

2026-2027 Annual Notice to Parents/Guardians

Dear Laguna Beach Unified School District Families,

Welcome back for the 2026-2027 school year! To help you stay in the loop with everything happening on our campuses, from weekly principal newsletters to emergency alerts, make sure to [download ParentSquare](#). It's our go-to app for school communication, and it keeps everything you need in one easy spot on your phone. Be sure to refresh the calendar section in the app so the dates for the new school year load in. You'll have all the important dates from every school in one place.

As we begin the new school year, we also want to make you aware of some important legal information. California Education Code section 48980 requires that, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district must notify parents/guardians of a minor pupil of their rights or responsibilities under certain provisions of the Education Code. Other provisions of California and United States law also require notification of parents/guardians.

Education Code section 48982 requires acknowledgment of this notice. Your electronic signature during Data Confirmation or Online Enrollment is an acknowledgment that you have received the notice and have been informed of your rights, but the signature does not indicate that consent to participate in any particular program has been either given or withheld.

California and federal law requires certain other notices in the event that specific circumstances should arise, affecting your child's education and attendance at school. If any such circumstances should arise, the District will provide notice as required by law.

Please enjoy the rest of your summer break! We'll see you on Thursday, August 20, 2026, for the first day of school.

Sincerely,

Don Austin, Ed.D., Superintendent

- **Scope of Pupil Records:** A pupil record is any item of information directly related to an identifiable pupil, other than directory information, which is maintained by the District or required to be maintained by a District employee in the performance of his/her duties, whether recorded by handwriting, print, tapes, film, microfilm or other means. Pupil records include a pupil's health record.
- **Responsible Officials:** Your child's Principal is responsible for the maintenance of pupil records located at your child's school. For pupil records maintained at the District office, the responsible official is the Superintendent.
- **Location of Log/Record:** The law requires that a log or record be maintained for each pupil's record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate interests therefore. For records maintained at your child's school, the log is located in the school Administration office. For records maintained at the District office, please see the receptionist.
- **School Officials and Employees/Legitimate Educational Interests:** School officials and employees who are authorized to review pupil records are school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, certificated employee, or support staff member (including, but not limited to, paraeducator, health or medical staff and school law enforcement personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, educational consultant or therapist); a vendor, contractor, or other party to whom the District has outsourced institutional services or functions; an agency caseworker of a state or local child welfare agency that has legal responsibility for the care and protection of a pupil, other public agencies providing services to pupils, as well as employees of other public schools or school systems where educational programs leading to high school graduation are provided or where a District pupil intends to or is directed to enroll; a minor's counsel of record. Access to pupil records is permitted only for records that are relevant to the legitimate educational interests of the requester. Upon request, the District discloses educational records without consent to officials of another school district in which the pupil seeks or intends to enroll. Individuals or entities who have legitimate educational interests include those described in California Education Code section 49076.
- **Right of Access and Review/Expungement:** You have an absolute right of access to any and all pupil records related to your child, which are maintained by the District. A homeless child or youth or an unaccompanied youth who is 14 years of age or older may access his/her pupil records. If you wish to review records located at your child's school, please contact the Principal's office, or submit a written request that identifies the record(s) you wish to inspect. If you wish to review records

located at the District office, please contact the receptionist. The Principal or District office has five (5) business days from the day of the receipt of a request to provide access to the records. Upon satisfactory completion of the rehabilitation assignment of a pupil whose expulsion has been suspended by the District Governing Board, the Board may order the expungement of any or all records of the expulsion proceedings. If the Orange County Board of Education enters an order reversing the decision of the District Governing Board to expel a pupil, the County Board may direct the District Governing Board to expunge the record of the pupil and records of the District of any references to the expulsion action. When you submit a written revocation of consent after the initial provision of special education and related services for your child, the District is not required to amend the education records of your child to remove any reference to your child's receipt of special education and services.

- **Challenging the Content of Records (EC § 49070):** You have the right to challenge the content of any pupil record by filing a written request with the District Superintendent to correct or remove any information recorded in the written records concerning your child which you allege to be any of the following: (1) inaccurate, (2) an unsubstantiated personal conclusion or inference, (3) a conclusion or inference outside the observer's area of competence, (4) not based on the personal observation of a named person with the time and place of the observation noted, (5) misleading, or (6) in violation of the privacy or other rights of the pupil.
- **Copying Costs:** You may request copies of your child's pupil records. A public agency may charge only the actual cost of reproducing the records. However, if the cost effectively prevents you from exercising your right to receive the copies, they shall be provided at no cost (EC § 56504). No fee may be charged for searching for or retrieving any pupil records (EC § 49065).
- **Transfer of Records:** The District is required to transfer a copy of your child's permanent pupil records within 10 schooldays to the school your child intends to enroll in.

Prior to destroying pupil records of a child who has received special education services, the IDEA requires parental notification when the District decides that personally identifiable information is no longer needed to provide educational services to a child. Once parents/guardians have been notified that personally identifiable information is no longer needed, they have the option of requesting access to and/or copies of pupil records prior to destruction, and to request that pupil records be destroyed, unless the District determines that the information could be needed to provide educational services in the future or is needed for auditing purposes (34 CFR 300.624, 5 CCR 16026). Unless classified as permanent records, all other pupil records are destroyed five years after the information is no longer needed to provide educational services (5 CCR 16027).

No directory information regarding your child may be released if you notify the District that the information shall not be released. Please submit a written notice to the Principal of your child's school if you wish to deny access to directory information concerning your child. ATTACHMENT #1 - FIREARMS SAFETY MEMORANDUM

To: Parents and Guardians of Students in the Laguna Beach Unified School District

From: Don Austin, Ed.D., Superintendent

Subject: California Law Regarding Safe Storage of Firearms

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the **Laguna Beach Unified School District** of their responsibilities for keeping firearms out of the hands of children as required by California law. Seventy-four percent of children know where their parents' firearms are stored, and 60 percent report that they have handled them¹. Sadly, over 80 percent of teens who have died by suicide used a firearm that belonged to someone in their home². **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; **or** (3) unlawfully brandishes the firearm to others.³
 - **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

³ See California Penal Code sections 25100 through 25125 and 25200 through 25220. See California Penal Code section 25100(c).

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a child **never** actually accesses the firearm.⁴
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, having custody or control, owning, receiving, or purchasing a firearm for 10 years.⁵
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.⁶

Note: Your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Sincerely,

Don Austin, Ed.D., Superintendent

ATTACHMENT #2 - MODEL NOTIFICATION OF RIGHTS FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records maintained by the school. These rights transfer to the eligible student when he/she reaches the age of 18 or attends a school beyond the high school level.

Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend their child's or their education record should write to the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education records. However, FERPA permits schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;

- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public private school attended by the student. However, schools must inform parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. School officials must notify parents and eligible students annually of their rights under FERPA. The actual means of notification is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW

PRESCRIPTION OPIOIDS: WHAT YOU NEED TO KNOW

Prescription opioids can be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

WHAT ARE THE RISKS AND SIDE EFFECTS OF OPIOID USE?

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed:

- Tolerance—meaning you might need to take more of a medication for the same pain relief
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

As many as

* Findings from one study

RISKS ARE GREATER WITH:

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Older age (65 years or older)
- Pregnancy

Avoid alcohol while taking prescription opioids. Also, unless specifically advised by your health care provider, medications to avoid include:

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids

KNOW YOUR OPTIONS

Talk to your health care provider about ways to manage your pain that don't involve prescription opioids. Some of these options **may actually work better** and have fewer risks and side effects. Options may include:

- ❑ Pain relievers such as acetaminophen, ibuprofen, and naproxen
- ❑ Some medications that are also used for depression or seizures
- ❑ Physical therapy and exercise
- ❑ Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

Be Informed!

Make sure you know the name of your medication, how much and how often to take it, and its potential risks & side effects.

IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN:

- ❑ Never take opioids in greater amounts or more often than prescribed.

ATTACHMENT #4 - TYPE 1 DIABETES INFORMATION

Pursuant to California Education Code Section 49452.6, this type 1 diabetes information is for local educational agencies to provide to parents and guardians of incoming elementary school students beginning January 1, 2023.

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated, and the guidance provided in this information sheet is intended to raise awareness about this disease.

Description

Type 1 diabetes usually develops in children and young adults but can occur at any age

- According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type 1 diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively.
- The peak age of diagnosis of type 1 diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

Type 1 diabetes affects insulin production

- As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood into the cells.
- In type 1 diabetes, the body's pancreas stops making insulin, and blood glucose levels rise.
- Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia.
- Untreated hyperglycemia can result in diabetic ketoacidosis (DKA), which is a life-threatening complication of diabetes.

Risk Factors Associated with Type 1 Diabetes

It is recommended that students displaying warning signs associated with type 1 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

Risk Factors

Researchers do not completely understand why some people develop type 1 diabetes and others do not; however, having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes. Other factors may play a role in developing type

1 diabetes, including environmental triggers such as viruses. Type 1 diabetes is not caused by diet or lifestyle choices.

Warning Signs and Symptoms Associated with Type 1 Diabetes and Diabetic Ketoacidosis

Warning signs and symptoms of type 1 diabetes in children develop quickly, in a few weeks or months, and can be severe. If your child displays the warning signs below, contact your child's primary health care provider or pediatrician for a consultation to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst
- Increased urination, including bed-wetting after toilet training
- Increased hunger, even after eating
- Unexplained weight loss
- Feeling very tired
- Blurred vision
- Very dry skin
- Slow healing of sores or cuts
- Moodiness, restlessness, irritability, or behavior changes

DKA is a complication of untreated type 1 diabetes. DKA is a medical emergency. Symptoms include:

- Fruity breath
- Dry/flushed skin
- Nausea
- Vomiting
- Stomach pains
- Trouble breathing
- Confusion

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken any time without fasting. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A level of 126mg/dL or higher on two separate tests indicates diabetes.

- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 1 Diabetes Treatments

There are no known ways to prevent type 1 diabetes. Once type 1 diabetes develops, medication is the only treatment. If your child is diagnosed with type 1 diabetes, their health care provider will be able to help develop a treatment plan. Your child's health care provider may refer your child to an endocrinologist, a doctor specializing in the endocrine system and its disorders, such as diabetes.

Contact your student's school nurse, school administrator, or health care provider if you have questions.

ATTACHMENT #5 - TYPE 2 DIABETES INFORMATION

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County. Also see available translations of this information. Also see available translations of this information at:

<http://inet2.cde.ca.gov/cmd/translatedparentaldoc.aspx?docid=6354-6379>.

Description

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

- **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

ATTACHMENT #6 - HPV NOTICE

HPV and HPV Vaccination: What Every Parent Should Know

What is HPV?

HPV is a very common virus that 8 out of 10 people will get at some point in their lifetime. Some HPV infections can lead to cancer later in life.

HPV is estimated to cause about 37,000 cases of cancer in men and women every year in the U.S. – that’s the same as the average attendance for a major league baseball game!

Only cervical cancer, one of the cancers caused by HPV, can be detected early with a Pap test. The other cancers caused by HPV (cancers of the throat, genitals, or anus) may not be detected until they are more serious. HPV vaccination prevents infections that cause these cancers.

How can I protect my child from HPV?

HPV vaccination can prevent over 90% of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. With more than 135 million doses given in the U.S. since 2006, HPV vaccine has a long safety record that’s backed by over 15 years of monitoring. Common side effects are mild and get better within a day or two. These include pain, redness, or swelling where the shot was given, similar to other vaccines.

HPV vaccination works extremely well. Since HPV vaccination was first recommended in 2006, infections with HPV types that cause most HPV cancers have dropped 88% among teen girls and 81% among young adult women.

Vaccination against HPV is recommended by the California Department of Public Health, the American Academy of Pediatrics, and the American Academy of Family Physicians. It’s also recommended by the American Cancer Society and California’s Cancer Prevention Act.

Who should get the vaccine and when should they get it?

Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade.

(Kids who wait until later to get their first dose of HPV vaccine may need three doses.) The HPV vaccine is often given at the same time as other adolescent vaccines, like Tdap to prevent whooping cough and meningococcal vaccine to prevent bacterial meningitis.

Where can I get the HPV vaccine for my child?

Ask your health care provider, pharmacist, or local health department to learn more about HPV vaccine and where you can get it. The vaccine is covered by most health insurance plans. If you don't have health insurance, your child can still get vaccinated. The Vaccines for Children (VFC) Program offers free vaccines to children up to age 18 years without insurance or whose insurance does not cover the cost of vaccines.

Ask your healthcare provider or [local health department](#) about [VFC](#). You can also make an appointment for free to low-cost vaccines at myturn.ca.gov.

For more information on HPV, the vaccine, and cancer prevention, visit the [California Department of Public Health](#).

ATTACHMENT #7 - STATUTORY ATTENDANCE OPTIONS

Information provided by the California Department of Education

<https://www.cde.ca.gov/re/di/fq/districttransfers.asp>

District Transfers

Laws regarding intradistrict and interdistrict transfers.

Policies regarding intradistrict/open enrollment and interdistrict/reciprocal agreement transfers are the responsibility of each local district governing board and are not within the jurisdiction of the California Department of Education (CDE). Each local district governing board has ultimate authority over general education processes such as district transfers. Parents/guardians shall work with their local school district administration to share their concerns and to determine what local processes their district has in place regarding district transfers. Contact information for California public schools, private schools, nonpublic and nonsectarian schools, County Offices of Education, and school districts can be found on the CDE California School Directory Web page (<https://www.cde.ca.gov/schooldirectory>).

California law requires school districts to provide an education to any student who resides within the district's attendance area. Although students have the right under California law to a free, public education, the law does not guarantee that a student can attend the school of his or her choice, or even the neighborhood school.

California's educational system relies on local control for the management of school districts on the theory that those closest to the problems and needs of each individual district are the best able to make appropriate decisions on behalf of the district. In allocating their resources among the schools of the district, school district governing boards and district administrators must follow the law, but they also have the additional task of setting the educational priorities for their schools and weighing the importance and urgency of all of their education needs.

The following options are available as further detailed below:

- District of Choice
- Intradistrict Transfer
- Interdistrict Transfer/Reciprocal Agreement
- Interdistrict Transfer Because of Parent Employment/Allen Bill
- District Transfers and Transportation
- School Choice

District of Choice

In 2017, the state budget act significantly changed the requirements for districts that elected to participate in the school District of Choice program. The new requirements are outlined in California Education Code (EC) sections 48300 through 48316. Under these new provisions, the District of Choice determines the number of transfer students it is willing to accept and must ensure that students admitted are selected through a random, unbiased process. The admissions process prohibits an evaluation of whether or not the student should be enrolled based on his or her academic or athletic performance, physical condition or proficiency in English. For more information, visit the CDE's District of Choice web page (<https://www.cde.ca.gov/sp/eo/dc/index.asp>).

Intradistrict Transfer

An intradistrict transfer/open enrollment is when parents/guardians wish to register/admit/enroll their student(s) at a school other than the designated school that is in their attendance area **within** their district.

California Education Code section 35160.5(b) permits parents to indicate a preference for the school which their child will attend, irrespective of the child's place of residence **within** the district, and requires the district to honor this parental preference if the school has sufficient capacity without displacing other currently enrolled students.

Districts are encouraged to give preference to siblings attending the same school and to consider the location of parents' places of employment or established child care arrangements in determining enrollment priority. Districts are allowed to make case-by-case exceptions in order to ameliorate harmful or dangerous situations.

Interdistrict Transfer/Reciprocal Agreement

An interdistrict transfer/reciprocal agreement is when parents/guardians wish to register/admit/enroll their student(s) at a school other than the designated school that is in their attendance area **outside** of their district.

California Education Code sections 46600–46610 permits parents/guardians to request an interdistrict transfer/reciprocal agreement. The fundamental basis for this provision is the signing of an agreement between districts. Interdistrict transfer/reciprocal agreement must be approved by both the student's original district of residence and the district to which the student seeks to transfer to. Both districts must approve the agreement before it becomes valid. The agreement may extend for a maximum of five consecutive years and may include terms or conditions. It is within the authority of either the home district or the receiving district to revoke an interdistrict transfer/reciprocal agreement at any time for any reason the local board or district superintendent deems appropriate.

If a request for an interdistrict transfer/reciprocal agreement is denied, the student's parents/guardians may file an appeal to the county office of education in the student's district of residence within 30 days of receipt of the official notice of denial of the transfer.

Interdistrict Transfer Because of Parent Employment/Allen Bill

California Education Code section 48204(b) permits a school district to deem a pupil to have complied with the residency requirements for school attendance in the district if at least one parent/guardian of the pupil is physically employed within the boundaries of that district. Once admitted to residency, the pupil's transfer may be revoked only if the parent ceases to be employed within the boundaries of the district. As a resident, the student does not have to re-apply for the transfer to be valid.

District Transfers and Transportation

California Education Code Section 41850 provides annual funding to districts for home-to-school transportation and special education transportation. Reimbursements are made to districts on a cost-per-mile traveled basis. However, participation in the home-to-school transportation program is wholly voluntary and some districts do not provide these services. Districts may choose to assess a fee for home-to-school transportation.

School Choice

Under the Every Student Succeeds Act (ESSA) section 1111(d)(1)(D), for schools identified for comprehensive support and improvement (CSI), the local educational agency (LEA) may provide all students enrolled in the school with the option to transfer to another public school served by the LEA, unless such an option is prohibited by State law. (ESSA section 1111(d)(1)(D)(i))

In providing students the option to transfer to another public school, the LEA shall:

- Give priority to the lowest achieving children from low-income families, as determined by the local educational agency for purposes of allocating funds to schools under section 1113(c)(1) (ESSA Section 1111(d)(1)(D)(ii));
- Ensure that a student who transfers to a school in the LEA that is not identified for CSI enroll in classes and other activities in the public school in the same manner as all other students in the school (ESSA Section 1111(d)(1)(D)(iii));
- Permit a student who transfers to another public school in the LEA that is not identified for CSI to remain in that school until the student has completed the highest grade in that school (ESSA Section 1111(d)(1)(D)(iv)).

The public school choice (Choice) program under the No Child Left Behind (NCLB) was phased out in the 2017-18 school year due to the implementation of the ESSA. However, LEAs are still required to provide transportation to students who transferred to

non-program improvement schools under the NCLB Choice program and allow such students to remain in the schools of choice until they complete the highest grade level in that school.

Additional information is located on the Title I, Part A School Choice web page (<https://www.cde.ca.gov/sp/sw/t1/schoolchoice.asp>).

Immigration Enforcement Actions at California TK-12 Schools Guide for Students and Families

Your Child Has the Right to a Free Public Education

All children have a right to equal access to free public education, regardless of their or their parents'/ guardians' immigration status.

All children in California:

- Have the right to a free public education.
- Must be enrolled in school if they are between 6 and 18 years old, unless otherwise exempt.
- Have the right to attend safe, secure, and peaceful schools.
- Have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
- Have equal opportunity to participate in any program or activity offered by the school without discrimination.

Information Required for School Enrollment

Schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency and schools are not required to keep a copy of the document used as proof of a child's age.

Information about citizenship/immigration status is never needed for school enrollment. A Social Security number is never needed for school enrollment.

Confidentiality of Personal Information

Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.

Some schools collect and provide publicly basic student "directory information." If so, the school district must provide parents/guardians with written notice of the directory information policy, and provide the option to refuse release of your child's information.

Family Safety Plans if you are Detained or Deported

You can update your child's emergency contact information, including secondary contacts, to identify a trusted adult guardian who can care for your child if you are detained or deported.

You can complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person to give a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated or bullied because of their actual or perceived nationality, ethnicity, or immigration status.

For more information on resources for responding to immigration enforcement activities at California schools, or to file a complaint, please contact:

Checklist for Immigrant Students Attending Public Schools and Their Families

1. You do not have to share the following information with school officials:
 - You do not have to share information, including passports or visas, regarding the immigration status of students, parents, guardians, or other family members.
 - You do not have to provide Social Security numbers (SSN) or cards.
 - When completing the “Free and Reduced-Price Meals” form, only provide the last four digits of the SSN of the adult household member who signs the application.
 - If the family meets the income eligibility requirements and no adult household member has an SSN, your child still qualifies. Check the “No SSN” box on forms where applicable, to ensure that applications are complete.
 - If any household member participates in CalFresh, CalWORKs (California Work Opportunity and Responsibility for Kids), or FDPIR (Food Distribution Program on Indian Reservations), no adult household member needs to provide the last four digits of their SSN to qualify the student for free or reduced-price meals at school.
 - When providing information for proof of a student’s residency or age, you do not have to use documents that could reveal information related to immigration status.
2. Take steps to protect student information:
 - Ask for the school’s written privacy policies regarding student information.
 - Review the school’s policy for “directory information”—which allows for public release of basic student information—and consider whether to opt out of releasing that information.
3. Take steps to prepare for situations where one or more parents or guardians are detained or deported:
 - Develop and keep in a safe place a “Family Safety Plan” (example: [Step-by-Step Family Preparedness Plan / Plan de Preparación Familiar: \(Guía Completa\) | Immigrant Legal Resource Center | ILRC](#)) that includes the following information:
 - Name of a trusted adult to care for your child if no parent or guardian can.
 - Emergency phone numbers and instructions on where to find important documents (birth certificates, passports, Social Security cards, doctor contact information, etc.).
 - Make sure that your child’s school always has current emergency contact information, including alternative contacts if no parent or guardian is available.
 - Discuss with family members whether to complete a “caregiver authorization affidavit” to authorize a relative to enroll a minor student and consent to school-related medical care on behalf of the minor. Note that under a new law effective January 1, 2026, a relative is an adult related to the child by blood, adoption, or affinity within the fifth degree of kinship,

including all stepparents, stepsiblings, and all relatives whose status is preceded by the words “great,” “great-great,” or “grand,” or the spouses of any of these persons.

ATTACHMENT #10 - NOTICE OF ALTERNATIVE SCHOOLS

California Education Code Section 58501

The following notice must be sent along with the Notification to Parents and Guardians required by EC § 48980. Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- b) Recognize that the best learning takes place when the student learns because of their desire to learn.
- c) Maintain a learning situation maximizing student self-motivation and encouraging the student in their own time to follow their own interests. These interests may be conceived by them totally and independently or may result in whole or part from a presentation by their teachers of choices of learning projects.

ATTACHMENT #11 - 2025-2026 ANNUAL PESTICIDE USE NOTIFICATION

Dear Parent or Guardian,

The Healthy Schools Act of 2000 requires all California school districts to notify parents and guardians of pesticides they expect to apply during the year. The Facilities and Grounds Department has incorporated Integrated Pest Management (IPM) procedures for the control of structural and landscape pests. Integrated Pest Management means that pest problems will be alleviated with the least possible hazard to people, property, and the environment by using methods that are safe, effective, and economically feasible. Pesticides will be carefully evaluated before use and will only be used after nontoxic and other safer methods have been considered. When the district has used all other means of pest eradication and has not met the target level with the pest, then pesticides will be used. Please refer to

<https://www.lbusd.org/departments/facilities/pest-management>.

Laguna Beach Unified School District

BP 5145.7

Students

The Governing Board is committed to maintaining a welcoming, safe, and supportive school environment that is free from harassment and discrimination. The Board prohibits at school or at school-sponsored or school-related activities, sex discrimination and sex-based harassment, as defined in the accompanying administrative regulation, targeted at any student, based on the student's actual or perceived sex; sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; pregnancy, childbirth, termination of pregnancy or lactation, including related medical conditions or recovery; and, parental, marital, and family status.

Additionally, the Board prohibits retaliatory behavior or action against any person who complains or testifies about conduct that reasonably may constitute sex discrimination, including sex-based harassment, reports such conduct, or otherwise participates or refuses to participate in the complaint process established for the purpose of this policy. (Education Code 220.1; 34 CFR 106.71)

The district strongly encourages students who feel that they are being or have been experienced sex discrimination, including sex-based harassment, on school grounds or at a school-sponsored or school-related activity, or off-campus to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee.

Any employee who receives a report or observes an incident of sex discrimination, including sex-based harassment, by or against a student in a district education program or activity shall report the incident to the Title IX Coordinator when they have such information.

Once notified the Title IX Coordinator shall ensure the complaint or allegation is addressed through Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

The Title IX Coordinator shall offer supportive measures to the complainant and, if the district has begun grievance procedures or offered an informal resolution process to the respondent, offer and coordinate supportive measures to be provided to the respondent as deemed appropriate under the circumstances.

The Superintendent or designee shall ensure that all district staff are trained regarding the district's sex discrimination and sex-based harassment policy, and that all employees receive training related to their duties under Title IX as specified in Administrative

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sex discrimination and sex-based harassment. Such instruction and information shall include:

1. What acts and behavior constitute sex discrimination and sex-based harassment, including the fact that sex discrimination and sex-based harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sex discrimination and sex-based harassment under any circumstance
3. Encouragement to report observed incidents of sex discrimination and sex-based harassment even when the alleged victim of the discrimination or harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sex discrimination and sex-based harassment incident will be addressed separately and will not affect the manner in which the sex discrimination and sex-based harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sex discrimination and sex-based harassment allegation that involves a student, whether as the complainant, respondent, or victim of the discrimination or harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sex discrimination and sex-based harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sex discrimination and sex-based harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sex discrimination and sex-based harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of sex discrimination and sex-based harassment, any student found to have engaged in sex discrimination and/or sex-based harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

ATTACHMENT #13 - CIVILITY BOARD POLICY

Laguna Beach Unified School District

BP 1313

Community Relations

The Governing Board recognizes the impact that civility has on the effective operation of the district, including its role in creating a safe and positive school climate and enabling a focus on student well-being, learning, and achievement. The Board believes that each person should be treated with dignity and respect in their interactions within the school community.

The Board understands that the First Amendment provides strong protection for speech. However, the Board expects that all speech and expression will comport with norms of civil behavior on district grounds, in district facilities, during district activities or events, and in the use of district electronic/digital systems and platforms.

Civil behavior is polite, courteous, and reasonable behavior that is respectful to others and includes integrity, honesty, acceptance, timeliness, dependability, observance of laws and rules, and effective communication.

The Board and district staff shall model civil behavior as an example of behavior that is expected throughout the district. Practices that promote civil behavior include actively listening, giving full attention to the speaker, and refraining from interruptions; welcoming and encouraging participation, input, and feedback through stakeholder engagement; promptly responding to concerns, and embracing varying and diverse viewpoints. Such practices may be incorporated into governance standards adopted by the Board or Superintendent and/or professional standards or codes of conduct for employees as specified in district policies and regulations.

Students, staff, parents/guardians, and community members should be educated in the recognition, development, and demonstration of civil behavior. The Superintendent or designee may incorporate related concepts in the curriculum, provide staff development activities, and/or communicate this policy to the school community.

Students, staff, parents/guardians, and community members shall not communicate or behave in a manner that causes disruption; hinders the orderly conduct of district operations, the educational program, or any other district program or activity; or creates an unsafe learning or working environment. The Superintendent or designee may respond to disruptive, violent, or threatening behavior in accordance with law and as specified in BP/AR 3515.2 - Disruptions.

Behavior by students or staff that is discriminatory, harassing, or intimidating, including sexual harassment, bullying, and/or hate violence or behavior that is in any other way unlawful, is prohibited, and is subject to discipline in accordance with law and as specified in district policy and regulations.

(B) Notwithstanding paragraph (1) and subparagraph (A), an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

(3) "Reasonable pupil" means a pupil, including, but not limited to, an exceptional needs pupil, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.

(2) While going to or coming from school.

(3) During the lunch period whether on or off the campus.

(4) During, or while going to or coming from, a school sponsored activity.

(t) A pupil who aids or abets, as defined in Sec. 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may suffer suspension, but not expulsion, pursuant to the provisions of this section, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (a).

(u) As used in this section, “school property” includes, but is not limited to, electronic files and databases.

(v) For a pupil subject to discipline under this section, a superintendent of the school district or principal may use his or her discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil’s specific misbehavior as specified in Section 48900.5.

(w) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities.

EDUCATION CODE 48900.2: SEXUAL HARASSMENT:

In addition to the reasons specified in Section 48900, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in Section 212.5.

For the purpose of this chapter, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual’s academic performance or to create an intimidating, hostile, or offensive education environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive. (Add. Stats. 1992, Ch. 909).

EDUCATION CODE 48900.3: HATE VIOLENCE:

In addition to the reasons specified in Sections 48900 and 48900.2 a pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of, hate violence, as defined in subdivision (e) of Section 233.

EDUCATION CODE 48900.4: HARASSMENT, THREATS, OR INTIMIDATION:

In addition to the grounds specified in Sections 48900 and 48900.2, a pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class-work, creating an intimidating or hostile educational environment.

EDUCATION CODE 48900.5: REQUIRED OTHER MEANS OF CORRECTION/EXCEPTIONS:

Suspension shall be imposed only when other means of correction fail to bring about proper conduct. However, a pupil, including an individual with exceptional needs as defined in Section 56026, may be suspended for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons or property or threatens to disrupt the instructional process.

EDUCATION CODE 48900.6: DISCIPLINARY ACTION/COMMUNITY SERVICE:

As part of or instead of disciplinary action prescribed by this article, the principal of a school, the principal's designee, the superintendent of schools, or the governing board may require a pupil to perform community service on school grounds or, with written permission of the parent or guardian of the pupil, off school grounds, during the pupil's nonschool hours. For the purposes of this section, "community service" may include, but is not limited to, work performed in the community or on school grounds in the areas of outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. This section does not apply if a pupil has been suspended, pending expulsion, pursuant to Section 48915. However, this section applies if the recommended expulsion is not implemented or is, itself, suspended by stipulation or other administrative action.

EDUCATION CODE 48900.7: SUSPENSION OR EXPULSION FOR TERRORISTIC THREATS:

- (a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both.
- (b) For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family. (Add. Stats. 1997, Ch. 405)

EDUCATION CODE SECTION 48915:

(a) Except as provided in subdivisions (c) and (e) the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:

- (1) Causing serious physical injury to another person, except in self-defense.
- (2) Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil.
- (3) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 1053) of Division 10 of the Health and Safety Code, except for either of the following:
 - (i) The first offense for the possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis.
 - (ii) The possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil by a physician.
- (4) Robbery or extortion.
- (5) Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school employee.

(2) If the principal or the superintendent of schools makes a determination as described in paragraph (1), he or she is encouraged to do so as quickly as possible to ensure that the pupil does not lose instructional time.

(b) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board may order a pupil expelled upon finding that the pupil committed an act listed in subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of section 48900. A decision to expel shall be based on a finding of one or both of the following:

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(c) Principal or superintendent of schools shall immediately suspend, pursuant to Section 48911, and shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds:

- (1) Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district. The act of possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an

offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.

(2) Brandishing a knife at another person.

(3) Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

(4) Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.

(5) Possession of an explosive.

(d) The governing board shall order a pupil expelled upon finding that the pupil committed an act listed in subdivision (c), and shall refer that pupil to a program of study that meets all of the following conditions:

(1) Is appropriately prepared to accommodate pupils who exhibit discipline problems.

(2) Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school.

(3) Is not housed at the school site attended by the pupil at the time of suspension.

(e) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), or (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following:

(1) That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

ATTACHMENT #16 - NOTIFICATION LETTER - AB889, SYNTHETIC DRUG RISKS

August 2026

Dear Laguna Beach Unified School District families:

We want to make our families aware of the serious risks associated with synthetic drugs, including fentanyl:

- Fentanyl, an opioid pain reliever that is 50 times as strong as heroin, is now being manufactured illegally by criminal organizations.
- This “illicit” fentanyl is mixed into street drugs like cocaine and heroin to make them more potent. It is also being pressed into counterfeit (fake) pills that look like prescription medications such as Percocet, Xanax, and Adderall.
- Youth and adults who purchase these drugs through social media or illegitimate online pharmacies may experience an opioid overdose, which can stop their breathing and lead to death.
- Fentanyl is synthetic, that is, it is formed from lab-made chemicals and not from naturally occurring ingredients. This makes the drug cheaper to manufacture and more profitable to sell illegally.
- Another synthetic drug, xylazine, is increasingly being added alongside illicit fentanyl. Xylazine is a strong veterinary tranquilizer. The combined effect of these two drugs on breathing and the heart can be extremely dangerous and further increases the risk of death.

The Laguna Beach Unified School District holds the health and safety of your children as its highest priority. Out of an abundance of caution, we are proactively training our administrators and staff to recognize an opioid overdose and respond using the emergency medication naloxone, sometimes referred to by the brand name NARCAN®. When given right away, naloxone can stop opioids from acting on the brain and restore breathing.

We are supplying each of our school sites and the district office with a naloxone rescue kit that can be used in the unlikely event of an opioid overdose on campus. This kit will be kept in the health office alongside the Automated External Defibrillator (AED) and epinephrine auto-injectors, which serve similar purposes in treating rare medical emergencies.

SIGNS OF AN OPIOID OVERDOSE

CALL 911 if you see someone who is:
--

- Unable to wake up or respond to you
- Breathing slowly or not at all
- Making gurgling, choking, or snoring sounds

Please see the [attached resource](#) for more information about fentanyl and counterfeit pills. We encourage you to discuss this topic with your family in an age-appropriate way.

If you believe your child is struggling with substance use, please reach out to the school counselor or student support specialist at your child's school. The Laguna Beach Unified School District is here to support you and your family, and we will provide additional resources and support to the best of our ability.
