programmes will run during **Weeks 6 to 9 of Term 3** and continue into **Weeks 2 to 3 of Term 4**. We encourage all students to take advantage of these valuable opportunities and participate in activities that inspire them to learn, grow and have fun.

Thank you to all coaches and staff for their preparation and support of the ECA Expo. We look forward to an exciting season of extra curricular activities.

Welcome to Grade ELV PM

WELCOME TO THE INFORMER

Growing Together: Social Skills at ELV

At Early Learning Village (ELV), learning is about more than numbers and letters. It is also where young children learn how to get along with others and make friends. In our classrooms, children practice important social skills every day through play:

•Cooperating and Helping: Children learn to work together, take turns, and help friends who need a hand. This helps them build care and empathy.
•Sharing: Sharing toys and classroom materials teaches children patience, fairness, and kindness.

Eye Contact and Communication: Through talk and story time, children practice looking at others when speaking, listening carefully, and expressing their feelings clearly.

When children learn these skills early, they feel safe and happy. Strong social skills build confidence, make the transition to primary school easier, and help children form healthy friendships for life.

Playing together

Sharing resources together

Playing with doll – pretend play caring for a baby

The Science investigation Corner is always a favorite spot for our children. They love watching insects move and seeing seeds slowly grow into plants. These hands-on discoveries make learning science fun and exciting!

Welcome to Grade 1BE

WELCOME TO THE INFORMER

From Games to Great Readers, 1BE's Word Success!

1BE students have been busy building their phonics skills through fun and engaging activities. We have been learning and practicing our High-Frequency Words by playing exciting games, reading a variety of books and completing spelling challenges.

We have also been working hard on spelling our focus words and using them correctly in sentences. It has been wonderful to see our learners becoming more confident readers and writers each week.

We are so proud of the fantastic effort everyone is making. Keep practicing your High-Frequency Words at home, you are all becoming amazing readers!

Welcome to Grade 5LT

WELCOME TO THE INFORMER

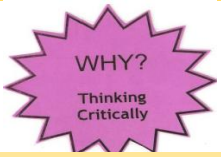

This term, the 5LT Class had been studying the different types of Inquiry Skills, Visible Thinking Routines, Cooperative Learning Strategies and of course the graphic organizers.

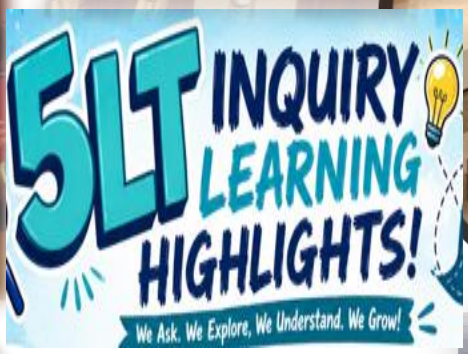

Key skills are important component of an inquiry lesson. So far the 5LT students have covered 4 key skills , **Communication, Research, Co-operation and Critical Thinking.** The excursion to The National Arts Museum was a **Going Further** activity which encompasses the key skill **Critical Thinking**. The attitude out there really promotes how critical thinkers sound like and look like.

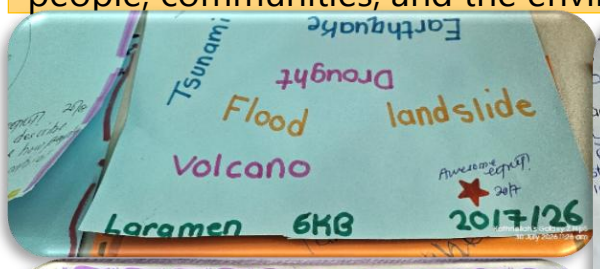

KOROBORO INTERNATIONAL SCHOOL

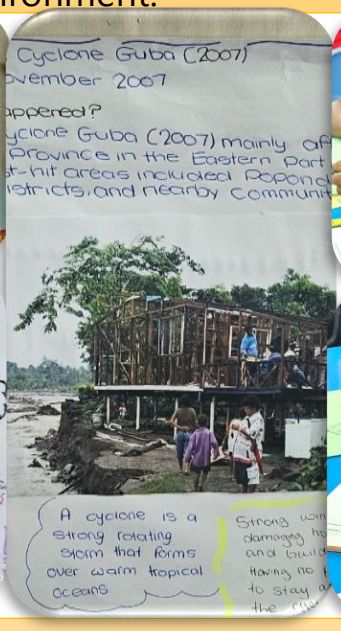

Welcome to Grade 6KB

WELCOME TO THE INFORMER

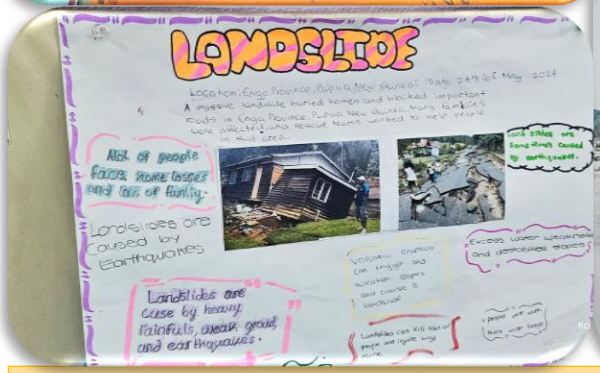

Wild Weather and Shaking Ground!

This term, Grade 6KB explored what natural disasters are and identified the types that occur in Papua New Guinea, including earthquakes, volcanic eruptions, floods, droughts, landslides, and tsunamis. Through research and discussion, students learned how these events occur and how they impact people, communities, and the environment.

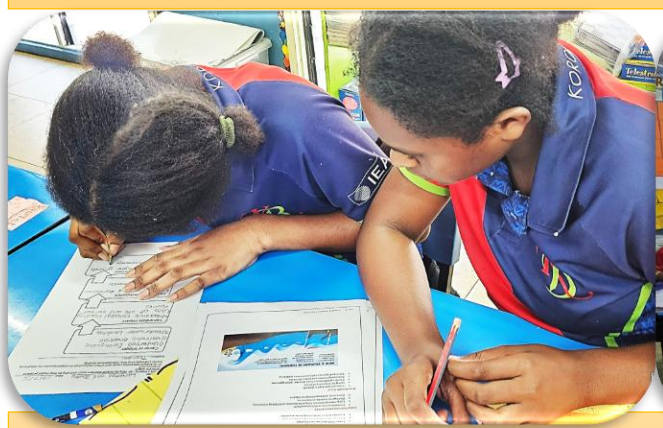

We identified and defined natural disasters in Papua New Guinea, learned key disaster vocabulary and explored how factors such as location and access to resources can affect people in rural and urban communities differently.

We are proud of the curiosity and enthusiasm shown by the Grade 6KB students so far in Inquiry. Keep exploring, asking questions and building your understanding of natural disasters. You are all becoming thoughtful and skilled inquirers! 🌟🌍🌋

Welcome to Boro Visual Arts

WELCOME TO THE INFORMER

🎨 "Every Brushstroke Builds Confidence!"

Welcome to another exciting week in Visual Arts!
This term, our students are learning the **basics of painting –** exploring colours, brush control, and simple painting techniques. Yes, painting can be messy, but that's how creativity grows!

Remember: Every mistake is a chance to learn, improve, and create something amazing!
