Chromebook Protection Plan

In an effort to create greater efficiencies in the classroom and maximize instructional time, Rumson-Fair Haven Regional High School will provide every incoming student with a Chromebook device to start out the school year. With each student having a school issued chromebook, our teachers will be able to have specific programs and software “pushed out” to all devices through our technology department, enabling them to assess students more readily on the device. The consistency of having the same devices will minimize downtime, as staff troubleshoot any potential technology issues that may arise. To that end, the expectation is that all students will have the RFH Chromebook, fully charged, with them daily for instruction.

What is the cost to our family?

The assigned Chromebooks will be “checked out” to students similar to textbooks. There will not be a mandatory fee for a student/family to receive a device. There is an option to pay for a \$60 Chromebook Protection Plan. The Protection Plan is strongly encouraged as it provides for the immediate repair/replacement of damaged/lost devices without incurring the full cost. The Protection Plan will be valid for the current school year only. If you have purchased the Protection Plan for the 25-26 school year, you will need to purchase a new Protection Plan for the 26-27 school year. The Protection Plan offers a one-time free of charge repair for a damaged device.

- The fee will include the cost of repairs equal to the replacement of the device if accidentally damaged.
- In the event a Chromebook is damaged a second time, full cost to repair and/or replace the chromebook will be applied.
- All damage to a device must be reported to the Lower Learning Commons immediately.
- If the Chromebook is lost or stolen, the student will be charged \$450 and provided with a replacement Chromebook.
- Chromebook Insurance is good from the moment of payment to midnight of Labor Day 2027.

Below are the fees to repair and/or replace a chromebook:

- Lost USB-C Power Cord: \$46.00
- Broken Keyboard / Missing Keys - \$110
- Broken Screen - \$110
- Lost or Damaged Chromebook Device: \$450

Payment Information: All payments will be collected through MySchoolBucks. [Please click here to pay online.](#)

What are the student expectations?

It is expected that students have their RFH Chromebook device with them daily and charged in preparation for instruction. Students without a device may be deemed unprepared for class that day. Loaners will not be handed out during the school day.
