Section 4: Special Minor's Restricted License Requirement and Information

Where can the student drive?

The student may drive without adult supervision for the following purposes:

- Drive up to 25 miles from home to school(s) of enrollment or school sponsored activities, or location where the student receives competent private instruction or independent private instruction using the most direct and accessible route. Activities must be at the school(s) the student is enrolled in.
- Drive to participate in school-sponsored extracurricular activities. Activities must be at the student's school of enrollment, or a location operated by the student's school within 25 miles or less of the student's residence.
- Stop for fuel while on route or at the closest filling station off route.
- Drive for employment or to complete farm work using the most direct and accessible route. The driving distance must be 25 miles or less, provided a completed Form 430022 is carried in the vehicle while driving.

At what times can the student drive?
The student may drive without adult supervision within the hour before and after the beginning and end of the student's classes, school-sponsored extracurricular activities, work shift, farm work, or farm-related work.

The student may also drive at any time with adult supervision (same as instruction permit). Adult supervision means a parent, guardian, custodian, an immediate family member at least 21 years of age, a driver education instructor, or a person at least 25 years of age with written permission from parent, guardian, or custodian. The supervising adult must possess a valid driver's license.

Passenger restriction
When driving without adult supervision, there can only be one minor passenger who is not a relative in the vehicle, but there is not a specific limit to the number of related minor passengers in the vehicle. A relative means someone that is the student's brother, sister, stepbrother, stepsister, or other related minor living in the household. All passengers must be secured by

No electronic communication devices
The student may not use a cell phone, smartphone, tablet, or other electronic communication or entertainment device while driving.

What happens if the student gets a ticket/violation?
A special minor's restricted license will be suspended for three months if the student is convicted of any traffic violation (excluding parking violations), violates any of the restrictions on the license, or is at-fault for an accident. A $20 reinstatement fee will be required following a suspension.

Note: Each time your license gets suspended, you will be delayed 3 additional months before you can upgrade to an intermediate license following your 16th birthday. You must also have a clean driving record for the 6 months immediately preceding your application for an intermediate driver's license.

Eligibility requirements to advance to Intermediate License
The next level of the graduated driver's license program is an intermediate driver's license. To obtain this license, applicants must be at least 16 years old and hold an instruction permit (or instruction permit then special minor's restricted license) for at least 12 consecutive months and maintain a clean driving record for at least six consecutive months immediately before applying for an intermediate license. Intermediate driver's license applicants must also complete 20 hours of supervised driving in addition to any driving completed in driver's education. At least two of those hours must be between sunset and sunrise.
