
Francesco Lorenzo Marielli, Class of 2024

"We have dorm parents that understand a lot about what you are going through, MCI is just a great place."

This school is special especially because of the connections I've made with the people and the friends that I've made in the dorm... a lot of the friendships I've made here are stronger than the ones back in Italy. Also the lessons are more active, you can interact and talk to the teachers and there's more connection with your classmates in group settings. I think this is what makes MCI really special. The dorms are great because you have to interact with all types of cultures, and I think this process helps you grow a lot as a person. I think these things are all important in becoming a great person. Days spent with my friends are really the best thing about MCI, doing activities off campus like going to the lake or just hanging out in the cafeteria.

Activities: Track & Field
Favorite Memory: Winter Carnival

"I think MCI has a lot of great teachers, and they really work hard to make sure you grow as a person and learn new things."
