Telephone 978-388-4800 | Fax 978-388-3393

In accordance with Massachusetts law, all student-athletes and their parent(s)/guardian(s) will receive educational materials regarding the risks associated with prescription opioid use and misuse prior to the start of each athletic season. These materials are developed by the Massachusetts Department of Public Health in collaboration with the Massachusetts Interscholastic Athletic Association (MIAA) and include information on:

- Safe use of prescription pain medications
- Risks of opioid misuse and addiction
- Safe storage and disposal of medications
- Alternative pain management options
- Prevention of opioid overdose

Parents and student-athletes are encouraged to review these materials together and discuss any questions with their healthcare provider. For anyone who would like printed versions of these materials, kindly contact the Athletic Office.

Here are the resource materials:

- [Opioid Misuse Prevention: Student Athletes Fact Sheet Packet](#)
- [What to Know About Prescription Opioids Fact Sheet](#)
