Instructions for Parent Account Set-up

1) Download the CurbSmart Parent mobile app, or in your phone browser, go to **login.curbsmart.net** and click on **CREATE AN ACCOUNT**.

2) Enter your **First Name**, **Last Name**, **Email**, **Username** (It will populate your email address as your username automatically) and **Password** (your password must be at least 8 characters and contain 1 upper case letter, 1 lower case letter and 1 number). You may also enter your **Relation** to your student and **Contact Number,** if desired.

3) Next, enter the **School Code 6872** and **Placard Number** (provided by the teacher on your placard) (*Figure 1*). Click **Create Account.**

4) Next, you will see a prompt to **verify the birthdates** of each student on your account (*Figure 2*). Use the drop-down to set the birthdate for each student. Once complete, click Verify. If the birthdates match the school's database, the account will be created.
   a. **Note:** You may see the message "Someone has already registered for a CurbSmart account using this placard number. You can send a request to join their account below. Please contact your school with any questions or if you need assistance." This means that someone else (i.e. another parent/guardian) has already registered for a CurbSmart account with this placard number. You can press the button to "Send Request to Join Account." This will send an email to the account holder to review your request. Once approved, you will receive an email and can proceed with logging in with your username and password.
