Superintendent's Report
August 4, 2026 Special Meeting

Good Evening.

Thank you to the Board of Education for gathering tonight as we approach a pivotal moment for the Rye Neck School District. We are now just 58 days away from our October 1st Bond Referendum vote. This evening, President Gatenio will explain the SEQR determination, which is the formal decision required under New York's State Environmental Quality Review Act to assess our project's environmental impact. This bond reflects years of comprehensive studies and community feedback, serving as a future centerpiece for our students, staff, and residents. Please visit RyeNeck.org and click the *2026 Bond Referendum* tab to access timelines, videos, and financial details.

Mark your calendars for our last livestream on Wednesday, August 26th at 7:00 p.m., followed by a Town Hall, facility tours, and a referendum hearing all during the month of September. Most importantly, please vote on October 1st. Early mail-in ballot details are available on our website under the Board of Education's voter information section.
