

Commerce First Grade Supply List

This year we have done most of the school supply shopping for you instead of sending a suggested list home. We are able to buy in bulk and order from various catalogs so we can pass on tremendous savings to you!

Please bring in \$40 to help cover the cost of all your school supplies. Your child can bring it to the Meet the Teacher event or on the first day of school.

In addition to this easy donation, please bring the following items:

- 1 container of Clorox/Lysol wipes
 - 1 box of Kleenex tissues
- Headphones labeled with name

We hope your summer is full of family, fun, and relaxation. We look forward to working with you in the fall and greatly appreciate your support!

Thank you,

The First Grade Team

Quick Tips!

To ensure your child is confident and well prepared for entering first grade, he/she would benefit from engaging in the following activities during the summer months:

Daily Reading

Help your child decorate a library bag. Visit your public library to fill it with books. Join the library's summer reading program. Get your child his/her own library card! Don't forget to have your child practice retelling the information/stories from the books he/she reads in sequence with lots of details.

Daily Writing

Let your child pick out a writing journal to decorate. Use the journal as a scrapbook in which he/she may draw pictures or paste photos, tickets, post cards, etc. from events and activities he/she participates in. After drawing a picture or pasting an item onto a page, have your child write a caption describing the special event. Voila, a memory book in the making!

Daily Counting Activities

Help your child practice counting by 1s, 2s, 5s, and 10s to 120. Make it fun... a great game for the car. Help your child get familiar with coins, and time to the hour. Practice simple addition facts and writing 2-digit numbers.
