Foreword

The Enterprise High School Student/Parent Guide is prepared and presented to you by representatives of the faculty, staff, students, and administration of Enterprise High School.The guide should not be considered solely as a rule book regarding disciplinary problems, but rather as an informational booklet to help with all aspects of student life at the school. Anytime that a large group of people comes together to live and work, it is necessary that some rules of conduct be formulated to protect the best interests of all concerned. It is in this spirit that this handbook has been formulated.
It shall be the policy of Enterprise High School not to discriminate in any of its practices on the basis of national origin, ethnicity, religion, belief, race, sex, or handicap.

Major Provisions of Act 93-368

Act 93-368 attaches school attendance standards with the right to retain, apply, renew, or reinstate a driver's license or learner's permit to operate a motor vehicle. This act becomes effective immediately.

The act states that the Department of Public Safety will deny a driver's license to any person under the age of 19 who does not present a diploma or other certificate of graduation or documentation that the person (1) is enrolled and making satisfactory progress in a course leading to a general educational development certificate (GED) from a state-approved institution or organization, or has obtained the certificate; (2) is enrolled in a secondary school in this or any other state; (3) is participating in a job training program by the state Superintendent of Education; (4) is gainfully employed; (5) is a parent with the care and custody of a minor or unborn child; (6) has a physician's certification that the parents of the person depend on him/her as their sole means of transportation; (7) is exempted from this requirement provided in this act pursuant to Chapter 28 commencing with Section 16-28-1 of Title 16 of Code of Alabama, 1975, as amended.

The school principal and Superintendent have the responsibility upon request of the Department of Public Safety to provide documentation of the enrollment status of any fifteen (15) years old or older who applies for an original, renewal, or reinstatement of driver's license.

Whenever a student seventeen (17) years of age or older withdraws from school, the principal and/or Superintendent shall notify the Department of Public Safety of the withdrawal. Withdrawal is defined as more than ten (10) consecutive or fifteen (15) days total unexcused absences during a single semester. Within five (5) days of receipt of notification from school officials, the Department of Public Safety shall send notification to the licensee that his/her driver's license or learner's license will be suspended on the thirtieth (30) day following the date of notification.

The local Superintendent of Education with assistance of the school principal shall be sole judge of whether the withdrawal is due to circumstances beyond the control of the person. Suspension or expulsion from school or imprisonment in a jail is not circumstances beyond the control of the person.

Act HB19-Quiet Reflection Time

Relating to the public schools; to provide a brief period of quiet reflection at the opening of the school every day in each public school classroom; and to repeal Section 16-1-20.1, Code of Alabama 1975

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:
Section 1. (A) The Legislature of Alabama finds that in the hectic society of today all too few citizens are able to experience even a moment of quiet reflection before plunging headlong into the activities of daily life. Young citizens are particularly affected by the absence of an opportunity for a moment of quiet reflection. The Legislature finds that our youth, and society, as a whole, would be well served if students in the public schools were afforded a moment of quiet reflection at the beginning of each school day. (B) At the opening of school every day in each public school classroom, the teacher in charge shall conduct a brief period of quiet reflection for not more than 60 seconds with the participation of every pupil in the classroom. (C) The moment of quiet reflection authorized by subsection (b) is not intended to be and shall not be conducted as a religious service or exercise, but shall be considered an opportunity for a moment of silent reflection on the anticipated activities of the day. (D) Subsections (b) and (c) shall not prevent student initiated voluntary school prayer at school or school-related events which are nonsectarian and nonproselytizing in nature.

Section 2. All laws or parts of laws which conflict with this act are repealed, and
Section 16-1-20.1 of the Code of Alabama 1975, is specifically repealed.

Section 3. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Pledge of Allegiance

The Pledge of Allegiance to the American Flag shall be repeated at the opening of each school day following the "quiet reflection time." The teacher in charge will supervise this activity.

Response to Instruction: Problem Solving Teams (RtI)

Enterprise High School has an RtI Team. The Team takes referrals from teachers who have identified at-risk students. The goal of the Team is to provide support in regular classroom programs to enable each student to be successful academically and behaviorally.

STUDENT DISCIPLINE - CODE OF CONDUCT

Introduction

The Enterprise City Board of Education requires that school personnel operate the schools in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students in the district. To accomplish these goals, students and school personnel must work together in a school environment that is characterized by mutual respect. Positive behavior intervention and support emphasize the promotion of safe, respectful, resourceful and responsible behaviors. The emphasis of the discipline approach shall be on the prevention of inappropriate student behavior and the development of individual responsibility. Even though discipline does not appear as a subject in the curriculum, it underlies the entire educational structure. Discipline is recognized as the training that helps students develop self-control, character, orderliness, efficiency, and effectiveness. Therefore, the Board views discipline as the key to good conduct and appropriate consideration for other people. Principals, teachers, and other school personnel have both the authority and the duty to take appropriate action whenever student behavior is not consistent with established rules of conduct.

Principals and teachers of the schools shall develop reasonable, proper, and specific rules for students. Such rules must be based on policies of the Board and be directed toward the improvement of education within the schools. Principals shall be responsible for ensuring that students, parents/guardians, and staff members have been informed regarding pertinent student policies and procedures. Rules and regulations shall be disseminated to students, parents/guardians, and staff. Student code of conduct, faculty handbooks, school newsletters, PTA/PTO/PTSO meetings, and classroom instruction are some of the ways that can be used to accomplish this task.

Enterprise City Board of Education students and their property are subject to all the rules and regulations of the Enterprise City Board of Education during the school day, during school-sponsored activities, while on or in School Board property and facilities, while being transported on school buses, and at times and places, including but not limited to, school-sponsored events, field trips, athletic functions, and other school-related activities. All regulations and prohibitions also apply to automobiles and other property brought onto Board property. In addition to the foregoing, application of this Code of Student Conduct may be extended to the immediate vicinity of the school, as well as before, during, and after-school hours when and where student conduct could have a detrimental effect on the health, safety, and welfare of other students and the school or where the conduct could otherwise disrupt the educational process.

Student Rights and Responsibilities

The Board views the school as a place where students have the opportunity to experience academic and social success. Success contributes to positive student self-esteem, which translates into positive student behavior. By providing opportunities for students to learn concepts, practice skills, and reinforce learning, a positive environment shall be created which promotes academic and social success.

The total school program focuses on developing each student into a competent, self-disciplined and self-directed learner of good character. Thus, the emphasis is placed on teaching responsibility for one's behavior, modeling the behaviors desired by students, and identifying and resolving inappropriate behaviors. At all times, discipline is built within an atmosphere of self-respect, respect for others, and respect for the learning environment.

School policies are intended to allow for opportunities for students to develop self-discipline while providing boundaries within which individuals find emotional and physical security. It is essential that all persons (students, school personnel, and parents) accept responsibility for their actions. It is equally important that inappropriate behaviors be skillfully confronted and redirected.

Students must understand that, while these policies provide a means for resolving misconduct or inappropriate behaviors, certain violations will result in removal from the regular instructional program. In all such cases, and throughout all other phases of school activities, students and parents have a right to expect assistance from and professional involvement with school personnel.

Students, parents, and staff must work cooperatively to support the rights of students while helping students accept responsibility for their academic and social growth.

The Board authorizes the Superintendent to establish procedures to accomplish the intent and spirit of Board policies related to student rights and responsibilities.

Discipline

Discipline (rules and regulations) shall at all times reflect fair and reasonable exercise of authority, being neither arbitrary, capricious, discriminatory, nor otherwise unreasonable. Procedural due process, to the extent of its applicability in any particular situation, shall be afforded students prior to imposition of consequences. Due process afforded shall be commensurate both with the gravity of the offense and with the severity of the contemplated penalty.

The Board expects all school personnel, including bus drivers, lunchroom personnel, custodians, and secretaries in the schools to be treated with respect and dignity just as the student should receive the respect of staff members. It is imperative that the teacher be in charge of the class; anything less would lead to a poor educational opportunity for all. All schools in the Enterprise School System operate on a "closed campus" policy. Students must remain on their assigned campus from the time they arrive, even if the daily schedule has not begun, until they are dismissed. All staff members are responsible for the supervision of students anywhere on school property as well as at any school activities away from school property and have the authority to require students to meet behavior expectations. Enterprise City Schools' students who fail to follow the discipline policy on all Enterprise City Schools' property, while riding on an Enterprise City Schools' bus, or participating/attending extracurricular activities, on or off campus, will be subject to the discipline process.

Students are expected to behave in a respectful, responsible, and resourceful manner while traveling on an Enterprise City Schools' bus. Any behavior that has the potential to compromise bus safety will be considered a serious violation of these behavior expectations.

Discipline Process: Classroom Management Level

The greatest opportunity for students to learn self-esteem, self-discipline, and respect for others occurs in the classroom under the direction of the classroom teacher. Teachers shall plan and implement effective personal and instructional strategies which are designed to encourage self- respect and respect for others and to prevent and manage student misbehavior.

Teachers shall apply logical, appropriate consequences for student misbehavior, including, but not limited to, immediate intervention, student conferences, parent/guardian conferences, loss of free time, and before and after school detention. Student misconduct which is serious or frequent enough to cause significant disruption in the instructional program shall be referred to an administrator for appropriate disciplinary action.

Discipline Process: Administrative Level

The principal is ultimately responsible for the orderly operation of the school program. The principal, with the assistance of his/her staff, will maintain an atmosphere or climate within each school that will support and allow for a strong teaching/learning environment. Failure of any student to adhere to classroom or school rules may result in the imposition of appropriate consequences by the principal/designee. Consequences which require students to attend school during non-school hours will be assigned with adequate student/parent/guardian notification prior to the consequence, and transportation will be the responsibility of the parent/guardian or student. Individual schools will follow specific rules and guidelines for the

administration of consequences. Such consequences may include, but are not limited to, the following and are not listed in priority order:

Supervised Plan for Correction of Misbehavior
Detention
Supervised Work/Clean Up Program
Supervised Time Out
In School Suspension (ISS)
Alternative Class
Temporary Alternative Placement (TAP)
Corporal Punishment
Bus Suspension
Restitution for Theft or Damages
Required Parent Conference
Long term ISS
Out of School Suspension (OSS)
Recommendation for Expulsion

AL ACT #2024-262 affords specific Due Process rights to students that are recommended for the following disciplinary dispositions: Long-term Alternative School (more than 15 days), Long-term Suspension (11-89 days), or Expulsion.

NOTE: A principal has the authority to prohibit any item or action that he/she deems interferes with maintaining a safe, orderly, or effective learning environment. Such specific prohibitions should be communicated to staff, students, and parents as soon as possible after the administrative decision is made.

Special Role of School Resource Officer
The School Resource Officers assigned to Enterprise City Schools assist school officials with school safety. These officers often talk with students in matters concerning student behavior, counseling, or other appropriate matters. The day-to-day conversations and interactions between students and the School Resource Officer are not to be construed as "interviews" and do not require prior parent approval. For any violation of the Code of Conduct that is a crime or potentially a crime, the School Resource Officers will operate in their capacity as a law enforcement officer. The assignment of all disciplinary consequences is the responsibility of the school administrator.

Descriptions of Consequences for Inappropriate Behavior

Supervised Plan for Correction of Misbehavior--A supervised plan for correction of misbehavior may be designed to address persistent, disruptive, or continued disregard for general school rules.

Detention--A student may be detained for disciplinary purposes before, during, or after school and will be under the supervision of a certified school staff member.

Bus Suspension--A student who misbehaves on the bus or one who demonstrates misbehavior at the bus stop may lose the privilege of riding the bus for a period of time. The period of time that a student is suspended from riding the bus may range from one day to permanent removal of bus riding privileges.

Supervised Work/Clean-up Program--A student may be assigned to a school work/clean-up program for disciplinary purposes and will be supervised by an Enterprise City Schools staff member assigned by an administrator.

Restitution for Damages--A student or his/her parent may be assessed the exact amount of replacement, repair, or service costs which result from damage to school property. In addition, disciplinary action may be taken. A parent/guardian contact will be made and a payment schedule determined by the student, parent/guardian, administrator, and other appropriate persons. If payment is not paid as determined, the Assistant Superintendent will be notified.

Supervised Time-Out--A student may be temporarily removed from regular classes for disciplinary purposes. The student will have the opportunity to complete missed work.

Required Parent Conference--A student whose behavior requires parental/guardian intervention may be asked to remain at home until a conference is convened with the student, a parent/ guardian, and an administrator.

In School Suspension (ISS)--A student may be temporarily denied attendance in regular classes for disciplinary

purposes. A student assigned to ISS will continue to come to school and receive credit for completed assigned work; however, he/she will be isolated from the school's student population. A student may not attend any Enterprise City Schools' activities on days that ISS has been assigned. Parent/guardian notification of the ISS placement will be made.

Temporary Alternative Placement (TAP)--It is designed for 7th-12th grade students whose behavior warrants removal from the regular school program for an extended period of time (typically for a period of 15 days or more), due to violation of the Enterprise City Schools' Code of Student Conduct. Parents will be required to transport students to and from school. Students will be prohibited from attending or participating in any Enterprise City Schools' activities, on or off campus, during the time assigned to TAP. Parents/guardians of all students assigned to TAP will be given written information regarding the placement at the required Intake Conference with designated Alternative School personnel. Students will receive credit for all work completed during the assigned alternative class placement. This program is housed in a facility separated from any of the regular school programs. Students assigned to TAP for a second placement must meet with the Assistant Superintendent prior to attending the Intake Conference. While assigned to the program, students are not allowed to return to their base school or any Enterprise school, nor are they allowed to participate in any extra-curricular activities involving Enterprise schools. Continued violations by a student while assigned to TAP may warrant a recommendation for expulsion.

Out of School Suspension (OSS)--A student may be temporarily denied attendance at school for disciplinary purposes. A school administrator may assign short-term suspensions not to exceed the number of days allowed by law. A suspended student shall not attend school or any school-related activities during the suspension days nor enroll in another Enterprise City school until the suspension is complete. A suspended student will not return to regular classes on the day of the suspension but will leave school only when the parent/guardian or other proper authority assumes responsibility for the student. A school conference may be required prior to the student returning to classes and will include the student, a parent/ guardian, an administrator, and other appropriate persons. Students will be required to make up any missed assignments, quizzes, and tests within 3 days from the last day of a suspension or as determined by the teacher or administrator.

Recommendation for Long-Term Suspension/Expulsion--Serious misconduct or continuing misconduct of any student may be referred to the Superintendent or his/her designee with a recommendation for a long-term suspension (more than ten {10} days) or possible expulsion. After review of the case, the Superintendent may (1) uphold the long term suspension recommendation, (2) make a recommendation for expulsion to the Board, or (3) refer the case back to the principal for reconsideration. Expulsion is defined as the removal of a student for a period of time of not less than one academic year. The Board has the exclusive authority to expel a student from school. The Board shall convene a hearing and shall render a decision within ten (10) days of the Superintendent's recommended expulsion. A student shall remain suspended from school pending the decision. The Superintendent shall notify the parent/guardian, in writing, of action taken by the Board. If a student is being recommended for expulsion, the student is not allowed to be on any ECS campus for any event during this time.

Readmission

Any student who withdraws due to failing grades, non-attendance, or expulsion is required to reapply for readmission to Enterprise City Schools. To ensure academic success, the parent/guardian should complete a readmission request two weeks prior to the beginning of the new semester. A readmission conference with the parent/guardian and a school administrator is required. Any expelled student **must** apply for readmission by letter to the Superintendent of ECS with a copy to the principal of the school to which the student is applying for readmission. All applications for readmission will be reviewed.

Appeals

Students charged with and disciplined under Class I or Class II procedures will not have the right to appeal any decision beyond the local school level <u>unless it falls under AL ACT 2024-262 (see page 15).</u>
Class III consequences may be appealed to the Board of Education. Procedures for appealing Class III consequences are defined in the Code of Conduct under the heading "Complaints, Grievances, and Appeals."

Misconduct

Violations of the Code of Student Conduct are generally grouped into three classes – Minor Offenses (Class I), Intermediate Offenses (Class II), and Major Offenses (Class III). The disciplinary procedures for each class may be different, depending on the recommended action which is to be taken.
Some problems are best handled by classroom personnel without resorting to the more formal procedures contained within this Code of Student Conduct. Reference Classroom Management discussed in the discipline section of the Code of Student Conduct.

When a student is referred to the principal or his or her designee, the principal will have the discretion to determine the nature and classification of the offense committed by the student. Each student will be afforded due process prior to the administration of discipline.

For any offense for which an in-school parent conference is required, it is the parent's or guardian's responsibility to make arrangements for the conference within twenty-four (24) hours of being notified of the problem. No student will be allowed to return to school until the parent or guardian conference is held (administrative exceptions may be made on an individual basis).

For offenses which are being investigated as a Class III offense, the principal or designee should inform the student of the suspected or pending charges and should provide the student with an opportunity to admit or refute those charges. Any charges involving alcohol, drugs, weapons, aggressive behavior, or a suspected crime may result in intervention by law enforcement authorities. Any items of a dangerous or illegal nature may be confiscated and turned over to law enforcement authorities immediately.

Student misbehaviors that occur during school, on school property, on school buses, or at school-sponsored or related events are serious and require administrative intervention. While some misconduct would require repeated violations to be considered "serious," a single incident of other misconduct may warrant serious consequences. Students who break the law may also be reported to the police. Law enforcement action or the lack thereof does not dictate or govern school disciplinary action. The following list of misbehavior <u>is not</u> all inclusive.

Threat Assessment Protoco1

The purpose of this protocol is to establish a procedure for members of the Enterprise School System and community to work together to recognize and assess threats of violence in a school setting and, if possible, to prevent acts of violence from occurring. The protocol is intended to help school administrators and law enforcement officials identify credible threats of violence, establish procedures for addressing them, and develop guidelines for follow-up once a threat has occurred.

Threatened Act of Violence**:** Any threat or action that suggests the possibility that serious physical injury or death may be caused to another.

Procedure: The following procedure is separated into several sections to highlight the responsibilities of different members of the school community.

1. Any student, parent or guardian, or school staff member, upon receiving information that a person is threatening to commit an act of violence, shall:
   - Assume the threat is serious
   - Immediately report the threat to a school administrator or law enforcement officer
   - Take measures to preserve the evidence
   - Be available and cooperative in providing a statement of information, with the understanding that the information source will remain anonymous to the greatest extent possible.

2. Any school administrator, upon receiving information that a person is threatening to commit an act of violence, shall:
   - Assume the threat is serious
   - Arrange for threat assessment interviews to be conducted using the Behavioral Threat Assessment Management Team (BTAM).

3. The SRO/police officer, upon receiving information that a person is threatening to commit an act of violence or upon notification from a school administrator that a threat to commit an act of violence has occurred, shall:
   - Assume the threat is serious and take action to secure and protect the school and potential target
   - Immediately notify a school administrator and provide complete information
   - Work with the school administrator to make arrangements for the threat assessment interviews to be completed

Threat Assessment Interviews: The primary purpose of the interviews are to engage in an assessment of the available information in an attempt to determine the veracity of the threat in order to decide what level of follow-up action is needed and appropriate.

- The school administrator will make arrangements for the threat assessment interview to be conducted at the time of the threat or as closely to the time of the threat as possible.
- Administrators will work with law enforcement personnel to determine an appropriate time to conduct the assessment if law enforcement determines there is need/cause for immediate removal of the student from the school campus.

Once the BTAM team completes the assessment, the school administrator and SRO will follow standard procedures regarding disciplinary actions for the student, notification of the parent, etc. Enterprise City Schools will cooperate with law enforcement and diligently seek consequences up to criminal prosecution for any incident involving threats of violence where deemed necessary.

If the result of the threat assessment indicates that the threat is not credible, the administration will determine if any further action is necessary and contact the parents/guardians of the students involved in the incident.

Restraint & Seclusion Notification and Procedures

Procedures for Implementing Alabama Rule Seclusion and Restraint of all Students

The Enterprise City Board of Education requires that all schools and programs within the school district comply with the State Board of Education Rule §290-3-1-.02(l)(f) in the Alabama Code regarding "seclusion" or "restraint", as those terms are defined within the rule.

Definitions from Alabama Code:

- **Chemical Restraint** refers to any medication that is used to control violent physical behavior or restrict the student's freedom of movement that is not a prescribed treatment for the student.

- **Physical Restraint** is direct physical contact from an adult that prevents or significantly restricts a student's movement. The term physical restraint does not include mechanical restraint or chemical restraint. Additionally, physical restraint does not include: providing limited physical contact and/or redirection to promote student safety or prevent self- injurious behavior, providing physical guidance or prompting when teaching a skill, redirecting attention, providing guidance to a location, providing comfort, or providing limited physical contact as reasonably needed to prevent imminent destruction to school or another person's property. Physical Restraint that restricts the flow of air to the student's lungs, including any method (face-down, face-up, or on your side) of physical restraint in which physical pressure is applied to the student's body that restricts the flow of air into the student's lungs, is prohibited in Alabama public schools and educational programs.

- **Mechanical Restraint**, the use of any device or material attached to or adjacent to a student's body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student, is prohibited. The term does not include an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning and/or to prevent self-injurious behavior. The term also does not include seat belts and other safety equipment when used to secure students during transportation.

- **Seclusion**, a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others, is prohibited. The seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student, time-out as defined below, in-school suspension, detention, or a student-requested break in a different location in the room or in a separate room.

- **Time-out** refers to a behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used when: (1) The non-locking setting used for time-out is appropriately lighted, ventilated, and heated or cooled; (2) The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the student, but should not exceed 45 minutes per time-out; (3) The student is reasonably monitored by an attending adult who is in reasonable physical proximity of the student and his sight of the student while in time-out; and (4) The time-out space is free of objects that unreasonably expose the student or others to harm.

Requirements of the Seclusion and Restraint Rule:

- The use of physical restraint is prohibited in Alabama public schools and educational programs **except** in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. Notwithstanding the foregoing, physical restraint is prohibited in Alabama public schools and educational programs when used as a form of discipline or punishment or as a means to obtain compliance.
- All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress.

Students' property such as backpacks, handbags, automobiles, electronic devices, etc., may be entered and searched by school administrators/designee without the presence of the parent/guardian whenever there is reasonable belief that some substance or material is contained therein which is illegal, harmful to the safety of students, or significantly disruptive to the overall discipline of the school or is evidence of a crime or violation of this code. Any items which are specifically prohibited by law or by Board policy may be impounded by school administrators/designee. Such prohibited items shall include, but not be limited to, the following: (1) knives of any size or type, including pocket knives, (2) other weapons, (3) tobacco, (4) drugs or drug paraphernalia of any sort, (5) alcoholic beverages, (6) pornographic material, (7) property that is alleged to belong to another party, and (8) improperly utilized electronic devices (i.e., phones, iPads, etc.). An appropriate law enforcement officer may be called to conduct the search of a student's person when an administrator has reasonable suspicion that the student is in possession of contraband, other items harmful to the health and safety of students and staff, or evidence of a crime or a violation of this code. The search shall be conducted in private by the police officer and in the presence of a school administrator or by a school administrator with another school employee present. Should items which are illegal or contrary to Board policy be found, the board's discipline process will be followed. Failure to submit to a reasonable search may result in further disciplinary action to include recommendation for expulsion.

Unlawful Conduct

Misconduct which violates local, state, or federal laws and which occurs at school, on a school bus, or at a school-sponsored activity may result in notification of the appropriate law enforcement agency. The Board reserves the right to file charges and to prosecute students engaged in conduct which violates local, state, or federal laws. If a student is arrested and charged with a felony or with a drug, alcohol, or weapons related misdemeanor, the school's disciplinary procedure, up to and including expulsion, may be implemented. This applies even when the incident leading to the arrest is not school-related.

Unless otherwise modified in connection with Alabama Code 16-1-24.3, the Superintendent will recommend expulsion of students, for a period of one year, who are determined to have brought to school or have in their possession a firearm in a school building, on school grounds, on school buses, or at other school-sponsored functions.

Dress Code

The Enterprise City Board of Education recognizes the effect which student dress and grooming have upon student behavior and commitment to learning. It further recognizes the role of parents in assisting their children in making appropriate choices regarding clothing, accessories, and personal appearance. In order to maintain an atmosphere conducive to learning, the Board requires that all students exercise good taste with regard to their personal appearance. **Attire considered disruptive or that seriously distracts from the learning environment or that could present a health or safety problem is not appropriate. At any time, the administration has the authority to limit or adjust what can be worn.**

With this in mind, the following rules concerning dress are mandatory for all students attending Enterprise City Schools. Students who fail to follow these rules will be subject to disciplinary action.

Undergarments should be worn in an appropriate manner and should not be visible. All straps on female tops must be a minimum of 2 inches wide. Sleeveless shirts or tops for male students are prohibited. Pajama style pants are not allowed.

4. Leggings (including those with sheer cutouts) are not considered pants and must be covered with appropriate clothing that completely covers the buttocks and remains the same length in the front.

In addition, students understand and agree that their car may be searched by school officials while it is on school grounds or at other official school functions.

BUS TRANSPORTATION

Each transported student has the right to a safe and enjoyable ride to and from school, free from intimidation, threat, or harassment. Good conduct of all transported students while waiting for the school bus and while traveling to and from school is necessary for a safe and enjoyable ride for all students. Transportation service is a privilege, not a right, which is granted to the student contingent upon the exhibition of proper behavior.

Parents of transported students will be held responsible for their children until the student boards the school bus in the morning and after the child leaves the bus at the end of the school day. Parents also share responsibility with the child for his/her conduct while on the school bus and while in school bus loading or unloading areas.
Bus safety can be accomplished by following a few simple rules:

Misbehavior on buses will be reported by the bus driver to an administrator. Appropriate action, as determined by the administrator, shall be taken in such cases and may include, but not be limited to, one or more of the following: warning, parental contact, detention, corporal punishment, bus suspension (number of days determined by administrator), permanent revocation of bus privileges.

In addition, unacceptable conduct on the school bus or at the school bus stop may result in suspension or expulsion from school.

This policy is supplemental to other Board policies and procedures and does not repeal, replace, or supersede any other prohibition on harassment, violence, threats of violence or intimidation found elsewhere in Board policy or procedure, including the Code of Student Conduct. This policy shall not be construed to allow harassment, violence, threats of violence or intimidation for any reason not specifically listed in this policy or to prohibit the Board from disciplining students for acts of harassment, violence, threats of violence or intimidation not specifically listed herein. Students who engage in harassment, violence, threats of violence or intimidation not specifically covered by this policy may be subject to appropriate disciplinary action in accordance with the Code of Student Conduct.

Reporting Forms

Forms to report bullying, harassment, or intimidation are available on the website of the school or in the school offices.

ABSENCES, EXCUSES, AND TARDIES

The Board believes that the right to attend public schools places upon students the accompanying responsibility to be faithful in attendance. Regular attendance is essential for a student's successful progress in the instructional program. Failure to comply with attendance procedures can result in Educational Neglect and Truancy, Title 16-28-12, Code of Alabama.

Truancy is defined in the *Alabama Attendance Manual* as "unexcused absences or skipping school/class for a day or a portion thereof" (2022, p. 83).

"A parent, guardian, or other person having charge of any child officially enrolled in Alabama public schools (K-12) shall explain in writing the cause of any and every absence of the child no later than (3) school days following the return to school. A failure to furnish such explanation shall be evidence of a child being truant each day he is absent" (*Alabama Attendance Manual*, 2019, p. 62).

All Enterprise policies and procedures are in alignment with Alabama State Law. The right to attend school and arrive on time is the responsibility of **both** the student and the parent (in the case of children under 17 years of age). If too many absences occur, it is still a problem whether they are excused or unexcused because they represent loss of learning time in the classroom.

Absences

The following codes are used by PowerSchool and provided by the Alabama State Department of Education:

Absence	Code
Alternative Placement	AP
Delayed Start	DS
Doctor Excused	DE
Early Dismissal	EDL
Emergency School Closure	X
Exemption	EXE
Expulsion	EX
Field Trip	FT
In School Suspension	ISS
Legal	LG
Military Affiliate	MA
Out of School Suspension	OSS
Parent Excuse (4 per semester)	PE
Religious Instruction	RI
School Activity	SA
Skipping	SK
Tardy Excused	TE
Tardy Unexcused	TU
Unexcused Absence	UA

Excuses

When a student misses class time, the parent must provide a completed "Enterprise High School School Excuse Form" to a lock box (located on the first floor main campus hall and in the EHS lobby) within three (3) days of the student's return to school.

An electronic copy of the "Enterprise High School School Excuse Form" is available on the EHS Website and hard copies are available in the back of the EHS Student Handbook and at the EHS School Excuse Station on main campus.

Students will be allowed a maximum of four (4) parent excuses (PE) per semester and any excess of four (4) will remain unexcused. *Regarding absences that are avoidable during the school day (personal vacations, driver's license/permit, ID cards, etc.), students will be expected to utilize parent notes.*

Chronic Absenteeism is data of students who missed 18 or more days for any reason. Although Parent Notes (PE), Medical Excuses (DE), etc. are considered excused absences, these absences remain contributing factors to Chronic Absenteeism Data. Research shows that Chronic Absenteeism is associated with several negative consequences for students including lower achievement, disengagement from school, course failure, and an increased risk of dropping out.

Administration recognizes that some illnesses do not require a medical appointment, and there may be financial difficulty for medical needs which may prevent a student from attending medical appointments. We are staffed with full-time nurses who may take phone calls from parents to receive explanations of health-related illnesses/injuries in order to determine whether a medical code may be given from their office. **It is the responsibility of the parent to notify the school nurse immediately of such situations.**

Unexcused Absences

Scheduling make-up work is the responsibility of the student.

Excessive Absences

If unexcused absences (UA) exceed five (5) days or more during the school year (not semester), a letter will be sent home in order for the legal guardian to address the student's unexcused absences with the school's attendance point of contact referred to in the letter. The school will proceed with the following:

1. Investigate the reasons for the excessive absences
2. Conference with parent(s) and student to resolve the attendance problem
3. Refer the parent and student to the Early Warning Court and follow all policies and laws concerning truancy

Any student with an excess of seven (7) unexcused absences during the **school year (not semester)** may be referred to Early Warning Court in the court division of the student's school zone. Once truancy beyond Early Warning Court has been filed, all further actions reside with the Judge of Juvenile Court.

The Driver Improvement Unit of the Driver's License Division in the Department of Public Safety will be notified of students who have more than ten (10) consecutive or fifteen (15) cumulative unexcused absences during a single semester and/or students who drop out of school under the age of nineteen (19). This notification is required by Alabama Code 16-28-40 (School Enrollment Law) and will result in suspending or obtaining the license or permit of the student. Notification of suspended licenses is the responsibility of the Alabama Law Enforcement Agency Drivers License Division.

Check Outs

The Board encourages that appointments not of a critical nature be scheduled for times and days when school is not in session. While check outs from school are discouraged by the Board, necessary checkouts must be processed by the parent through the school's office. **Failure to check out through the school office using the "Enterprise High School Check Out Form" is considered a form of truancy requiring disciplinary action.** An "Enterprise High School Check Out Form" completed by a parent/guardian OR an in-person check out by someone listed on the student's check out card will be the only ways a student may check out of school. Electronic copies of the "Enterprise High School Check Out Form" can be found on the EHS Website and hard copies are available in the back of the EHS Student Handbook. Contact cards for purposes of identifying who may check out a student will need to be completed by a parent/guardian at the beginning of each school year for each student. Failure to return contact cards will result in the inability to check out. **For safety reasons, phone/email check-outs are not allowed.**

In order for a Check-Out to be excused, a completed "EHS School Excuse Form" must be submitted to a lock box (located on the first floor main campus hall and the EHS lobby) within three (3) days of a student's return.

When severe weather conditions exist, parents are asked to comply with emergency school dismissal procedures established by building level administrators.

Check Ins/Tardies

A student must check in at the main office when arriving to class after the 7:50 am bell and when returning to school after checking out. Failure to check in properly at the front office may result in an unexcused absence or unexcused tardy or truancy depending on the situation and will not be tolerated. Tardies are considered excused for the same reason(s) as excused student absences. Excessive absences and tardies may result in a home visit.

The following procedures will be followed in dealing with unexcused tardies:

Tardy	Consequences	Additional Consequences for EHS Students
6th tardy unexcused	2 days of after school detention or corporal punishment	Warning of revocation of parking privileges
7th tardy unexcused	3 days of after school detention or corporal punishment	Revocation of parking privileges for 1 week
8th tardy unexcused	In school suspension for 1-3 days	Revocation of parking privileges for 2 weeks
Additional tardies	Additional ISS days, possible Court appearance, extended revocation of parking privileges	Revocation of parking privileges for 1 month or more

Educational Neglect

School personnel are considered "mandatory reporters." If educational neglect is suspected or observed, a report MUST be made to proper authorities. If an educational neglect petition is filed, the following consequences may occur through the Judge of Juvenile:

- Warrant issued for parent/legal custodian's arrest.
- Parent/legal custodian will be arrested and taken to jail. There will be a $2,500 bond.
- Parent/legal custodian will appear for a court hearing.
- If found guilty, the parent will be given a 90-day jail sentence-suspended.
- Court-ordered to make sure the child is in school every day and on time.
- If the child has unexcused absences, the parent could be ordered to spend 30 days in jail.
- If there continue to be unexcused absences, the parent could be ordered to serve the remainder of the jail sentence.
- The parent could lose custody of the children.
- DHR could be involved in the case.

Truancy Cases (Age 12 and up):

Truancy is defined in the *Alabama Attendance Manual* as "unexcused absences or skipping school/class for a day or a portion thereof" (2022, p. 83).

"A parent, guardian, or other person having charge of any child officially enrolled in Alabama public schools (K-12) shall explain in writing the cause of any and every absence of the child no later than (3) school days following the return to school. A failure to furnish such explanation shall be evidence of a child being truant each day he is absent" (*Alabama Attendance Manual*, 2019, p. 62).

The student and/or parent is prosecuted with the following potential consequences:

- Electronic Monitoring
- Adolescent Substance Abuse Program
- Boot Camp
- DYS
- Suspended Driver's License

Make-up Work

It is the goal of Enterprise High School that all make-up work and tests are completed; however make-up work is the student's responsibility. If a student misses an announced test or assignment due to an absence from school, the teacher may require the student to make up the test or turn in the assignment upon the student's

return to class. ADVANCED ASSIGNMENTS SUCH AS BOOK REVIEWS, CLASS REPORTS, RESEARCH PROJECTS, ETC. SHOULD BE TURNED IN PRIOR TO THE TIME OF THE ABSENCE, ESPECIALLY WHEN THE STUDENT KNOWS OF THE ABSENCE IN ADVANCE.

Students who miss class due to school-related activities (SA) must make arrangements with their teachers prior to the absence. The teacher may require students to take tests or turn in assignments in advance. It is the responsibility of the student to arrange with teachers the appropriate time in which missed assignments are to be completed upon returning from an absence. Failure to make up work/tests will result in a zero. Students must make up work within 3 days or at the discretion of the teacher.

INSTRUCTIONAL PROGRAM

General

Enterprise High School is a comprehensive school consisting of grades nine through twelve combining an excellent academic program with an equally outstanding career-technical program. The school is fully accredited by both the Alabama State Department of Education and the Southern Association of Colleges and Schools. There are comprehensive programs for students that qualify under the federal and state guidelines for services in special education and Section 504 of the 1973 Rehabilitation Act (see Forward). Enterprise High School students consistently score above the state and national norms in all areas of educational achievement, and its student body is unsurpassed in attainment of individual and group honors, scholarships, etc.

Program of Studies

The curriculum guide which includes course descriptions is available online for the purpose of providing a full description of all courses, programs, courses of study, and academic requirements at Enterprise High School. Students and parents are encouraged to examine this booklet in order to plan according to each student's abilities and aspirations. Such booklets will be available online and in guidance upon request to each student prior to the annual registration process. If such information is desired any other time, booklets are available on a personal basis from the guidance department upon request by students or parents.

Valedictorian/Salutatorian/Summa and Magna Cum Laude

For the purpose of recognizing any of the above honors, all GPA's that will be used will be weighted and will not be rounded.

1. Valedictorian will be the student that is determined to have the highest weighted GPA in the senior class.
2. Salutatorian will be the student who has the second highest weighted GPA in the senior class.
3. The top ten seniors in addition to the Valedictorian and Salutatorian will be the students who will lead the graduation ceremony.
4. Students who have a 4.3 or higher weighted GPA will graduate with the honor of Summa Cum Laude.
5. Students who have a 4.0 or higher weighted GPA will graduate with the honor of Magna Cum Laude.

Note: Due to the new procedure for identifying honor graduates, there will no longer be an Advanced Endorsement or a Seal of Distinction beginning with the class of 2021.

Guidance Services

All staff members of Enterprise High School are interested in each student's social, physical, emotional, and intellectual development. All teachers and administrators are willing to help students with problems that may arise. There may be times, however, when a student needs the specialized services of a qualified counselor. Counselors are available to students to assist with personal and academic problems. Students and parents are encouraged to get to know a counselor personally in order to take advantage of the many services that the counseling department makes available to students. Guidance services may include, but are not limited to the following:

State Testing. The following standardized tests are given each year:

1. Pre-ACT is mandatory for 10th grade.
2. ACT is mandatory for 11th grade.
3. Eleventh grade students may choose to take the PSAT as a qualifier for National Merit Scholarships. Tenth grade students may take the PSAT for practice. Students are charged a fee to take the PSAT.

College Entrance Exams, ACT & SAT:

4. Students may obtain information on registering for the ACT and SAT in Guidance or the College & Career Center.
5. Students are encouraged to begin taking these college entrance exams during the sophomore year (no later than fall of junior year). Students are encouraged to utilize the Enterprise High School College and Career Center for college help and guidance.

Alabama Seal of Biliteracy: The Alabama Seal of Biliteracy is awarded by the Alabama State Department of Education in recognition of graduating students who have demonstrated an intermediate level of proficiency in English and at least one other world language, including American Sign Language. Information on application and testing is available on the Enterprise High School website.

Scholarship Information: Scholarship information is available in the College & Career Center (CCC). Applications for a variety of scholarships are available in the CCC and on the school website. Students are encouraged to visit the CCC as early as the 9th grade to begin planning for college and/or career.

Parent-Teacher Conferences: The faculty and staff welcome the opportunity to answer questions and concerns, as well as share our own. Parent conferences with teachers, guidance counselors, and/or administrators are encouraged. To schedule a conference with multiple teachers for one conference, call the guidance office at 334-475-4910. **Parents are encouraged to email the individual teacher to set up a conference if only that one teacher is needed.**

Schedule Changes: Careful consideration should be given to courses that will be taken each year. A definite decision should be made during spring registration. Once registration is completed, teachers are hired and the master schedule is finalized based on courses selected during spring registration. After the spring deadline for schedule request changes has passed, the following schedule change procedures will be utilized:

1. Enterprise High School does not honor requests for teachers or teacher changes.
2. Elective changes will not be honored. Students are asked to submit 4 elective choices and 4 alternates during spring registration. Electives are assigned based on availability and best fit with a student's complete scheduling needs. Students who do not complete a registration form or turn one in incomplete forfeit their right to choose elective courses.
3. Students requesting a course level change (AP, Honors, Advanced, Regular) must complete the current nine week term. The grade earned for that term will be awarded on the transcript along with a 0.5 credit at the current course weighting. Changes may be considered by the principal or his designee based on seat availability during the currently assigned block only.

Requirements for Graduation

Students must earn at least 27 credits (9th-12th) in order to earn a diploma. Please refer to the online curriculum guide for a detailed explanation of course requirements and diploma. Students projected to be short of graduation requirements at the end of their senior year should schedule a conference in Guidance to discuss possible ways to recover credit. All students are required to take four core classes (English, math, science, and social studies) each school year.

Early Completers

To be considered for early completion, seniors must complete an application available in guidance no later than completion of junior year.

Grading & Reporting System

Students receive report cards showing each subject attempted at the end of each nine-week interval. This report card will contain a grade indicating the student's achievement for the preceding nine-week period. The report card will also contain the number of absences for the reporting period, comments by the teacher, and other pertinent information. All students will receive progress reports around the midpoint of the reporting period. Such a report will relate the current standing of the student and make recommendations for improvement. IT IS THE RESPONSIBILITY OF THE STUDENT TO SEE THAT PARENTS RECEIVE SUCH REPORTS. Grades are also available online through the Parent Portal.

The grading scale observed at Enterprise High School is as follows:

Grading Scale		Grade Point System		While the interpretation of such grades is dependent upon the student's innate ability and effort, they may be considered to have the following general interpretation:
A	90-100	A	4 points	A Excellent Achievement
B	80-89	B	3 points	B Good Achievement
C	70-79	C	2 points	C Satisfactory Achievement
D	60-69	D	1 point	D Fair Achievement
F	0-59	F	0 points	F Failure

Grade Point Averages

Grade point averages and class rank are calculated by using all credit-bearing courses. Grades earned in the ninth grade are included in the computation of grade point averages. If a student is repeating a grade or a course, all previous grades earned in that grade or course will be included in the grade point average computation. Any Alabama High School Diploma credit eligible courses, successfully completed in the eighth grade or prior, will satisfy the requirement for graduation but will not be computed in the grade point average. For information regarding course weights, please see the current Enterprise High School Curriculum Guide.

Term Exams

Term examinations are a valuable learning experience for our students. Most of our students will be confronted with such examinations after high school, regardless of whether they attend college. Term exams may be written or performance tests or a combination of the two. Term exams will count one-fifth of the semester grade. This grade may be derived by adding the reporting period averages two times each to the semester test grade and dividing this score by five. Students who miss term exams at their scheduled times must have a health officer or doctor's excuse before making up an exam. Other ***extenuating*** circumstances require students to complete the "Prior Approval" process **BEFORE** a student may miss an examination. This includes 9-week examinations. *The "Prior Approval" process does not include trips or plans that should be scheduled around the exam schedule. Students should not schedule routine dental or medical visitations during the exam schedule*. Failure to do so will result in a grade of zero on the final exam. Cumulative term exams will be given in all courses. Check the course syllabus for exam dates, as well as the calendar page (page 5).

Exemption Policy: Advanced Placement courses and Dual Enrollment courses do not qualify for any exemption policy. AP students must take EITHER the AP exam or the final exam in their course. Exemption policies do NOT waive this requirement.

See the Enterprise High School website for specific exemption policies.

Fees

In order to maintain the high standards of instruction at Enterprise High School, it is necessary to charge some fees in order to provide laboratory and expendable materials necessary to maximize instruction. Please refer to the Curriculum Guide for class fe**es.**

Fee Exemption Standards

Parents of students in grades 7 through 12 may apply for exemptions from payment of Board approved school fees on the basis of inability to pay. The following standards are to be applied determining eligibility:

A. The family income guidelines established for the school lunch exemption program will be used to determine fees.

B. Families with students on free and reduced lunch programs may apply for fee exemption or reduction.

Procedures:

A. Applicants desiring exemptions are to apply in writing through the principal of the school where their children attend.

B. Applicants for exemptions are to include the family income of each student applicant.

C. Applicants must be willing to answer questions regarding family income and financial circumstances.

D. Applicants need to apply for fee exemption within 10 days from the beginning of the term.

Summer School

The following regulations are in effect for summer school attendance:

A. Summer school instruction shall be limited to Enterprise High School students for make-up or enrichment only.

B. The student must register with the guidance secretary and pay the required fee at the time of registration to become an official registrant.

C. Students who will end the school year in TAP and will begin the next year in TAP may take summer school classes. However, summer school days will not count towards their TAP time the upcoming year.

Textbooks

The textbook laws provide many textbooks for students at no charge. These books must be used for several years. If a student damages or loses a state-owned textbook, he/she must pay for the replacement. When textbooks are unavailable or funds are not provided, students will be asked to purchase their own books, which become personal property. (Money will be returned to the students when books are found in good condition.)

Media Center

The goal of the Enterprise High School Media Center is student success. The media center staff is available to help students achieve their educational, personal, and professional goals. In addition to our trained staff, we provide the following resources for use in the media center: desktop computers, Chromebooks, iPads, a MacBook, an iMac, a scanner, and basic supplies needed to complete hands-on projects (i.e. – scissors, glue, markers, etc.). Students may print or have copies made in the library for $.10 per black-and-white page and $.25 per color page. Payment is due upon printing or copying. The media center maintains a print collection to support research and recreational reading. Students are welcome to borrow books for a two week loan period. Opening hours are Monday through Thursday 7 am – 3:30 pm and Friday 7 am – 3:15 pm.

STUDENT ACTIVITIES

Co-curricular activities are considered an important part of the total school experience. However, the main emphasis should be on academics. If a student's co-curricular activities are hindering his academic progress, the student will be counseled to place his academic work ahead of co-curricular activities. This could involve the recommendation of the student dropping co-curricular activities.

Assemblies & Pep Rallies

Special assemblies are held during the school year. Students are notified of such programs.

During the school year we will have several pep rallies in the gym. Students will be notified when pep rallies are scheduled. The cheerleaders are responsible for planning and organizing these pep rallies, and the administration asks that students cooperate with the cheerleaders. Other sports will be recognized during the second term.

Athletics

The athletic program at Enterprise High School advocates good sportsmanship and fair play at all times. The conduct of the team and student body must always be above reproach. Regulations of Alabama State Athletic Association govern the rules by which the athletic program is administered at Enterprise High School. For NCAA eligibility and guidelines, see the school website. The following are some rules that all students should be aware of concerning athletics:

1. A student who is nineteen years of age before August 1 is ineligible to play any sport.
2. A student becomes ineligible when he has attended any junior or senior high school 8 semesters or terms after completing the eighth grade or entering the ninth grade.
3. Any student who is under suspension or whose character or conduct is such as to reflect discredit upon this school or previous schools attended is ineligible.
4. The players represent our school on the field. Students represent our school in the stands, as well as going to and from games.
5. A student may transfer from a non-member school one time and become eligible in the first fall semester he or she attends this school.
6. A student changing schools during the school year is ineligible to participate in athletics unless a bonafide move as described by the Alabama High School Athletic Association is made by parents or guardians.
7. As a means of maintaining our drug-free policy for student athletes, Enterprise High School has implemented active student athlete substance screening or testing . Copies of this policy will be available to all parents, guardians, and student athletes. Notice of this policy will be posted at the office of the Athletic Director. All students and their parents/guardians consent to this policy by requesting participation in athletics. Students will also comply with all applicable Enterprise City Board of Education Policies and student codes of conduct.

Extra-curricular Activity Participation Information Guidelines

Applies to all sports, clubs, and organizations that require membership and a faculty sponsor.

1. Students entering grades 9-12 must, for the last two semesters of attendance and summer school, if applicable, have a passing grade and earn the appropriate numbers of credits in each of the 6 subjects that total 6 Carnegie units of credit, including 4 core subjects composed of English, science, social studies, and mathematics. In rare cases, the 4 core courses could be a combination of any of the four. Administrative approval will be needed to validate this option.
2. Each eligible student must have a minimum composite numerical average of 70 on the 6 Carnegie units from the preceding year and summer school. Summer school work passed may substitute for the regular work repeated in computing the 70 average.
3. The composite numerical average will be determined by a system-wide formula applied by the Superintendent.
4. PE may count as only 1 unit of the 6 required.
5. If a student starts the year eligible, the student retains the eligibility for the entire school year. A student is to be considered eligible until certified ineligible.

6. Students deemed ineligible at the beginning of the year may regain their eligibility at the end of the first term by meeting the eligibility requirements in the two most recently completed semesters plus summer school. Restoration must be determined no later than 5 days after the beginning of the succeeding semester. An ineligible student may not become eligible after the fifth day of each term.
7. Students elected or selected to an office or organization during the spring or summer could be determined ineligible in the fall of the following year if eligibility requirements are not met. They would be removed from the office or organization.
8. Any student who earns more than four credits in the core curriculum in any given year or who accumulates a total in excess of the required 4 per year may be exempt from earning the 4 core courses in the succeeding year as long as that student remains on track for on-time graduation.
9. Students and parents must have a clear understanding of the consequences if the student is declared academically ineligible.
10. Normal club meetings will not be considered extracurricular even if they are held after school hours.
11. The responsibility of determining eligibility will rest with the athletic director. The athletic director is responsible for maintaining an eligibility file of eligible students.
12. Ineligible students may be members of the choir and band classes, but can only participate during the regularly scheduled class time and concerts directly related to the successful completion of the course. They may not participate in any activity that would require them to miss another regularly scheduled class.
13. Academically ineligible students may not be enrolled in or be a member of the following: Varsity sports, cheerleading, ROTC drill teams, ROTC rifle teams, Encores, SGA, Class officers, Wildcat Reps, Miss EHS, Homecoming Queen and court, school play, Dance Line, Math Team, Prep Bowl Team, any academic or non-academic group that competes in activities and/or contests, and any after-school activity sponsored by an Enterprise High School organization.
14. Academically ineligible students may not participate in the following: Athletic events, pre-game shows, half-time shows, after school rehearsals, club conventions, parades, trips, competitions, performances at public meetings, banquets, social and/or activities that would require missing a regularly scheduled class.

Student Related Organizations

While they are on school property or at any school sponsored events of Enterprise High School, students are prohibited from participating in and/or recruiting membership for any club or organization, which has not been approved through the principal's office. Only approved school organizations may wear club insignias, logos, clothing, and exhibit club signs, language, and materials.

Publications

The yearbook at Enterprise High School is *The Encoala* (an acronym for ENterprise COffee ALAbama) and can be purchased online or in school. *The Encoala* is the only official publication of Enterprise High School. Any other publications that may be distributed on or off school campus will be considered unofficial and in violation of school policy. Only the principal and superintendent can approve school publications.

A student's legal name of record is required to be used in official school publications and directory information.

School Pictures

School photos for underclassmen are taken in early fall. There are no spring photos for underclassmen. All students (9-12) are required to take a school photo to be included in directory information.

Senior portraits are taken in June before senior year with a Saturday makeup session in August. There is one final photo date during the school day for senior portraits. All senior portraits for the yearbook must be made by the official high school photography company. Students will be provided an opportunity to choose the formal portrait to appear in the yearbook. This photo will also be used in the local newspaper's senior edition and on the JumboTron at graduation. No senior portraits made by other photographers can be used for these purposes. With the payment of a sitting fee, **five to six** formal poses will be taken. Seniors then have the option to take portraits in up to **three** additional outfits indoors and outdoors. The sitting fee also includes a proof book and online gallery access to view images and purchase prints. If the sitting fee is not paid, a photo will be taken for

school use but is not provided to the student for purchase.

Yearbooks are available for purchase online at www.jostensyearbooks.com or in school. Sales begin at the lowest price in August and increase throughout the year. Seniors and families are able to purchase a senior recognition ad in the yearbook. Contact the yearbook advisor for more information. Forms for the yearbook, business advertising, and senior ads are distributed to students at the beginning of the school year and made available online.

Seniors will take Cap & Gown photos in early spring. Required regalia will be provided for the photos including honor cords for school-sponsored honor societies. Only students on the honor society rosters provided by the school-approved sponsor will be eligible to wear the appropriate honor cords.

MISCELLANEOUS PROCEDURES

Emergency & Disaster Procedures

A severe weather, fire, and crisis plan has been developed for Enterprise High School. All teachers have a copy of the plan in order to familiarize students with emergency procedures. Students are expected to cooperate and follow all instructions during emergency situations. Emergency drills will be conducted during each semester.

(A) Severe Weather or Tornado
- Students will be moved out of rooms into designated areas
  Signal: automated message
  * Alternative Signals: intercom/messenger

(B) Building Evacuation
- Leave rooms by designated exits to a safe distance from school
  Signal: automated message
  *Alternate Signals: intercom/messenger

(C) Lock Down
- Teachers will follow alert code procedures.
  Signal: automated message
  *Alternate Signals: intercom/messenger

A Crisis Management & Safety Plan has been developed for dealing with a variety of major and minor emergencies. The Crisis Plan follows the guidelines established by the Enterprise Board of Education and the State Board of Education. Emergency drills will be conducted throughout the school year.

*Any intentional disruption of emergency, disaster, or safety plans will result in disciplinary action- see the Description of Consequences for Inappropriate Behavior Section of this book.

Visitors

All visitors to school grounds must report to the school office. Students are not permitted to bring visitors to school.

Student Drop-off

No food drop-offs are permitted unless administration approves it. This includes Door Dash, Take out Star, or any other food delivery service. Office personnel are not responsible for calling a student out of class to receive items dropped off. Examples: Band instruments, homework, sports equipment.

Changing Classes and Moving in the Halls and Stairwells

It is necessary that certain traffic rules be observed when a large number of people are moving in one building. Students are not to run to classrooms, buses, or the lunchroom. Students should walk on the right side of corridors and stairs to facilitate movement and should not congregate in a manner that would block halls, doors, and stairwells at any time. Students who “horseplay” or harass other students in any way in the halls during the changes of classes or at lunch are subject to punishment.

Care of Classrooms, Buildings, and Grounds

All students are expected to do their part in keeping Enterprise High School a clean and attractive school. A school of this size is difficult to keep clean daily without student cooperation. No food or drinks will be allowed in the classroom areas or parking lots during school hours. Students are asked to please use the trash cans. Do not bring glass bottles or containers on campus. Students with a documented medical need must receive a health pass from the school nurse. Do not throw gum down on the ground or halls or stick it to the furniture.

Destruction of School Property

Students who destroy or damage school property will be subject to suspension, TAP, or expulsion from school depending on the severity of the act or situation. Students will also be required to pay for the property destroyed or damaged.

Valuables

Large sums of money or articles of great value should not be brought to school. This is for the protection of the owners. The school cannot be responsible for money or valuable items that are lost or stolen. When it is necessary for a student to bring a large sum of money to school, the office will be glad to cooperate with the student and keep this money until the student needs it.

EHS is not responsible for lost items, such as cell phones, earbuds, etc. EHS is not responsible to help find these items; these items are the sole responsibility of the student.

CHILD NUTRITION PROGRAM

Enterprise City Schools Child Nutrition Program works in accordance with the National School Breakfast and Lunch Program, Alabama health codes, and local board policies to provide meals for all students in Enterprise City Schools. All schools offer a complete breakfast and lunch each school day. Enterprise City Schools participates in a federally subsidized feeding program. Free and reduced meals are available for those who qualify according to Federal guidelines. Family applications will be available online to print or online to fill out at the beginning of the school year. Parents should fill out one application per family and list all students in the home on the same application. Approved applications must be on file in the CNP office in order for a child to receive free or reduced price meals. Your application may be checked by school officials at any time during the year. All students who attended Enterprise City Schools last year and were eligible for free or reduced price meals will continue receiving free or reduced price meals for the first 30 days of school or until a new form is processed. New forms must be filled out each year in order to receive free or reduced meals. Parents who wish to print the form or fill it out can visit www.enterpriseschools.net, click on Parent Tab, and then click Free & Reduced Meal Application. If a parent wishes to have a copy sent home with the student, they can call our office at 334-347-7572.

An electronic meal account will be maintained for each student. Money may be deposited in the meal account by cash or check before school or during lunch. Each student will use their POS ID number to enter into the keypad at the cashier station, and the purchase will be recorded on their account. Using a student's District ID number, parents may visit www.myschoolbucks.com to make online payments. You can also download the free app MySchoolBucks in the apple store or google play. Parents can visit www.enterpriseschools.net, click on Parent Tab, and then click on MySchoolBucks. Either option requires a small transaction convenience fee. Parents can set up an account to receive a notification when the student's account reaches below $5.00. All monies left on the account at the end of the school year will remain on the student account and roll over to the following school year. Refunds are only given out when a student is withdrawing from Enterprise City Schools.

It is the intent of Enterprise City Schools to provide an opportunity for each student to eat a nutritious breakfast and lunch during the school day. It is also the policy of Enterprise City Schools to comply with all federal

program regulations pertaining to the National School Breakfast and National School Lunch programs. As per the federally governed Child Nutrition Program regulations, uncollected meal charges constitute a bad debt and are unallowable.

The charged meal policy will be implemented for the benefit of the students, and will not be used by board employees. Students and staff are encouraged to deposit money into their meal accounts regularly, whereby a draft of the account may be made on a daily basis as a la carte items are purchased.

No extra purchases or a la carte items are allowed to be charged. The CNP Manager will send home charge notices to parents weekly and a charge report will be given to the school principal daily of charges incurred on that day.

Enterprise City Schools participates in allowing students Offer vs. Serve which gives the student the option at lunch to refuse up to two items offered as part of a complete meal. Offer vs. Serve consists of a minimum of five components: meat/meat alternate, vegetable, fruit, bread/grain, and milk. The milk choices consist of skim and low-fat flavored milk. Students must select at least three components, one of which has to be a ½ cup of fruit or vegetable, in order to comply with USDA regulations.

If a student has a special dietary requirement, please notify the school by submitting a doctor's note which describes the necessary dietary modifications in detail.

Enterprise City Schools has a district policy that prohibits outside food products from being brought into the cafeteria in the original boxes or bags; for example, McDonald's or Subway bags or Little Caesars pizza boxes. Items that are rewrapped or placed in a non-identifiable container may be accepted. Carbonated beverages in the original containers are also prohibited. It is permissible if they are placed in a thermos or other container in which they cannot be identified. These guidelines should be followed by both students and adults in the cafeteria.

Enterprise City Schools will be serving meals that meet the 2010 Healthy, Hunger Free Kids Act, ensuring that meals are healthy, well-balanced and provide students all the nutrition they need to succeed at school. Breakfast and lunch menus, meal prices and nutritional analysis can be found at www.enterpriseschools.net, click on Menus across the top of the page, or visit www.mealviewer.com. You can also download the free app MealViewer To Go in the apple store or google play.

TECHNOLOGY

Violation of the following will be considered Class III offenses:

Technology Acceptable Use Agreement

The most current Acceptable Use Agreement can always be found at this address:
http://www.enterpriseschools.net.

By signing the Code of Student Conduct you are agreeing to the terms of the Acceptable Use Agreement.

The goal of the technology environment is to support all educational and instructional needs of the students and the teachers of Enterprise City Schools. ***Use of any and all resources should be considered a privilege and not a right.***

Introduction:

- **User** will include anyone, including employees, students and guests using any of ECS's technology, including, but not limited to, computers, both wired and wireless networks, Internet, email, chat rooms, phones and other forms of technology services and products.

- **Network** is both the wired and wireless networks including our Wide Area Network.

- **Equipment** includes smartphones, cellular phones, PDA's, Mp3 Players, iOS devices, desktop computers, tablets, laptops, netbooks and any portable storage device.

To ensure that students receive a quality education and that employees are able to work in a professional and intellectually stimulating environment, it is the intention of the Enterprise City Schools to provide all students and employees with access to a variety of technology resources. All Enterprise students and staff must acknowledge and adhere to this Agreement.

The creation of a large and varied technology environment demands that technology usage be conducted in legally and ethically appropriate ways. We recognize that the use of technology always requires attempts to balance the benefits against the possibilities of danger, security problems, and abuse. Rapid changes in technology and growth in the range of content available makes this a constant challenge. Thus, it is the intention of the Enterprise City Schools that all technology resources will be used in accordance with any and all school system policies and procedures as well as local, state, and federal laws.

Some of these procedures pertain to technology equipment personally owned by school employees and students and brought into school facilities. All personal technologies used on any ECS campus are subject to this agreement and may be used only if such use is in compliance with all school system policies, procedures, and guidelines as well as local, state, and federal laws. This would also include any external storage medium including Dropbox, Google Docs or similar online storage.

Employees and students are prohibited from emailing outside the school system or storing/saving on external storage devices or portable devices that do not remain on campus, electronic copies of student or staff personal information. This information includes, but is not limited to data containing social security numbers, information protected by FERPA, and any other sensitive and/or protected information. In the event that this type of information is stored on a portable or external device and said device is lost or stolen, the Chief Technology Officer should be notified immediately.

Any questions about this agreement, its interpretation, or specific circumstances shall be directed to the Chief Technology Officer before proceeding. Violations of this agreement will be handled in a manner consistent with comparable situations requiring disciplinary and/or legal action.

I. ACCESS:

A. The use of all Enterprise City Schools technology resources is a privilege, not a right, and inappropriate or suspected inappropriate use can result in a cancellation of those privileges, pending investigation. Moreover, users of Enterprise City Schools' technology must be aware that Enterprise City Schools cannot assume any liability arising out of the illegal or inappropriate use of technology resources. The Chief Technology Officer, local school Technology Coordinators and/or school system administrators will determine when inappropriate use has occurred, and they have the right to deny, revoke, or suspend specific user accounts.

To maintain network integrity and to insure that the network is being used responsibly, local school Technology Coaches, Technicians and/or other designated technology staff reserve the right to inspect any and all data, including data stored by individual users on individual school or personal devices (if connected to the ECS network). Users should be aware that activities might be monitored at any time, without notice.
B. Users should not have any expectation that their use of technology resources, including files stored by them on the Enterprise City Schools' network, will be private and will be secure from access by others. Reasonable steps will be taken to maintain the security of technology resources, but no assurance can be given that penetration of such security will not occur. Because communications on the Internet are public in nature, all users should be careful to maintain appropriate and responsible communications. Enterprise City Schools cannot guarantee the privacy, security, or confidentiality of any information sent or received via the Internet, email correspondence, telephone, etc.
C. Users are encouraged to avoid storing personal and/or private information on technology devices or network resources owned by the district and/or school.

C. In emergency situations, student pictures or other personally identifiable information can be shared with outside agencies in accordance with this signed "Enterprise City Schools Acceptable Use Agreement" and in accordance with FERPA guidelines.
D. District or school data, such as but not limited to STI information, accessed through school system technology resources may not be used for any private business activity.

The system-wide technology staff does perform routine backups in an effort to assure continuity of business. There can be no assurance, however, that technology resources will be available within a particular time frame following an outage. There is no guarantee that information that existed prior to an outage, malfunction, or deletion, can be recovered. Users are expected to maintain and back up their critical files and data.

IV. COPYRIGHT:

Any questions about copyright provisions should be directed to the district Chief Technology Officer, local school Technology Coach, or local school media specialist.
A. Legal and ethical practices of appropriate use of technology resources will be taught to students and employees in the system (i.e. as part of the Technology Education Curriculum, during lab orientation, network orientation, or faculty meetings, etc.). Again, all questions regarding legal and ethical practices of appropriate use should be directed to the local school Technology Coach and/or district Chief Technology Officer.
B. Copyright is implied for all information (text, data, and graphics) published on the Internet. Student and employee web page authors will be held responsible for the contents of their pages. Do not "borrow" icons, sounds, or graphics from other pages without documented permission. It is the student or employee's responsibility to secure proper usage permission. Duplication of any copyrighted software is prohibited unless specifically allowed in the license agreement and, then, should occur only under the supervision and direction of the technology staff.

V. EMAIL:

Enterprise City Schools provide access to email accounts for all employees, long-term substitutes, and, on a limited basis, for students. This agreement addresses each user. Email accounts may be granted for school related organizations or classes with designated employee sponsors. C. Enterprise City Schools' email accounts may not be used for political activity, personal gain, commercial purposes, or profit.
D. SPAM- Enterprise City Schools' email accounts may not be used for attempting to send or sending anonymous messages. Enterprise City Schools' email accounts may not be used for sending mass emails unless to parent lists or for other educational purposes.
E. Enterprise City Schools' email accounts may not be used for posting or forwarding other user's personal communication without the author's consent.
F. Because email is not securely transmitted, discretion must be used when sending, or encouraging the receipt of email containing sensitive information about students, families, school system employees, or any individuals. There can be no assurance that email will be confidential and/or private.

G. There is a system-imposed limit on storage for email accounts. Users meeting or exceeding the limit will be unable to send or receive emails. Users who are required to maintain email for more than 180 days should print said emails.
H. Incoming and outgoing email is filtered by the district for inappropriate content. However, no filtering system is foolproof, and material deemed inappropriate by individual users may be transmitted in spite of filtering. Enterprise City Schools cannot assume any liability for such breaches of the filter.
I. At the discretion of the Chief Technology Officer, email accounts may be locked without notice.

VI. INTERNET USE:

The intent of the Enterprise City Schools is to provide access to resources available via the internet with the understanding that staff and students will access and use information that is appropriate for their various curricula. All school rules and guidelines for appropriate technology usage, as well as local, state, and federal laws apply to usage of the Internet. Teachers should always screen all Internet resources before projecting them in the classroom.

A. Students gain access to the Internet by agreeing to conduct themselves in a considerate and responsible manner and by providing written permission from their parents via this Enterprise City Schools Acceptable Use Agreement. The acceptable use agreement is not transferable, and therefore, may not be shared. Existing acceptable use agreements are valid until new forms are received. Students are required to have new forms signed when changing schools or enrolling as a new student.
B. Internet activity can and will be monitored, along with other aspects of technology usage. Internet access for all users is filtered, through one central point, by URL (web address) and by IP address and may be filtered by keyword. URLs (web addresses) and IP addresses may be added to or deleted from the filtered list by the Chief Technology Officer and his or her designee. Staff members may request to review filtered categories. Users requesting sites for blocking or unblocking must list specific URLs.

Successful or unsuccessful attempts to bypass the Internet filter by using proxies or other resources are a violation of this agreement.

VII. WEB PUBLISHING:

The Enterprise City Schools' web site is limited to usage associated with activities of Enterprise City Schools. The web site cannot be used for personal financial gain, to express personal or political opinions, or to editorialize. The Technology Staff reserves the right to reject all or part of a proposed or posted web page.

A. Links from pages housed on the Enterprise City Schools' website to personal blogs, social networking sites, advertisements unrelated to school system business, and/or personal web pages are prohibited.
B. Student pictures or other personally identifiable information can be used in accordance with the signed "Enterprise City Schools Acceptable Use Agreement" and in accordance with CIPA and FERPA guidelines. Student posting of personally identifying information of any kind on the Enterprise City Schools' website or linking to personal information from the Enterprise City Schools' website is prohibited. Personally identifying information includes home and/or school address, work address, home and/or school phone numbers, full name, social security number, etc.
C. Individual students may be identified by first name and first letter of last name.
D. Caution should be used when photographs of any students are included on web pages. Group photographs without names are preferred for all students.

VIII. SOCIAL MEDIA RECOMMENDATIONS

Social media can be a valuable tool for both personal and professional use. However, as with any tool, it must be used with skill and care. The guidelines below have been developed to help protect students and employees from charges of inappropriate use.

Although many of the items below specifically reference Facebook or Twitter, the guidelines and cautions apply to all social networking venues.

It is strongly recommended that teachers do not “friend” current students and/or students under 18 years of age. There may be exceptions, such as a relative, a friend's child, etc.; however, as a general rule, it is recommended that teachers do not “friend” students, and they assume personal responsibility if they choose to do so.

Enterprise City Schools has created and hosts several options for teachers to safely use social media for instructional purposes including, but not limited to, Edmodo and Moodle. District technology personnel have immediate access to online dialogue when challenges are made regarding inappropriate use if the sites are hosted by Enterprise City Schools. A potential danger exists when employees communicate directly with students or instruct students to communicate directly to each other or the general public on social media sites that are not hosted by Enterprise City Schools.

District sponsored and approved teacher websites, including email and School Messenger along with the Powerschool parent portal should be the primary means for electronic parent communication.

A. Remember, once something is posted on a social networking site, it may be available forever.
B. Please avoid posting comments that discuss or criticize others.
C. Only post what could be shared in a face-to-face meeting with the public - no confidential student information.
D. Make sure posts and pictures are presented in a professional role or manner.

IX. EXAMPLES OF INAPPROPRIATE USE OF RESOURCES:

This list is not all-inclusive, but is intended to provide general guidance. Anything that would be considered inappropriate in "paper form" is also considered inappropriate in electronic form. The following are examples of inappropriate activities when using any Enterprise City Schools’ network, email system, hardware, software, technology service, and/or Internet access:

A. Using another user's password or attempting to discover another user's password
B. Sharing passwords
C. Unauthorized access of another user's files, folders, home directory, or work
D. Saving information on any network drive or directory other than your personal home directory or a teacher-specified and approved location
E. Downloading, installing, or copying software of any kind onto a workstation, laptop, home directory, or any network drive
F. Harassing, insulting, embarrassing, or attacking others via technology resources
G. Damaging any technology resources, including, but not limited to, printers, telephones, computers, computer systems, or computer networks

ACADEMIC INTEGRITY PROCEDURES FOR THE USE OF AI PROGRAMS

These procedures are designed to guide the responsible and ethical use of Artificial Intelligence (AI) programs. While AI can significantly enhance the educational experience by supporting learning and creativity, its improper use may undermine academic integrity and learning objectives.

In order to leverage AI technologies to enrich our educational environment while upholding our commitment to academic excellence and integrity, students must abide by the following:

Academic Integrity

1. **Students will ask permission before utilizing any AI programs**. All usage of AI programs in this class requires prior approval from the teacher. Before incorporating any AI tool into an assignment or activity, the student must discuss his or her intent with the teacher.

2. **Students will only use AI programs to supplement, not replace, learning.** AI programs may serve as a tool to assist understanding and creativity, but students cannot rely on it exclusively for assignments. AI programs are not a substitute for a student's own critical thinking and understanding of the subject matter.

3. **Students will correctly document the use of AI generated content**. Just as copying information from websites or other resources without giving proper credit is plagiarism, using AI-generated content without due acknowledgement or understanding is also plagiarism. Students should not represent AI-generated content as their own original work. The school does not tolerate plagiarism, regardless of whether the content is generated by AI or obtained through other means.

4. **Students will verify any work created with the assistance of AI.** Assignments or projects created with the assistance of AI are subject to review. Students may be required to verbally explain their work and the extent of AI's role in it to ensure understanding and original contribution. If a student cannot adequately represent his or her work, it will be assumed AI was utilized as a replacement for learning, and the consequences will be subject to the teacher's discretion.

5. **Students will maintain academic integrity when using AI tools.** They should not allow other students to copy or use their original work or AI-assisted work. Sharing work is against school policy. All work generated with the assistance of AI programs must be original.

6. **Students will responsibly use AI technology.** The unethical use of (AI) programs and software is not acceptable. Unethical use includes:

    - ➢ Generating assignment submissions that would be considered plagiarized.
    - ➢ Answering assessment questions.
    - ➢ Creating any work (like art, presentations, text, video, music, etc.) with the help of AI and claiming it as solely a student's own work.
    - ➢ Sharing work submissions, or AI-generated answers, or enabling others to use AI-assisted work as solely student's own work.

Consequences for Policy Violation

Violations for improper use of AI will be taken seriously and may result in disciplinary action, including but not limited to:

- ➢ Direct verbal or written warning
- ➢ Required meeting with teacher to demonstrate knowledge and understanding
- ➢ Assignments reverted to draft for resubmission
- ➢ Mandatory educational session on ethical AI usage
- ➢ Parent / guardian notification and / or conference
- ➢ Grade reduction on related assignment
- ➢ Failure for the related assignment
- ➢ Academic referral to EHS administration

SCHOOL NURSE SERVICES

It is extremely difficult for your child to work well in the classroom if he/she does not feel well. Therefore, school nurses are committed to the elimination of health barriers which may interfere with your child's performance in the classroom. Your child's well-being is the primary concern. Please contact the nurse without hesitation if you feel that the nurse can be of assistance.

You have been provided a "Health Assessment Record". Please be sure that this form is accurately completed on the front and back, signed, and returned to the school. To help us better serve your student in the healthroom, it is very important to have this form completed as soon as possible. Please note that the completion of this form permits only the administration of basic first aid, which includes the cleaning of usual scrapes and scratches. Please contact the nurse immediately if your child has a pre-existing condition or a special health need.

ADMINISTRATION OF MEDICATION

The Enterprise City School System recognizes the need for some students to receive medications during the school day. In response to this identified need and to comply with the Alabama State Department of Education, guidelines have been established to ensure the safe and proper administration of medications. The goal of our school system regarding the administration of medication during the school day and/or during school related extracurricular activities is to assist students in maintaining an optimal state of wellness, thus enhancing the educational experience. A nurse is available in each school to ensure the proper administration of medications during the school day, and to ensure that issues of health do not impact negatively on students' classroom performance and attendance.

Most medications will and should be given at home. The first dose of a new medication or a change in dosage (increase or decrease) of a current medication should be given at home, with the exception of emergency medications (e.g., EpiPen injection) Medications prescribed for once a day, twice a day, or three times a day should be given at home. If the medication is ordered to be given with food, the student should have a snack given with the medication at home. The only exception to this is if the physician orders the medication at a specific time such as after lunch. Please contact your school nurse if there are other special conditions regarding the administration of medications during the school day.

Please be reminded that the authority to administer medication(s) to your child must come from you as the parent/guardian and the physician, when the medication is prescribed. Please do not allow your child to keep medications or medical devices, such as inhalers, with him/her during the school day, unless prescribed by a physician. If prescribed, a self-administration form is to be on file with the school nurse.

It is the responsibility of the parent to make the school nurse aware of any medical services needed for all school activities – during the day, after school, and extra- curricular. A medical release form must be completed for students participating in an out-of-town or overnight school sponsored activity or event. The form must be submitted to the school at least one week prior to the out-of-town/overnight activity or event. The form may be obtained from the school sponsor or nurse.

Our school system's guidelines for the administration of medication or treatment outside of basic first aid are specified on the pink form entitled "The Administration of Medication." Please read these guidelines carefully. If your child will require medications and/or treatments other than first aid, please be reminded that an "Enterprise City Schools' Medication Authorization Form" must be completed by you and your child's physician for prescribed and OTC medications before these medications and/or treatments can be administered during the school day. All medications must be brought to the health room by the parent/guardian. Please contact the nurse immediately if you need this authorization form and if you have questions and/or concerns.

Guidelines

1. All medications, whether prescription or over the counter (OTC), must be delivered to the school nurse by the student's parent/guardian.

2. Medications must not be transported on the school bus (except emergency medications and approved medications prescribed for self-administration).

3. A student may carry an emergency, lifesaving medication after the proper medical documentation has been submitted to the school nurse. The student, parent, and school nurse must sign a "self-administration agreement." All medication must be recorded with the proper documentation with the school nurse.

4. A Medication Authorization Form must be completed and signed by the student's parent/guardian before any medication (prescription or nonprescription) may be administered to a student during the school day or extracurricular activity. If a medication is prescribed by a physician/licensed prescriber, the medication authorization form must be signed by the physician/prescriber before the medication is administered. Please contact your school's nurse for a copy of this form.

5. A student may not keep medications, whether prescription or over-the-counter, with him/her, on his/her person, in his/her locker, or in his/her car during the school day or during school activities unless specifically prescribed for self-medication by a physician/prescriber.

6. Once medication has been received by a parent/guardian, the school nurse will count, inspect, and properly secure the medication.

7. For prescription medications, a current pharmacy-labeled container is required which includes the student's name, physician/prescriber's name , name of medication, strength, dosage, time interval, route, and date of drug's discontinuation, when appropriate. If the administration of this medication will be longer than two weeks, the parent/guardian should request two containers from the pharmacist, with one labeled for school use. Prescription samples must have a completed Medication Authorization form signed by the physical/prescriber and parent. The School Medication Prescriber/Parent Authorization form must be completed and signed by the same physician/prescriber listed on the pharmacy prescription label.

8. When the medication to be given is a non-prescription or over-the-counter medication, it is to be unexpired and sealed in its original container. This container should identify the medication and provide all the

manufacturer's labeling and instructions. Medications, which are sent or brought to the school in other containers or wrapped in such items as Kleenex, paper towel, etc., will not be administered to students. A medication authorization form must also be completed by a physician and signed by the student's parent/guardian before any medication is administered.

9. Prescription/OTC medications must have written authorization from a licensed healthcare provider and MUST BE approved by the FDA. No prescription medication may be given without a pharmacy label (which includes the student's name, prescriber's name, name of medication, strength, dosage, time, interval, route and date of drug's discontinuation when applicable).

10. Every effort will be made to notify the parent/guardian within 30 (thirty) days of the pending expiration date of medication(s).

11. The parent/guardian should pick up the student's medication which has not been used at the end of the school year. All unused medications not picked up by a parent/guardian will be disposed of. LAST FULL DAY OF SCHOOL - ANY MEDICATION NOT PICKED UP WILL BE DISPOSED OF IMMEDIATELY.

12. The parent/guardian must provide the school with a new Medication Authorization Form (signed by physician/prescriber and parent/guardian) if medication orders are changed at any time during the school year.

13. It is the responsibility of the parent/guardian to inform the school nurse of any medical services needed for afterschool, extracurricular, and/or overnight/out-of-town activities. An out of town/overnight medical release form is to be completed, signed, and submitted 7 days prior to the activity. The Medical Release form may be obtained from the school nurse or printed from the district website.

Backpack Safety Guidelines

In accordance with recommendations supported by the Alabama State Department of Education, schools should be educated about the potential health impact of heavy backpacks and to take proactive measures to avoid injury.

● Backpacks should weigh no more than a maximum of 10 percent of a child's body weight

● Encourage ergonomic backpack with individualized compartments to efficiently hold books and equipment

● Encourage children to wear both shoulder straps and not sling the backpack over one shoulder

● Encourage wide padded adjustable straps that fit a child's body

● Encourage the heaviest book to be left at school and handouts or workbook be used for homework assignments

COMMUNICABLE DISEASES

Communicable diseases are those diseases that may be transmitted from person to person and are the most common cause of school absenteeism. If your children wake up not feeling well and/or with a temperature, please keep them home. Not only are they not at their best to learn, but they might very well infect their peers, teachers and other staff.

Here are a few guidelines to follow during the school year:
Students should stay home from school if they have:
- Fever of 100.0 degrees or more
- Undiagnosed rash
- Vomiting, nausea or abdominal pain
- One or more episodes of diarrhea
- Complains of severe earache, with or without fever
- Severe sore throat with symptoms indicating possible strep throat
- Symptoms of pink eye – which include pink or red color in the white of the eye(s). Eyes which are itchy, scratchy, or have any discharge or crusting of eyelids or lashes
- Persistent cough
- Any sore oozing fluid or pus

Note: Some of the symptoms listed above require clearance from a physician before your child may return to school, but not all. Please consult with the nurse at your child's school.

Students should remain home:
- For 24 hours after their temperature returns to normal, without medication
- For 24 hours after vomiting and diarrhea have ended
- Until a physician has determined the results of a throat culture for strep
- For 24 hours after their first dose of medication with a diagnosis of strep throat or conjunctivitis (Pink Eye)

It is important that these symptoms are recognized quickly and steps are taken to stop them from spreading to safeguard the health of all students and staff. If you have any questions or concerns you may contact the nurse at your child's school.

Head Lice (Pediculosis)

General Information: Head lice are a common problem among school children and occur in all socio-economic groups regardless of age, gender, or personal hygiene. Head lice can be a nuisance but they have not been shown to spread disease. Parents should take responsibility to check the entire family often and follow the guidelines to control head lice. If lice or nits are present, the parent should notify the school nurse and use a safe method for treatment.

Head lice do not hop, jump or fly, but move by crawling. They are acquired by coming in direct contact with the hair of the infested person. Head-to-head contact with an already infested person is the most common way to get head lice. Head-to-head contact is common during play at school, at home, and elsewhere (sports activities, playground, slumber parties, camp.) Using the same hat, comb or brush, or lying on contaminated furniture, carpet, or bed linens, may spread them.

Some of the signs of head lice are, intense itching of the scalp, redness or small bite marks on the scalp, swollen glands on the back of the neck behind the ears, tiny gray adult lice on the hair and scalp, or the lice eggs which are called nits. These nits/eggs are like grains of sugar, which are attached to the hair shaft near the scalp.

Treatment: All family members should be checked before beginning treatment. If any other family members show evidence of lice or nits, they should be treated at the same time.

There are many treatment options available. These options should be discussed with a pharmacist or other health care provider. If any cuts or extensive scratches are on the scalp, please consult with your family physician before using any treatments. No treatment products should be applied to an infant's scalp. The nits should be manually removed. It is very important to follow the directions exactly for any product that is used.

After the treatment has been done according to the directions provided, you must manually remove any nits present on the hair. A bright light shining above the head will make it easier for you to see the nits. A fine tooth comb sometimes helps but it may be necessary to manually remove each nit. Some treatment products will not kill all the nits. If they remain on the hair, they will hatch out in 7 to 10 days and the cycle will begin again. Please continue to check the hair and scalp for at least 10 days following treatment. A second treatment in 7 to 10 days may be required to kill the newly hatched lice from eggs left after the first treatment.

You should machine wash all washable clothing and bed linens which the person has come in contact with for the last three days using HOT water and dry them in a HOT dryer. Non-washable items such as furniture and carpet should be vacuumed.

School's Responsibility: Schools are mandated by the State Health Department to control head lice. Enterprise City Schools will adhere to the following procedure:
1. Once head lice/nits have been detected by a visual examination from the school nurse, the child's parent will be notified to begin treatment. The child may return to class provided parent has been made aware. .A parent should accompany the child when he/she returns to school to be rechecked by the school nurse before going to class. The school nurse will make a determination as to whether a child can return to class based on a visual examination.
2. If treatment has not begun, the child will be sent home with the parent to begin treatment. The student may not ride the bus until cleared by the nurse.
3. The school nurse will check the student again in 7 to 10 days to ensure that the treatment has been effective.

Parental Responsibility: It is the parent's responsibility to ensure that treatment is completed for their child. It is also important that parents notify any people outside the school setting that the child has come in contact with such as playmates and other family members so that a possible outbreak may be controlled. Parental cooperation and honesty can help us control this problem.

Meningococcal Disease

What is meningococcal disease?
- Meningococcal disease is any illness caused by the bacteria Neisseria meningitidis.
- It is the leading cause of bacterial meningitis in children 2-18 years of age in the U.S.
- Meningococcal disease can be very serious, even life-threatening in 48 hours or less.
- The two most severe and common illnesses caused by meningococcal bacteria include;
  - o Meningitis – an infection of the fluid and lining around the brain and spinal cord
  - o Septicemia – a bloodstream infection

What are the symptoms?
- Symptoms of meningococcal disease are similar to influenza (flu) and may include:

o Sudden onset of a high fever
o Stiff neck
o Vomiting
o Rash
o Severe aches and pain in muscles, joints, chest or belly
o Headache
o Nausea
o Increased sensitivity to light
o Confusion

How does meningococcal disease spread?
- Meningococcal disease is spread person to person by sharing respiratory secretions, through kissing or coughing, close or lengthy contact, and among people who share a room or live in the same household.

● Anyone can get meningococcal disease, but teens and college freshmen who live in residence halls are at increased risk.
● Some people can "carry" meningococcal bacteria in their nose and throat without getting meningococcal disease, but can still infect other people.
● Most cases of meningococcal disease are spread by people who "carry" the bacteria with no symptoms, appear to be random, and not linked to other cases.
● Meningococcal outbreaks can occur in communities, schools, colleges, prisons, and in other high risk populations.

Meningococcal Vaccine
Who should get meningococcal vaccine?
● Adolescents 11 through 18 years of age are routinely recommended for two doses of meningococcal conjugate vaccine (MCV4).
● Preteens should get the first dose of MCV4 at their 11-12 years of age check-up and a booster dose of MCV4 is recommended at 16 years of age.
● Teenagers who missed a dose and are heading off to college as a freshman living in a residence hall. Ask your doctor about getting the vaccine now.
● Teenagers with HIV should get three doses of MCV4.
● People 55 years of age and older should get Meningococcal polysaccharide vaccine (MPSV4).
● Both vaccines prevent 4 types of bacterial meningococcal disease.

Who should be vaccinated because they are at increased risk?
● College freshmen living in dormitories.
● Laboratory personnel exposed to meningococcal bacteria.
● U.S. military recruits.
● Anyone traveling living where meningococcal disease is common, like Africa.
● Anyone with a damaged spleen or who had the spleen removed.
● Anyone with an immune system disorder.
● Anyone exposed during a meningococcal meningitis outbreak.

What are the vaccine side effects and risks?
● MCV4 is safe, but side effects can occur.
● Most side effects are mild or moderate and do not affect daily activities.
● The most common side effects in preteens and teens occur where the injection is given and may include pain, tenderness, swelling, and hardness of the skin.
● Other common side effects may include nausea, feeling a little run down, and headache.
● Some preteens and teens may also faint after getting a vaccine.
● Reactions usually last a short time and get better within a few days.

Where can I find more information?
● Ask your doctor.
● Call the Alabama Department of Public Health, Immunization Division, at 1-800-469-4599.
● Go to cdc.gov and type meningococcal vaccine in SEARCH box.

ENTERPRISE CITY SCHOOL SYSTEM
NOTIFICATION OF RIGHTS FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age ("eligible student") certain rights with respect to the student's education records. These rights are:

1. The right to request the amendment of the student's education records within 45 days of the day the Enterprise City System receives a request for access. Parents/guardians or eligible students should submit to the appropriate school principal, a written request that identifies the record(s) they wish to inspect. The school principal will make arrangements for access and notify the parents/guardians or the eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent/guardians or eligible student believes are inaccurate or misleading. Parents/guardians or eligible students may ask the Enterprise City School System to amend a record they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the Enterprise City School System decides not to amend the record as requested by the parents/guardians or eligible students, the school system will notify the parents/guardians or eligible students of their right to a hearing. Additional information regarding the hearing procedures will be provided to the parents/guardians or eligible students when notification of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the Enterprise City School System as an administrator, supervisor, instructor, staff member (including health or medical staff) and Enterprise City School Board or a person or company with whom the Enterprise City School System has contracted to perform a special task (such as an attorney, auditor, medical consultant, school psychometrist, or therapist).

   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the Enterprise City School System discloses education records without consent to officials of another district in which a student seeks or intends to enroll.

   {NOTE: FERPA requires a school district (LEA) to make a reasonable attempt to notify the parents/guardians or eligible students of the records request unless it states in its annual notification that it intends to forward records on request.}

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Enterprise City School System to comply with the requirements of FERPA. The name and address of the office that administers FERPA:

Annual Notification Regarding
School Provided or Sponsored Mental Health Services
2026-2027

Information Regarding How to Allow, Limit, or Prevent Your Child's Participation in Mental Health Services

Under Alabama law, no student under the age of sixteen may participate in ongoing school counseling services including, but not limited to, mental health services, unless (1) the student's parent or legal guardian has submitted a written opt-in granting permission for the student to participate or (2) there is an imminent threat to the health of the student or others.

Therefore, if your child is under sixteen, they will only be allowed to participate in mental health services if you opt-in. **If you would like the school system to be able to offer and/or provide mental health services to your child, you must opt-in for each service listed for them to participate in that service.**

Even if you do not opt-in to mental health services, your child may be provided mental health services if there is an imminent threat to their health or others. School employees may determine, in their discretion, whether such imminent threat exists and provide any mental health services they deem necessary under the circumstances.

For the purposes of this notification, "mental health services" includes services, treatment, surveys, or assessments relating to mental health. However, it does not include instructional activities designed to educate students regarding topics related to mental health either contained in the school system's approved curriculum, or otherwise required to be taught by law. "On-going school counseling services" shall include those school counseling services which do not require a mental health therapist or other mental health therapeutic license.

Parents of students with disabilities: Please note that the opt-in process is not applicable to any school counseling services or "mental health services" contained in a student's IEP or §504 plan. Consent for those services will be obtained and information regarding your child's mental health services will be provided through the usual special education process.

Enterprise City Schools may provide, sponsor, or support the following services:

- **Large group guidance** - includes school counselor or professional visiting the classroom to discuss topics such as bullying, class scheduling, stress management, test anxiety or guest speakers to discuss good choices, substance abuse prevention, etc.

- **Crisis intervention** - short-term, immediate assistance by school counselor or professional for a specific situation.
- **School-Based Mental Health** - On-going counseling services by school professionals or private practitioners in the school setting. Parent or legal guardian's permission will be obtained before services are provided.

Review of Materials - You may request to review any materials used in the student guidance and counseling programs by contacting the school principal or school counselor.

Keep at home.
