Parent and Student Technology Guide

Your student will use a variety of technology tools to support their education experience. Here are the basics:

ClassLink

Clever is an easy way for students to access all their learning applications. It is their single sign-on portal where they only have to remember one username and password, or use a ClassLink Badge, to log into all their learning applications.

1. Students will find the ClassLink login icon by selecting the "Students" link in the upper right corner of our MPS websites.

2. When the login page appears, students may either scan their ClassLink badge, or they can type in their MPS email for Username and district password.

Elementary Students:
Username: firstnamelastname@moorestudents.com
Password: Student ID#

Infinite Campus

Infinite Campus is the system where your student's attendance, grades, and data are stored. Parents can download the Campus Parent App to view updates on their student's IC account.

1. To login to Infinite Campus, go to www.mooreschools.com and select the Parent navigation at the top of the page.
2. You will need a special code in order to view your student's IC account.
3. You must visit your school's secretary with a valid ID in order to obtain the code for your student's account.

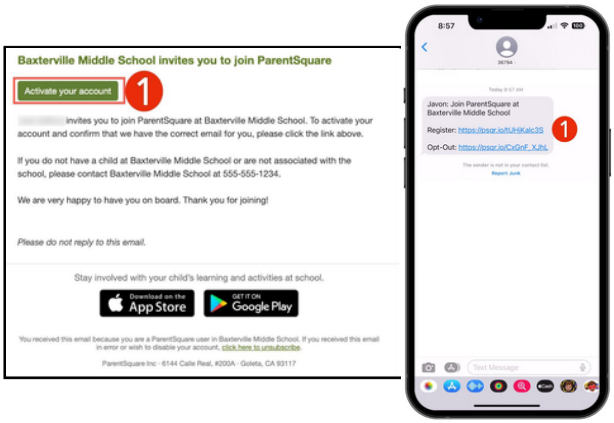

Parent and Student Technology Guide

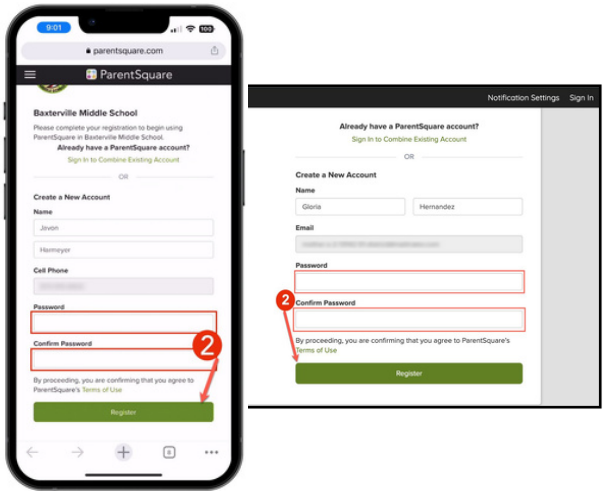

ParentSquare

ParentSquare is our district wide communication platform. This app will allow you to see posts from teachers, private message, and keep up to date with all school activities.

Scan this QR code for a video on how to set up and use Parent Square

1. Open the invitation email or text. Click Activate your account or tap the link to activate your account.

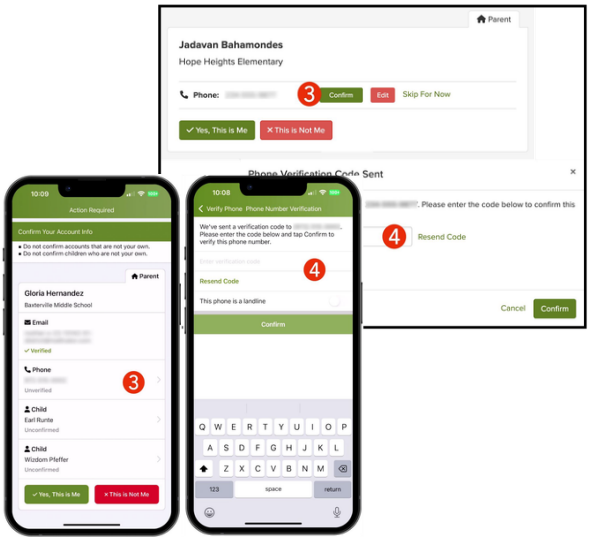

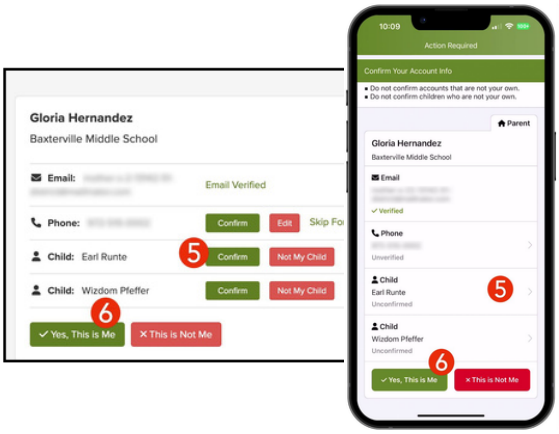

2. Create a Password for your ParentSquare account and click Register.

3. Click Confirm for your phone number and/or email. A verification code will be sent to the email or phone number.

4. Enter the verification code to confirm.

Parent and Student Technology Guide

5. Confirm your child(ren) by clicking Confirm. Use Not My Child if a child listed is not associated with your account.

6. Select Yes, This is Me when you have confirmed your contact information and child(ren) associated with your account.

Name misspelled?
Wrong email or phone number?
Missing a child on your account?

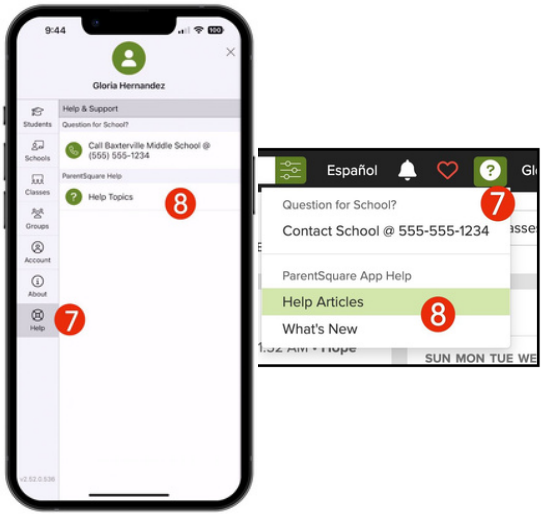

Parent Square pulls all information from Infinite Campus. Only Custodial Guardians listed in Infinite Campus will have access to Parent Square.

Contact your child's school to get this information updated.

Once you are logged in to ParentSquare, you will be able to access self-paced training modules, video resources and help articles to assist you with using ParentSquare.

7. Click ? (Help) for help or your school contact information.

8. Select Help Articles to learn how to use ParentSquare.

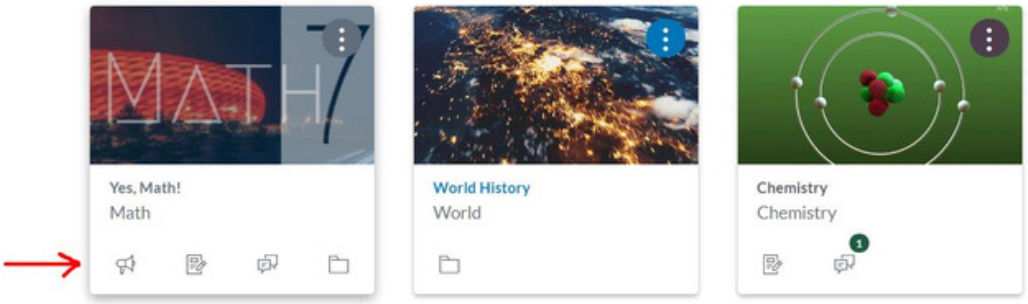

The ParentSquare apps are free and available in both the Apple iOS and Android stores.

Parent and Student Technology Guide

Canvas

From learning to read to reading to learn, Canvas supports teachers in improving student achievement for everyone, from the littlest learners to college-bound seniors and beyond. Our teachers will be using Canvas as their classroom platform where they can post lessons, assignments, quizzes, discussions, and announcements.

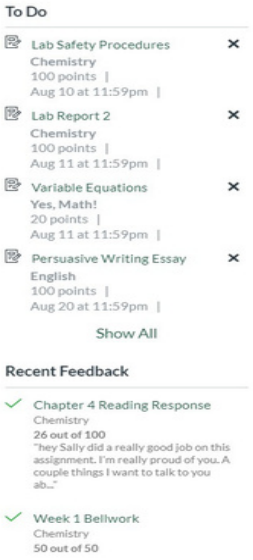

1. Students will login to Canvas through Clever. It is recommended that you use the Google Chrome app or Google Chrome browser.
2. When you log in to Canvas, the first thing you see is the Dashboard. It provides an overview of current courses.
3. Card View displays a course card for each of your courses.

Scan QR code to watch a video explaining what Canvas is

4. Click on the title of the course card you are wanting to view, and it will open up the Canvas course.

5. The Dashboard also displays the Sidebar. The sidebar includes a To-Do list to track assignments and activities. You can click on the assignment to view specific instructions, or click the X to remove from To-Do list. The Recent Feedback section displays the latest comments on previously submitted assignments,

Parent Observer Access

Parents can have their own Canvas accounts to observe student courses. To create a Parent Canvas account follow these steps:

1. Go to mooreschools.com and select Parent at the top. Scroll down and Click the Canvas icon.
2. On the log-in page select "Click Here for an Account"
3. It will ask you for information and a Student Pairing Code. This pairing code can be created by the teacher or by the student. Scan the QR code below for how to create a pairing code.

Parent and Student Technology Guide

Blocksi

Blocksi is our district-wide web content filtering service. Blocksi allows parents to have insight into what students are doing on their devices. You will receive an email from Blocksi inviting you to enroll as a parent in their platform. This program will also give you parental controls on their device outside of school hours. Scan the QR code to the right for the Blocksi Parent Dashboard with more information!

Seesaw

Seesaw is a program for Moore Public Schools' PreK-3rd graders where students can share what they are learning and save their work in a digital portfolio. Teachers can invite parents to be a part of Seesaw, and they will only see their child's work. Your student will access Seesaw through Clever.

Video explaining how parents can sign in to Seesaw.

Renaissance Accelerated Reader

Moore Public Schools' elementary students use a program called Renaissance at school. This program has a special feature called Home Connect, which you and your student can access outside of school from any computer with an internet connection. Home Connect allows you to view information about your student's progress in Accelerated Reader. It also allows you to sign up to receive email notification after your student completes an activity or assessment at school. Scan the QR code to access the Renaissance Home Connect website. Your student will use their first and last name (no spaces/no capital letters) as their username, and their school ID number as their password.
