Loading Funds with MyMealLine

Marquette University High School is excited to announce the launch of a new online service that will allow you to monitor your student's lunchtime purchases, make deposits directly into their meal accounts, and set reminders when an account balance gets low. All a la carte balances have been transferred to the new system due to the expiration of the old FSS system, and families/guardians will need to set up a new account.

Follow the instructions below to create an account and select your Board Plan:

- Go to http://www.mymealline.com and click "Create a Free Account" on the homepage.
- Enter all information in the fields provided and enter your School District. Click "Add Student to your Account" to proceed.
- Add your student's Student Identification number. Enter your student's last name and the school your student attends. Select "Add Student". Click "Begin Planning Your Meal" to proceed, and select your plan.
- Select "Checkout" to save and complete your order. You will be taken to a pop-up window with all items in your cart. Click the green "Place Order" button to proceed. Enter all required information, then select "Next" to verify information and place your order.
