WHS students: 3 buses will depart from the High School entrance at 3:45PM.

The 3 buses will then proceed to Gibbons Middle School and depart from there at 3:50PM

A general route has been designed for the 3 areas: East, West, and Central. The student will board one of the 3 late buses scheduled to cover their section of town. Upon boarding, the student gives the driver their home address, and the driver then plans the route, sometimes on paper or, for seasoned drivers, from memory. Drivers will assist students in identifying their drop-off locations. On any given day, there could be 10 to 45 students on a route. Therefore, routes are modified daily based on where students live. We try to drop students off within a safe walking distance of their home. As most of you would like to have your student dropped off at the bottom of your driveway, this cannot be done due to the time required. Riding the late bus is a privilege reserved for students who behave appropriately at all times. Misconduct on a late bus will result in the loss of this privilege.
