St. Charles Parish Public Schools

2026-2027 Student Artificial Intelligence (AI) Opt-Out Form

I. Purpose and District Commitment: St. Charles Parish Public Schools (SCPPS) is committed to using technology thoughtfully to improve and personalize student education. District-approved Generative AI tools are used to support—not replace—teaching, learning, and human decision-making. All student AI use is teacher-directed and aligned with specific instructional goals.

- **Teacher Authority:** AI use is a support tool, and students are **not** required to use it unless it is a primary component of a teacher-guided instructional goal for which an alternative has been requested.

- **Data Privacy:** SCPPS does **not** permit student data to be used to train commercial AI systems, regardless of opt-out status.

II. Parent/Guardian Choice: While the district ensures that all AI tools used with students are vetted for safety and comply with state and federal privacy laws (including FERPA and La. R.S. 17:3914), we respect a parent's right to limit their child's interaction with these specific technologies.

By signing this form, you are requesting that your student NOT be allowed to use district-approved Generative AI tools for classroom assignments during the 2026-2027 school year.

III. Understandings and Agreements: By opting out, I understand and agree to the following:

- **Alternative Assignments:** My student will be provided with alternate assignments or methods to complete school-assigned learning activities that would otherwise utilize AI.

- **Continued Compliance:** My student is still required to follow the Student Code of Conduct and the Student Technology User Agreement for all other digital activities.

IV. Student Acknowledgment: If my parent/guardian opts me out, I agree to:

- Not use any district-approved Generative AI tools.
- Use only the alternative learning materials provided by my teacher.
- Not attempt to bypass school filters to access AI tools.
- Maintain academic integrity by ensuring all work submitted is my own and not generated by prohibited technologies.

Opt-Out Confirmation

[ ] OPT-OUT: I **DO NOT** give permission for my student to use district-approved Generative AI tools for the 2026-2027 school year.
