

WASHINGTON 45: ONE-YEAR TRANSFER COURSES

WaHi Course Equivalencies for 2026-2027

A student who completes courses selected within the general education categories listed below at a public community, technical, four-year college or university in Washington state will be able to transfer and apply a maximum of 45 quarter credits toward general education requirement(s) at any other public and most private higher education institutions in the state. For transfer purposes, a student must have a minimum grade of "C" or better (2.0 or above) in each course completed from this list. Students who transfer Washington 45 courses must still meet a receiving institution's admission requirements and eventually satisfy all their general education requirements and their degree requirements in major, minor and professional programs. The list of courses in Washington 45 does not replace the Direct Transfer Agreement, Associate in Science Tracks I and II or any Major Related Program agreement, nor will it guarantee admission to a four-year institution.

* Denotes courses in a three-quarter sequence that are recommended to be taken together at the same college. These courses sequences have identical outcomes.

**Denotes courses with an AP course exam with college credit equivalency; [WA CTC AP test score equivalency guide](#)

Note: Although these courses are listed under categories, the actual course may satisfy a different general education category at a receiving institution.

1. Many private non-profit colleges and universities have distinct general education requirements. Students should check with institution(s) they plan to attend regarding application of transfer credits that will meet general education requirements.
2. Disciplines are sometimes called subject or subject matter areas and are designated by a prefix (i.e. PHIL for Philosophy and POLS for Political Science).
