

# 2nd GRADE

## ELAR YEAR AT A GLANCE

### MRS. ROBERTS

| TOPICS COVERED                                                                                                                                                                                                       | DATES                            | TEKS                                                                           |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------|--------------------------------------------------------------------------------|
| Reading workshop routines, literacy in the world around us, phonics and decoding, vocabulary development, comprehension strategies, independent reading, writing process (planning, drafting, revising), conventions | <b>AUGUST 12 - SEPTEMBER 24</b>  | 2.1A–E, 2.2A–C, 2.3B, 2.4A, 2.5A, 2.6A, 2.6I, 2.7E, 2.11A–E                    |
| Author's purpose, making connections, asking questions, predicting, comprehension strategies, informational text, text features, writing process, revising and editing                                               | <b>SEPTEMBER 28 - NOVEMBER 6</b> | 2.1A–E, 2.2A–E, 2.3A–B, 2.4A, 2.5A, 2.6A–F, 2.6I, 2.7A, 2.7C–F, 2.10A, 2.11A–E |
| Literary elements, fiction, characters, setting, plot, traditional literature, author's craft, written responses, revising and editing                                                                               | <b>NOVEMBER 9 - DECEMBER 18</b>  | 2.1A–E, 2.2A–E, 2.3A–B, 2.4A, 2.5A, 2.6A–I, 2.7C–F, 2.8A–D, 2.10A–C, 2.11A–E   |
| Poetry, drama, figurative language, rhythm and rhyme, drama elements, fluency, author's craft, composition                                                                                                           | <b>JANUARY 5 - FEBRUARY 12</b>   | 2.2A–E, 2.3A–B, 2.4A, 2.5A, 2.6A–I, 2.7A–F, 2.9A–D, 2.10A–C, 2.11A–E           |
| Informational text, central idea, supporting details, text features, research and inquiry, expository writing, author's purpose                                                                                      | <b>FEBRUARY 15 - APRIL 2</b>     | 2.2A–E, 2.3A–B, 2.4A, 2.5A, 2.6A–I, 2.7A–F, 2.10A–C, 2.11A–E, 2.12A–C          |
| Persuasive/argumentative text, research, inquiry projects, opinion writing, integrating reading and writing, end-of-year review                                                                                      | <b>APRIL 5 - MAY 19</b>          | 2.2A–E, 2.3A–B, 2.4A, 2.5A, 2.6A–I, 2.7A–F, 2.10A–C, 2.11A–E, 2.12A–C          |

## 2nd GRADE MATH YEAR AT A GLANCE MRS. ROBERTS

| TOPICS COVERED                                                                                                               | DATES                            | TEKS                                  |
|------------------------------------------------------------------------------------------------------------------------------|----------------------------------|---------------------------------------|
| Place value to 1,200, comparing and ordering numbers, expanded form, number relationships, composing and decomposing numbers | <b>AUGUST 12 - SEPTEMBER 24</b>  | 2.1A–G, 2.2A–D                        |
| Addition and subtraction strategies, one- and two-step word problems, fact fluency, equal groups foundations                 | <b>SEPTEMBER 28 - NOVEMBER 6</b> | 2.1A–G, 2.4A–B, 2.5A–C                |
| Geometry, two- and three-dimensional figures, fractions, partitioning shapes                                                 | <b>NOVEMBER 9 - DECEMBER 18</b>  | 2.1A–G, 2.7A–B, 2.8A–B                |
| Standard algorithms for addition and subtraction, data analysis, picture graphs, bar graphs                                  | <b>JANUARY 5 - FEBRUARY 12</b>   | 2.1A–G, 2.4A–D, 2.7C, 2.10A–D         |
| Measurement, length, estimating, comparing measurements, time                                                                | <b>FEBRUARY 15 - APRIL 2</b>     | 2.1A–G, 2.9A–E, 2.9G                  |
| Multiplication foundations, division foundations, fractions, money, personal financial literacy                              | <b>APRIL 5 - MAY 19</b>          | 2.1A–G, 2.3A–C, 2.6A–B, 2.9F, 2.11A–F |

## 2nd GRADE

### SCIENCE YEAR AT A GLANCE

#### MRS. ROBERTS

| TOPICS COVERED                                                                                                                                           | DATES                            | TEKS                                                                |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------|---------------------------------------------------------------------|
| Matter, physical properties, changes in matter, combining matter, force, motion, pushes, pulls                                                           | <b>AUGUST 12 - SEPTEMBER 24</b>  | 2.1B–C, 2.1E, 2.2B, 2.2D, 2.3A, 2.5A–C, 2.5E, 2.6A–C, 2.7A–B        |
| Sound energy, volume and pitch, vibrations, objects in the sky, Sun, Moon, stars, patterns in the sky                                                    | <b>SEPTEMBER 28 - NOVEMBER 6</b> | 2.1A, 2.1D, 2.1F, 2.3C, 2.4A–B, 2.5A–B, 2.5E, 2.8A–C, 2.9A–B        |
| Weather, Earth's resources, movement of Earth materials, conserving resources, plants, animals, habitats, basic needs                                    | <b>NOVEMBER 9 - DECEMBER 18</b>  | 2.1A, 2.1D–G, 2.3B, 2.5A–B, 2.5D, 2.5F–G, 2.10A–C, 2.11A–B, 2.12A–C |
| Organisms and environments, life cycles, inherited traits, structures and functions, survival in habitats                                                | <b>JANUARY 5 - FEBRUARY 12</b>   | 2.1A–F, 2.2A–D, 2.3A–C, 2.4A–B, 2.5A–G, 2.13A–D                     |
| Science process skills review, engineering design, recurring themes and concepts, integrated investigations, STEM applications                           | <b>FEBRUARY 15 - APRIL 2</b>     | 2.1A–F, 2.2A–D, 2.3A–C, 2.4A–B, 2.5A–G                              |
| Review of matter, force and motion, sound, Earth and space, weather, natural resources, life science, end-of-year investigations, STAAR readiness skills | <b>APRIL 5 - MAY 19</b>          | 2.1A–F, 2.2A–D, 2.3A–C, 2.4A–B, 2.5A–G, 2.6A–2.13D (Review)         |

## 2nd GRADE

### SOCIAL STUDIES YEAR AT A GLANCE

#### MRS. ROBERTS

| TOPICS COVERED                                                                | DATES                            | TEKS                                           |
|-------------------------------------------------------------------------------|----------------------------------|------------------------------------------------|
| Community history, historical figures, timelines, maps, geographic tools      | <b>AUGUST 12 - SEPTEMBER 24</b>  | 2.1A–B, 2.2A–B, 2.15B–D, 2.16E–F               |
| Citizenship, democratic values, symbols, patriotic holidays, good citizenship | <b>SEPTEMBER 28 - NOVEMBER 6</b> | 2.10A–C, 2.11A–B, 2.11D–E, 2.16F–G             |
| Government, public officials, laws, services, community leadership            | <b>NOVEMBER 9 - DECEMBER 18</b>  | 2.8A–B, 2.9A–D, 2.16E–F                        |
| Geography, landforms, natural resources, human-environment interaction        | <b>JANUARY 5 - FEBRUARY 12</b>   | 2.3A–B, 2.4A–B, 2.5A–C, 2.15D, 2.16E–F         |
| Economics, producers and consumers, goods and services, jobs, technology      | <b>FEBRUARY 15 - APRIL 2</b>     | 2.6A–B, 2.7A–C, 2.13A–B, 2.14A, 2.15D, 2.16E–F |
| Culture, customs, traditions, celebrations, cultural heritage                 | <b>APRIL 5 - MAY 19</b>          | 2.1A, 2.12A–B, 2.15D, 2.16F                    |
