A:1 WELCOME

We are pleased to welcome you as a valued employee of the Clarence Central School District. Without the important support services you render, it would not be possible to provide the quality educational programs currently offered in our district.

This Employee Handbook is intended to provide general information about your employment. The information contained in the handbook does not replace or supersede Board of Education policies or collective bargaining agreements but rather serves as a starting point to answer general questions you may have. Please take the time to read through the book to become familiar with its content.

We want you to be successful in your assignment. Should you have any questions or concerns not addressed in the handbook, you may contact your immediate supervisor or call the Human Resources Office at (716) 407-9107.

SECTION A: INTRODUCTORY SECTION

A:2 THE COMMUNITY WE SERVE

A school system reflects the values and beliefs of the community it serves for it is only with the support and dedication of concerned citizens that schools are established and sustained. To appreciate how effectively the Clarence Schools District meets the needs of the community, it is helpful to first understand a little bit about the Town of Clarence.

Native Americans who inhabited this area when it was a heavily forested wilderness referred to it as Ta-num-no-ga-o, or place full of hickory bark. The town of Clarence was established in 1808, making it the oldest town in Erie County and, at 52 square miles, it is also one of the largest.

Today, Clarence is a thriving, rural-suburban community located just a few miles northeast of Buffalo, New York. Despite its size, Clarence has managed to maintain its small-town charm. Land use is still primarily agricultural and residential, although the presence of natural resources generates some light industry. With a variety of quaint shops, fairs and markets, the town is also a haven for antique dealers and shoppers.

The town is made up of several distinct neighborhoods, each with its own unique characteristics. Originally called Ransom Grove after Asa Ransom who first settled here in 1796, Clarence Hollow is the oldest Settlement in the town. The community of Harris Hill in the western section of the town derives its name from Asa Harris, another early settler who arrived here in 1807.

David Van Tine who operated a store at the corner of Goodrich and Clarence Center Road first settled the hamlet of Clarence Center in 1829. Swormville was named for Adam Schworm who operated a store on the east side of Transit Road. In 1841 Anson Wolcott settled in the northernmost section of the town now known as Wolcottsburg.

Following World War II, Clarence experienced its greatest residential expansion. Census records indicate there were about 3,000 people residing in the town in 1900. By 1950 the population had doubled and just ten years later the figure had doubled again. Today the population is about 32,000.

The community has high aspirations for its children and the Clarence School District is committed to meeting those expectations. Its natural beauty, the character of its neighborhoods, and its fine schools make Clarence a wonderful place to work and raise a family.

SECTION A: THE INTRODUCTORY SECTION

A:3 CLARENCE CENTRAL SCHOOL DISTRICT

Tradition, innovation and teamwork are hallmarks of the Clarence Central School District. Although formally established in 1946, the District can trace its roots back to 1805 when early settlers built the first schoolhouse in a small clearing near what is now the intersection of Ransom Road and Main Street. That pioneer spirit, willingness to work together and a steadfast commitment to high standards continue to be key to Clarence's success.

The school system is an integral part of the community, providing an outstanding education to approximately 4,000 students who reside in Clarence and portion of the neighboring towns of Amherst, Lancaster and Newstead.

Facilities are among the most modern and best equipped anywhere. In November 2014 the Clarence community approved two capital projects. One resulted in the repair and maintenance of all six school buildings as well as the bus garage and maintenance area. The second installed artificial turf on the Clarence High School football stadium field, as well as the baseball and softball fields and renovation of the all-surface track. A multi-use turf field was also installed in the softball outfield.

Clarence educators have acted in advance of state requirements in initiating programs that support student success. In addition to a commitment to quality first teaching and a close monitoring of individual student progress, these services include the availability of extended academic time, Regents review classes, teacher and peer tutoring sessions, as well as other services that address barriers to academic progress.

Periodic reviews of the curriculum and overall educational objectives assure that our students not only meet, but also exceed, state and national requirements. The district encourages and supports professional growth and development opportunities for teachers and staff. Competent, talented, and dedicated teachers develop diverse, unique learning experiences that enhance the core academic program.

SECTION A: INTRODUCTORY SECTION

A:4 DISTRICT STRATEGIC PLAN

In carrying out the District's mission, school personnel are guided by the Clarence Strategic Plan. Originally developed in 1993, the Strategic Plan includes commonly held beliefs about education, a mission statement, motto, objectives, strategies, and action plans. Annual reviews ensure that the Plan remains relevant and reflects changes as they occur in society, technology, community expectations, and state and federal mandates.

A:5 MISSION STATEMENT

“It is the mission of the Clarence Central School District to produce independent, lifelong learners who are responsible, contributing members of a diverse society.”

A:6 MOTTO

“Together We Make Learning a Way of Life”

A:7 ROLE OF EMPLOYEES IN SCHOOL SYSTEM

You are an essential partner in the educational operation of the Clarence Central School District and, as such, you serve as a role model for students within the system. This is an important responsibility.

Your dress and grooming should be appropriate to your position. As a district employee, you often provide the public the first and sometimes only impression of the school district. You may greet the public by telephone or in person. Information must be accurate and should always be exchanged in a courteous manner. Complaints or criticism should be handled with tact. If you are uncertain how to handle a situation, please speak with your principal or supervisor. It is also expected that you show the same courtesy and respect to your fellow employees.

A:8 CONFIDENTIAL INFORMATION

In the course of performing your duties, you may have access to information about school business, students, tests, other employees, and records that should be considered confidential. If you are uncertain, do not release information prior to consulting with your principal or supervisor.

B:4 CODE OF CONDUCT

The Clarence Central School District is committed to providing a safe, orderly, predictable educational environment that promotes teaching and advances learning without disruption or interference. Accordingly, the District has developed a comprehensive Code of Conduct in collaboration with students, teachers, administrators, parents, and school safety personnel. The Code of Conduct is reviewed by the Board of Education annually. A complete version of the Code of Conduct is available upon request at the District Office, in the main office of and Clarence school building or at www.clarenceschools.org.

Purpose

The Clarence School District Code of Conduct is intended to:

- Encourage appropriate behavior;
- Insure the safety and security of all members of the school community;
- Promote a safe and effective learning environment.

The Code governs the conduct of students, school personnel, parents, and other visitors while on school property or attending school functions. It includes the range of penalties that may be imposed for code violations and defines the roles of essential partners (teachers, administrators, other school personnel, the Board of Education, and parents) in maintaining safe, orderly schools.

Student Dress Code

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Teachers and all other district personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

Prohibited Student Conduct

The Board of Education expects all students to conduct themselves in an appropriate and civil manner and to show proper regard, dignity, and respect for the rights and welfare of others, including students, district

SECTION B: LAWS AND REGULATIONS

B:4 CODE OF CONDUCT (Continued)

personnel, and members of the school community. The Board of Education also expects proper care of school facilities and equipment.

The best discipline is self-imposed. Students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with students are expected to use disciplinary action when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Board of Education recognizes the need to make its expectations for student conduct specific and clear. These rules of conduct focus on safety and respect for the rights and property of others. Students who do not accept responsibility for their own behavior and violate these school rules will be required to accept the penalties for their conduct.

Reporting Violations

All students are expected to promptly report violations of the Code of Conduct to a teacher, guidance counselor, the building principal, or designee. Any student observing a student possessing a weapon, alcohol, or illegal substance on school property or at a school function shall report this information immediately to a teacher, the building principal, the principal's designee, or the superintendent.

All district staff who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair, and lawful manner. District staff who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the Code of Conduct to their supervisor who shall in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction.

Any weapon, alcohol, or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

The building principal or designee must notify the appropriate local law enforcement agency of those code violations that constitute a crime and substantially affect the order or security of a school as soon as practical. The notification may be made by telephone, followed by a letter mailed on the same day as the telephone call is made. The notification must identify the student and explain the conduct that violated the Code of Conduct and constituted a crime.

Disciplinary Penalties and Procedures

Disciplinary action, when necessary, will be firm, fair, and consistent. As a general rule, discipline will be progressive. That is, a student's first offense will usually merit a lesser penalty than subsequent violations. The Code of Conduct contains levels of discipline ranging from oral warning to permanent suspension from school. Regardless of the penalty imposed, school personnel authorized to impose a disciplinary procedure must inform the student of the alleged misconduct. Students subject to more severe penalties have additional rights as spelled out in the Code of Conduct.

SECTION B: LAWS AND REGULATIONS

B:4 CODE OF CONDUCT (Continued)

Alternative Instruction

When a student of any age is removed from class by a teacher or a student of compulsory attendance age is suspended from school pursuant to Education Law §3214, the district will take immediate steps to provide alternative means of instruction for the student.

Discipline of Students with Disabilities

While all students are subject to the same code of conduct, the Board of Education recognizes that students with disabilities are entitled to additional procedural protection. The Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state laws and regulations.

Corporal Punishment

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden.

However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers, and duties, if that student has refused to refrain from further disruptive acts.

The district will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

Student Searches and Interrogations

The Board of Education is committed to ensuring a safe and orderly atmosphere on school property and at school functions. To achieve this kind of environment, any school official alleged violation of law or the district Code of Conduct. Students are not entitled to any sort of "Miranda"-type warning before being questioned by school officials, nor are school officials required to contact a student's parent before questioning the student. However, authorized to impose a disciplinary penalty on a student may question a student about and school officials will tell all students why they are being questioned.

In addition, the Board of Education authorizes the superintendent, building administrators, the school nurse, and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated a law or the district Code of Conduct.

SECTION B: LAWS AND REGULATIONS

The Board of Education encourages parents and other district citizens to visit the district's schools and classrooms to observe the work of students, teachers, and other staff. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean **all persons** on school property or attending a school function.

The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

Examples of education records include test scores, progress and evaluation reports, disciplinary referrals, health records and IEP's.

There are several mandates regulated by FERPA. In particular, a student's education records or personally identifiable information regarding a student from education records will not be disclosed to any party or institution without written parental consent unless the disclosure of information is to another educational institution where the student seeks to enroll, is enrolled or receives services, or to other school officials with a legitimate educational

interest on behalf of the student. Refer to the District policy # 7240 and regulation # 7514 for additional information on disclosure of education records.

B:14 FIRE AND EMERGENCY DRILLS

The administration of each school building will instruct and train students on appropriate emergency responses, through fire and emergency drills, in the event of a sudden emergency.

Fire and emergency drills will be held at least twelve (12) times in each school year; eight (8) of these will be completed by December 31. Eight (8) of all drills will be evacuation drills, four (4) will be through use of the fire escapes on buildings where fire escapes are provided or identified secondary exits. The other four (4) drills will be lock-down drills. Drills will be conducted at different times of the school day. Students will also be instructed in the procedures to be followed in the event that a fire occurs during the regular school lunch period or assembly, however, this additional instruction may be waived if a drill is held during the regular lunch period or assembly.

SECTION B: LAWS AND REGULATIONS

B:14 FIRE AND EMERGENCY DRILLS (Continued)

Summer School

At least two (2) additional drills will be held during summer school in buildings where summer school is held, and one (1) of these drills will be held during the first week of summer school.

After-School Programs, Events, or Performances

The Building Principal or designee will require those in charge of after-school programs, events, or performances attended by any individuals unfamiliar with that school building, to announce at the beginning of these programs the procedures to be followed in the event of an emergency.

B:15 WEAPONS IN SCHOOL AND THE GUN-FREE SCHOOLS ACT

With the exception of those students who receive prior written permission from the Board or its designee, no student may bring in or possess any "firearm" or "weapon" on school property, on a school bus or District vehicles, in school buildings, or at school sponsored activities or settings under the control or supervision of the District regardless of location. Any student who has been found guilty of bringing in or possessing a firearm or weapon in violation of this policy will be disciplined in a manner consistent with State and Federal law and the District's *Code of Conduct*. Discipline may include a mandatory suspension for a period of not less than one calendar year for a student who is determined to have violated the Federal Gun-Free Schools Act and its implementing provisions in the New York State Education Law, provided that the Superintendent may modify the suspension requirement on a case-by-case basis.

Students who have brought a "weapon" or "firearm" to school, will be referred by the Superintendent to either a presentment agency (the agency or authority responsible for presenting a juvenile delinquency proceeding) or to appropriate law enforcement officials. These referrals will be made as follows: a student is under the age of sixteen (16) and who is not a fourteen (14) or fifteen (15) year old who qualifies for juvenile offender status under the Criminal Procedure Law will be referred to a presentment agency for juvenile delinquency proceedings; a student who is sixteen (16) years old or older or who is fourteen (14) or fifteen (15) and qualifies for juvenile offender status will be referred to the appropriate law enforcement authorities.

For the purposes of this policy, the term "weapon" will be as defined in 18 USC 930(g)(2). For the purposes of this policy, the term "firearm" will be as defined in 18 USC 921(a).

Students with disabilities continue to be entitled to all rights set forth in the Individuals with Disabilities Act and Education Law Article 89. This policy does not authorize suspension of students with disabilities in violation of those authorities.

This policy does not diminish the authority of the Board to offer courses in instruction in the safe use of firearms in accordance with Education Law Section 809-a.

B:16 GIFTS: ACCEPTING

The Board of Education recognizes that gift giving, especially during the holiday season, may be a common practice for many District employees. While the giving or exchanging of gifts may be acceptable among staff members, the Board strongly encourages District employees and students to show appreciation through written notes or greeting cards.

No person may directly or indirectly, solicit, accept or receive any gift having a value of seventy-five dollars (\$75) or more, under circumstances in which it could reasonably be inferred that the gift was intended or expected to influence the individual in the performance of his or her official duties or was intended as a reward for any official action on the part of the individual. This prohibition applies to any gift, including money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form.

SECTION B: LAWS AND REGULATIONS

B:17 HUMAN IMMUNODEFICIENCY VIRUS (HIV) RELATED ILLNESS

The Board of Education contends that a student shall not be denied the right to attend school or continue his/her education nor shall an employee be denied the right to continue his/her employment who has been diagnosed or

identified as having a positive blood test for the antibodies to the Human Immunodeficiency Virus (HIV). The Board further contends that under current law and regulations, the disclosure of confidential HIV-related information shall be strictly limited.

Administrative regulations and procedures shall be developed and implemented by the administration based on recommendations from the New York State Education Department and from consultation with appropriate professional and medical staff in the District.

The Superintendent shall also establish protocols for routine sanitary procedures for dealing with the cleaning and handling of body fluids in school, with special emphasis placed on staff awareness.

B:18 JURY DUTY

No employee shall be entitled to receive the per diem allowance for any regularly scheduled workday on which jury duty is rendered if on such a day his/her wages are not withheld on account of such service. An employee returning to regular employment after being summoned for jury duty shall produce original or copies of documentation showing date(s) of attendance at jury duty.

B:20 SEXUAL HARASSMENT IN THE WORKPLACE

The District is committed to creating and maintaining an environment which is free from harassment and discrimination. This policy addresses sexual harassment and gender discrimination in the workplace. It is intended to inform covered individuals of: their right to work in an environment that is free from sexual harassment and discrimination; what sexual harassment and discrimination look like; how they can prevent and report sexual harassment and discrimination; how they are protected from retaliation after taking action; and the general process for investigating a claim of sexual harassment and discrimination that falls under this policy. This policy is just one component of the District's overall commitment to maintaining a harassment and discrimination -free educational and work environment.

Under New York State Human Rights Law (NYSHRL), it is illegal for an employer to discriminate based on age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, status as a victim of domestic violence, or criminal history. These different identities impact an individual's perception and understanding of the world. For example, an individual's race, ability, or immigration status may impact their experience with gender discrimination in the workplace. While this policy is focused on sexual harassment and gender discrimination, the process for reporting and investigating discrimination based on other protected classes is generally the same. However, the exact process may vary depending on a number of factors including, but not limited to, who is involved. Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* detail the specific process for reporting and investigating discrimination based on other protected identities.

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

Sexual harassment is a form of workplace discrimination that subjects individuals to inferior conditions of employment due to their gender, gender identity, gender expression (perceived or actual), and/or sexual orientation. Sexual harassment is often viewed simply as a form of gender-based discrimination, but the District recognizes that discrimination can be related to or affected by other identities beyond gender.

Discrimination of any kind, including sexual harassment, is unlawful, a violation of District policy, and may subject the District to liability for the harm experienced by targets of discrimination. All individuals are required to work in a manner designed to prevent sexual harassment and discrimination in the workplace.

Harassers may also be individually subject to liability and supervisors who fail to report or act on harassment may be liable for aiding and abetting sexual harassment and discrimination. Employees at every level who engage in harassment or discrimination, including supervisory personnel who engage in harassment or discrimination or who allow such behavior to continue, will be subject to remedial and/or disciplinary action by the District.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sexual harassment in the workplace. The District will promptly respond to reports of sexual harassment in the workplace, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Title IX Coordinator(s).

Scope and Application

This policy applies to all instances of sexual harassment and gender discrimination perpetrated against a "covered individual," by anyone in the workplace, including a co-worker, supervisor, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student. For purposes of this policy, a "covered individual " includes:

- a) Employees;
- b) Applicants for employment;
- c) Paid or unpaid interns; and
- d) Non-employees, which include anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace. These non-employees include persons commonly referred to as independent contractors, gig workers, and temporary workers. Also included are non-employees providing equipment repair, cleaning services, or any other service through a contract with the District.

Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* may address misconduct related to sexual harassment and may provide for additional, different, or more specific grievance procedures depending on a number of factors including, but not limited to, who is involved and where the alleged sexual harassment occurred. These documents must be read in conjunction with this policy.

The dismissal of a complaint under one policy or document does not preclude action under another related District policy or document.

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

What Constitutes Sexual Harassment

Sexual harassment is a form of gender-based discrimination that is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender. Sexual harassment is not limited to sexual contact, touching, or expressions of a sexually suggestive nature. Sexual harassment includes all forms of gender discrimination including gender role stereotyping and treating individuals differently because of their gender.

Understanding gender diversity is essential to recognizing sexual harassment because discrimination based on sex stereotypes, gender expression, and perceived identity are all forms of sexual harassment. The gender spectrum is nuanced, but the three most common ways people identify are cisgender, transgender, and non-binary. A cisgender person is someone whose gender aligns with the sex they were assigned at birth. Generally, this gender will align with the binary of male or female. A transgender person is someone whose gender is different than the sex they were assigned as birth. A non-binary person does not identify exclusively as a man or a woman. They might identify as both, somewhere in between, or completely outside the gender binary. Some may identify as transgender, but not all do. Respecting an individual's gender identity is a necessary first step in establishing a safe workplace.

Under NYSHRL, sexual harassment is unlawful when it subjects an individual to inferior terms, conditions, or privileges of employment. Harassment does not need to be severe or pervasive to be illegal. It can be any harassing behavior that rises above petty slights or trivial inconveniences. Every instance of harassment is unique to those experiencing it, and there is no single boundary between petty slights and harassing behavior. However, NYSHRL specifies that whether harassing conduct is considered petty or trivial is to be viewed from the standpoint of a reasonable victim of discrimination with the same protected characteristics. Generally, any behavior in which a covered individual is treated worse because of their gender (perceived or actual), sexual orientation, or gender expression is considered a violation of District policy. The intent of the behavior, for example, making a joke, does not neutralize a harassment claim. Not intending to harass is not a defense. The impact of the behavior on a person is what counts.

Sexual harassment includes any unwelcome conduct which is either directed at an individual because of that individual's gender identity or expression (perceived or actual), or is of a sexual nature when:

- a) The purpose or effect of this behavior unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or offensive work environment. The impacted individual does not need to be the intended target of the sexual harassment;
- b) Employment depends implicitly or explicitly on accepting such unwelcome behavior; or
- c) Decisions regarding an individual's employment are based on an individual's acceptance to or rejection of the behavior. These decisions can include what shifts and how many hours an employee might work, project assignments, as well as salary and promotion decisions.

There are two main types of sexual harassment:

- a) Hostile work environment which includes, but is not limited to, words, signs, jokes, pranks, intimidation, or physical violence which are of a sexual nature, or which are directed at an individual because of that individual's sex, gender identity, or gender expression. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory, or discriminatory statements which an employee finds offensive or objectionable, causes an employee discomfort or humiliation, or interferes with the employee's job performance.

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

- b) Quid pro quo harassment which occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions, or privileges of employment.

Any covered individual who feels harassed is encouraged to report the behavior so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be discrimination and is covered by this policy.

Examples of Sexual Harassment

The following describes some actions that may constitute unlawful sexual harassment and that are strictly prohibited. This list is just a sample of behaviors and should not be considered exhaustive. Any covered individual who believes they have experienced sexual harassment, even if it does not appear on this list, should feel encouraged to report it:

- a) Physical acts of a sexual nature, such as:
 - 1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another individual's body or poking another individual's body; or
 - 2. Rape, sexual battery, molestation or attempts to commit these assaults, which may be considered criminal conduct outside the scope of this policy.
- b) Unwanted sexual comments, advances or propositions, such as:
 - 1. Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion or other job benefits;
 - 2. Subtle or obvious pressure for unwelcome sexual activities; or
 - 3. Repeated requests for dates or romantic gestures, including gift-giving.
- c) Sexually oriented gestures, noises, remarks or jokes, or questions and comments about a person's sexuality, sexual experience, or romantic history which create a hostile work environment. This is not limited to interactions in person. Remarks made over virtual platforms and in messaging apps when employees are working remotely can create a similarly hostile work environment.
- d) Sex stereotyping, which occurs when someone's conduct or personality traits are judged based on other people's ideas or perceptions about how individuals of a particular sex should act or look.
 - 1. Remarks regarding an employee's gender expression, such as wearing a garment typically associated with a different gender identity; or
 - 2. Asking employees to take on traditionally gendered roles, such as asking a woman to serve meeting refreshments when it is not part of, or appropriate to, her job duties.
- e) Sexual or discriminatory displays or publications anywhere in the workplace, such as:
 - 1. Displaying pictures, posters, calendars, graffiti, objects, promotional material, reading materials, or other materials that are sexually demeaning or pornographic. This includes such sexual

displays on workplace computers or cell phones and sharing such displays while in the workplace;

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

2. This also extends to the virtual or remote workspace and can include having such materials visible in the background of one's home during a virtual meeting.
- f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, or gender expression, such as:
 1. Interfering with, destroying or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;
 2. Sabotaging an individual's work;
 3. Bullying, yelling, or name-calling;
 4. Intentional misuse of an individual's preferred pronouns; or
 5. Creating different expectations for individuals based on their perceived identities:
 - (a) Dress codes that place more emphasis on women's attire;
 - (b) Leaving parents/caregivers out of meetings.

Who Can be a Target of Sexual Harassment?

Sexual harassment can occur between any individuals, regardless of their sex or gender. Harassment does not have to be between members of the opposite sex or gender. This policy applies to

all instances of sexual harassment perpetrated against a "covered individual" by anyone in the workplace, including a co-worker, supervisor, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student.

Sexual harassment does not happen in a vacuum and discrimination experienced by an individual can be impacted by biases and identities beyond an individual's gender. For example:

- a) Placing different demands or expectations on black women employees than white women employees can be both racial and gender discrimination;
- b) An individual's immigration status may lead to perceptions of vulnerability and increased concerns around illegal retaliation for reporting sexual harassment; or
- c) Past experiences as a survivor of domestic or sexual violence may lead an individual to feel re-traumatized by someone's behaviors in the workplace.

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

Individuals bring personal history with them to the workplace that might impact how they interact with certain behavior. It is especially important for all employees to be aware of how words or actions might impact someone with a different experience than their own in the interest of creating a safe and equitable workplace.

Where Can Sexual Harassment Occur?

Unlawful sexual harassment is not limited to the physical workplace itself. Sexual harassment can occur on school property and at school functions which, for purposes of this policy, means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state. It can occur while covered individuals are traveling for District business or at District or industry-sponsored events or parties. Calls, texts, emails, and social media usage by covered individuals can constitute unlawful workplace harassment, even if they occur away from school property, on personal devices, or during non-work hours. Accordingly, conduct or incidents of sexual harassment that create or foreseeably create a disruption within the District may be subject to this policy in certain circumstances.

Sexual harassment can occur when covered individuals are working remotely. Any behaviors outlined above that leave a covered individual feeling uncomfortable, humiliated, or unable to meet their job requirements constitute harassment even if the covered individual is working remotely when the harassment occurs. Harassment can happen on virtual meeting platforms, in messaging apps, and after working hours between personal cell phones.

Prohibition of Retaliatory Behavior (Commonly Known as “Whistle-Blower” Protection)

Retaliation is unlawful and is any action by an employer or supervisor that punishes an individual upon learning of a harassment claim, that seeks to discourage a covered individual from making a formal

complaint or supporting a sexual harassment or discrimination claim, or that punishes those who have come forward. Adverse actions need not be job-related or occur in the workplace to constitute unlawful retaliation. For example, threats of physical violence outside of work hours or disparaging someone on social media would be covered as retaliation under this policy.

Examples of retaliation may include, but are not limited to:

- a) Demotion, termination, denying accommodations, reduced hours, or the assignment of less desirable shifts;
- b) Publicly releasing personnel files;
- c) Refusing to provide a reference or providing an unwarranted negative reference;
- d) Labeling an employee as “difficult” and excluding them from projects to avoid “drama”;
- e) Undermining an individual’s immigration status; or
- f) Reducing work responsibilities, passing over for a promotion, or moving an individual’s desk to a less desirable office location.

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

Retaliation is unlawful under federal, state, and (where applicable) local law. The NYSHRL protects any individual who has engaged in "protected activity". Protected activity occurs when a person has:

- a) Made a complaint of sexual harassment or discrimination, either internally or with any government agency;
- b) Testified or assisted in a proceeding involving sexual harassment or discrimination under the NYSHRL or other anti-discrimination law;
- c) Opposed sexual harassment or discrimination by making a verbal or informal complaint, or by simply informing a supervisor, building principal, other administrator, or the CRCO of suspected harassment;
- d) Reported that a covered individual has been sexually harassed or discriminated against; or
- e) Encouraged a covered individual to report harassment.

The District prohibits all retaliation. Any individual that reports an incident of sexual harassment or discrimination, provides information, or otherwise assists in any investigation of a sexual harassment or discrimination complaint is protected from retaliation. No one should fear reporting sexual harassment or discrimination if they believe it has occurred. Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of sexual harassment or discrimination.

Any District employee who retaliates against anyone involved in a sexual harassment or discrimination investigation will face disciplinary action, up to and including termination. All covered individuals who believe they have been subject to retaliation should inform a supervisor, building principal, other administrator, or the CRCO.

All employees and covered individuals who believe they have been a target of retaliation may also seek relief from government agencies, as explained in this policy.

Reporting Allegations of Sexual Harassment

Anyone who experiences, witnesses, or becomes aware of potential instances of sexual harassment is encouraged to report the behavior to a supervisor, building principal, other administrator, or the CRCO. Covered individuals should not feel discouraged from reporting harassment because they do not believe it is bad enough or conversely because they do not want to see someone fired over less severe behavior. Just as harassment can happen in different degrees, potential discipline for engaging in sexual harassment will depend on the degree of harassment and could include education counseling, suspension, or termination.

Reports of sexual harassment may be made verbally or in writing. A written complaint form is posted on the District's website if a covered individual

would like to use it, but the complaint form is not required. Individuals who are reporting sexual harassment on behalf of another individual may use the complaint form and note that it is being submitted on another individual's behalf. A verbal or otherwise written complaint (such as an email) on behalf of oneself or another individual is also acceptable.

Reports may be made to a CRCO in person, by using the contact information for a CRCO, or by any other means that results in a CRCO receiving the person's verbal or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for a CRCO.

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

Reports of sexual harassment may also be made to any other District employee including a supervisor or building principal. All reports of discrimination and/or harassment must be immediately forwarded to the CRCO. Reports may also be forwarded to other District employees depending on the allegations.

District employees must comply with reporting requirements in any other applicable District policy or document.

Covered individuals who believe they have been a target of sexual harassment may at any time seek assistance in additional available forums, as explained in this policy.

Supervisory Responsibilities

Everyone must work toward preventing sexual harassment, but leadership matters. Supervisors, building principals, other administrators, and the CRCOs have a special responsibility to make sure employees feel safe at work and that workplaces are free from harassment and discrimination. All supervisors, building principals, and other administrators who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing or discriminatory behavior or for any reason suspect that sexual harassment or discrimination is occurring, are required to report the suspected sexual harassment to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Supervisors, building principals, and other administrators should not be passive and wait for a covered individual to make a claim of harassment. If they observe such behavior, they must act.

Supervisors, building principals, and other administrators can be disciplined if they engage in sexually harassing or discriminatory behavior themselves. Supervisors, building principals, and other administrators, can also be disciplined for failing to report suspected sexual harassment or allowing sexual harassment to continue after they know about it.

While supervisors, building principals, and other administrators have a responsibility to report harassment and discrimination, they must be mindful of the impact that harassment and a subsequent investigation has on victims. Being identified as a possible victim of harassment and questioned about harassment and discrimination can be intimidating, uncomfortable and re-traumatizing for individuals. Supervisors, building principals, and other administrators must accommodate the needs of individuals who have experienced harassment to ensure the workplace is safe, supportive, and free from retaliation for them during and after any investigation.

Bystander Intervention

Any individual witnessing harassment as a bystander is encouraged to report it. A supervisor, building principal, or other administrator that is a bystander to harassment is **required** to report it. There are five standard methods of bystander intervention that can be used when anyone witnesses harassment or discrimination and wants to help.

- a) A bystander can interrupt the harassment by engaging with the individual being harassed and distracting them from the harassing behavior;
- b) A bystander who feels unsafe interrupting on their own can ask a third-party to help intervene in the harassment;
- c) A bystander can record or take notes on the harassment incident to benefit a future investigation;

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

- d) A bystander might check in with the person who has been harassed after the incident, see how they are feeling and let them know the behavior was not ok; and
- e) If a bystander feels safe, they can comfort the harassers and name the behavior as inappropriate. When confronting harassment, physically assaulting an individual is never an appropriate response.

Though not exhaustive, and dependent on the circumstances, the guidelines above can serve as a brief guide of how to react when witnessing harassment in the workplace.

Grievance Process for Complaints of Sexual Harassment in the Workplace

All complaints or information about sexual harassment will be investigated, whether that information was reported in verbal or written form. An investigation of any complaint, information or knowledge of suspected sexual harassment will be prompt, thorough, equitable and started and completed as soon as possible. Investigations will be kept confidential to the extent possible. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials. All individuals involved, including those making a harassment claim, witnesses, and alleged harassers deserve a fair and impartial investigation.

The CRCO will generally oversee the District's investigation of all complaints of discrimination and/or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

District employees may be required to cooperate as needed in an investigation of suspected sexual harassment. The District recognizes that participating in a harassment investigation can be uncomfortable and has the potential to retraumatize a covered individual. Individuals receiving claims and leading investigations will handle complaints and questions with sensitivity toward participants.

While the process may vary from case to case, investigations will be done in accordance with the following steps. Upon receipt of a complaint, the CRCO:

- a) Will conduct a prompt review of the allegations, assess the appropriate scope of the investigation, and take any interim actions (for example, instructing the individual(s) about whom the complaint was made to refrain from communications with the individual(s) who reported the harassment), as appropriate.

If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

- b) Will investigate all complaints of sexual harassment regardless of how those complaints are reported and treat all complaints with equal priority. For verbal complaints, the individual will be encouraged to complete, in writing, the complaint form.

If the individual reporting prefers not to fill out the complaint form, a complaint form or equivalent documentation based on the verbal reporting will be prepared. The individual reporting the harassment will be provided a copy of the completed complaint form.

- c) Will take steps to obtain, review, and preserve documents sufficient to assess the allegations, including documents, emails, or phone records that may be relevant to the investigation. The CRCO will consider and implement appropriate document request, review, and preservation measures, including for electronic communications.

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

Other District policies and documents address sexual harassment. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

Annual Training

The District will provide a sexual harassment prevention training program to all employees on an annual basis. The training will be interactive and will include:

- a) An explanation of sexual harassment consistent with guidance issued by the Department of Labor in consultation with the Division of Human Rights;
- b) Examples of conduct that would constitute unlawful sexual harassment;
- c) Information concerning the federal and state statutory provisions concerning sexual harassment and remedies available to victims of sexual harassment;

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

- d) Information concerning employees' rights of redress and all available forums for adjudicating complaints; and
- e) Information addressing conduct by supervisors and any additional responsibilities for such supervisors.

Notification

The District will provide this policy to all employees in-person or digitally through email upon hiring and will be posted prominently in all work locations. In addition to sending the policy through email, this policy will also be available on the District's website.

At the time of hiring and at every annual sexual harassment prevention training program, the District will provide each employee a notice containing this policy and the information presented at the District's sexual harassment prevention training program.

This notice will be provided in English and in the language identified by the employee as their primary language, provided that the New York State Department of Labor Commissioner has published a template of the model materials in that language.

The notice will be delivered in writing, either in print or digitally. The notice will either link to or include, as an attachment or printed copy, the policy and training materials.

Legal Protections and External Remedies

Sexual harassment is not only prohibited by the District but is also prohibited by state, federal, and, where applicable, local law.

The District's internal process outlined in the policy above is one way for covered individuals to report sexual harassment. Covered individuals may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, covered individuals may also seek the legal advice of an attorney.

In addition to those outlined below, individuals may have other legal protections.

New York State Division of Human Rights (NYSDHR)

The NYSHRL, N.Y. Executive Law, art. 15, Section 290 et seq., applies to all employers in New York State and protects covered individuals, regardless of immigration status. A complaint alleging violation of the NYSHRL may be filed either with the NYSDHR or in New York State Supreme Court.

Complaints of sexual harassment filed with NYSDHR may be submitted any time **within three** years of the harassment. If an individual does not file a complaint with NYSDHR, they can bring a lawsuit directly in state court under the NYSHRL, **within three years** of the alleged sexual harassment. An individual may not file with NYSDHR if they have already filed a NYSHRL complaint in state court.

Complaining internally to the District does not extend the time to file with NYSDHR or in court. The three years are counted from the date of the most recent incident of harassment.

Individuals do not need an attorney to file a complaint with NYSDHR, and there is no cost to file with NYSDHR.

SECTION B: LAWS AND REGULATIONS

B:20 SEXUAL HARASSMENT IN THE WORKPLACE (Continued)

NYSDHR will investigate the complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases receive a public hearing before an administrative law judge. If sexual harassment is found at the hearing, NYSDHR has the power to award relief. Relief varies, but it may include requiring the employer to take action to stop the harassment, or repair the damage caused by the harassment, including paying of monetary damages, punitive damages, attorney's fees and civil fines.

NYSDHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. Individuals may call (718) 741-8400 or visit: www.dhr.ny.gov.

Go to dhr.ny.gov/complaint for more information about filing a complaint with NYSDHR. The website has a digital complaint process that can be completed on a computer or mobile device from start to finish. The website also contains contact information for NYSDHR's regional offices across New York State.

Call the NYSDHR sexual harassment hotline at **1-800-HARASS-3 (1-800-427-2773)** for more information about filing a sexual harassment complaint. This hotline can also provide a referral to a volunteer attorney experienced in sexual harassment matters who can provide limited free assistance and counsel over the phone.

The United State Equal Employment Opportunity Commission

The United States Equal Employment Opportunity Commission (EEOC) enforces federal anti-discrimination laws, including Title VII of the 1964 federal Civil Rights Act 42 USC Section 2000e et seq. An individual can file a complaint with the EEOC anytime within 300 calendar days from the most recent incident of harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint and determine whether there is reasonable cause to believe that discrimination has occurred. If the EEOC determines that the law may have been violated, the EEOC will try to reach a voluntary settlement with the employer. If the EEOC cannot reach a settlement, the EEOC (or the Department of Justice in certain cases) will decide whether to file a lawsuit. The EEOC will issue a Notice of Right to Sue permitting workers to file a lawsuit in federal court if the EEOC closes the charge, is unable to determine if federal employment discrimination laws may have been violated or believes that unlawful discrimination occurred but does not file a lawsuit.

Individuals may obtain relief in mediation, settlement, or conciliation. In addition, Federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An individual alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at www.eeoc.gov or via email at info@eeoc.gov. To file a complaint with the United States Equal Employment Opportunity Commission, please visit <https://www.eeoc.gov/filing-charge-discrimination>.

If an individual filed an administrative complaint with the NYSDHR, then NYSDHR will automatically file the complaint with the EEOC to preserve the right to proceed in federal court.

Title IX

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex in education programs and activities that receive federal financial assistance. The U.S. Department of Education's Office for Civil Rights (OCR) enforces Title IX of the Education Amendments Act of 1972.

For more information about how to file a complaint, contact OCR at 800-421-3481 (TDD 800-877-8339) or visit: <https://www2.ed.gov/about/offices/list/ocr/docs/howto.html>. The website contains information about filing the complaint online, by mail, or by email.

Local Protections

Many localities enforce laws protecting individuals from sexual harassment and discrimination. An individual should contact the county, city or town in which they live to find out if a law exists.

Contact the Local Police Department

Tobacco use shall not be permitted, and no person shall use tobacco on school grounds. This includes use of e-cigarettes, atomizers or any other similar device whether or not nicotine is present. For purposes of this policy, "school grounds" means any building, structure, vehicle, and surrounding outdoor grounds contained within the District's legally defined property boundaries as registered in the County Clerk's Office; as well as any vehicles used to transport children or school personnel.

The District will prominently post its smoking/Tobacco Use Policy in District buildings and supply a copy upon request to any current or prospective employee. Each administrator and supervisor is designated as an agent who shall be responsible for informing individuals of the policy.

SECTION B: LAWS AND REGULATIONS

B:22 WELLNESS

The Clarence Central School District is committed to providing a school environment that enhances the learning and development of lifelong wellness practices. The District's Wellness and Nutrition Committee (previously known as the Nutrition Committee) is designated as the vehicle for oversight of this policy and will report to the Board of Education as required.

To accomplish the intended goals the Board of Education:

- a) Recognizes that a student's overall emotional wellness will play one of the most important roles in making healthy food and physical activity choices. All student guidance/support services will be recognized as integral parts of any strides in overall wellness.
- b) Requires that each building principal or "wellness designee" meet with the District's Wellness and Nutrition Committee at least annually to review wellness activities in his/her building. Written minutes documenting these activities are to be filed and reviewed as needed by the Board of Education.
- c) Acknowledges that sequential and interdisciplinary nutrition education will be provided and promoted through formal classroom instruction. Health and wellness instruction will be instituted at each grade level through the efforts of the building principals, the Director of Health, Physical Education and Athletics, and the Director of Curriculum and Staff Development. "Team Nutrition" and other valuable resources will be made available.
- d) Requires that all child nutrition programs comply with federal, state and local requirements, and are accessible to all students.
- e) Requires that all schools become a "Choose Sensibly School." This will ensure that snack food sold in school, on school property and in student accessible vending machines before, during and after the school day meets those specific nutritional standards. Certain foods may be exempt from these standards because they are nutrient dense. Limited exceptions, as approved by administration, for special events, tournaments and athletic events may be acceptable.
- f) Requires that the only beverage sold to students in schools, on school property and in student accessible vending machines before, during and after the school day are: milk with a fat content of no more than 2%, water, and vegetable and fruit juices having at least 50% juice. The District's Wellness and Nutrition Committee will have the responsibility to review product and implement changes should new acceptable products become available. Limited exceptions, as approved by administration, for special events, tournaments and athletic events may be acceptable.
- g) Requires that all foods made available will adhere to food safety and security guidelines.
- h) Recommends that food and/or physical activity will not be used as a reward or punishment.
- i) Requires that nutrition information disseminated to students, parents and staff will occur on a regular basis. Items such as newsletter nutrition tips, lunchroom displays, and website menu and nutrition information postings will be utilized.
- j) Requires that elementary classroom teachers incorporate fifteen minutes of physical activity into their daily classroom routine.
- k) Supports that secondary schools, through a coordinated physical education and health curriculum, will offer a variety of non-traditional physical education courses to promote wellness and increase participation within the framework of all New York State standards.
- l) Recognizes that staff wellness will be promoted by supporting staff to participate in wellness activities and/or use building fitness equipment.
- m) Supports using appropriate funding sources for student and staff wellness, including but not limited to: fitness equipment, educational classroom resources, speakers and guidance/student support service enhancements.
- n) Acknowledges that need to cooperate with Parent Teacher Organizations, as well as all school and community support groups, to accomplish wellness goals. Support groups will be encouraged to coordinate with and assist building principals or "Wellness Designees" when planning activities.

SECTION B: LAWS AND REGULATIONS

B:22 WELLNESS (Continued)

- o) Encourages all fund-raising efforts and classroom celebrations follow the District Wellness and Nutrition Standards.

B:23 WORKERS' COMPENSATION

The School District shall make Workers' Compensation coverage available for all employees.

- a) The employee qualified for Workers' Compensation may choose one of the following options:
 - 1) The employee may receive the full amount of his/her salary for as long a period as he/she has accumulated sick leave allowance. If the employee exhausts his/her sick leave during the period of absence, he/she would automatically revert to option 2.
 - 2) The employee may select to receive weekly compensation payments as he/she is entitled to during his/her absence in lieu of his/her regular salary, and days absent would not be deducted from his/her accumulated sick leave allowance.
- b) If the employee chooses option 1, any weekly compensation entitlement received during the period of absence must be remitted to the Board of Education. Depending upon the amount of weekly compensation reimbursed, the employee's sick leave record will be adjusted accordingly.

SECTION C: SCHOOL POLICIES

PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA

The District is committed to maintaining the privacy and security of student data and teacher and principal data and will follow all applicable laws and regulations for the handling and storage of this data in the District and when disclosing or releasing it to others, including, but not limited to, third-party contractors. The District adopts this policy to implement the requirements of Education Law Section 2-d and its implementing regulations, as well as to align the District's data privacy and security practices with the National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity (Version 1.1).

C:1 ACCEPTABLE USE OF COMPUTERS, TECHNOLOGY AND THE INTERNET

Technology resources are available to students, employees and the Board in the Clarence Central School District. These resources include software delivered via the District local area network, (LAN), as well as the Internet. We are pleased to provide this access to students, employees and Board Members and believe telecommunications and other technological resources offer vast and unique opportunities to the community. The main use of District equipment is for school related purposes. Personal use may be permitted as long as there is no disruption to District operations or mission.

Generally, the same standards for acceptable staff conduct that apply to any aspect of job performance will also apply to use of the District's technology systems. Employees and Board Members are expected to communicate in a professional manner consistent with applicable District policies and regulations governing the behavior of school staff.

This policy does not attempt to articulate all required and or acceptable uses of the District's technology systems, nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate staff conduct and uses, as well as prescribed behavior.

District staff and students will also adhere to the laws, policies, and rules governing computers including, but not limited to copyright laws, rights of software publishers, license agreements, and rights of privacy created by federal and state law.

Staff and student data files and electronic storage areas will remain District property, subject to District control and inspection. The Superintendent or his or her designee may access all such files and communications to ensure system integrity and compliance with requirements of this policy and accompanying regulations. **Staff and students should NOT expect that information stored on the District's computer system will be private. Information may be reviewed without prior notice.**

The use of computers is not only of value to schools but is becoming a necessity in working with students and other aspects of schooling. Various work responsibilities result in access to information sources such as software programs, Internet access and the District's computer network. Access and authorization to information and equipment carry a corresponding responsibility for appropriate use. Access should be primarily for educational and professional activities.

Employees represent the Clarence Central School District and are using a non-private network.

The following is a list of general expectations of all Clarence employees and students.

- 3) Promptly notify their immediate supervisor of security problems.

- 12) Download and install unauthorized software programs.

When Staff is Working with Students

SECTION C: SCHOOL POLICIES

C:1 ACCEPTABLE USE OF COMPUTERS, TECHNOLOGY AND THE INTERNET (continued)

Web Pages

An exciting innovation in technology is the opportunity for teachers and staff to create teacher Web pages. The Board and the administration encourage the development of Web pages by teachers and staff in order to provide information to parents, students and the community about classroom and student activities as well as instructional resources. To be considered authorized by the Clarence Central School District, Web pages must be developed in accordance with this regulation using resources provided by, and hosted on sites provided by, the Clarence Central School District.

The following guidelines apply to all Web pages developed by Clarence Central School District students and staff and housed within Clarence Central School District's realm of ownership. All information must be in compliance with Clarence Central School District policies, regulations, and Web standards.

Content Integrity

- 1) All subject matter on the Web pages and their links must relate to:
 - A. Curriculum and instruction.
 - B. Clarence Central School District authorized activities and services.
 - C. Information about the Clarence Central School District or its mission.
- 2) Safety - Information about students and staff posted on a teacher Web page should be general in nature. Do not use students' full names on the Web. Also, do not give specific locations and times when listing a field trip or activity. Remember that this information is public for anyone to access.
- 3) Always refer to our organization by using the proper name, the Clarence Central School District.
- 4) To reduce the possibility of spam, use broken e-mail addresses that do not automatically create a link.
- 5) Confidential information regarding students, staff, or the organization may not be posted on Web pages.
- 6) Treat your audience with respect. Avoid any objectionable language and use proper grammar and spelling at all times.

Copyright Information

- 1) Generally, you cannot post a copy of any copyrighted materials on your website without the copyright owner's permission. Merely acknowledging the source of the copyrighted material is *not* a substitute for obtaining this permission. Materials that may be subject to copyright include photographs, logos, music, videos, cartoons, drawings, paintings, graphs, charts, animation, articles, and other Web pages.

Students and staff should assume that any such materials, even if found on the Internet and in the absence of the © symbol or other copyright notice, are subject to copyright.

- 2) Under certain limited circumstances, teachers are authorized to use portions of copyrighted works in traditional classroom settings under the doctrine of "fair use," without specific permission. However, a copy of a copyrighted work placed by a teacher on a website is less likely to be seen as a "fair use" of that work. Therefore, reliance on a website using "fair use" doctrine should be avoided.
- 3) Generally, links to copyrighted resources available elsewhere online may be created as long as the link merely directs the user to another site and does not cause a copy of the copyrighted work to be created and stored on Clarence Central School District sites or servers. Include the link disclaimer language. Framing (displaying another site's Web page within our Clarence Central School District Web page design) is not permitted. Your link must cause a separate Web page to appear.

SECTION C: SCHOOL POLICIES

C:1 ACCEPTABLE USE OF COMPUTERS, TECHNOLOGY AND THE INTERNET (continued)

- 4) Students are the copyright owners of their own work. You must get the written permission of the student, as well as his or her parent, to post a copy of a student's work on your Web page.

Additional Guidelines for the Use of Photos and Images

- 1) Student photographs, video, audio recordings, or electronic images may be used without prior consent in order to publicize or promote a school district program. If a parent or guardian wishes to refuse permission for the use of a child's photograph, video or audio recording, or electronic images in District publications, media releases, or the District Web site, they must notify the Superintendent of Schools or building principal in writing by September 30 in each academic year.
- 2) When uploading a file containing an approved photo, please make certain the file name does not list student names (ex.: SallyMae.jpg). If it does, please re-save the photo using another generic description then upload onto the Web. Students' names could be inadvertently shared, accessed as part of the image's code, if not corrected.
- 3) Photos of individual students or staff are not recommended for security reasons. Group pictures make it harder to identify a specific person in the photo.
- 4) When using the Clarence Central School District logo, use only the standard logo and do not modify it in any way. When using the logo of another organization (ex.: SkillsUSA), you must get permission in writing first.
- 5) You may only use images on your Web page with the permission of the copyright owner, unless the image is from a source that specifically grants permission for such use. You cannot scan material from a book and paste it onto your Web page. Handouts created by anyone but you cannot be posted on the Web page. Clip art may be used if from a source that grants permission for such use.

Social Media

The School District recognizes the value of teacher and professional staff inquiry, investigation and communication using new technology tools to enhance student learning experiences. The School District also realizes its obligations to teach and ensure responsible and safe use of these new technologies. Social media, including social networking sites, have great potential to connect people around the globe and enhance communication. Therefore, the Board of Education encourages technologies to supplement the range of communication and educational services.

For purposes of this Policy, the definition of public social media networks or Social Networking Sites (SNS) are defined to include: Web sites, Web logs (blogs), wikis, social networks, online forums, virtual worlds, and any other social media generally available to the school district community, which do not fall within the District's electronic technology network. The definition of District approved password-protected social media tools are those that fall within the District's electronic technology network or which the District had approved for educational use. Within these internal forums, the District has greater authority and ability to protect minors from inappropriate content and can limit public access within these internal forums.

However, personal use of these media during District time or on District-owned equipment is prohibited. In addition, employees are encouraged to maintain the highest levels of professionalism. They have responsibilities for addressing inappropriate behavior or activity on these networks, including requirements for mandated reporting and compliance with all applicable District Policies and Regulations.

Applicable Policy and Regulation

All development and use of Web pages and communication tools will be subject to other applicable Clarence Central School District policies and regulations regarding the use and development of instructional materials.

SECTION C: SCHOOL POLICIES

C:1 ACCEPTABLE USE OF COMPUTERS, TECHNOLOGY AND THE INTERNET (continued)

Enforcement

The Superintendent shall be responsible for the enforcement of this policy. Violations of the policy shall be dealt with in accordance with applicable laws, regulations and employee contracts.

C:2 ACCIDENTS

Procedures shall be established and maintained by the Superintendent for the handling of student injuries that occur on school property and during school activities.

Student Emergency Treatment

All staff members of the School District are responsible to obtain first-aid care for students who are injured or become ill while under school supervision.

In most instances first aid should be rendered, and then the parent should be contacted to come to school and transport the student to the family physician. Beyond first aid, the medical care of the student is the parent's responsibility. However, the student's welfare is always the primary concern, and it is the responsibility of school personnel to exercise good judgement and care under all circumstances.

Transporting an Ill or Injured Student

In the event of an illness or injury to a student, an ambulance may be called if warranted. This solution will be used after other alternatives, including parent/legal guardian contact, have been made. If a parent is not in attendance, an official from the School District shall accompany, but not transport, the student to the hospital.

C:3 ADVERTISING/DISTRIBUTION OF LITERATURE IN THE SCHOOLS

No materials of a commercial nature shall be distributed through the Clarence Schools except as authorized by law or the Commissioner's Regulations. Neither the staff nor the students of the School District shall be employed in any manner for advertising or otherwise promoting the interests of any commercial, political, or other non-school agency, individual or organization, except that:

- a) Schools may cooperate in furthering the work of any non-profit, community-wide, social service agency, provided that such cooperation does not restrict or impair the educational program of the schools;
- b) The school may use films or other educational materials bearing only simple mention of the producing firm;
- c) The Superintendent of Schools may, at his discretion, announce or authorize to be announced, any lecture or other community activity of particular educational merit;
- d) The schools may, upon approval of the Superintendent of Schools, cooperate with any agency in promoting activities in the general public interest that are non-partisan and non-controversial, and that promotes the education and other best interests of the students.

SECTION C: SCHOOL POLICIES

C:4 BUILDING SECURITY

In order to provide uniform procedures for administering and maintaining a security system on a District-wide basis, and in order to help avoid incidents of breaking and entering, theft and vandalism, the following regulations shall govern all buildings and facilities.

Guidelines:

- a) No change shall be made on or to any locks/locking devices in any building without the expressed authorization of the Superintendent of Buildings and Grounds.
- b) No faculty/staff member shall possess at any time an area key to facilities which are not within the scope of his/her primary assignment.
- c) No student or non-District employed person shall possess or be given a key for temporary use.
- d) All classroom keys provided for faculty/staff members use shall be issued annually in September and returned the following June as part of the final year-end audit.
- e) All unoccupied areas, including classrooms, laboratories, custodial closets, storage rooms etc. shall be locked at all times.
- f) Although the building administrator(s) is held responsible for the affairs of his/her facilities, after school hours the Superintendent of Buildings and Grounds shall have primary responsibility for District security and building security during the absence of the building administrator.

C:5 EMERGENCY CLOSING OF SCHOOL

The Superintendent of Schools may make the determination to close school in the case of inclement weather or other emergency that may pose a threat to the health or safety of students. When school is closed, all related activities—athletic events, field trips, extracurricular activities, and Community Education classes—will also be cancelled. Also, when Clarence Schools are closed due to inclement weather conditions, Clarence school buses will not transport any students, regardless of the school they attend. Every effort is made to make the decision to close school by 6:00 A.M.

If the decision is made to dismiss early, students in grades 6-12 will be dismissed first. Parents of students in grades 6-12 are, therefore, encouraged to discuss contingency plans with their children in the event school is closed early.

Dismissal for elementary students will remain as close to 2:30 P.M. as possible to avoid sending younger students home where there may not be adult supervision. Finally, if road conditions are deemed too hazardous to safely transport students home, the Superintendent may make the decision to delay dismissal until conditions improve.

Should an urgent situation occur, the District will send an emergency message to affected households through an automated phone notification system. Because power outages may affect the reliability of the automated system, emergency information is released to the following outlets:

- WGRZ-TV, WIVB-TV, and WKBW-TV
- Radio station WBEN 930 AM
- Parent Square
- District Social Media Accounts
- Clarence website: www.clarenceschools.org

C:6 MAILBOXES

SECTION C: SCHOOL POLICIES

C:7 MAINTENANCE REQUESTS

All maintenance requests shall be completed on the Buildings and Grounds Help Desk. Essential information should be entered as directed on the form and submitted.

C:8 PARENT ORGANIZATION

An integral component of a successful educational system is a strong partnership between school and home. The parents of this District have exhibited a commitment to outstanding educational opportunities for their children through their participation in parent teacher organizations. Each of our schools boasts a strong, active parent group dedicated to supporting and enhancing the existing program.

C:9 PRESIDENT'S COUNCIL

Officers from our parent organizations meet as a group on a regular basis with the Superintendent of Schools for the purpose of coordinating their efforts and sponsoring joint projects.

C:10 PUBLIC RELATIONS

The high level of confidence and strong community support enjoyed by the Clarence School District is due in large part to the commitment and dedication of its outstanding professional staff. An effective communication plan is essential to building good relations, but the strongest component of a public relations program is at the individual level.

In that respect every employee is an important link in our public relations efforts. As we go about performing our duties, we must be mindful of the role public relations plays in the smooth operation of the district.

We would never do things for public relations value, but certainly everything we do has public relations implications. Public opinion is based on personal observations and experiences. Every contact we have with a colleague, a student, a parent, or a member of the community contributes to that person's perception about our school district.

C:11 PURCHASING: HOW TO ORDER SUPPLIES, EQUIPMENT AND SERVICES

All purchases of supplies, equipment, and services used for school related activities must be approved by each employee's supervisor, building principal and/or the school business manager using the following procedure:

- a) Submit a requisition for the item(s) to immediate supervisor or building principal. Please make sure it is filled out correctly and completely.
- b) Following approval, the building principal will receive the purchasing agent's approval and the purchase order will be mailed to the company.
- c) A receiving copy and department copy of the purchase order will be sent to your building secretary, a copy will then be forwarded to you for approval. If initial shipment completes the order, fill out and return the receiving copy to the Business office. If a partial shipment: check off the items received, make a copy, sign it, and send the copy to the Business Office. When final shipment is received, completing the order, sign and return the original copy to the Business Office.
- d) Additional Purchasing information can be found in the Clarence Forms Library.

SECTION C: SCHOOL POLICIES

C:12 SAFETY AND SECURITY

The Board of Education of the Clarence Central School District hereby declares that it is the policy of the School District to provide a safe and secure environment to all those persons, students, staff and visitors, who lawfully enter upon District property or who travel in District vehicles for the purposes of the District.

It shall be the responsibility of the Superintendent to establish and carry out written regulations that will:

- a) Identify those staff members who will be responsible for the effective administration of the regulations;
- b) Provide staff time and other necessary resources for the effective administration of the regulations;
- c) Establish periodic written review of the activities of the staff to ensure compliance with applicable laws and regulations;
- d) Provide an on-going mechanism for the effective review of safety and security concerns of the staff, students and affected public;
- e) Comply with Project SAVE (Safe Schools Against Violence in Education Act) requirements.

Hazard Communication Standard

All personnel shall be provided with applicable training to comply with the New York State “Right-to Know” Law and the Hazard Communication Standard.

The Board directs the Superintendent to develop rules and regulations to insure District implementation of this policy which shall include awareness information, employee training and record keeping.

C:13 USE OF SCHOOL FACILITIES, MATERIALS AND EQUIPMENT

School Facilities

It is the policy of the Board to encourage the greatest possible use of school facilities for community-wide activities including those uses permitted by New York State Law. Groups wishing to use the school facilities must secure written permission from the Superintendent or his or her designee and abide by the rules and regulations established for use including restrictions on alcohol, tobacco and drug use. The Superintendent, at his or her discretion, may consult with the Board. Monthly reports may be made to the Board regarding community use of the school facilities.

The District reserves the right to charge a fee for the use of its facilities in a manner consistent with law, and on terms specified in regulation or by agreement with these organizations.

Materials and Equipment

Except when used in connection with or when rented under provisions of Education Law Section 414, school-owned materials or equipment may be used by members of the community, Board members, or by District employees and/or students for school related purposes only. Private or personal use of school-owned materials and equipment is strictly prohibited. The loan of equipment and materials for public purposes that serve the welfare of the community is allowed, as long as the equipment is not needed at that time for school purposes and that the proposed use will not disrupt normal school operations.

The Board will permit school materials and equipment to be loaned to Board or staff members when such use is directly or peripherally related to their District responsibilities and/or employment, and to students when the material and equipment is to be used in connection with their studies or extracurricular activities. Community members will be allowed to use school-owned materials and equipment only for educational purposes that relate to school operations. All individuals will be expected to be familiar with the operation of any equipment they propose to borrow. The Board will also allow the loan of equipment to local governments and other entities that benefit the welfare of the surrounding community. The Board supports this intermunicipal cooperation as it saves taxpayer monies and is a more efficient use of scarce or costly equipment and resources.

SECTION C: SCHOOL POLICIES

C:13 USE OF SCHOOL FACILITIES, MATERIALS AND EQUIPMENT (continued)

The Superintendent/designee will establish administrative controls to assure the lender's responsibility for, and return of, all such materials and equipment.

C:14 SOLICITATION OF CHARITABLE DONATIONS

School Children

Direct solicitation of charitable donations from children in the District schools on school property during regular school hours shall not be permitted. It will be a violation of District policy to ask District school children directly to contribute money or goods for the benefit of a charity during the hours in which District students are compelled to be on school premises.

However, this policy does not prevent the following types of fund raising activities:

- a) Fundraising activities which take place off school premises, or outside of regular school hours during before-school or after-school extracurricular periods;
- b) Arms-length transactions, where the purchaser receives a consideration for his or her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity, will not be prohibited as the purchaser will receive consideration - the concert or social event - for the funds expended;
- c) Indirect forms of charitable solicitation on school premises that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods or money. However, collection of charitable contributions of food, clothing, other goods or funds from students in the classroom or homeroom is prohibited.

The Board will ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

School Personnel

Soliciting of funds from school personnel by persons or organizations representing public or private organizations will be prohibited. The Superintendent will have the authority to make exceptions to this policy in cases where such solicitation is considered to be in the District's best interest. The Board will be notified of these instances.

Distribution of information about worthwhile area charities may be made through the Office of the Superintendent of Schools as a service to District personnel.

C:15 VANDALISM/THEFT

When it is discovered that an act of vandalism has occurred at one of our buildings, the following rules will be followed:

- a) Reporting the vandalism

Depending upon the nature and severity of the vandalism, the building principal, director, manager or supervisor and Assistant Superintendent for Finance and Operations will make a determination as to whether or not the police shall be notified. Whenever the vandalism includes the theft of school equipment, the police must be notified of the incident.

- b) Building Principal/Director/Manager or Supervisor's responsibility

SECTION C: SCHOOL POLICIES

C:15 VANDALISM/THEFT (continued)

2. Name of the person who discovered the vandalism.
3. Estimated time of vandalism.
4. A copy of the police report. (Only applicable if the police are notified.)

7. The names and addresses of any person responsible for vandalism.

C:16 SCHOOL VOLUNTEERS

The Board recognizes the need to develop a school volunteer program to support District instructional programs and extracurricular activities. The purpose of the volunteer program will be to:

- a) Assist employees in providing more individualization and enrichment of instruction;
- b) Build an understanding of school programs among interested citizens, thus stimulating widespread involvement in a total educational process;
- c) Strengthen school/community relations through positive participation.

Volunteers are persons who are willing to donate their time and energies to assist Building Principals, teachers, and other school personnel in implementing various phases of school programs. Volunteers will serve in that capacity without compensation or employee benefits except for liability protection under the District's insurance program.

Administrative regulations will be developed to implement the terms of this policy

Leave for off-premises donation shall be subject to the following:

- a) Employees taking leave for off-premises blood donation shall be permitted at least one leave period per calendar year of three hours duration during the employee's regular work schedule.
- b) Off-premises blood donation leave does not accrue if it is not used during the calendar year.

As an alternative the high school student council holds blood drives twice per school year. The blood drives are typically held in December and April of each year. An employee who wishes to donate blood at a blood drive held at the high school may do so without loss of pay or without charge to any accrued leave-time. Please call the personnel office at extension 9107 if you have questions.

SECTION D: PERSONNEL

D:4 CANCER SCREENING LEAVE

Effective March 18, 2018, Civil Service Law Section 159-b was amended by broadening the scope of that provision so that it will apply to all cancer screenings. The law allows school district employees to absent themselves for up to four hours on an annual basis (one four-hour period annually between 7/1 and 6/30) to undergo screening for any type of cancer.

The Clarence School District fully supports preventive health practices and encourages its employees to follow established guidelines for screening as recommended by an individual's personal physician. In addition, employees are asked to consider the impact of their absence on the educational program and to schedule screenings at a time which is least disruptive. Employees may wish to schedule appointments during non-work hours or vacation periods.

To facilitate the process of excusing yourself from work, it will be necessary to complete a Cancer Screening Leave Request Form. This form needs to be completed in advance of your scheduled screening appointment and is available in the main office of each building. In addition, you will need to have your screening provider complete the Verification of Cancer Screening Form. Do not provide separate notes from your provider. Only the verification form should be returned to the designated secretary in your building.

D:5 COMPLAINTS AND GRIEVANCES BY EMPLOYEES

In accordance with the provisions of General Municipal Law and the collective bargaining agreements, all District personnel shall have the opportunity to present their complaints or grievances free from interference, coercion, restraint, discrimination or reprisal. The District shall provide at least two procedural stages and an appellate stage for the settlement of any grievance. Complaints or grievances not covered under employee contracts shall be handled and resolved, whenever possible, as close to their origin as possible. The Superintendent is responsible for implementing regulations for the redress of complaints or grievances through proper administrative channels.

Title IX/Section 504, Americans with Disabilities Act, Complaints and Grievances

Additionally, the Board shall ensure compliance with Title IX of the Educational Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. The Superintendent shall designate a District employee as their Title IX Section 504 Coordinator and shall also designate at least one District employee to coordinate efforts to comply with and carry out the District's responsibilities under the Americans with Disabilities Act. The District shall make available to all interested parties, the name, address, and telephone number of the employee or employees designated pursuant to this paragraph.

The Superintendent shall implement regulations and procedures to resolve complaints of discrimination based on sex or disability and shall adopt and publish grievance procedures providing for prompt and equitable resolution of complaints alleging any action that would be prohibited by the Americans with Disabilities Act. Prior to the beginning of each school year, the District shall issue an appropriate public announcement which advises students, parents/legal guardians, employees and the general public of the District's established grievance procedures for resolving complaints under Title IX/Section 504 and the Americans with Disabilities Act. D:6 EMPLOYEE PERSONNEL RECORD AND RELEASE OF INFORMATION

Personnel Records

The Board of Education directs the Superintendent to maintain a personnel file for each teacher, administrator and support staff member employed by the District.

The Board also directs the Superintendent to maintain regulations and procedures governing the inspection by District employees of their personnel files.

Release of Personal Information

All steps shall be taken to protect the privacy of the employees of the Board of Education. To ensure the individual's privacy, directory or confidential information should not be shared with a third party except in the following situations:

- a) When members of the Board of Education need information from the employee's personnel record to aid them in performing their legal responsibilities in such matters as appointments, assignments, promotion, demotions, remuneration, discipline, dismissal or to aid in the development and implementation of personnel policies.
- b) When the employees grant permission.
- c) When the third party needs to contact a particular staff member in case of an emergency during non-school hours.

Procedures for obtaining consent for release of records to third parties shall be developed by the administration.

Release of Information Concerning Former Employees

The District shall not release information concerning the employment records, personnel file or past performance of a former employee, unless such information is required to be disclosed by law. Only the initial and final dates of employment and the position held shall be provided through a written request. The former employee may authorize the release of any additional information.

D:7 FAMILY AND MEDICAL LEAVE ACT

The Board of Education, in accordance with the Family and Medical Leave Act of 1993 (FMLA), gives "eligible" employees of the District the right to take unpaid leave for a period of up to twelve (12) workweeks in a twelve-month period as determined by the District. The District will compute the twelve-month period according to the following time frame: a "rolling" twelve-month period will be used that is measured backward from the date an employee uses any FMLA leave.

Employees are "eligible" if they have been employed by the District for at least twelve (12) months and for at least 1,250 hours of service during the previous twelve-month period. Full-time teachers are deemed to meet the 1,250-hour test. The law covers both full-time and part-time employees.

Qualified employees may be granted leave for one (1) or more of the following reasons:

- a) The birth of a child and care for the infant;
- b) Adoption of a child and care for the infant;
- c) The placement with the employee of a child in foster care;

SECTION D: PERSONNEL

D:7 FAMILY AND MEDICAL LEAVE ACT (continued)

- d) To care for a spouse, child or parent who has a serious health condition as defined by the FMLA;
- e) A serious health condition of the employee, as defined by the FMLA, that prevents the employee from performing his/her job;
- f) Leave for the birth or adoption of a child or the placement of a child with the employee for foster care must be taken within twelve (12) months of the birth or placement.

At the Board of Education's or employee's option, certain types of paid leave may be substituted for unpaid leave.

An employee on FMLA leave is also entitled to have health benefits maintained while on leave. If an employee was paying all or part of the premium payments prior to leave, the employee will continue to pay his/her share during the leave period.

In most instances, an employee has a right to return to the same position or an equivalent position with equivalent pay, benefits and working conditions at the conclusion of the leave.

The Board of Education has a right to thirty (30) days advance notice from the employee where practicable. In addition, the Board may require an employee to submit certification from a health care provider to substantiate that the leave is due to the serious health condition of the employee or the employee's immediate family member. Failure to comply with these requirements may result in the denial of FMLA leave. The Board may also require that an employee present a certification of fitness to return to work when the absence was caused by the employee's serious health condition. The Board of Education has the right to deny restoration to employment if the employee does not furnish the certificate of fitness.

A notice which explains the FMLA's provisions and provides information concerning the procedures for filing complaints of violations of the FMLA shall be posted in each school building.

Administration is directed to develop regulations to implement this policy, informing employees of their rights and responsibilities under the FMLA.

Probation

Certified staff members shall be appointed by a majority vote of the Board of Education upon recommendation of the Superintendent of Schools.

Full-time certified staff members shall be appointed to a probationary period of four (4) years. However, the probationary period shall not exceed three (3) years for a member previously appointed to tenure in this or another school district or BOCES within the state, provided the member was not dismissed from the former district. Up to four (4) semesters of "Jarema Act" credit shall be applied towards probationary service. This is service rendered as a regular substitute teacher immediately preceding appointment to a probationary position.

During the probationary period, a member shall be given assistance in adjusting to the new position, but the essential qualifications for acceptable performance shall be assumed because of the possession by the member of the required certification or license.

Tenure

Certified staff members who have successfully completed a probationary period in the Clarence Central School District may be recommended (by the Superintendent of Schools) to the Board of Education for tenure appointment. The Board will follow all applicable statutes regarding tenure.

Appointment – Support Staff

The probationary period for all new civil service employees shall be for the maximum period established by the local Civil Service Commission. In most circumstances the period is 26 weeks.

The time, place and conditions of employment shall be assigned by the Superintendent of Schools or his designee.

D:14 RESIGNATION OF STAFF MEMBERS

Since the procurement of qualified staff members requires much time, and the abrupt change of staff members in the school organization has the direct effect of weakening the organization; and since, once committed, staff members are depended upon to fulfill their obligations, the Board of Education expects that due notice in fair time be given in all cases of resignation or termination of service.

Employees are to refer to their perspective negotiated agreements concerning time requirements.

D:15 TEACHER CERTIFICATION

- a. In accordance with applicable statutes, Rules of the Board of Regents, and Regulations of the Commissioner of Education, each employee whose employment requires certification or other licensure shall inform the Superintendent of Schools immediately of any change in the status of his/her certification or licensure. The changes shall include, but not be limited to, the granting, revocation, upgrading, expiration, conversion, and/or extension of these documents as to their periods of validity or their titles.

SECTION D: PERSONNEL

D:15 TEACHER CERTIFICATION (continued)

- b. The original certificates and/or licenses must be presented for examination and copying in the office of the Superintendent of Schools as soon as they are available to the employee. The copies will be maintained in the Superintendent's files in support of the legitimate employment of each affected employee. The failure of any such employee to possess the required certification or other licensure may result in the discharge of that employee,
- c. Whether or not the District verifies an individual's certification or licensure does not waive the responsibility of the employee to maintain what is required for his/her assignment.

D:16 TEMPORARY PERSONNEL

Student Teachers

The Clarence Central School District cooperates with teacher training institutions in the placement of student teachers to provide them with the best possible student teaching experience. The School District provides student teachers with protection from liability for negligence or other acts resulting in accidental injury to any person, as provided by law.

Substitute Teachers

The Superintendent of Schools shall have the authority to employ substitute teachers, in accordance with the regulations set forth below. The Assistant Superintendent for Human Resources oversees the activities of all substitute teachers.

A regular salary rate for substitute teaching shall be established by the Board of Education.

A per diem substitute is one who is assigned on a day-to-day basis, to preplace a teacher who is absent for a brief or indefinite period.

Regular Substitute

A regular substitute is defined as one who is assigned to take the place of a regular teacher who is absent for a semester or longer period of time; i.e. maternity leave, sabbatical leave, etc. A regular substitute is expected to perform all the functions of a permanent teacher:

- 1. A regular substitute will be paid on the regular teachers' salary schedule.
- 2. A regular substitute will be appointed for a specific period of time by the Board of Education upon recommendation of the Superintendent of Schools.
- 3. The Superintendent may assign a regular substitute to a teaching position at a full salary pending approval of the Board of Education.

Extracurricular Class Activities

The Superintendent of Schools may assign personnel to extracurricular class activity positions pending approval by the Board of Education.

The goal of this policy is to promote the safety and well-being of all people in our workplace. All incidents of violence or threatening behavior will be responded to immediately upon notification.
