Dear Delaware Valley High School Students and Families,

Welcome back to the 2026-2027 academic school year! As Delaware Valley High School's Assistant Principal for Academic Affairs, I am extremely excited to have the opportunity to work with all high school students and stakeholders to help enhance academic achievement and success.

This year will be my 13th academic school year at DV. In Fall 2014, I started my teaching journey here at the high school as a STEM teacher. My time at DVHS has afforded me many professional and academic opportunities that have shaped me into the leader I am today. I have had the privilege of working with extraordinary students, teachers, parents, and staff over the years, and I truly look forward to making new relationships and positive changes in my role again this year.

My personal educational philosophy aligns with our district's mission that centers around maximizing student potential, fostering life-long learning, and promoting responsible citizenship. In addition, I share the district's vision to remain nationally recognized for academic achievement. It is my goal to ensure all students have an equitable and high-quality education that allows them to develop essential skills needed in school and their future endeavors.

Please know that my office door is always open for any questions or concerns. I am excited about the possibilities that this school year will bring, and proud to be part of this high school community.

Sincerely,

Jessica Hubal

Assistant Principal for Academic Affairs
