The wide variety of hardware and software capabilities of available e-Readers makes them challenging to monitor and control in a school environment in contrast with school owned technology assets like computers, etc. Therefore, our e-Reader Acceptable Use Policy needs to be specific and clear. A student who violates any portion of the e-Reader Acceptable Use Policy may immediately lose the privilege to use their e-Reader at school for a length of time commensurate with the nature of the violation.

Students may bring a dedicated eReader, such as an Amazon Kindle eReader or Nook eReader to school for the sole purpose of reading e-books**.**

In order to have an eReader on campus, it must be registered with Trinity Catholic School Media Center. No tablet or phone device which can support apps or access internet for the purpose other than downloading the book will be allowed.

Any student who violates any portion of the eReader Acceptable Use Policy below may immediately lose the privilege to use his/her eReader .
