

2026-2027 ADMISSIONS BROCHURE

GREETINGS IN THE NAME OF OUR LORD JESUS CHRIST!

It is a joy and honor to welcome and introduce you to a unique ministry in Irvine, CA: Crean Lutheran High School. This year, we continue to celebrate God's faithfulness, amazing grace, and the many blessings He has poured into our ministry as we celebrate our 20th academic year. We invite you to come and see what the Lord is doing at Crean Lutheran High School.

OUR MISSION

While much is changing in this world and on our campus, what will not change is our mission of *Proclaiming Jesus Christ Through Excellence in Education!*

OUR LEARNING OUTCOMES

In support of our mission, our schoolwide learning outcomes revolve around Christian faith, lifelong learning, and serving others. These desired outcomes are simply: **I AM A CHRISTIAN; I AM A LEARNER; I AM A SERVANT.** In the fulfillment of reaching each of these outcomes, Crean Lutheran seeks to teach and live by God's grace through a guiding Biblical worldview. Through the nurturing lens of God's Word, along with the power of the Holy Spirit, we pray that our students' faith will grow and that they will be equipped to understand, view, and engage the culture around them - *Proclaiming Jesus Christ*.

OUR VALUES

To order to support our mission and achieve our learning outcomes and vision, Crean Lutheran High School seeks to live out our five core values daily. We value **FAITHFULNESS** to our Lord and Savior, Jesus Christ. We value **EXCELLENCE** as the Christ-honoring approach to work as unto the Lord (*Colossians 3:23-24*), using our God-given gifts to the very best that we can. We value **STEWARDSHIP** of our time, talents, treasures, and testimony of faith, recognizing that all that we have belongs to the Lord. We value **SERVICE** because Christ first loved and served us; we embrace service when we actively and joyfully serve while loving God and others.

We value **COMMUNITY**, recognizing that what unites us in Jesus Christ, as the Saints family is greater than any of the differences that could divide us.

OUR VISION

By the grace of God, Crean Lutheran High School strives to continue to be a safe haven and a beacon that shines the light of Jesus Christ in a world of spiritual darkness.

Our Spirit-led and committed faculty and staff continue to embrace and pursue excellence, and are committed to provide loving care for our students. They love the Lord, love what they do, and love our students. Since today's world is increasingly complex and technologically advancing at an incomprehensible pace, our efforts in the classroom are future-oriented and responsive to the rapidly changing demands and needs of our students. Together, we partner as educators, students, parents, and as a community in pursuit of the best educational practices in a Christ-centered environment, serving our Lord and proclaiming Jesus Christ.

OUR PASSION

The love of God and of Jesus Christ, the love of our students and their families, and the love of what we do in our daily service to the Lord, compel those who serve at Crean Lutheran High School.

There are no "*do-overs*" in high school. The Crean Lutheran experience promotes an involved student body, encouraging students to engage in Christian faith, embark on lifelong learning, and embrace a life of serving mankind. Students are encouraged to be active participants in activities, the arts, and athletics to have a robust four-year transformative experience.

Thank you for the time spent getting to know more about and considering the Crean Lutheran High School community. We hope you're led and compelled to become a member of our blessed Saints family!

SERVANT LEADERSHIP TEAM

Our Servant Leadership Team (SLT-ASB) is a student leadership program for those who desire to serve, lead, and positively impact the campus community. SLT-ASB exists to develop and deepen students' understanding of who they are called to be as true servant leaders and peer role models, both on campus and in the world, as modeled by the life of Jesus Christ. Our servant leadership team consists of twelve elected officers and eight commissions that allows students to serve within their passion area while still being unified under one mission and vision.

Students in SLT-ASB help plan, promote, and execute school-wide events and activities that build school spirit and campus pride. These students are gifted in mentorship, as they play a key role in welcoming and guiding incoming Freshmen and transfer students through their transition to high school life at Crean Lutheran. Students can select one of four class blocks where they learn leadership principles and get hands-on experience engaging the entire student body through campus-wide events. Moreover, students have the opportunity to run for class officer positions, providing unique experiences to grow as leaders while serving the school community.

CLUBS

Our student body is gifted with many interests and abilities. Part of an enriched high school experience is involvement in and exposure to as many real-life, project-based and interdisciplinary opportunities as possible.

At Crean Lutheran, we offer a wide variety of clubs as well as co-curricular opportunities. If three or more students express interest and commit to a particular cause, project, or endeavor, the students may apply to form a club. All clubs are required to have a full-time faculty or staff member as the advisor. Club applications are reviewed by the administration at the beginning of the school year, and carefully selected to meet needs that are not already being met on campus. Currently, there are **over 55 clubs** representing the interests and passions of our diverse student body.

LEARNING SUCCESS PROGRAM

The Learning Success Program (LSP) assists students in excelling academically, socially, athletically, and spiritually in pursuit of the school's mission of *Proclaiming Jesus Christ through Excellence in Education*. LSP Director Mary Oliver, M.Ed., M.A., leads the program with the support of an LSP counselor and resource teachers. The program supports students with documented learning needs through accommodations and counseling so that they may achieve success. Admission into the program requires the submission of a neuropsychological evaluation, psychoeducational evaluation, or a multidisciplinary assessment.
