

Anastasiia Kravchenko, Class of 2024

"What stands out to me about MCI is that it's a very open campus, I can go out and have fun with my friends and with other international students."

I really like the courses we have, you can choose what courses you want by talking to your academic counselor to choose your future or current year. I told my counselor I wanted to be a doctor and a surgeon, and they set me up with the AP classes I needed to be competitive when applying to university. Coming into MCI, I was most worried about the dorms and how I would live here, but I was surprised by the dorm parents who are helpful and act as our guardians. When I came here everyone wanted to help me even though I was shy about my English. I joined Model United Nations where we traveled to New York for three days and it was such a big experience for me and it was so fun."

Activities: Swimming, Model UN
Goal: Become a Doctor and Surgeon
