

Peter Xie, Class of 2024

"Studying at MCI has helped me make great progress both socially and academically. The diverse environment has allowed me to meet friends from all over the world."

I chose MCI because it excels both academically and athletically, offering a variety of courses and extracurricular activities. My parents wanted me to learn and grow in a well-rounded environment, so they sent me here. The international community has also given me many unique experiences. I love the diverse course offerings at MCI. The teachers here really care about the students and are willing to spend time helping us succeed, not just in the classroom, but also outside of class and in the dorms. Academically, the challenging AP courses at MCI have improved my study skills and self-discipline. Moreover, the various activities and resources provided by the school have helped me discover new interests and talents, preparing me for college.
