ACADEMICS

Class Rank, GPA, & Grades

Due to our small size and rigorous, college-preparatory curriculum, Westminster does not rank students. The grades listed on the transcript are both the raw grades without weight as well as the weight to be added to the unweighted grade to compensate for rigor. The cumulative GPA is calculated using weighted grades and averaging all core academic courses (including Biblical Studies courses) taken at Westminster.

Please note, Westminster has taken an active approach to resist grade inflation.

Grades printed on a student's transcript truly reflect competency and proficiency in the course.
