

K12 Payment Center

Union County Public Schools uses [K12 Payment Center](#) for school meal payments. The district no longer uses PaySchools Central for school meals. Balances from PaySchools Central will transfer to the new system.

Parents will need their child's Infinite Campus student ID number to register for K12 Payment Center.

Parents should contact the school to obtain their student's Infinite Campus ID number. Parents will need to use [Lunch Application](#) to fill out a free and reduced meal application.

K12 Payment Center will allow families to:

- Securely and quickly pay for meals
- View meal history
- Receive low balance email or text notifications
- Transfer money between siblings (no fee for these transactions)
