.66	D-	62-60
.00	F	59-0

Weighted classes - Dual credit classes will receive an additional point.

- **GRADE REPORTING**

Grade reports for 1st quarter will be handed out at parent/teacher conferences. Any reports that are not picked up will be mailed the following Monday. The grade cards for 2nd, 3rd and 4th quarter will be found electronically on Infinite Campus.

Progress reports will be updated on ICampus and in some cases personal contacts will be made during mid-term of each quarter to let students and parents know how the student is doing in each class. These will be sent out approximately one week after mid-term. It is a goal and the intention of the secondary staff to maintain communications with parents and to foster more parent involvement in the Midway R-I Schools.

Parents and Students have the opportunity to view their grades and other educational information on our school information system, "Infinite Campus". There is a student portal and a parent portal. To gain access to your student's information and only your student's information, you will need to contact the school office to obtain your username and passwords.

- **ACADEMIC LETTER**

Students may earn an academic letter from Midway High School by achieving a 3.5 grade point average for both semesters of the school year. Receiving a grade below a "C-", a suspension, or not meeting the criteria for good citizenship will disqualify a student from this award.

*Students must have attended Midway High School for at least 2 semesters of work and be full-time students in order to become Valedictorian or Salutatorian.

Attendance (Policy JED)

● Attendance Standards

The following absences will be considered excused absences. Documentation must be provided as indicated.

1. Personal illness excused by a professional.
2. Necessary appointments that cannot be made outside of the school day and are verified.
3. Funeral, with a written excuse from the parent.
4. Obligatory religious observances of the student's own faith, with written justification or phone call from parents.
5. Out-of-School suspension.
6. College visit with paperwork dated from college. 1 Junior year and 2 Senior year will be excused.
7. Job shadowing visits with paperwork dated from business . 1 Junior year and 2 Senior year will be excused.

All other absences and any absence for which required documentation is not provided are unexcused. A student is still limited to the maximum number of absences whether they are excused or not.

● Consequences for Violations

Upon return to school following any absence, the student is required to report to the office with written documentation related to the cause of the absence. Documents include signed statements by the dentist, doctor, driver examiner, attorney, judge, etc. When the absence is not related to any of the above, parents are to provide a signed statement or phone call detailing the nature of the absence. The statements will be periodically verified.

Students will be expected to make up all assignments from missed classes regardless of whether an absence is excused or unexcused. Class work missed due to absences is the responsibility of the student and his/her parents. Arrangements must be made with each teacher. Requests for make-up work are to be made prior to the absence or on the first day back from an absence. As a rule, time allowed to complete make-up work is equal to the number of days the student was absent. Exceptions to these time limits can be determined by the principal based upon review and documentation of special circumstances. A student absent on the day of an examination will take the exam on the day of his/her return to school. This assumes that the student was knowledgeable of the test date at the beginning of the absence.

● Consequences of unexcused absences: (Absences are per semester.)

4 Days absent- parent conference and letter home

6 Days absent- detention and parent conference

8 Days absent- detention and parent conference or letter

10 Days absent- detention and parent conference and additional 5% reduction of grade

12+ Days absent- Juvenile Office contacted, parent conference and possible credit pulled

Attendance as well as other academic information may be viewed in the student or parent portals of Infinite Campus, the school's information system. However, the school will notify the student and parent by letter and phone when they have had and reached their 4th unexcused absence.

The district will contact the Children's Division (CD) of the Department of Social Services or the local prosecutor in cases where the district has a reasonable suspicion that a student's lack of attendance constitutes educational neglect on the part of the parents or that parents are in violation of the compulsory attendance law. No such action will be taken unless other strategies and interventions have been implemented and proven ineffective.

- **Appeals Process:**

If the student or parent feels that justifiable or extraordinary circumstances have contributed to reaching the grade reduction and or loss of credit, the student and parent may appeal to the Attendance Review Committee.

An appeal must be completed and filed with the Attendance Office by the end of the semester the absences occurred in. The review by the Attendance Review Committee shall be held within a reasonable time following the end of the semester. If no appeal request is received by the end of the semester, then credit may be reduced or denied.

The Attendance Review Committee will consist of at least one administrator, counselor, and teacher. The Attendance Review Committee will consider the reasons for all the student's absences.

The committee will consider all relevant information including whether:

- The appeal was returned to the attendance office by the end of the semester in which the absences occurred.
- The student has supplied reasons for each absence with appropriate documentation.
- All semester course work was completed as determined by the teacher.

The possible outcomes from an appeal to the Attendance Review Committee:

- Credit not awarded
- Credit is awarded
- Student is assigned make-up time for class time missed.
- Student is placed on probation for the next semester, with credit held pending satisfactory attendance during the probationary period.
- Credit may or may not be awarded.

The outcome from the Attendance Review Committee will be communicated to the parents by phone and by written communication.

- **Tardies**

We must insist that students be on time for school and for class. If you are late to class, you are tardy. Students arriving late to class disrupt the instructional process and miss important information. Students are expected to be punctual for every class period. Students who arrive at school after 8:00 MUST check in through the principal's office. A student tardy to school will first check in to the office, receive an admit slip and report to class. The office considers all tardies to be unexcused, with the exception of a late bus. Tardies are recorded by class and on a quarter basis.

*Quarter basis:

1 st Tardy to school or class	Warning
2 nd Tardy to school or in same class	Warning
3 rd Tardy to school or in same class	Teacher's Detention (30 Minutes)
4 th Tardy to school or in same class	Tuesday or Thursday Detention (45 Minutes)
5 th Tardy to school or in same class	Principal's Detention (1 Hour)
6 th + Tardy to school or in same class	Tuesday or Thursday Detention (90 Minute)

**All tardies will reset after each quarter

10 or more tardies to school or in the same class may result in the loss of driving privileges.

- **Checking Out of School**

After a student has reported to school, he/she is not to leave at any time except after reporting to the office and receiving permission. Permission to leave school will not be granted unless the student presents a written request from a parent/guardian or the parent/guardian contacts the school. Leaving school for an illness will be handled by the school nurse on an individual basis. Students must also gain permission from the office to go to their cars or the parking lot during the school day. Permission to go to one's car will be very limited. It is a safety hazard having students running in and out of the building.

- **Truancy**

Any student who is absent from school without parent/guardian knowledge and/or without the proper notification to the school will be considered truant. Any student leaving school without permission is in serious violation of district regulation and creates a serious student safety issue. On the first violation, students will be reported as truant with appropriate disciplinary action by the principal. On the second violation a truancy report will be filed, and more severe consequences will be assigned. All truancy violations will involve parent notification.

- **Absences Due To School Sponsored Activities**

An approved list of students excused for special school activities will be issued by the principal's office. Students not appearing on the approved list are to be counted absent/tardy/truant during the event. Approved school activities which result in absence from class will not count as an absence for students on the approved list. Make-up work is to be arranged with the instructor prior to the school sponsored event.

Student Services

- **COUNSELING DEPARTMENT**

The Midway High School counseling department strives to aid each student in utilizing their abilities to the fullest, in making sound choices and in developing self understanding. Counseling services are available to all Midway students.

Ms. Allyson Stolte
Secondary Counselor
(816) 250-2994 ext. 305

- **Counseling services available include:**

- **Mental Health Services:**

All students at Midway are given access to counseling services through the school counselor. Mental health services include, but are not limited to, stress management, crisis intervention, coping strategies, and cognitive-behavioral techniques.

- **Testing Services:**

The counseling office will provide information and application forms for various college readiness and entrance exams. The counseling office also administers and interprets other standardized tests throughout the school year.

- **Early Graduation and Part Time Attendance:**

Seniors desiring to graduate at the end of the seventh semester, or attend school less than seven hours a day, must submit a guardian signed application to the High School Principal and Guidance Counselor prior to mid-term of the 2nd Quarter.

- **Senior Advisement:**

All students will be scheduled to meet with the counselor the first quarter of their senior year to evaluate their permanent records to ensure graduation requirements will be met and to conference on post-high school plans. The guidance office will provide information and application forms for college, vocational and technical training and financial assistance. Students are expected to check their email weekly.

- **Schedule Changes:**

Schedule changes may not be made unless an extreme need is shown. Any changes in a student's schedule will be made through the guidance office first and may not be made after verification. Since the Master Schedule is built around freshmen and sophomore classes, they **may not** change their schedule after the completion of spring enrollment.

- **Confidentiality:**

In the event a student comes and talks to the counselor, the counselor must adhere to the Code of Ethics provided by the American Counseling Association (ACA), including the student's right to confidentiality and privileged communication. Therefore, confidentiality between a counselor-student conversation will be upheld barring the following exceptions:

- A counselor formally reporting to or consulting with administrative supervisors, colleagues or supervisors who share professional responsibility (i.e. in this instance all recipients of such information are similarly bound to regard the communication as privileged);
- With written consent of the person who provided the information;
- When a communication reveals the intended commission of a crime or harmful act and such disclosure is judged necessary to protect any person from a clear, imminent risk of serious mental or physical harm or injury or to forestall a serious threat to public safety;

- When the client waives the privilege by bringing any public charges against the licensee, and;
- When knowledge is acquired revealing abuse or neglect of a minor or client lacking the capacity to give informed consent that the minor or client lacking the capacity to give informed consent is the victim of a crime.

In the event that confidentiality must be breached, the counselor will first contact the parent/guardian of the student, followed by the proper authorities, if necessary.

The primary purpose of the Secondary School Counselor is to provide a comprehensive guidance and counseling program for students in grades 7-12. Counselors consult with teachers, students, staff and parents to enhance their effectiveness in helping students and provide support to other school education programs.

Latex Free School

Here at Midway we currently have a staff member who is severely allergic to latex. Due to this, Midway Elementary is enforcing a latex free environment for our students and staff. The purpose of this is to avoid severe, life threatening allergic reactions in the school setting. With this we ask that for parties, birthdays, etc. you do not bring in latex balloons. The mylar balloons would be a great substitution. We thank you in advance for your help with this.

Midway School Health and Medication Guidelines

Parents - Your child's learning depends on good health. The school nurse is available to provide basic services while your child is at school. To ensure that your child receives the most appropriate care at school, we request that you read the following information carefully.

Student Health History: Used to supply the nurse's office with information that is necessary to provide health services to your child. *You must complete the Student Health History form in its entirety on an annual basis.*

School Attendance / Illness: If your child has a temperature of 100.4 or greater, or has diarrhea or vomiting, they are meant to be kept home. If your child reports to the nurse's office with these symptoms, you or another emergency contact will be notified to come pick them up. Your child may return to school when they have been fever free for 24 hours **WITHOUT** use of fever-reducing medication and have had no vomiting or diarrhea for 24 hours.

School Medication Guidelines:

- All medication must be brought in a current, labeled prescription bottle.
- Medications must be brought in by a parent or guardian.
 - Medications cannot be sent to school with a student and will not be sent home with students.
- Prescribed medication form must be completed and signed by a parent or guardian.
- All home medications should be reported to the school nurse.
- The first dose of a new medication **WILL NOT** be given at school.
- Medications should be scheduled so most dosages are given at home.
 - *Example: Three times a day can be given before school, after school, and at bedtime (at home).*
- Any medication not picked up by a parent or guardian at the end of the school year will be destroyed.

Over-the-Counter Medications: The school has a small supply of Acetaminophen (Tylenol), Ibuprofen (Advil), antacids (Tums), cough drops, eye drops, lip ointment, Neosporin. These meds may be given **ONLY** with a completed parent- or guardian-signed consent form.

****If your child requires frequent OTC medications, you may be asked to bring a doctor's note and your child's own supply in an unopened, original container before further administration at school.**

Emergencies: In the event of a serious or emergent injury, a school employee will contact emergency medical services (EMS) and a parent or guardian will be notified.

Immunizations: All students are required to present documentation of up-to-date immunization status, including month, day, and year of each immunization before attending school.

- A list of required immunizations for Missouri schools can be found here:

<https://health.mo.gov/living/wellness/immunizations/pdf/2026-school-requirements.pdf>

Religious and medical exemptions are allowed. *The appropriate exemption form must be completed and filed with the school nurse.* Unimmunized children are subject to exclusion from school when outbreaks of vaccine preventable diseases occur.

- Religious exemption form here:

<https://health.mo.gov/living/wellness/immunizations/pdf/Immp11a.pdf>

- Medical exemption form here: <https://health.mo.gov/living/wellness/immunizations/pdf/immp12.pdf>

Screenings: Currently, we follow Missouri's Department of Health and Senior Services recommendations for screenings throughout the school year as closely as possible. Screenings are typically performed in the fall. Screenings can be done at any time at the request of the parent or guardian. Parents will be notified if there are any concerns with a screening and / or if a referral is recommended.

Vision: We use the KidSight program provided through Louisburg Lions Club to provide free screenings for our students. They use a Welch Allyn Spot vision screener to provide fast, touchless and accurate results for your child. We will attempt to screen all elementary children this year.

Hearing: We use an audiometer that tests your child's hearing at different Hertz levels and results in a pass/fail. This screening is usually performed on incoming Kindergarten students.

Dental: The school typically utilizes dental programs and clinics that provide free dental cleanings and fluoride applications.

Latex-Free: Due to a Midway employee with a severe latex allergy, we enforce a LATEX-FREE environment for our students and staff. This is to ensure safety for all and reduce the risk of any severe, life-threatening allergic reactions. If you are to bring balloons to the school for a party, birthday, etc, we ask that you be sure they are latex-free. The Mylar / foil balloons are a great alternative. We thank you for your cooperation in this matter.

Growth and Development: Our curriculum includes a unit on growth and development. A video is shown to fourth grade girls and all fifth grade students. Boys and girls have separate sessions. Parents are welcome to view the video at any time.

Transportation

- **AUTOMOBILES (Driving and Parking)**

Driving a vehicle to school is a privilege, not a right. Students who drive to school must observe Missouri state law and general rules of safety. Absence caused by malfunctioning or inoperative vehicles will be considered unexcused. Students are required to drive safely and prudently, especially in the vicinity of the school. Student cars are to be parked in the west and southwest parking lots. All students are required to register their vehicle annually and purchase a parking sticker to be hung on their visor. Anyone violating the regulations regarding student vehicles may be fined and/ or lose their parking privilege. Vehicles, while on school property, are subject to searches to be conducted by the school administration if reasonable cause is present. Students should expect the school administration to regularly patrol the parking lot during school hours. All drivers must be legally licensed or permitted.

STUDENTS WILL NOT BE ALLOWED TO GO TO THEIR CARS DURING THE SCHOOL DAY WITHOUT PERMISSION FROM THE OFFICE. THIS WILL BE VERY LIMITED PERMISSION. IT IS A SAFETY HAZARD HAVING STUDENTS RUNNING IN AND OUT OF BUILDINGS. ALL STUDENT VEHICLES MUST REMAIN UNMOVED UNTIL THE STUDENT IS PROPERLY EXCUSED FOR THE DAY.

- **Bus Regulations**

The bus driver is completely in charge of his/her bus and the driver can assign a seat for which the student will be held responsible. Bus route inquiries should be addressed to the district's transportation contractor ECCO Ride. All school classroom rules apply on school buses and violations of these rules shall be reported to the High School Office.

Any offense committed by a student in a district-owned or contracted bus shall be punished in the same manner as if the offense had been committed at the student's assigned school. Misconduct will be treated the same as school building misconduct.

- **Bus Discipline Procedures**

Misconduct will be given for misbehavior on the bus. A yellow and pink copy will go home with the student. The yellow copy is yours to keep and does not need to be returned. The pink copy needs to be signed and returned to the school.

The following progression will be used with bus referrals:

#1: - Notice to parent

#2:- Notice to parent and 1- day bus suspension

#3:- Notice to parent and 3- day bus suspension

#4:- Notice to parent and 5- day bus suspension

#5:- Notice to parent and 10-day bus suspension

#6:- Notice to parent and Remainder of the school year bus suspension

However, if the behavior is deemed severe, a suspension may occur with the first incident. Conduct which causes extreme safety problems may cause transportation services to be suspended. If this occurs, the parent/guardian will be contacted.

Food Services

- **EF-AP(1) FOOD SERVICE MANAGEMENT - (Meal Charges)**

Unless meals are provided at no charge, the district expects students and employees to pay for meals prior to or at the time of receipt. The ability to charge meals is a privilege, not a right, and is subject to the limitations established in this procedure.

- **Notice**

At the beginning of each school year, a copy of this procedure will be provided to every parent/guardian in the district as required by law. In addition, a copy of this procedure, along with information about free and reduced-price school meals, will be provided to the parents/guardians of all students who enroll after the beginning of the school year.

A copy of this procedure will also be provided to all building administrators, staff responsible for collecting payment for meals at the point of service, staff involved with notifying parents/guardians about account balances, school social workers, nurses, counselors, the district liaison for homeless children and youths, and any other staff who regularly assist students in need.

A copy of this procedure will also be posted on the district's website, and information about charging meals will be included in the student handbook.

- **Employees**

Employees may charge meals only after completing the form provided by the district authorizing the district to withhold the amount of any unpaid charges from the employee's pay. The district will withhold amounts due from meal charges in the pay period immediately after the charges are made. Employees may appeal a deduction for meal charges using the process outlined in policy DLB.

- **Students**

1. A student may not accumulate more than ten unpaid meal charges.
2. Students may not charge à la carte items.
3. A student with money in hand will not be denied a meal even if the student has past due charges.
4. Students will not be identified, singled out, shamed or punished by the district for the failure of their parents/guardians to pay for or provide meals, and the district will not withhold student records in violation of law.

- **Interventions**

After a student accumulates five unpaid meal charges, the district will encourage the parents/guardians to submit an application for free and reduced-price meals if an application has not been recently submitted, and the student will be referred to a counselor for intervention. The counselor will:

1. Meet with the student to assess to the extent possible whether the student or the student's family is experiencing hardships, barriers or other circumstances with which the counselor could assist.
2. Make repeated attempts to contact the parents/guardians to notify them of the lunch charges, discuss the situation and any other concerns the counselor may have after meeting with the student, and resolve the situation.
3. Encourage the parents/guardians to submit the free and reduced-price meals application and inquire about any assistance that might be needed to complete the application.
4. Provide other resources as applicable.

District employees are mandated by the state of Missouri to report any instances of suspected abuse or neglect to the Children's Division (CD) of the Department of Social Services. District personnel will report to the CD any instance where a student's arrival at school with no provision for food leads to a reasonable cause to suspect neglect.

- **Working with Parents/Guardians**

To ensure that parents/guardians have ample opportunity to resolve situations involving unpaid meal charges, the district will:

1. Provide timely notification to parents/guardians when account balances run low (when applicable) and each time their student charges a meal.
2. Work with parents/guardians to create a payment plan that allows for the payment of accumulated balances over time.

- **Nondiscrimination Statement**

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the district is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by the

USDA.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact the USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form, which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992 (TDD: (800) 877-8339; Spanish: (800) 845-6136), or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

Student Decorum

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of the school. No code can be expected to list each and every offense which may result in disciplinary action.

TEACHERS have the right to:

1. Establish a classroom structure and routine that provides an appropriate learning environment in light of their personal strengths and weaknesses.
2. Determine and request appropriate behavior from students.
3. Ask the principal, parents or any other appropriate party for help when they need assistance with a student.

General Policies

● **ATHLETIC/EXTRACURRICULAR ELIGIBILITY**

All students must establish their eligibility under the guidelines established by the Missouri State High School Activities Association and the Extra-curricular Policy of Midway R-I High School. To be eligible for the Fall season, students must have passed 6 out of 7 classes during the previous Spring semester or equivalent. Information regarding eligibility will be available at registration and is also on the school website. Questions should be referred to the Extra-Curricular Policy, Athletic Director, Assistant Principal, Principal, or Superintendent.

A condensed version of eligibility rules follow:

1. A student must have verified residency, must have written parental permission, a physical examination, and verification of insurance coverage before practicing or competing in any athletic event.
2. You must be a credible citizen in school and judged so by the proper school authority. Any student whose character or conduct is such as to reflect discredit upon his/her school or team is not considered a credible citizen. Students who have unpaid obligations or fines after any grading period will be of questionable citizenship if these obligations are not taken care of immediately.
3. Students are expected to be in attendance in order to participate in games or practices. Students must be in attendance all day in order to participate in that day's activity. Verified excused absences including signed medical appointments, funerals, and college visits are the only exceptions. Missing class or school to get something to eat or to get a uniform will be cause to be ineligible.
4. Conduct must be in accordance with standards of good school discipline. A student under suspension from class shall not be considered eligible until readmission. A student facing disciplinary suspension (ISS or OSS) may not practice or take part in a school activity until disciplinary action is satisfied.
5. A student spectator may be barred from attending interscholastic athletic contests if his/her conduct is found to be unsportsmanlike. Students are expected to demonstrate the proper attitude toward the sport, officials, coaches, teammates, teachers and school by their willingness to follow directions and cooperate to the betterment of the team and school.
6. A student shall be ineligible for the next contest if he/she should be ejected from an event. If repeated ejections occur, that student's continued involvement in the program will be reviewed.
7. Students must be enrolled in at least seven courses and must have passed a minimum of six courses (3 units of credit) the semester prior to participation to meet MSHSAA requirements.

8. Sponsors of various organizations and teams may set additional regulations for the students under their guidance.
9. Any ineligible student who wishes to participate in an athletic activity, and who is passing the required number of classes, will be allowed to begin practice 14 days prior to the end of the quarter in which he/she is ineligible. This will allow the student to meet the number of practices required by MSHSAA to begin on the first day of the quarter he/she is eligible.
10. Students are to ride to and from school sponsored events on school provided transportation. ONLY parents may sign students out at the event site. If a student leaves the event without a parental signature on the sign-out sheet, the student will miss the next contest at the same competitive level. **Students unable to ride home with a legal guardian or parent must seek permission from School Administration 24 hours prior to the event.**

Team membership is open to all students wishing to participate, who meet Midway R-I School District requirements, Team requirements, and Missouri State High School Activities requirements. The district will take measures to protect the identification and privacy of the students participating in a protected information survey, regardless of the source of funding. These measures may include limiting access to the completed surveys and the survey results as allowed by law. All student educational records will be protected in accordance with law and Board policy JO.

The provisions of this policy applicable to parents will transfer to a student who is 18 years old or emancipated.

● Notice of Services for Students with Disabilities

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Midway R-I School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. This Midway R-I School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program. The Midway R-I School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed at Midway R-I School between the hours of 8:00 a.m. and 4:00 p.m. Local school districts in the State of Missouri are required to conduct an annual census of all children with disabilities or suspected disabilities from birth to age twenty-one that reside in the district. This census must be compiled by December 1 of each year. This information is treated as confidential and must include: name of the child; parent/legal guardian's name/address; birth date and age of the child; the child's disability; and the services provided to the child. If you have a child with a disability or know of a child with a disability who is not attending public school, please contact Midway R-I School District, 5801 E. State Rt. 2, Cleveland, MO 64734. This notice will be provided in native languages as appropriate.

● Notice of English as a Second Language (ESL/ESOL)

The Midway R-I Board of Education is committed to identifying and assessing the educational needs of students whose native or home language is other than English. Once identified, the district will provide appropriate programs to address the needs of these students. Students entitled to considerations under this policy include: 1. Language Minority, students who come from a background where English is not the student's first language, or where the primary language of the home is not English, or both. 2. Limited English Proficient, students whose English language skills are insufficient to lead to success in an English-only classroom.

- **INTERNET USAGE**

POLICY: EHB

The Midway R-I School District's technology exists for the purpose of maximizing the educational opportunities and achievement of district students. Research shows that students who have access to technology improve achievement. In addition, technology assists with the professional enrichment of the staff and Board and increases engagement of students' families and other patrons of the district, all of which positively impact student achievement. The district will periodically conduct a technology census to ensure that instructional resources and equipment that support and extend the curriculum are readily available to teachers and students.

The purpose of this policy is to facilitate access to district technology and to create a safe environment in which to use that technology.

Definitions

For the purposes of this policy and related procedures and forms, the following terms are defined:

Technology Resources – Technologies, devices and resources used to access, process, store or communicate information. This definition includes, but is not limited to: computers, modems, printers, scanners, fax machines and transmissions, telephonic equipment, audio-visual equipment, Internet, electronic mail, electronic communications devices and services, multimedia resources, hardware and software.

User – Any person who is permitted by the district to utilize any portion of the district's technology resources including, but not limited to, students, employees, School Board members and agents of the school district.

User Identification (ID) – Any identifier that would allow a user access to the district's technology resources or to any program including, but not limited to, email and Internet access.

Password – A unique word, phrase or combination of alphabetic, numeric and non-alphanumeric characters used to authenticate a user ID as belonging to a user.

Authorized Users

The district's technology resources may be used by authorized students, employees, School Board members and other persons such as consultants, legal counsel and independent contractors. All users must agree to follow the district's policies and procedures. Unless authorized by the superintendent or designee, all users must have a signed *User Agreement* on file with the district before they are allowed access to district technology resources.

Use of the district's technology resources is a privilege, not a right. No potential user will be given an ID, password or other access to district technology if he or she is considered a security risk by the superintendent or designee.

User Privacy

A user does not have a legal expectation of privacy in the user's electronic communications or other activities involving the district's technology resources, including email and access to the Internet or network drives. By using the district's network and technology resources, all users are consenting to having their electronic communications and all other use monitored by the district. A user ID with email access will only be provided to authorized users on condition that the user consents to interception of or access to all communications accessed, sent, received or stored using district technology.

Electronic communications, downloaded material and all data stored on the district's technology resources, including files deleted from a user's account, may be intercepted, accessed or searched by district administrators or designees at any time in the regular course of business to protect users and district equipment. Any such search, access or interception will be reasonable in inception and scope and shall comply with all applicable laws.

Technology Administration

The Board directs the superintendent or designee to create procedures governing technology usage and to assign trained personnel to maintain the district's technology in a manner that will protect the district from liability and will protect confidential student and employee information retained on or accessible through district technology resources.

Administrators of computer resources may suspend access to and/or availability of the district's technology resources to diagnose and investigate network problems or potential violations of the law or district policies and procedures. All district technology resources are considered district property. The district may maintain or improve technology resources at any time. The district may remove, change or exchange hardware or other technology between buildings, classrooms or users at any time without prior notice. Authorized district personnel may install or remove new programs or information, install new equipment, upgrade any system or enter any system to correct problems at any time.

Content Filtering and Monitoring

The district will monitor the online activities of minors and operate a technology protection measure ("filtering/blocking device") on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will be used to protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filtering/Blocking devices are not foolproof, and the district cannot guarantee that users will never be able to access offensive materials using district equipment. Evasion or disabling, or attempting to evade or disable a filtering/blocking device installed by the district is prohibited.

The superintendent, designee or the district's technology administrator may disable the district's filtering/blocking device to enable a non-student user access for bona fide research or other lawful purposes. In making decisions to disable the district's filtering/blocking device, the administrator shall consider whether the use will serve a legitimate educational purpose or otherwise benefit the district.

Closed Forum

The district's technology resources are not a public forum for expression of any kind and are to be considered a closed forum to the extent allowed by law. The district's web page will provide information about the school district, but will not be used as an open forum.

All expressive activities involving district technology resources that students, parents/guardians and members of the public might reasonably perceive to bear the imprimatur of the district and that are designed to impart particular knowledge or skills to student participants and audiences are considered curricular publications. All curricular publications are subject to reasonable prior restraint, editing and deletion on behalf of the school district for legitimate pedagogical reasons. All other expressive activities involving the district's technology are subject to reasonable prior restraint and subject matter restrictions as allowed by law and Board policies.

Records Retention

Trained personnel shall establish a retention schedule for the regular archiving or deletion of data stored on district technology resources that complies with the *Public School District Records Retention Manual* as well as the *General Records Retention Manual* published by the Missouri Secretary of State. In the case of pending or threatened litigation, the district's attorney will issue a litigation hold directive to the superintendent or designee.

The litigation hold directive will override any records retention schedule that may have otherwise called for the transfer, disposal or destruction of relevant documents until the hold has been lifted by the district's attorney. E-mail and computer accounts of separated employees that have been placed on a litigation hold will be maintained by the district's information technology department until the hold is released. No employee who has been notified of a litigation hold may alter or delete any electronic record that falls within the scope of the hold. Violation of the hold may subject the individual to disciplinary action, up to and including termination of employment, as well as personal liability for civil and/or criminal sanctions by the courts or law enforcement agencies.

Violations of Technology Usage Policies and Procedures

Use of technology resources in a disruptive, manifestly inappropriate or illegal manner impairs the district's mission, squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the district's technology resources. Any violation of district policies or procedures regarding technology usage may result in temporary, long-term or permanent suspension of user privileges. User privileges may be suspended pending investigation into the use of the district's technology resources.

Employees may be disciplined or terminated, and students suspended or expelled for violating the district's technology policies and procedures. Any attempted violation of the district's technology policies or procedures, regardless of the success or failure of the attempt, may result in the same discipline or suspension of privileges as that of an actual violation.

Damages

All damages incurred by the district due to a user's intentional or negligent misuse of the district's technology resources, including loss of property and staff time, will be charged to the user. District administrators have the authority to sign any criminal complaint regarding damage to district technology.

No Warranty/No Endorsement

The district makes no warranties of any kind, whether expressed or implied, for the services, products or access it provides. The district's technology resources are available on an "as is, as available" basis.

The district is not responsible for loss of data, delays, nondeliveries, misdeliveries or service interruptions. The district does not endorse the content nor guarantee the accuracy or quality of information obtained using the district's technology resources.

● BEHAVIORAL EXPECTATIONS

- **INTRODUCTION**

Welcome to Midway R-I School District's activity/athletic program. Hopefully, your decision to take advantage of our extracurricular and co-curricular programs will be educational, rewarding, and challenging. This handbook is given to you so that you might be more aware of the programs that are available and their inter-relationships. The Midway R-I School District encourages you to take advantage of as many programs as your time and talent will permit. WE DO NOT ENCOURAGE SPECIALIZATION IN ONE SPORT; RATHER, WE WOULD ENCOURAGE YOU TO EXPERIENCE A VARIETY OF SPORTS AS WELL AS OTHER SCHOOL ACTIVITIES. Naturally, due to conflicts in seasons, practice times, schedules, etc., some choices will have to be made by you. Good luck to you as you strive to grow emotionally, mentally, socially and physically through activities/athletics.

- **PHILOSOPHY**

We believe that interscholastic activities shall supplement the secondary curricular program, and as such become a vital part of a student's total educational experience. These experiences contribute to the development of learning skills and emotional patterns that enable the student to make maximum use of his education. Student participation in any part of our activities is a **privilege** which carries with it responsibility to the school, to the activity, to the student body, to the community and to the student himself. This participation will help to develop the student physically, mentally, socially, and emotionally.

- **MISSION STATEMENT**

Student activities and athletics shall be an integral part of the total secondary educational program which shall provide experience not otherwise provided and which will help students to acquire additional knowledge, skills, and emotional patterns necessary as attributes of good citizenship.

- **RESPONSIBILITIES OF THE STUDENT**

Student participation in any part of our activity programs is a PRIVILEGE, not a right. It carries great responsibilities to the school, to the activity, to the student body, to the community and to the student him or herself. As a student in the Viking activities programs you are accepting standards that are over and beyond that of the non-participating student.

The Midway school district is a member of the Missouri State High School Activity Association (MSHSAA) and shall be regulated by the code of the association. Students involved in school sponsored activities are also expected to abide by all the rules and regulations of the school district. These expectations can be found inside the student academic handbook. We also expect all of our participating students to follow the team rules that are set by the coach or sponsor.

Remember that you are always in the public eye. Good citizenship and personal conduct should be maintained at all times when you are a student that represents our school through activities.

- **EXPECTATIONS OF THE STUDENT**

As a student participant, you are in school to secure the best secondary education you are capable of achieving. Deciding to take advantage of THE OTHER HALF OF EDUCATION plays a significant part in your total educational development. However, with this decision also come certain responsibilities:

1. Striving to achieve sound citizenship and desirable social traits, including emotional control, honesty, cooperation, dependability, and respect for others and their abilities.
2. Maintaining academics and eligibility standards as established by the Missouri State High School Activities Association and the Midway R-I School District.
3. Learning the spirit of hard work and sacrifice.
4. Learning to attain physical fitness through good health habits.
5. Desiring to excel to the limits of your potential.
6. Showing respect for authority, peers, yourself and property.
7. Willing to accept the leadership role that is instilled through the activity program.

- **BASIC GUIDELINES FOR PARTICIPATION**

1. Students are free to make their own selections as to activities in which they wish to participate. It is the Midway R-I School District policy that when students face a conflict between school sponsored activities the sponsors of the activities shall meet to determine a resolution with the best interest of the student in mind. Certain school activities (to be determined by the administrators) will have priority. Students are not to be penalized by the activity not attended. (Students participating in multiple activities will be required to fill out the activities form.)

2. ***Junior High Athletic Participation Policy: Sixth-Grade Inclusion:***

To ensure that our school can field viable teams and provide athletic opportunities for all interested students, a conditional participation policy has been established for sixth-grade students. This policy allows sixth graders to join junior high athletic rosters on an individual, sport-by-sport basis, strictly determined by roster numbers. To determine whether sixth-grade participation is permitted for a given season, the athletic department utilizes the following minimum roster thresholds (per junior high sport):

Minimum Roster Threshold per JH Sport:

Football - 12
Volleyball - 12
Cross Country - 5
Girls Basketball - 12
Boys Basketball - 12
Track - 12

- 2.A: ***Academic and Behavior Standards:*** Any participating sixth-grade student must meet the same academic eligibility and behavioral standards required of seventh and eighth-grade student-athletes.
3. A student who has gone out for a sport but quits of his own accord will not be eligible to start practicing or pre-season conditioning for another sport before the end of the competition in the sport that was dropped unless the head coach (of the

sport that was dropped) signs a release form and the head coach of the new sport involved accepts the athlete. EVERY ATHLETE SHOULD UNDERSTAND THIS POLICY.

3. Transportation policy: The following will be adhered to in transporting all athletic/activity participants for extracurricular activities at Midway R-I School. Students who participate in school-sponsored activities will ride to and from events in school-sponsored transportation. Students who miss the bus to an activity will not be allowed to participate, even if they find other transportation to the event if arrangements have not been pre approved.

Students whose parents provide a note 24 hours prior to the event or whose parents sign them out with the sponsor at the event will be allowed to ride home with their parents or their parents' designee. Students will not be checked out to ride home with a school-age sibling or friend.

4. Daily Extracurricular eligibility:

A. If it is necessary to be absent from practice, the student is expected to obtain permission from the head coach. Unexcused absences will be handled by the coach and administrative team as such:

1st offense –coach's discretion

2nd offense –may result in loss of playing time

3rd offense –may result in removal from the team.

B. (Traditional Student) - Students must be in attendance a full day to participate in any activities scheduled for that day. Exceptions are granted with doctor's note or **administrative pre approval** only included in MSHSAA 2-2-3. A student who is absent from any class without obtaining prior approval may not participate in practices or contests on the day he/she is absent. Students who do not obtain prior approval and practice will result in the loss of playing time in the first contest after the violation is verified.

C. In the event that truancy or suspension by a student takes place, the student will not be eligible for participation until he/she has fulfilled the disciplinary requirements established by the administration.

D. In the event that a student is assigned an afternoon detention period as the result of a classroom problem, he/she is not allowed to use the excuse of "I have practice, so I can't stay." THE CLASSROOM OBLIGATIONS ALWAYS COME FIRST.

The student/athlete will be required to report to practice immediately following the detention.

● **ACADEMIC & ELIGIBILITY STANDARDS**

The Midway school district feels strongly that academic achievements are as important as those reached in our activities. It is important that each student-athlete strive to reach high academic accomplishments. The backbone of a successful school is created through high driven students with the goals that go beyond the normal standard.

The Midway school district must abide by the MSHSAA policy, but does have the ability to be more strict when it comes to academic standards. High school has different requirements than middle school. These standards are designed to require student-athletes to complete their

education, while also enjoying the privilege of competing for their school. Competing in interscholastic competitions is a PRIVILEGE not a right. The purpose of Midway is to educate the students to the best of our and their abilities. If a student can not pass their classes, then they lose the privilege to compete in their activity.

CAPTAP Program (9-12)

Students (including Resident Participants) who participate in extracurricular activities that are underneath the jurisdiction of MSHSAA are now covered by the Midway R-I School District CAPTAP (Continued Activity Program Through Academic Performance) Program. Students will be required to attend two (T and TH) study sessions per week if, during the weekly grade checks, one or more of their grades falls below a 70% C– level.

CAPTAP will be Tuesday and Thursday mornings from 7:15-7:45 am or 3:15-4:15 pm. If a student is absent from CAPTAP, he/she will be ineligible to practice or participate until he/she has returned to the CAPTAP program. If the student is absent for the entire school day, on the day that he/she has been assigned CAPTAP, they will be required to attend after-school detention the following day to make up that CAPTAP day.

- Tutoring and CAPTAP are available to all 9-12 grade students regardless of their participation in an extracurricular activity.

All students must establish their eligibility under the guidelines established by the Missouri State High School Activities Association and the Extra-curricular Policy of Midway R-I High School. To be eligible for the Fall season, students must have passed 6 out of 7 classes during the previous Spring semester or equivalent. Information regarding eligibility will be available at registration and is also on the school website. Questions should be referred to the Extra-Curricular Policy, Athletic Director, Assistant Principal, Principal, or Superintendent.

A condensed version of eligibility rules follow:

1. A student must have verified residency, must have written parental permission, a physical examination, and verification of insurance coverage before practicing or competing in any athletic event.
2. You must be a credible citizen in school and judged so by the proper school authority. Any student whose character or conduct is such as to reflect discredit upon his/her school or team is not considered a credible citizen. Students who have unpaid obligations or fines after any grading period will be of questionable citizenship if these obligations are not taken care of immediately.
3. Students are expected to be in attendance in order to participate in games or practices. Students must be in attendance all day in order to participate in that day's activity. Verified excused absences including signed medical appointments, funerals, and college visits are the only exceptions. Missing class or school to get something to eat or to get a uniform will be cause to be ineligible.
4. Conduct must be in accordance with standards of good school discipline. A student under suspension from class shall not be considered eligible until readmission. A student facing

disciplinary suspension (ISS or OSS) may not practice or take part in a school activity until disciplinary action is satisfied.

5. A student spectator may be barred from attending interscholastic athletic contests if his/her conduct is found to be unsportsmanlike. Students are expected to demonstrate the proper attitude toward the sport, officials, coaches, teammates, teachers and school by their willingness to follow directions and cooperate to the betterment of the team and school.
6. A student shall be ineligible for the next contest if he/she should be ejected from an event. If repeated ejections occur, that student's continued involvement in the program will be reviewed.
7. Students must be enrolled in at least seven courses and must have passed a minimum of six courses (3 units of credit) the semester prior to participation to meet MSHSAA requirements.
8. Sponsors of various organizations and teams may set additional regulations for the students under their guidance.
9. Any ineligible student who wishes to participate in an athletic activity, and who is passing the required number of classes, will be allowed to begin practice 14 days prior to the end of the quarter in which he/she is ineligible. This will allow the student to meet the number of practices required by MSHSAA to begin on the first day of the quarter he/she is eligible.
10. Students are to ride to and from school sponsored events on school provided transportation. ONLY parents may sign students out at the event site. If a student leaves the event without a parental signature on the sign-out sheet, the student will miss the next contest at the same competitive level. **Students unable to ride home with a legal guardian or parent must seek permission from School Administration 24 hours prior to the event.**

Team membership is open to all students wishing to participate, who meet Midway R-I School District requirements, Team requirements, and Missouri State High School Activities requirements. Eligibility is not a student's right by law, and legal precedent affirming this has been set. This eligibility policy covers ALL extracurricular activities.

However, it is a violation to use any drug for a purpose other than its prescribed use.***

*If a violation occurs in two different categories the assessment of penalty will fall in the more severe of the two categories.

- **CITIZENSHIP REQUIREMENTS**

Citizenship plays an important part in interscholastic athletics/activities in Missouri and at Midway. Students are expected to be credible citizens to participate in extracurricular activities and represent the school and their communities in a credible fashion. MSHSAA has a citizenship requirement and the school has expanded on this policy to better define the repercussions for violating this requirement.

2.2 CITIZENSHIP REQUIREMENTS

2.2.1 Citizenship: Students who represent a school in interscholastic activities must be creditable citizens and judged so by the proper authority. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are not considered “creditable citizens.” Conduct shall be satisfactory in accord with the standards of good discipline.

2.2.2 Law Enforcement:

a. A student who commits an act for which charges may be or have been filed by law enforcement authorities under any municipal ordinance, misdemeanor or felony statute shall not be eligible until all proceedings with the legal system have been concluded and any penalty (i.e. jail time, fine, court costs, etc.) or special condition of probation (i.e. restitution, community service, counseling, etc.) has been satisfied. If law enforcement authorities determine that charges will not be filed, eligibility will be contingent upon local school policies.

b. After a student has completed all court appearances and penalties, and has satisfied all special conditions of probation and remains under general probation only, local school authorities shall determine eligibility.

c. Moving traffic offenses shall not affect eligibility, unless they involve drugs, alcohol, or injuries to others. (Editor’s Note: If a traffic offense is accompanied by an act covered in letter a above, such as property damage, bench warrant, etc., eligibility will be delayed per letter a.)

2.2.3 Local School:

a. A student who violates a local school policy is ineligible until completion of the prescribed school penalties.

b. The eligibility of a student who is serving detention or in-school suspension shall be determined by local school authorities.

c. A student shall not be considered eligible while serving an out-of-school suspension.

d. If a student misses class(es) without being excused by the principal, the

student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes.

e. Each individual school has the authority to set more restrictive citizenship standards and shall have the authority and responsibility to judge its students under those standards.

f. Each school shall diligently and completely investigate any issue that could affect student eligibility.

2.2.4 Expulsion: A student who is expelled from school because of disciplinary measures shall not be considered eligible for 365 days from the date of expulsion. An expulsion is prompt removal of a student from school following the conduct for which the student is under discipline, whereby the student is not allowed to return to school until either an appeals process reinstates the student or the duration is fulfilled. However, this period of ineligibility shall not apply to any student expulsion for conduct otherwise protected by law which does not materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

2.2.5 Student Responsibility: Each student is responsible to notify the school of any and all situations that would affect his/her eligibility under the above standards. If the student does not notify the school of the situation prior to the school's discovery, then the student shall be ineligible for up to 365 days from discovery, pending review by the Board of Directors.

ISS/OSS Policy

Conduct must be in accordance with standards of good school discipline. A student under suspension from class shall not be considered eligible until readmission. A student facing disciplinary suspension (ISS or OSS) may not practice or take part in a school activity until disciplinary action is satisfied.

SPORTSMANSHIP

The Midway community is very proud of its school. It is important that each student-athletes portray the standards of good sportsmanship. Many times communities and schools build reputations on behalf of the school sports teams and the conduct of their athletes. These school teams, student-athletes and sponsored activities are the most widely visible opportunity for people outside of our district to learn and understand how a school operates. These opportunities can build a positive or negative view of the school and community. Let's make our school and community look good by handling disappointment and success with pride.

The moment that you put on a Viking uniform, we hope that you are filled with a sense of pride and accomplishment. In that moment you become a representative of Midway school, the communities, your family and yourself both in school and outside of school. If each student-athlete exhibits the traits of good sportsmanship and is willing to recognize the abilities

they possess it will only take hard work to be successful. A winning philosophy is important, but a winning attitude helps make a champion. Attitude is best defined by how a person thinks, feels, and acts. The desire to excel and win in your activity, and to defeat your opponent gracefully are all positive points and attributes of a positive winning attitude. Student-athletes must realize the importance of how the game or activity is played and viewed. Simple gestures of respect and participation in the proper manner will lead to the learning of life lessons.

- 1. CONSEQUENCES (the following are minimum guidelines only): These are only minimum guidelines, as all coaches/sponsors have the right to impose additional consequences with their respective programs.**

A. NEGATIVE ATTITUDES

2. Second Violation Penalty: The student will be disciplined by the coach and administrative team. Loss of eligibility for competition may occur.

BULLYING AND HAZING

Midway R-I Statement on Bullying and Hazing

The Midway R-I School District prohibits all forms of hazing, bullying and student intimidation. Students participating in or encouraging inappropriate conduct will be disciplined in accordance with BOE policy. Such discipline may include, but is not limited to, suspension or expulsion from school and removal from participation in activities. Students who have been

subjected to hazing or bullying are instructed to promptly report such incidents to a school official.

In addition, district staff, coaches, sponsors and volunteers shall not permit, condone or tolerate any form of hazing or bullying or plan, direct, encourage, assist, engage or participate in any activity that involves hazing or bullying. District staff will report incidents of hazing and bullying to the building principal. The principal shall promptly investigate all complaints of hazing and bullying and shall administer appropriate discipline to all individuals who violate this policy.

The district shall annually inform students, parents, staff and volunteers that hazing and bullying is prohibited. This notification may occur through the distribution of the written policy, publication in handbooks, presentations at assemblies or verbal instructions by the coach or sponsor at the start of the season or program.

CARE OF EQUIPMENT

In order to give the student a sense of responsibility and an appreciation of his/her equipment, each will be held accountable for the abuse or loss of it.

ANY EQUIPMENT LOST OR STOLEN MUST BE PAID FOR BY THE STUDENT IN WHOSE NAME IT WAS CHECKED OUT.

The following guidelines, if adhered to, will reduce the chances for lost or stolen equipment:

1. Do not exchange or loan any of the equipment checked out to you to another teammate. If exchange is warranted, clear it on our checkout card by having the coach make the adjustments.
2. Except when you are in visual contact, keep your locker closed and **LOCKED** At all times. This includes when you are in the shower. School and personal equipment and belongings should be locked up at all times.
3. Any loss of equipment should be reported immediately to the head coach, rather than waiting until the end of the season.
4. Any protective equipment that does not fit properly or that has any defective parts should be reported to a coach immediately. Do not wear the equipment until the necessary adjustments have been made. This is for your protection.
5. It is against the M.S.H.S.A.A. regulations to sell or rent any equipment to individuals. Therefore, any equipment you may see out of the school environment does not belong to the individual(s). Please report any such violation to a coach or the athletic administrator. By doing so, you are not only helping the athletic department, but also the individual who must pay for the stolen item.

PHYSICAL EXAMS & INSURANCE INFORMATION

- **QUICK GUIDE TO PROTECTING YOUR ELIGIBILITY**

The Missouri State High School Activities Association, of which the Midway R-I School District is a member, is a voluntary, nonprofit, educational association of junior and senior high schools established for the purpose of working cooperatively in adopting standards for supervising and regulating interscholastic activities and contests. One of the primary functions of M.S.H.S.A.A. is to establish eligibility standards that must be met by all students to attain the privilege of representing their school in interscholastic activities.

Eligibility is a PRIVILEGE to be granted by the school to a student, which allows that student to participate in interscholastic activities. Eligibility is NOT A STUDENT'S RIGHT BY LAW. Precedent setting legal cases has determined that eligibility is a privilege to be granted only if the student meets all standards adopted by the school, which enables the school to grant the student such a privilege.

Listed below is some information to acquaint you with the major rules and regulations you must follow in order to protect your eligibility:

1. You must be a credible citizen. Creditable citizens are those students whose conduct, **both in and out of school**, will not reflect discredit upon themselves or their schools.

Only classes, which are required for graduation from the local school, may be counted toward meeting the academic requirement.

- c. Do not drop classes without first checking with your athletic director or counselor to determine whether it will affect your eligibility.

3. Transferring Schools

- a. If you transfer schools and your parents do not move to your new school

district, you will be ineligible for 365 days, unless you meet one of the exceptions to the transfer or promotion rules. (See your principal or athletic director).

b. If you move with your parents to your new school district you will be ineligible until the transfer waiver has been completed.

4. Participation Limits

a. You are eligible to participate in any sport for a maximum of four consecutive seasons. Any part of a game played during a season counts as a season of participation.

b. Your eligibility in high school activities begins when you first enter the ninth grade and for the first eight semesters that you are enrolled in high school. Your eighth semester must immediately follow your seventh semester.

5. Awards Standards

a. You may not receive cash, merchandise or gift certificates for participating in an athletic/academic contest.

b. You may accept awards that are symbolic in nature, such as medals, trophies, ribbons, plaques, etc., for participating in a school athletic/academic program. These awards may be received only from your school, from a school hosting an event, or from the M.S.H.S.A.A.

c. You may accept awards for participating in non-school sponsored athletic/academic competition only if the awards are symbolic in nature, such as medals, trophies, ribbons, plaques, etc.

7. Non-School Competition

a. You may not participate in any organized non-school athletic competition and your school team IN THE SAME SPORT during the same season.

as long as you wish, where you do not receive instruction or coaching from a member of your school's coaching staff.

b. You may attend a specialized athletic camp outside the school sport season during the school year.

c. You may attend a camp or clinic where your school's coaching staff instructs or coaches for a period no longer than two weeks in duration.

REMINDER: Any questions pertaining to eligibility that is not answered above should be brought to the attention of your athletics administrator.

● **SPECTATOR EXPECTATIONS**

1st offense: 2 week suspension from school activities (Home and Away).

Subsequent offenses: Suspension for remainder of season.
