EAST TIPP TROJANS

Booster Club

As students begin another year of classes, they also begin another year of extracurricular activities.

East Tipp offers a variety of choices for student participation including band, choir, sports and educational clubs.

One common element of these choices is the support provided by the East Tipp Booster Club. In many cases, participation fees are waived or greatly reduced by the financial support provided by the East Tipp Booster Club, a parent-run, volunteer, non-profit organization.

The East Tipp Booster Club provides financial support to athletics, educational clubs, band and choir for large equipment, supplies, and special items the groups may not otherwise be able to fund. Coaches and teachers are encouraged to make requests to the Booster Club for these items.

Examples of Booster contributions include the FAT Wednesday Festival supporting FACS/Art/ Tech, the annual Spring semi-formal dance for all students, partial payment for athlete warm-ups and t-shirts, video cameras, wrestling mats, updates to concession areas and many more.

Funds are generated from parent memberships, sponsorships, event concessions and fundraising efforts. It is because of your generosity that we can continue to support the extracurricular needs of students at East Tipp Middle School.
