

Monadnock Regional School District

Title I Parent & Family Engagement Policy

The Parent Involvement Policy is designed with the input of parents/guardians, school administration, and Title I staff. The purpose of the policy is to ensure parent involvement in their child/children's education, encourage communication and foster home/school partnerships.

Annual Parent Meeting

At the beginning of the school year, the district will hold Annual Parent Meetings at each of the Title I Schools in the district. Staff will confirm that parents received the following resources:

- **Title I brochure** explaining the Title I program in the Monadnock School District.
- **Parent & Family Involvement Policy**
- **Parents' Right to Know** (School Board Policy)
- **School Compact**
- **District Curriculum Guides for Assessment**
- **Family Planning Guide**
- **Stakeholder Meeting**

Parent/Student Compact

At the beginning of the school year, each child's parent/guardian will receive a learning compact outlining the school/parent/student responsibilities. This compact must be signed by all three parties (or for the preschool version, just the school official and parent). This compact provides a complete overview of the expectations and responsibilities for everyone involved. The compact can be accessed online, and parents are encouraged to offer feedback at any time.

School-wide Schools

Title I services will be available to help all students meet the state's performance standards. Parent involvement activities will be planned and presented to fulfill the requirements based on the outcomes of the school's Comprehensive Needs Assessment and School Plan. The following schools are identified as Schoolwide Schools for the 2026-2027 school year.

- Mt. Caesar/Cutler Elementary
- Troy Elementary

Target Assistance Schools

Title I services are provided to students based on performance requirements and input from teachers, as well as other federal guidelines. Parents will be notified if their child qualifies for Title I services. Parent permission will be required for participation. The following school is identified as a Target Assistance School for the 2026-2027 school year.

- Gilsum STEAM Academy

Stakeholder Meetings

During Stakeholder meetings, Title I budget allocations will be shared. Additionally, the annual evaluation of evidence-based strategies will be discussed. Stakeholders will also review feedback received from both the staff and family surveys. A summary of the stakeholder discussions will be shared with parents and used for future activities.

Family Engagement Planning

The purpose of Title I Family Engagement is to assist LEAs and schools in carrying out activities and strategies aligned with the MRSD Parent/Family Engagement Policy. Each school will refer to the Family Engagement Planning Guide. To access a copy of the Family Engagement Planning, click the link.

Communication Commitment

Parents are encouraged to visit their Title I areas and express any questions or concerns they may have regarding Title I to the Title I Project Manager. Such concerns will be recorded in the child's folder. Communication through:

- Annual Meetings
- Annual Parent/Family Surveys
- Input on planning family events based on needs, interests, and learning opportunities
- Communication is provided in a language the family can understand

Additional Meetings

Opportunities for parent/guardians to ask questions, share experiences with other parents and gain information about ways to help their children succeed academically and socially will be made available throughout the school year. These meetings will be held at different times to allow for flexibility with parent schedules.
