

NCS- Digital: Thinking About Going Digital?

Are you thinking about going Digital? NCS-Digital provides a public education for 6th - 12th grade students in a digital setting. Please read through the day to day life of an NCS-Digital student before committing to digital.

- * **Students are required to be online, with cameras on, during Morning Meeting and LIVE Zoom Classes, Monday-Friday.**

Ohio state law requires students to complete 910 hours of learning per school year, which equates to a minimum of 5.5 hours per school day.

- * Students not meeting the hourly requirement per week AND/OR failing classes may be required to attend in person support.
- * Daily attendance is taken during Morning Meeting, each period class, and while the student is in person.
- * Students must log any schoolwork hours completed outside of live Zoom classes or in-person sessions.
- * LIVE PLATO and OMG "Owning My Grades" classes are student support classes. Teachers are taking attendance and available to support students completing school work. Cameras are required to be on and you will be working on schoolwork during this time, whether it is class assignments, homework, or a Plato class.
- * If you are a high school student that is deficient in credits, your credit recovery program is the same as Newark High School, which is PLATO.
