

Dang Do Nhat "David" Tran, Class of 2027

"Coming to MCI from Vietnam helped me strengthen my English, challenge myself in AP Physics, and prepare for a top university in the United States."

I came to MCI from Vietnam to experience an American boarding school and challenge myself academically. My favorite class is AP Physics because we conduct experiments and learn through hands-on activities. Living in the dorm has helped me make friends from Spain, Korea, Germany, and many other countries. Being part of the Outdoor Adventure Club has also allowed me to explore Maine while developing independence and confidence.

Favorite Class: AP Physics
Activities: Outdoor Adventure Club
Goal: Study Computer Science at a U.S. university

"The teachers at MCI really care about helping students succeed both academically and personally."
