SCSS Vision:
Growing Greatness in All Students

SCSS Mission:

In partnership with the community and families, SCSS empowers students to be critical thinkers by providing relevant learning experiences in a safe environment. Through collaborative learning, students are motivated to meet high expectations and achieve personal and academic success.

AGENDAS

Student agenda notebooks will be provided to all students. Agendas will be used for recording assignments and for school to home communication. Replacement cost for a lost agenda is \$5.00.

ATTENDANCE

A student is considered absent any time he or she is missing from any assigned class or school activity, with or without parent permission. **Please review the BOE policy for attendance available at this link:**

<https://www.stephenscountyschools.com/district-information/board-of-education>.

Learning builds each day, so a child who misses a day of school misses a day of learning. Research shows that children who are in school most of the time perform better. When children are chronically absent they miss discussions, questions, and explanations by the teacher that makes learning come alive. That level of teaching and learning can't be made up.

Attendance matters as early as kindergarten. Studies show that many children who miss too many days of school often have trouble mastering reading by the end of third grade. By middle and high school, chronic absence is a leading warning sign that a student will drop out. When students improve their attendance rates, they improve their academic prospects and chances for graduating.

Regular school attendance is a law in Georgia. Parents and students must assume responsibility for being punctual and regular in school attendance. It is the position of the Stephens County Board of Education that each school day is important, and no student should be absent except for extraordinary reasons. Excessive tardiness and early dismissals interrupt the school day and can negatively impact student learning.

Consequences and Penalties of Unexcused Absences

When a student accumulates **5 unexcused absences**, the school will notify the parent/guardian of the consequences and penalties of such absences and that each subsequent absence shall constitute a separate offense. After two reasonable attempts to notify the parent/guardian, the school will send written notice via first class mail or certified mail with return receipt requested. Once the letter is sent to the parent, the school has fulfilled its responsibility to notify the parent.

If a student accumulates a total of **ten absences or five unexcused absences**, an attendance support team meeting will be held at the student's school in order to discuss attendance, grades, and discipline. An attendance contract will be developed by the AST.

An attendance support team meeting may be held when a student accumulates **14 tardies** or early check-outs.

Once a student accumulates **10 unexcused** absences, the parent will receive a letter from the school social worker informing him or her that a court referral is being made to the Magistrate Court of

Stephens County or the Juvenile Court of Stephens County. A copy of the letter will also be placed in the student's agenda.

At **15 unexcused absences** the parent will receive a letter from the school social worker reminding the parent of the importance of regular attendance.

If parents cannot be contacted by phone or letter, the school social worker and School Resource Officer will do a home visit in an effort to discuss attendance and get the contract signed. Parents who fail to respond to letters, phone calls, and home visits will be referred to the appropriate court.

AWARDS AND INCENTIVES

In SCSS we value setting and achieving goals for attendance, behavior, and academics. Students who meet their goals will earn various awards throughout the year.

BEHAVIOR / CODE OF CONDUCT

Students are expected to adhere to the BOE policy for student conduct. **Please review the BOE policy for student conduct available at this link:**

<https://www.stephenscountyschools.com/district-information/board-of-education>. Click on School Board Policies.

The BOE Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds at any school-related activity, function or event and while traveling to and from such events.
- On school buses and at school bus stops.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, Unsafe School Choice Options.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

Board Policy JCDAF: Use of Electronic Devices by Students

The Stephens County Board of Education believes that all students will achieve better academically in a learning environment free from distraction due to the use of personal electronic devices, including but not limited to cell phones, smartwatches, tablets, e-readers, headphones, earbuds, and other devices with functionalities such as wireless communication, internet access, messaging, video recording, gaming, social media access, or data transmission. The Stephens County Board of Education intends to promote a distraction-free learning environment, which means a learning environment where access to personal electronic devices is restricted to minimize distractions, improve academic outcomes, and increase meaningful interactions and focused learning experiences. This policy outlines the access and use of personal electronic devices for students in Pre-kindergarten through twelfth grade while on school premises during school hours.

- School hours include, but are not limited to, lunch periods, class changes, study halls, and any other structured or non-structured instructional activity that occurs during the normal school day.
- Students are never permitted to use electronic devices in the restrooms or locker rooms.
- All electronic devices must be out of sight and turned off during the instructional day. Students are not allowed to have electronic device ringers on silent alert or send text messages during the school day.
- Electronic devices shall not be used in any manner that causes a distraction on the bus.

Students in grades K-12 are not permitted to access personal electronic devices while on school premises during school hours, including but not limited to cell phones, smartwatches, tablets, e-readers, headphones, earbuds, and other devices with functionalities such as wireless communication, internet access, messaging, video recording, gaming, social media access, or data transmission during school hours. Any student found in violation of this policy and/or its procedures during the school day shall be subject to progressive discipline consequences as outlined in the Student Code of Conduct, including but not limited to ISS and OSS.

- Staff members have the right to confiscate electronic devices when used in violation of policy JCDAF. All confiscated devices must be picked up from administration by the parent/guardian.

This policy applies to students in grades PK-12 on school premises, during school hours. A student whose Individualized Education Plan (IEP), Section 504 Plan, or medical plan explicitly mandates the use of a personal electronic device shall be permitted access to the device as necessary to fulfill the requirements of the respective program or plan. Parents wishing to reach their child during school hours should contact the front office.

The district or individual schools within the district shall not assume any responsibility or liability for the theft, loss, or damage to a personal electronic device.

This policy shall be in effect from student arrival to dismissal.

Elementary School Code of Conduct

Students are expected to abide by all rules and policies of the Stephens County Board of Education. The discipline policy is designed to protect the instructional program for all students by eliminating disruptions and guiding students in accepting more responsibility for their own actions through self-discipline. Teachers will be firm, fair and consistent in enforcing the school's code of conduct. Parents are expected to reinforce the concept of proper conduct and high academic achievement.

Progressive Discipline Procedures

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors.

Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the school[s code of conduct.

The following disciplinary actions may be imposed for any violation of this Code of Conduct as defined in the Stephens County Board of Education policy:

- Warning and/or Counseling with a School Administrative Counselor
- Loss of Privileges
- Isolation or Time Out
- Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Opportunity Room
- Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

GRADES—REPORT CARDS (Report cards are accessible through Infinite Campus: Parent Portal)

In grades K, 1st and 2nd, students’ progress is evaluated using a variety of assessments throughout the year. A standards-based report card that indicates a students’ progress toward mastery of Georgia Standards of Excellence is issued at the end of each quarter for Grades 1 and 2. Grade K will send home quarterly progress updates using the GA DOE GKids Assessment matrix.

Students may not trade, buy, sell, or gift items at school. Any item not essential to the educational process will be confiscated and returned only to a parent or guardian. If a child must bring a cell phone for an after school event, it must be turned in to the office for safe keeping upon arrival and retrieved at the end of the day. The school is not responsible for items children bring to school.

Students who need to take prescription medicine on a short-term basis (two weeks or less) must provide a written request from the doctor or parent. Long-term prescription medication (two weeks or more) requires a long-term medication form to be completed by the parent and doctor. **All medication must be brought to school by an adult and must be in the original container. Do not send medication on the bus or with the student.** Students are not to be in possession of medication at school.

All parents should wait in cars until students are released for parent pick up. Students will not be called to the office for parent pick up. Students who will be transported by parents will be issued 2 name/number hang tags that must be used for verification when coming through the parent pick up line. For additional hang tags, you may purchase each for \$2. **Anyone without a hang tag will be required to show identification and wait for verification that he/she has permission to pick up the child.** Please do not try and avoid the parent pick up line by coming inside to pick up your child. Students will not be called to the office for

parent pick up from 2:30 p.m. - 3:15 p.m.. Students picked up prior to 2:45 p.m. will be counted as tardy (leave early).

Please discuss the importance of obeying these rules with your child.

No food, drink, or gum will be allowed on the bus.

Elementary students are not allowed to use cell phones and other electronic devices while on school-system provided transportation.

SCSS Elementary Schools will host the community events to build the capacity for strong parental involvement to support a partnership among the school, parents, and the community to improve student academic achievement. Notice of these events will be sent home with every student, posted on the school marquee, and announced through the school's automated call system.

The compacts will be reviewed and updated annually based on feedback from parents, students and teachers. Each teacher, student, and parent must sign a document indicating that they have read the compact and are willing to abide by its contents.

The team will post the dates for monthly meetings and is subject to the Open Meetings Act

and Open Records Act. The principal may be contacted at any time if a parent has suggestions for agenda items for an SGT meeting.
