Introduction

The MISD Compensation Plan is updated and adopted annually by the Board of Trustees and is administered jointly through the Office of Human Resources and the Superintendent of Schools.

Manor ISD does not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin, age, disability, military status, genetic information, or any other basis prohibited by law. Additionally, the district does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made based on each applicant's job qualifications, experience, and abilities.

Updates to the 2026-2027 compensation plan reflect required changes by the 89th Legislature, approved recommendations from the 2026 TASB Pay Maintenance Study, and the District's commitment to present a balanced budget for the 2026-2027 school year.

Compensation Adjustments

Upon approval of the compensation plan, the Board of Trustees approves a possible pay increase, to be determined by the financial standing and ability of the district, no earlier than May 1, 2026, and no later than June 30, 2027.

Teacher Retirement System

MISD employees are required to contribute to the Teacher Retirement System of Texas (TRS). The District also makes contributions on behalf of the employee.

Individuals who have previously retired from TRS or other similar state-funded plans may be exempt from contributing to TRS. Upon employment of those individuals, TRS may assess a penalty or fee as a result of employment after retirement. In the event this occurs, the employee will be solely responsible for the payment of such fee or penalty.

Service Records / Proof of Prior Employment

Compensation is determined by many factors. One critical factor is prior employment. Creditable years of service are defined by Commissioner's Rules, TEA-related website is found [here](#).

Original service records are required to ensure proper salary by ensuring proper placement on the district's experience-based pay scales. Upon hire, service credit will be given to all non-exempt and exempt employees; employee compensation will reflect the number of verifiable years of service within the time frame allotted to provide such documentation. Legally recognized service records must be submitted to the Human Resources Department no later than October 1st of each year or within **60 days** of employment, whichever comes last. **An employee who fails to submit service records by the deadline will be adjusted to year zero of their pay scale and compensated accordingly until such time service records are submitted.**

Compensation Review

Employees should review their compensation as compared to their years of experience. In the event a possible error is detected, the employee shall notify the Human Resources Department. In the event additional service is reported (retro), service record credit shall only be applied to the current year.

Teacher Supplements

Eligibility for teacher supplements/stipends is based on full-time employment as a teacher for 187 days. Supplements will be prorated for part-time teachers (those who spend at least ½ day per school day providing classroom instruction). Teacher supplements do not apply to staff members paid through any other job classifications within this Compensation Plan.

- Degree supplements are built into the salary schedules.
- Stipends are not a property right and are not built into salary schedules.

General Guidelines

The hiring schedule is based on verified years of experience and degree as of the point of hire in correlation with the Board approved compensation plan at the point of hire. **After the point of hire, salaries may increase annually based on the Board's determination of a percentage pay increase.** Salaries remain the same until the Board grants a general pay increase. Predictions of future salaries are not possible from this pay structure.

School Psychologist Interns will be paid at the base of the School Psychologist pay scale until such time as they are appropriately licensed.

Stipends are not a property right and may be reallocated and/or reassigned at any time.

*The teacher pay scale has been updated to reflect mandates by HB2 of the Texas 89th Legislative Session.

Teacher for purposes of the salary placement schedule is defined as: classroom teacher, instructional coach, academic interventionist, and ARD Facilitators.

Instructional Coaches, Academic Interventionists, ARD Facilitators, and GT Teachers are also eligible for the approved additional compensation for Masters and Doctoral degrees.

Note: Salary levels meet or exceed state minimum salary requirements. Employees on the teacher, nurse, and librarian pay scales* will receive an annual salary for the number of days on duty. Placement on the pay scale is based on verified years of experience via official employment and education transcript records.
