Rendering of New Addition

PROJECT UPDATE 6/01/2026

The scope of this project is a new Multipurpose room to include a 3,000 sf PE space, PE office, PE Storage, After School Program Director office and storage, Raised performance platform and storage, and enclosing the existing covered connector to serve as an indoor connection between the new space and existing cafeteria and main building. This project will also include upgrading the existing group bathrooms near the cafeteria.

The project bid in November 2024. Monteith Construction was the successful bidder. Final permitting approvals were received in late April 2025. Construction commenced in late May 2025 and final approval from OSF for permission to occupy was received in May 2026.

The project is 100% Complete.
