- (c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

b. With respect to conduct between fellow employees, an employer is responsible for acts of sexual harassment in the workplace where the employer (or its agents or supervisory employees) knows or should have known of the conduct, unless it can show that it took immediate and appropriate corrective action.

c. The employer may also be responsible for the acts of non-employees, with respect to sexual harassment of employees in the workplace, where the employer (or its agents or supervisory employees) knows or should have known of the conduct and fails to take immediate and appropriate corrective action.

Springfield Public Schools Regulation

- d. The employer should take all steps necessary to prevent sexual harassment from occurring, such as affirmatively raising the subject, expressing strong disapproval, developing appropriate sanctions, informing employees of their right to raise and how to raise the issue of harassment under Title VII, and developing methods to sensitize all concerned.
 - (1) The employee may submit a complaint, under 29 CFR 1604 to the Affirmative Action Officer.
 - (2) Upon receipt of the complaint the employer shall initiate the grievance procedure in accordance with Regulation 1552.
- e. Where employment opportunities or benefits are granted because of an individual's submission to the employer's sexual advances or requests for sexual favors, the employer may be held liable for unlawful sex discrimination against other individuals who were qualified for but denied that employment opportunity or benefit.

2. Grievance Procedure for Title VII Complaints

The following grievance procedure shall be used for an allegation(s) of sexual harassment:

- a. Reporting of Sexual Harassment Conduct
 - (1) Any individual with any information regarding actual and/or potential sexual harassment of an employee must report the information to the Principal, their immediate supervisor, the Title IX Coordinator, or the Affirmative Action Officer. The employer's Title IX Coordinator and the Affirmative Action Officer may be the same individual.
 - (2) The employer can learn of sexual harassment through other means such as from a witness to an incident, an anonymous letter, or a telephone call.
- (3) The report may be made: in person; in writing; verbally by telephone; by mail to the office address; or by electronic mail. The report may be reported during business or non-business hours.

Springfield Public Schools Regulation

- (4) A report to the Principal or an immediate supervisor will be forwarded to the Superintendent or designee and Affirmative Action Officer within one working day, even if the Principal or immediate supervisor feels sexual harassment conduct was not present.
- (5) In the event the report alleges conduct by the Principal or the Affirmative Action Officer, the report shall be submitted to the Superintendent who will designate a school official to assume the Principal's or Affirmative Action Officer's responsibilities.

b. Affirmative Action Officer's Investigation

- (1) Upon receipt of any report of potential sexual harassment conduct, the Affirmative Action Officer will begin an immediate investigation. The Affirmative Action Officer will promptly investigate all alleged complaints of sexual harassment, whether or not a formal grievance is filed, and steps will be taken to resolve the situation, if needed. This investigation will be prompt, thorough, and impartial. The investigation will be completed no more than ten working days after receiving notice.
- (2) When an employee provides information about possible sexual harassment, the Affirmative Action Officer will initially discuss what actions the employee seeks in response to the sexual harassment.
- (3) The investigation may include, but is not limited to, interviews with all individuals with potential knowledge of the alleged conduct, interviews with any employee(s) who may have been sexually harassed in the past by the employee, and any other reasonable methods to determine if sexual harassment conduct existed.
- (4) The Affirmative Action Officer may request an employee involved in the investigation to assist in the investigation.
- (5) The Affirmative Action Officer will provide a copy of Policy 1552 and this Regulation to all individuals who are interviewed with potential knowledge, upon request, and to any other individual the Affirmative Action Officer feels would be served by a copy of such documents.
- (6) Any individual interviewed by the Affirmative Action Officer may be provided an opportunity to present witnesses and other evidence.

Springfield Public Schools Regulation

- (7) The Affirmative Action Officer and/or Superintendent will contact law enforcement agencies if the conduct could potentially be criminal in nature.
- (8) The employer may take interim measures during an investigation of a complaint.
- (9) The Affirmative Action Officer will consider particular issues of welcomeness based on the allegations.

c. Investigation Results

- (1) Upon the conclusion of the investigation, but not later than ten working days after reported to the Affirmative Action Officer, the Affirmative Action Officer will prepare a summary of findings to the parties. At a minimum, this summary shall include the individual(s) providing notice to the employer and the employee(s) who was alleged to be sexually harassed.
- (2) The Affirmative Action Officer shall make a determination whether sexual harassment conduct was present.
- (3) If the Affirmative Action Officer concludes sexual harassment conduct was not, or is not present, the investigation is concluded.
- (4) If the Affirmative Action Officer determines that sexual harassment has occurred, the employer shall take reasonable and effective corrective action, including steps tailored to the specific situation. Appropriate steps will be taken to end the harassment such as counseling, warning, and/or disciplinary action. The steps will be based on the severity of the harassment or any record of prior incidents or both. A series of escalating consequences may be necessary if the initial steps are ineffective in stopping the harassment.
- (5) In the event the Affirmative Action Officer determines a hostile environment exists, the Superintendent shall take steps to eliminate the hostile environment. The employer may need to deliver special training or other interventions to repair the educational environment. Other measures may include directing the harasser to apologize to the employee that was sexually harassed, dissemination of information, distribution of new policy statements or other steps to

Springfield Public Schools Regulation

communicate the message that the employer does not tolerate sexual harassment and will be responsive to any employee that reports such conduct.

- (6) In some situations, the employer may need to provide other services to the employee that was sexually harassed, if necessary, to address the effects of the sexual harassment on that employee. Depending on the type of sexual harassment found, these additional services may include an independent reassessment of the work performance of the employee that was sexually harassed, counseling, and/or other measures that are appropriate to the situation.
- (7) The Superintendent will take steps to avoid any further sexual harassment and to prevent any retaliation against the employee who made the complaint, was the subject of the sexual harassment, or against those who provided the information or were witnesses.
 - (a) The Affirmative Action Officer will inform the employee that was sexually harassed to report any subsequent problems and will make follow-up inquiries to see if there have been any new incidents or retaliation.
- (8) All sexual harassment grievances and accompanied investigation notes will be maintained in a confidential file by the Affirmative Action Officer.

d. Affirmative Action Officer's Investigation Appeal Process

- (1) Any individual found by the Affirmative Action Officer's investigation to be guilty of sexual harassment conduct, or any individual who believes they were sexually harassed but not supported by the Affirmative Action Officer's investigation, may appeal to the Superintendent.
 - (a) The Superintendent will make their determination within ten working days of receiving the appeal.
- (2) Any individual who is not satisfied with the Superintendent's determination may appeal in writing to the Board.
 - (a) The Board will make its determination within forty-five calendar days of receiving an appeal from the Superintendent's determination.

Springfield Public Schools Regulation

3. United States Equal Employment Opportunity Commission (EEOC) Case Resolution

Individuals not satisfied with the resolution of a Title VII allegation of sexual harassment by the employer may request the EEOC to investigate the allegations.

- a. Any alleged victim of sexual harassment may appeal a decision of the Affirmative Action Officer, Superintendent, or the employer to the EEOC.
- b. Any individual may report an allegation of sexual harassment to the EEOC at any time. If the EEOC is asked to investigate or otherwise resolve incidents of sexual harassment of employees, the EEOC will consider whether:
 - (1) The employer has a policy prohibiting sexual harassment and a grievance procedure;
 - (2) The employer has appropriately investigated or otherwise responded to allegations of sexual harassment; and
 - (3) The employer has taken immediate and appropriate corrective action responsive to quid pro quo or hostile environment sexual harassment.

- (4) "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the employer investigate the allegation of sexual harassment. The phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the employer) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the individual filing the formal complaint.
- (5) "Investigator" (34 CFR 106.45(b)(5)) means an employee(s) who may be the Title IX Coordinator and who is not a decision-maker designated by the Superintendent to investigate alleged sexual harassment in accordance with 34 CFR 106. The individual must be referred to as the "Title IX Coordinator" and may also be the investigator but cannot be the decision-maker.

2. Employer's Response to Sexual Harassment – 34 CFR 106.44

- a. The employer with actual knowledge of sexual harassment in an education program or activity of the employer against an individual in the United States, must respond promptly in a manner that is not deliberately indifferent.

- (1) The employer has "actual knowledge" when an employee receives a complaint of sexual harassment or an employee is aware of behavior that could constitute sexual harassment.

- (a) Any school employee who receives a complaint of sexual harassment or is aware of behavior that could constitute sexual harassment is required to report that information to the Title IX Coordinator.

- (2) The employer is deliberately indifferent only if the employer's response to sexual harassment is clearly unreasonable in light of the known circumstances, pursuant to 34 CFR 106.44(a).

The United States Department of Education Office of Civil Rights may not deem the employer to have satisfied the employer's duty to not be deliberately indifferent under 34 CFR 106 based on the employer's restriction of rights protected under the United States Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment.

- b. Informal Resolution – 34 CFR 106.45

Springfield Public Schools Regulation

Similarly, the employer may not require the parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility, the employer may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the employer:
 - (a) Provides to the parties a written notice disclosing: the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided; however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and
 - (b) Obtains the parties' voluntary, written consent to the informal resolution process.

 - d. The Title IX Coordinator must promptly contact the complainant in accordance with 34 CFR 106.44(a).

Springfield Public Schools Regulation

- e. In response to a formal complaint, the employer will follow a grievance process that complies with 34 CFR 106.45.
 - (1) Upon receipt of a formal complaint, the Title IX Coordinator shall provide written notice to the parties who are known in accordance with 34 CFR 106.45(b)(2)(i).
 - (2) The Title IX Coordinator shall provide the investigator with a copy of the formal complaint if the Title IX Coordinator is not the investigator.
 - (3) The investigator shall investigate the allegations contained in a formal complaint pursuant to 34 CFR 106.45(b).
- f. The investigator shall create an investigative report in accordance with the provisions of 34 CFR 106.45(b)(5)(vii).
 - (1) The investigator will attempt to collect all relevant information and evidence.
 - (2) While the investigator will have the burden of gathering evidence, it is crucial that the parties present evidence and identify witnesses to the investigator so that they may be considered during the investigation.
 - (3) While all evidence gathered during the investigative process and obtained through the exchange of written questions will be considered, the decision-maker may in their discretion grant lesser weight to last minute information or evidence introduced through the exchange of written questions that was not previously presented for investigation by the investigator.
 - (4) To the greatest extent possible, and subject to Title IX, the employer will make reasonable accommodations in an investigation to avoid potential re-traumatization of a complainant.
 - (5) The investigative report shall be provided to the decision-maker in accordance with the provisions of 34 CFR 106.45(b)(6)(ii).
- g. The decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility pursuant to 34 CFR 106.45(b)(7).

Springfield Public Schools Regulation

[Select One Option Below

- (2) The decision-maker will facilitate a written question and answer period between the parties.

(a) Each party may submit their written questions for the other party and witnesses to the decision-maker for review.

(b) The questions must be relevant to the case and the decision-maker will determine if the questions submitted are relevant and will then forward the relevant questions to the other party or witnesses for a response.

(c) The decision-maker shall then review all the responses, determine what is relevant or not relevant, and issue a decision as to whether the respondent is responsible for the alleged sexual harassment.

(d) The decision-maker will issue a written determination following the review of evidence. The written determination will include:

(i) Identification of allegations potentially constituting sexual harassment as defined in Policy and Regulation 1552 and 34 CFR 106.30;

Springfield Public Schools Regulation

- (iii) Findings of fact supporting the determination, conclusions regarding the application of this formal grievance process to the facts; and
 - (iv) A statement of and rationale for the result as to each allegation, including any determination regarding responsibility, any disciplinary sanctions the decision-maker imposed on the respondent that directly relate to the complainant, and whether remedies designed to restore or preserve equal access to the employer's education program or activity will be provided to the complainant; and procedures and permissible bases for the parties to appeal the determination.
 - (e) The written determination will be provided to the parties simultaneously.
 - (f) Notwithstanding a temporary delay of the grievance procedure or the limited extension of the grievance procedure time frames with good cause, the written determination shall be provided within sixty calendar days from receipt of the complaint.
 - (i) The sixty calendar day time frame does not include the appeal process.
4. Appeals – 34 CFR 106.45(b)(8)
- a. The employer will offer both parties an appeal from a determination regarding responsibility, and from the Title IX Coordinator's dismissal of a formal complaint or any allegations therein in accordance with 34 CFR 106.45(b)(8)(i).
 - b. As to all appeals, the employer will comply with the requirements of 34 CFR 106.45(b)(8).
 - c. The Superintendent shall designate an appeal officer for each appeal filed.
 - (1) The appeal officer shall not be the same individual as the decision-maker that reached the determination regarding responsibility or

Springfield Public Schools Regulation

dismissal, the investigator, or the Title IX Coordinator in accordance with 34 CFR 106.45(b)(8)(iii)(B).

- (2) Ensure that the appeal officer complies with the standards set forth in 34 CFR 106.45(b)(1)(iii).
- d. The employer shall give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.
- e. The employer shall administer the appeal process, but is not a party and will not advocate for or against any appeal.
- f. A party may appeal only on the following grounds and the appeal shall identify the reason(s) why the party is appealing:
 - (1) There was a procedural error in the hearing process that materially affected the outcome;
 - (a) Procedural error refers to alleged deviations from employer policy, and not challenges to policies or procedures themselves;
 - (2) There is new evidence that was not reasonably available at the time of the hearing and that could have affected the outcome;
 - (3) The decision-maker had a conflict of interest or bias that affected the outcome;
 - (4) The determination regarding the policy violation was unreasonable based on the evidence before the decision-maker:
 - (a) Appealing on this basis is available only to a party who participated in the hearing; and
 - (5) The sanctions were disproportionate to the hearing officer's findings.
 - (6) The employer may offer an appeal equally to both parties on additional bases.
- g. The appeal must be submitted in writing to the Title IX Coordinator within ten calendar days following the issuance of the notice of determination.

Springfield Public Schools Regulation

- h. The appeal must identify the ground(s) for appeal and contain specific arguments supporting each ground for appeal.
 - i. The Title IX Coordinator shall notify the other party of the appeal, and that other party shall have an opportunity to submit a written statement in response to the appeal, within ten calendar days.
 - j. The Title IX Coordinator shall inform the parties that they have an opportunity to meet with the appeal officer separately to discuss the proportionality of the sanction.
 - k. The appeal officer shall decide the appeal considering the evidence presented at the hearing, the investigation file, and the appeal statements of both parties.
 - l. In disproportionate sanction appeals, input the parties provided during the meeting may also be considered.
 - m. The appeal officer shall summarize their decision in a written report that will be sent to the complainant and respondent within twenty calendar days of receiving the appeal.
5. Supportive Measures – 34 CFR 106.30
- a. “Supportive measures” mean non-disciplinary, non-punitive, individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed pursuant to 34 CFR 106.30(a).
 - b. The employer’s response must treat complainants and respondents equitably by offering supportive measures as defined in 34 CFR 106.30 to a complainant, and by following a grievance process that complies with 34 CFR 106.45 before the imposition of any disciplinary sanctions or other actions that are not supportive measures as defined in 34 CFR 106.30, against a respondent.
 - c. The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures as defined in 34 CFR 106.30, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

Springfield Public Schools Regulation

- (1) Supportive measures shall be available to the complainant, respondent, and as appropriate, witnesses or other impacted individuals.
 - d. The Title IX Coordinator shall maintain consistent contact with the parties to ensure that safety, emotional well-being and physical well-being are being addressed.
 - e. Generally, supportive measures are meant to be short-term in nature and will be re-evaluated on a periodic basis.
 - (1) To the extent there is a continuing need for supportive measures after the conclusion of the resolution process, the Title IX Coordinator will work with appropriate employer resources to provide continued assistance to the parties.
 - f. The employer is required to offer supportive measures to the complainant even if the respondent ceased being employed by the employer prior to the filing of a formal complaint.
 - (1) If the respondent ceases to be employed by the employer after a formal complaint is filed, the employer may dismiss the complaint, but must still offer supportive measures to the complainant pursuant to 34 CFR 106.45(b)(3)(ii).
6. Remedies - 34 CFR 106.45
- a. The Title IX Coordinator shall be responsible for effective implementation of any remedies in accordance with 34 CFR 106.45(b)(7)(iv).
 - b. Following receipt of the written determination from the decision-maker, the Title IX Coordinator will facilitate the imposition of sanctions, if any, the provision of remedies, if any, and to otherwise complete the formal resolution process.
 - (1) Emergency Removal

Nothing in 34 CFR 106 precludes the employer from removing a respondent from the employer's education program or activity on an emergency basis, provided that the employer undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any individual

Springfield Public Schools Regulation

arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

(2) Administrative Leave

Nothing in 34 CFR 106 Subpart D precludes the employer from placing an employee on administrative leave during the pendency of a grievance process that complies with 34 CFR 106.45. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

- c. The Superintendent or designee, after consultation with the Title IX Coordinator, will determine the sanctions imposed and remedies provided, if any.
 - (1) The imposition of sanctions or provisions of remedies will be revisited by the Title IX Coordinator following the appeal officer's decision, as appropriate.
- d. The Title IX Coordinator must provide written notice to the parties simultaneously.
- e. The employer must disclose to the complainant the sanctions imposed on the respondent that directly relate to the complainant when such disclosure is necessary to ensure equal access to the employer's education program or activity.
 - (1) Remedies and supportive measures that do not impact the respondent should not be disclosed in the written determination; rather the determination should simply state that remedies will be provided to the complainant.
- f. It is important to note that conduct that does not meet the criteria under Title IX may violate other Federal or State laws or employer policies regarding employee misconduct or may be inappropriate and require an immediate response in the form of supportive measures and remedies to prevent its recurrence and address its effects.

Springfield Public Schools Regulation

7. Recordkeeping – 34 CFR 106.45(b)(10)

- a. The employer must maintain for a period of seven years records of:
 - (1) Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required under 34 CFR 106.45(b)(6)(i), any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the employer's education program or activity;
 - (2) Any appeal and the result therefrom;
 - (3) Any informal resolution and the result therefrom; and
 - (4) All materials used to train Title IX Coordinators, investigators, decision-makers, and any individual who facilitates an informal resolution process. The employer must make these training materials publicly available on its website, or if the employer does not maintain a website the employer must make these materials available upon request for inspection by members of the public.
- b. For each response required under 34 CFR 106.44, the employer must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the employer must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the employer's education program or activity. If the employer does not provide a complainant with supportive measures, then the employer must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the employer in the future from providing additional explanations or detailing additional measures taken.

8. Compliance

The Superintendent or designee shall consult with the Board Attorney to ensure the employer's response to any allegations of sexual harassment and the employer's grievance process are in accordance with 34 CFR 106.44 and 34 CFR 106.45.

9. Training

Springfield Public Schools Regulation

- a. The Superintendent or designee shall ensure that Title IX Coordinators, investigators, decision-makers, appeal officers, and any person who facilitates an informal resolution process, receive training in accordance with 34 CFR 106.45(b)(1)(iii).
 - (1) The employer must ensure that decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth in 34 CFR 106.45(b)(6).
 - (2) The employer also must ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in 34 CFR 106.45(b)(5)(vii). Any materials used to train Title IX Coordinators, investigators, decision-makers, and any individual who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

Policy

1552 SEXUAL HARASSMENT – STAFF (M)

The Board of Education (employer) recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of the district are exposed.

A. Title VII of the Civil Rights Act of 1964 – 29 CFR 1604

1. Sexual Harassment – 29 CFR 1604.11

a. Definition of Sexual Harassment – Title VII

(1) Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment,

(b) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or

(c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

b. With respect to conduct between fellow employees, an employer is responsible for acts of sexual harassment in the workplace where the employer (or its agents or supervisory employees) knows or should have known of the conduct, unless the employer can show that it took immediate and appropriate corrective action.

c. The employer may also be responsible for the acts of non-employees, with respect to sexual harassment of employees in the workplace, where the employer (or its agents or supervisory employees) knows or should have known of the conduct and fails to take immediate and appropriate corrective action.

Springfield Public Schools

Policy

- d. The employer should take all steps necessary to prevent sexual harassment from occurring, such as affirmatively raising the subject, expressing strong disapproval, developing appropriate sanctions, informing employees of their right to raise and how to raise the issue of harassment under Title VII, and developing methods to sensitize all concerned.
 - (1) The employee may submit a complaint, under 29 CFR 1604 to the Affirmative Action Officer.
 - (2) Upon receipt of the complaint the employer shall initiate the grievance procedure in accordance with Regulation 1552.
- e. Where employment opportunities or benefits are granted because of an individual's submission to the employer's sexual advances or requests for sexual favors, the employer may be held liable for unlawful sex discrimination against other individuals who were qualified for but denied that employment opportunity or benefit.

2. Job Opportunities Advertising – 29 CFR 1604.5

It is a violation of Title VII for a help-wanted advertisement to indicate a preference, limitation, specification, or discrimination based on sex unless sex is a bona fide occupational qualification for the particular job involved. The placement of an advertisement in columns classified by publishers on the basis of sex, such as columns headed "Male" or "Female," will be considered an expression of a preference, limitation, specification, or discrimination based on sex.

3. Pre-Employment Inquiries as to Sex – 29 CFR 1604.7

A pre-employment inquiry may ask "Male....., Female....."; or "Mr. Mrs. Miss," provided that the inquiry is made in good faith for a nondiscriminatory purpose. Any pre-employment inquiry in connection with prospective employment which expresses directly or indirectly any limitation, specification, or discrimination as to sex shall be unlawful unless based upon a bona fide occupational qualification.

4. Fringe Benefits – 29 CFR 1604.9

- a. "Fringe benefits," as used in 29 CFR 1604.9, Regulation 1552, and this Policy, includes medical, hospital, accident, life insurance and retirement benefits; profit-sharing and bonus plans; leave; and other terms, conditions, and privileges of employment.
- b. It shall be an unlawful employment practice for the employer to discriminate between men and women with regard to fringe benefits.

Springfield Public Schools

Policy

- c. Where the employer conditions benefits available to employees and their spouses and families on whether the employee is the "head of the household" or "principal wage earner" in the family unit, the benefits tend to be available only to male employees and their families. Due to the fact that such conditioning discriminatorily affects the rights of women employees, and that "head of household" or "principal wage earner" status bears no relationship to job performance, benefits which are so conditioned will be found a prima facie violation of the prohibitions against sex discrimination contained in Title VII of the Civil Rights Act of 1964 (Act).
 - d. It shall be an unlawful employment practice for the employer to make available benefits for the wives and families of male employees where the same benefits are not made available for the husbands and families of female employees; or to make available benefits for the wives of male employees which are not made available for female employees; or to make available benefits to the husbands of female employees which are not made available for male employees. An example of such an unlawful employment practice is a situation in which wives of male employees receive maternity benefits while female employees receive no such benefits.
 - e. It shall not be a defense under Title VII to a charge of sex discrimination in benefits that the cost of such benefits is greater with respect to one sex than the other.
 - f. It shall be an unlawful employment practice for the employer to have a pension or retirement plan which establishes different optional or compulsory retirement ages based on sex, or which differentiates in benefits on the basis of sex.
5. Employment Policies Relating to Pregnancy and Childbirth – 29 CFR 1604.10
- a. A written or unwritten employment policy or practice which excludes from employment applicants or employees because of pregnancy, childbirth or related medical conditions is in prima facie violation of Title VII.
 - b. Disabilities caused or contributed to by pregnancy, childbirth, or related medical conditions, for all job-related purposes, shall be treated the same as disabilities caused or contributed to by other medical conditions, under any health or disability insurance or sick leave plan available in connection with employment. Written or unwritten employment policies and practices involving matters such as the commencement and duration of leave, the availability of extensions, the accrual of seniority and other benefits and privileges, reinstatement, and payment under any health or disability insurance or sick leave plan, formal or informal, shall be applied to

Springfield Public Schools

Policy

disability due to pregnancy, childbirth or related medical conditions on the same terms and conditions as they are applied to other disabilities.

- c. Where the termination of an employee who is temporarily disabled is caused by an employment policy under which insufficient or no leave is available, such a termination violates the Act if it has a disparate impact on employees of one sex and is not justified by business necessity.
- d. Any fringe benefit program implemented after October 31, 1978, must comply with the provisions of 29 CFR 1604.10(b) upon implementation.

B. Title IX of the Education Amendments of 1972 – 34 CFR 106

1. Definitions – Title IX – 34 CFR 106.2 and 34 CFR 106.30

- a. “Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:
 - (1) An employee of the employer conditioning the provision of an aid, benefit, or service of the employer on an individual’s participation in unwelcome sexual conduct;
 - (2) Unwelcome conduct determined by a reasonable individual to be so severe, pervasive, and objectively offensive that it effectively denies an individual equal access to the employer’s education program or activity; or
 - (3) “Sexual assault” as defined in 20 USC 1092(f)(6)(A)(v), “dating violence” as defined in 34 USC 12291(a)(10), “domestic violence” as defined in 34 USC 12291(a)(8), or “stalking” as defined in 34 USC 12291(a)(30).
- b. “Program or activity” and “program” means all of the operations of a local educational agency (as defined in 20 USC 8801), system of vocational education, or other school system.
- c. “Title IX” means Title IX of the Education Amendments of 1972, Pub. L. 92-318, as amended by section 3 of Pub. L. 93-568, 88 Stat. 1855, except sections 904 and 906 thereof; 20 USC 1681, 1682, 1683, 1685, 1686.

2. Effect of Employment Opportunities – 34 CFR 106.7

The employer’s obligation to comply with 34 CFR 106, Regulation 1552, and this Policy is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for members of one sex than for members of the other sex.

Springfield Public Schools

Such a report may be made at any time (including during non-business hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator.
 - (2) Sexual harassment may take place electronically or on an online platform used by the school, including, but not limited to, computer and internet networks; digital platforms; and computer hardware or software owned or operated by, or used in the operations of the school.
 - c. Dissemination of Policy
 - (1) Notification of Policy
 - (a) The employer must notify applicants for employment, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the employer, that the employer does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX and 34 CFR 106 not to discriminate in such a manner. Such notification must state that the requirement not to discriminate in the education program or activity extends to employment, and that inquiries about the application of Title IX and 34 CFR 106 to such employer may be referred to the employer’s Title

Springfield Public Schools

Policy

c. Recruitment – 34 CFR 106.53

(1) Nondiscriminatory Recruitment and Hiring

The employer shall not discriminate on the basis of sex in the recruitment and hiring of employees. Where the employer has been found to be presently discriminating on the basis of sex in the recruitment or hiring of employees, or has been found to have in the past so discriminated, the employer shall recruit members of the sex so discriminated against so as to overcome the effects of such past or present discrimination.

Introduction

Springfield Public Schools is committed to providing our students engaging learning experiences to prepare them for global citizenship. We are challenged to maintain the high expectations for learning while we continue to prioritize the health and safety of every member of our school community.

This plan is a follow up to the crisis plan created in March 2020, and is specifically developed to guide the process and ongoing plans for the 2026-2027 school year.

As an overview of the elements in the plan, addressing **Emergency Virtual or Remote Instruction Programs** will provide a description of how we are prepared to address a district closure lasting more than three consecutive school days due to a declared state of emergency, declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure.

https://pub.njleg.gov/bills/2020/PL20/27_.PDF

The Superintendent of Schools will work closely with the technology team to ensure timely communication of all district information related to an emergency district closure.

Should virtual or remote instruction be implemented, instructional staff will be advised by their building principal with detailed instructions on executing the Emergency Virtual or Remote Plan.

Springfield Public Schools values our staff, students, and families. We believe that educational systems are critical structural foundations to our nation, socially and economically. We also believe that it is essential that we provide the appropriate learning opportunities to every child in our care.

Leadership and Planning

At such times as Emergency Virtual or Remote Instruction is utilized, the Office of the Superintendent will communicate with the County Office regarding the length of time such instruction will be utilized, what student populations will be impacted, and communicate a list of essential employee roles.

Essential employees may include employees who are required to continue to report to a physical location in order to support the work of the organization, and may include, but are not limited to:

Superintendent of Schools
School Business Administrator/Board Secretary
Assistant Superintendent of Curriculum & Instruction
Building Principals

Assistant Principals
District Directors
District Supervisors
Custodial Staff
Transportation Staff

Leadership and Planning: Technology & the Digital Divide

Springfield Public Schools will ensure that all students expected to engage in remote instruction have access to the requisite educational technology, including devices, connectivity, and collaborative online learning platforms.

Google Workspace for Education Plus (GWFE) is integrated into the district's student information and learning management system to enrich online collaborative learning. GWFE inherently offers a wide range of engaging tools and resources, including Google Meet, a video conferencing service, to provide a comprehensive online solution. GWFE supports and provides the resources necessary to meet the virtual instruction needs of each student and expand opportunities for teachers to deliver instruction effectively to an entire class or small group work.

For the 2026-2027 school year, the district's online Annual Registration form collected data to support students and families who identified as needing technology for online instruction. These needs range from the basics, which allow remote learning (internet access and hardware), to supplemental educational technology platforms to support and deliver the individual's learning requirements. Springfield Public Schools will prioritize district-issued technology for students who cannot fully participate in remote instruction.

Digital Divide - Identification of Technological Needs

1. Annual Registration Form
2. Free/Reduced Lunch and Title I Reports

Distribution Plan

1. Review Annual Registration data to identify students and families in need of technology with both the Director of Technology and the district's Grant Facilitator.
2. The Technology Department will schedule time slots for parents/guardians to pick up devices and/or hotspots.

Monitoring of Technology Needs

Springfield Public School's Digital Divide Plan provides for ongoing monitoring and evaluation of educational technology needs and will continue to do so throughout the school year to

prevent lapses in student access to remote instruction as district or family circumstances evolve.

Leadership and Planning: Safe Delivery of Meals and Facilities

Delivery of Meals

- The district will adhere to the rules and regulations provided by the Department of Agriculture for Free and Reduced eligible students along with paid students, and their requirements.
- Grab-and-go breakfast and lunch will be available to all students in the middle and high schools.
- Grab-and-go lunch will be available to all students in the elementary schools.
- Students not eligible for free or reduced priced lunches may place an order a grab-and-go lunch
- If/When the cafeteria is used for sit down feeding, students will be required to maintain established social distance requirements.
- Required staff must follow the CDC hand washing protocol after removing gloves.
- Cafeteria staff will adhere to all NJDOH and CDC guidance
- All surfaces will be wiped down before and after each service period with the appropriate sanitation tools.

Facilities

All cleaning and sanitation protocols will follow the requirements set by the New Jersey Department of Education and under advisement of the local health officials.

- Each facility will continue to adhere to existing required facilities cleaning practices and procedures, and any new specific requirements of the local health department as they arise.
- Each facility will maintain cleaning/disinfecting schedules, targeted areas to be cleaned, and methods and materials to be used, including -
 - A schedule for increased routine cleaning and disinfection.
 - Routinely cleaning and disinfecting surfaces and objects that are frequently touched. This will include cleaning objects/surfaces not ordinarily cleaned daily (e.g. door knobs, light switches, classroom sink handles, countertops).
 - Use of all cleaning products according to the directions on the label. For disinfection, most common EPA-registered household disinfectants should be effective. A list of products that are EPA-approved for use against the virus that causes COVID-19 will be reviewed for effective cleaning strategies.

- The district will follow the manufacturer's instructions for all cleaning and disinfection products (e.g. concentration, application method, and contact time, etc.). Examples of frequently touched areas in schools are:
 - Classroom desks and chairs;
 - Bathrooms;
 - Door handles and push plates;
 - Handrails;
 - Light switches;
 - Handles on equipment;
 - Shared desktops;
 - Shared computer keyboards and mice;
 - Lunchroom tables and chairs when used;
 - Kitchens;
 - Buttons on vending machines and elevators;
 - School bus seats and windows
- The district will sanitize bathrooms daily, and when possible, between use, using protocols outlined by the Environmental Protection Agency (EPA).

Leadership and Planning: Student Schedules

The remote schedule will mirror the student's in-person daily schedule. School-specific daily schedules are published on each school's web page: Time Schedules. The minimum hours of instruction for a virtual or remote day is four hours, excluding lunch and recess. In an event that a shift in instruction occurs, all families are notified via the district's email notification system.

- Edward V. Walton Early Childhood Center (PreK-4)
- James Caldwell Elementary School (PreK-4)
- Thelma L. Sandmeier Elementary School (PreK-4)
- Florence M. Gaudineer Middle School (5-7)
- Jonathan Dayton High School (8-12)

Teachers will be available for communications with students during their contractual time.

Continuity of Learning: Curriculum, Instruction, and Assessment

Critical Definitions

Virtual/ Online Model of Instruction: In a virtual model, students interact with teachers and

peers through online or web-based programs. Virtual learning will include scheduled synchronous and asynchronous learning opportunities through live interaction with teachers, and mandatory participation times.

Asynchronous Instruction: Virtual instruction that does not include real-time interaction; students utilize a variety of online tools to complete assignments, including learning videos and tutorials.

Synchronous Instruction: Virtual instruction that includes real-time interaction; students utilize a variety of online tools to communicate directly with the teachers, including online conferencing and collaboration.

In order to provide transparency and ensure that New Jersey students continue to receive high quality, standards-based instruction, each school district, charter school, renaissance school project and Approved Private School for Students with Disabilities (APSSDs) must annually submit its proposed program for virtual or remote instruction (plan) to the Commissioner of Education.

When Springfield Public Schools are closed due to a district closure lasting more than three consecutive school days due to a declared state of emergency, declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure the district will utilize the **Emergency Virtual or Remote Instruction Programs**.

PreK-12 Educational Overview

Attendance

Attendance as outlined in the district's attendance policies, includes how the district determines whether a student is present or absent.

- Daily attendance will be taken within Genesis for all virtual/remote learners.
- Parental outreach is conducted regularly via phone calls and emails.

Instructional Programs

Springfield Public Schools is committed to creating and maintaining high level curricular continuity across all grade levels. All students will be supported by the following:

- All students will have access to a full schedule of online synchronous and asynchronous learning opportunities consisting of four hours in the morning, with a grab-and-go lunch offering.

- Provide sufficient opportunity for students to receive instruction in prioritized core subject courses (English, Math, Social Studies, Science). Specials (Art/Visual and Performing, Music, Physical Education/Health) will be implemented remotely.
- Remote Learning will be structured with direct and meaningful instruction. Remote whole group and small group virtual instructional sessions will take place through virtual platforms (such as GoogleMeet), as well as the implementation of screencasts and/or pre-recorded lessons by teachers.
- Asynchronous work posted through our district's digital, single sign-on platform where students get a digital classroom with all the resources they need to login and start learning. Teachers create personalized and organized digital classrooms which are integrated into the district's Learning Management System, part of our Student Information System.
- All Online Programs including assessments relating to curricular disciplines (i.e. Math, Science, etc.) will be implemented accordingly for the instructional and purposes.
- As needed, teachers and/or students will schedule video conference time for additional support and feedback.
- Our district technology support allows for equitable access and the opportunity to use a variety of online tools to complete assignments, including learning videos and tutorials.
- Support staff will assess students' social and emotional needs being met and ensure students remain connected to the school community.
- Remote interventions and tutorials will take place through virtual platforms (such as GoogleMeet), as well as the implementation of screencasts and/or pre-recorded lessons by teachers.
- Credit recovery and summer programs will be accessible through virtual platforms (such as Google Meet), instructed by our teachers and/or programs such as Educere for independent lessons.

Conditions for Learning: Physical Education

Physical Education

As Springfield Public Schools work to adjust their models of providing 150 minutes per week of Physical Education & Health instruction, the district will work to provide learning opportunities and meaningful and challenging content for all students through online instruction and support.

Social and emotional learning (SEL) is a critical component of educating today's youth and a key component of health and physical education instruction. In addition to the physical education teachers, other staff members (e.g., school counselor, school nurse, social worker, school psychologist, other certified staff) will share SEL-specific skills aligned to the standards for physical education and health instruction.

Conditions for Learning: Academic, Social, and Behavioral Supports

Social Emotional Learning (SEL)

Social and emotional learning (SEL) is the process of developing and using the skills, attitudes, and knowledge that help youth and adults:

- To identify and regulate emotions
- To develop positive relationships
- To make responsible decisions

SEL is a universal approach: It helps build the foundation for teaching and learning at schools. Our program is based on the "Five Core Competencies" based on Collaborative for Academic, Social, and Emotional Learning (CASEL) that enhance students' capacity to integrate skills, attitudes, and behaviors to deal effectively and ethically with daily tasks and challenges:

- Self-awareness
- Self-management
- Social awareness
- Relationship skills
- Responsible decision-making

The Springfield Public Schools Counseling Program is dedicated to providing each Pre-K - Grade 12 student with a comprehensive, developmentally appropriate counseling program. Counselors, teachers and administrators partner together to ensure that programs assist students with the development of academic, social, personal and career competencies through individual, small and large group counseling, as well as integrated SEL competencies, students learn to. Partnering with other educators, parents and the community, counselors foster a collegial, collaborative environment that facilitates personal growth in a diverse and changing society.

Counselor Focus:

- **Responsive Services:** Responsive services are designed to meet students' immediate needs and concerns with the purpose of prevention, intervention, and referral, if needed.
- **Systems Support:** Collaborative efforts with other school personnel on initiatives, activities, and services to provide support and leadership in delivering a cohesive

- educational program
- **Counseling Curriculum:** Curriculum development and facilitation consists of systematically delivered lessons aimed at providing students with the necessary skills appropriate for their developmental level.
- **Individual Planning:** Ongoing meetings with students throughout the school year to assist in establishing personal goals and developing future plans.
- **Classroom Lessons:** The counselor and/or classroom teacher delivers monthly lessons in Pre-K-Grade 8. The lessons focus on topics such as character development, social/emotional development, personal safety, conflict resolution, communication skills, diversity and career awareness.

Responsive Services

- **Parent Conference/Consultations:** The school counselor may attend parent-teacher conferences based on need or request from parents or teachers. Throughout the school year, the school counselor meets with parents to discuss their child's academic, social or emotional concerns on an as needed basis.
- **Teacher/Staff Consultations:** On a daily basis, the school counselor collaborates with teachers and staff about the academic, social or behavioral concerns of the students they counsel. Counselors use this information to work with students in order to meet their needs. The counselors also collaborate with staff on student placements.
- **Small-Group Counseling:** The counselors conduct small group counseling sessions over the course of the school year based on student need. The groups typically meet during lunch/recess.
- **Attendance/Tardiness Monitoring:** The school counselor collaborates with the principal or other school personnel to monitor the attendance of students to determine if consultation or intervention is needed.

Individual Support

A student, parent or teacher may request individual short-term counseling. Students can self-refer and ask their teacher for the best time to leave the classroom and see the counselor. If a child needs mediation with another student, both can request a session in the counseling office to brainstorm the best ways to solve the conflict between them. The school counselor makes outside referrals to parents of students that need to seek long-term intervention and support from community mental health agencies and/or private practitioners.

Multi-Tiered System of Supports (MTSS)

We continue to utilize a variety of methods to address learning, behavioral and social-emotional challenges and strive to support struggling students in a variety of areas – these include supplemental reading and mathematics programs, functional behavior assessments and the utilization of targeted behavior plans, social skills groups and counseling. Initial

screening and assessments are administered via multiple methods. These can include benchmark and classroom assessments as well as teacher and therapist observations and recommendations through the building based I&RS committee. We will continue to elicit baseline academic proficiency levels and individualize interventions accordingly. All students and intervention plans will be developed for students not meeting grade-level expectations. Interventions will take place within the general education classroom or in smaller group settings. Intensity and duration will vary and are dependent on the needs of the students. General Education Teachers, Special Education Teachers, Academic Intervention Specialists, District Behaviorists, Child Study Team Members and Guidance Counselors will provide a variety of data-based/evidence informed interventions to ensure each student meets with success. Progress will be regularly monitored to guide decision-making about instructional practices throughout the school year.

Tier 1: School staff use a variety of strategies within the general education classroom to differentiate instruction and support based on student need.

Tier 2: Students who continue to struggle will be provided with additional instruction and supplemental programs provided within the general education setting.

Tier 3: More frequent and intensive individualized instruction and or/support is provided via supplemental programs and/or services.

Social and Emotional Health for Staff

Staff will be provided with ongoing resources and professional development related to stress and time management, mindfulness practices and relationship building. Staff will have access to district counselors, psychologists and social workers.

Conditions for Accommodations: Special Populations

Accommodations for Special Populations

Springfield Public Schools will meet the needs of their special populations in alignment with the New Jersey Specific Guidance for Schools and Districts regarding student accommodations.

Addressing Special Education Needs

Students with Individualized Education Plans (IEPs) will receive academic instruction and related services in accordance with the specific program and services outlined within their IEP. This will be delivered remotely, utilizing a technology-based learning management system

as well as through alternative on-line formats. The specific delivery of services will be determined via the child's case manager/ and or related service provider.

Addressing English Language Learner Plans

ELL students will be provided with instruction via the ESL teacher. We will provide educators with professional development to best utilize the accessibility features and accommodations tools made available through technology-based formats. Springfield Public Schools will continue to ensure students receive individualized supports that meet students' academic requirements.

Gifted & Talented Education

Springfield Public Schools will continue to provide opportunities for enrichment and extension learning support for students receiving gifted and talented.

Other Considerations

Child Care Services

Child care services may be offered or discontinued, creating specific challenges by site, based on New Jersey Department of Health, CDC guidance and local health department.

Student Transportation

- Transportation will be provided to those students eligible, determined by the State of New Jersey.
- Bus routes will be designed using the New Jersey Department of Health, CDC guidance and local health department.
- The district will communicate any changes to transportation aligned to guidance provided by the New Jersey Department of Health, CDC guidance, and local health department.
