To the Student(s) of OHS,

The Oak Hill High School faculty and staff would like to welcome you and wish you success and happiness during the school year. You will be provided with many challenges, which may best be met with hard work and a desire to do your best.

This school year is going to be unlike any other school year you have experienced so far, but rest assured your safety and education are still the number one priority. We are going to make the best of an uncertain situation. Patience, understanding, kindness, and flexibility are characteristics that we all will need to practice.

As a citizen of this school, you are expected to follow the rules that are established for the welfare of the entire student body. Learning is a combination of teacher excellence, student desire, and parental support. We hope that from such a cooperative effort will emerge a student with the ability to think, evaluate, and choose wisely.

Students have responsibilities. These responsibilities include: regular school attendance, conscientious effort in classroom work, and a commitment to accept and follow school rules and regulations. These responsibilities help to create a school climate conducive to wholesome learning and living. The ultimate goal of the school is to provide students with attitudes that will lead to productive employability and result in an individual who is a positive, contributing member of society.

School officials must often make decisions to protect the health and well-being of all students while at the same time safeguarding individual rights. The need to preserve a positive educational setting is uppermost in our minds.

The need for a well-ordered school environment is unquestionable. Rules and regulations pertinent to daily school life at Oak Hill High School are outlined

in these pages. Oak Hill High School is your school and all of your talents and abilities are needed to make us successful. We want to encourage students to take advantage of opportunities and become an active member of the student body.

Please work to maintain a reputation for courteous behavior in school assemblies. Students should give full attention to the performers on stage and show appreciation with respectful applause.

Athletics

Policies and regulations governing student activities and student participation in extracurricular activities such as sports are outlined by the Louisiana High School Athletic Association (LHSAA). We emphasize the proper ideals of sportsmanship, ethical conduct, and fair play. We encourage leadership and good judgment by our athletes and stress the values derived from playing the game fairly. The purpose of our program is to promote the physical, mental, moral, social, and emotional well-being of our athletes. Oak Hill High School athletes should take pride in our school and in playing as a team. *Participation on a school athletic team is a privilege that can only be earned by abiding by the rules of the school, as well as the rules of the game. Our athletes are expected to be models of good behavior as they represent our school and community. In order to participate in practice or games, the student must be in attendance for a minimum of 75% of the school day or 5 complete class periods of the school day. Student-athletes checking in or out, must do so THROUGH THE MAIN OFFICE.*

School Resource Officer

The School Resource Officer is familiar with the physical layout of the school and is aware of who belongs on school property and who does not. The SRO wears the uniform of a deputy sheriff and is armed while on duty in the school to reinforce his role as a deputy sheriff. The SRO has three main functions: law enforcement, teacher, and counselor. The SRO is involved in a variety of functions:

Students will be disciplined in accordance with RPSB policy. **Any student on suspension or expulsion, cannot attend extra-curricular activities (see the previous note on suspensions).**

Tardy Policy

Students are allowed three minutes between classes. They must be inside the classroom and seated when the tardy bell rings. If a student reports to class within five minutes after the tardy bell rings, the teacher will write up a student on an infraction. After two tardy infractions, a student will be given a day of either morning or lunch detention. Upon the third tardy infraction, the student will receive 2 days of lunch or morning detention. Beginning with the fourth tardy, the student will receive, at minimum, 1 day in-school suspension. If a student reports to class after five minutes, he/she is considered truant to class (skipping). The teacher will report the truancy to the principal. **No student may be excused from class without permission from the administration.**

Student & Parent Agreement

I acknowledge that I have received an Oak Hill High School Student Handbook and assume responsibility for rules and policies covered. I also know this handbook does not cover all rules and regulations outlined by the RPSB policy book, which will be given at a later time and/or can be accessed by the school website and/or RPSB website, which I will also be responsible to follow.
