ADP CV - Accidental Damage Protection Plan

This plan is for coverage of the 1-to-1 device assigned to your child for this school year.

Coverage*

This agreement covers the device loaned to the student against incidental and accidental damage as outlined in the Student Handbook. Accessories (case and charger) are not covered and are the sole responsibility of the student.

- The protection plan will be offered to all students.
- Participation is voluntary.
- The building administration will determine whether the damage is accidental or due to negligence.
- The plan will only cover two (2) incidents per school year.
- If the incident was intentional, insurance will not cover it
- Payment must be received for the plan to be in effect (payment due by Sept 11, 2026)

(For reference, replacing a cracked touchscreen on a Chromebook costs roughly $100.)
NOTE: If you buy the insurance, screen replacement is covered.

Term - Coverage is for the current school year only

The coverage is only effective once this form has been accepted and payment has been received by September 11, 2026.

Premium

The total premium cost is $25 for the 2026-27 school year. Families who are pre-qualified or have submitted their application for free lunch may pay a reduced fee of $12.50. Payment can be made online through SPS EZpay or by check to your building by September 11, 2026. If payment is not received by this date, your child's Chromebook will not be covered by the insurance. If you cannot pay the Insurance before the date listed, please let your building know via email so arrangements can be made.

Proration & Refund

A full or partial proration or refund is not available under any circumstances.
