CHARTER SCHOOL**

FAMILY HANDBOOK

2026-2027

Letter from the Chief Executive Officer

Dear Chester Community Charter School Families,

Welcome to Chester Community Charter School. This Family Handbook is designed to help families clearly understand the expectations, procedures, responsibilities, and supports that apply while students attend Chester Community Charter School. Our goal is to provide every child with a safe, orderly, respectful, and academically focused learning environment, and that work depends on a strong partnership between home and school.

At Chester Community Charter School, we believe student growth is built through strong teaching, consistent expectations, supportive relationships, and safe school environments. We understand that every child comes to school with different strengths, needs, and experiences, and we remain committed to helping students grow academically, socially, emotionally, and personally. We care deeply about education, the development of children, and the responsibility to provide schools where students feel secure, supported, and ready to learn each day.

This handbook should be used as a practical guide. It explains what families and students are expected to do each day, why those expectations matter, and how Chester Community Charter School procedures are connected to school policy. We have worked to keep the details families need in the handbook itself so that expectations are clear, consistent, and easy to reference throughout the school year.

Thank you for your partnership, your support, and your commitment to your child's success at Chester Community Charter School. We look forward to working together throughout the 2026–2027 school year.

Sincerely,

Mark Battinieri

Chief Executive Officer

Introduction

Dear Family,

Welcome back to Chester Community Charter School, and for our new student families, welcome to our school. By joining the Chester Community Charter School family, you have become part of a network of people who have dedicated their professional lives to helping children reach their full potential. Our school mission is to develop a community of learners dedicated to empowering children.

As with every family, we need a set of principles and guidelines to help us understand and respectfully co-exist with one another. The purpose of this handbook is to do just that. While you may not find the answer to every question, you should have a general idea of how we accomplish things. Keep in mind that our mission is to empower children. Simply stated, we expect our students to learn to think for themselves and to take responsibility for their own actions.

At Chester Community Charter School, we also understand that children come to school with different life experiences, different needs, and different challenges. For that reason, our approach is grounded not only in structure and accountability, but also in compassion, understanding, safety, and support. We work to create school environments that are physically safe, emotionally supportive, respectful, and consistent, so that students can learn, grow, and feel secure in their school community. We believe strong schools are built through clear expectations, caring relationships, trauma-informed practices, and a commitment to helping children develop both academically and personally.

This handbook is intended to support that work by clearly outlining the expectations, procedures, responsibilities, and protections that help our schools operate in a safe, orderly, and respectful way. If you have any questions regarding any items not included in this handbook, feel free to call us at 610-447-0400. This is an evolving document and may change based on input we receive.

Parent and Family Engagement

Parents play an important role in the education of their children. Parent and Family Engagement provides a strong and positive force in the academic success of students. Chester Community Charter School is committed to working with parents collaboratively to keep and maintain a strong partnership focused on creating school and home environments to help children and youth thrive and succeed.

Ways to Get Involved

- Participate in PTA meetings held each month around 6:00 p.m. Notifications will be distributed prior to the meetings and posted on the Chester Community Charter School website.
- Volunteer in your child's school as a career-day guest speaker, chaperone on field trips, or other activities.
- Communicate with your child's teacher regarding your child's progress and attend the Title I Annual Meeting, parent/teacher conferences, and Back-to-School nights.

Chester Community Charter School defines meaningful Parent and Family Engagement as reflected in (1) the parents' attendance at Open House, PTA meetings, scheduled meetings, conferences, and special school activities, and (2) the child's completion of homework assignments, school attendance, arrival at school on time, adherence to the Dress Code, and following the school's behavioral code.

Parents will receive a "Parent Report Card" that indicates the degree to which they have met these criteria for meaningful Parent and Family Engagement.

The Title I Family Programs Coordinator will survey parents each spring and fall regarding Title I activities they wish to take part in during the school year and/or summer. Parent activities may include topics such as fitness, nutrition, financial planning, and violence prevention. If you have any questions or suggestions for how parents can be involved, do not hesitate to contact your child's classroom teacher or the building principal.

Additional Dress Code Notes

- Sweaters must be navy or red button cardigan or pullover with the Chester Community Charter School logo.
- Hats must be removed when entering the building.
- Earrings are permitted; however, small posts only – no dangles. No bracelets or necklaces.
- No open-toed shoes, heels, flip flops, slippers, Crocs, or sandals.
- Blue jeans are not permitted on regular school days or gym days.
- Hoodies are not permitted while in school.
- Personal items including but not limited to things such as purses, fanny packs, and metal drinking containers, are not permitted while in school.
- Students must wear sneakers in the gym; otherwise, they may not participate.

Why We Have a Dress Code

Several families have asked why a dress code is necessary. The answer is three-fold. First, a uniform dress code develops a sense of belonging to something special – and Chester Community Charter School is certainly that. Second, it eliminates a major source of disagreement among students. Third, many parents have told us that having a uniform dress code makes buying clothes for their children much easier.

Dress Code Violations

Violations of the dress code will result in consequences and disciplinary action as outlined in the Student Code of Conduct, including but not limited to:

- First offense: Letter and phone call to parent/guardian. Student attends In-School Suspension (ISS) if a proper uniform is not brought in.
- Second offense: Letter and phone call to parent/guardian. Student attends In-School Suspension (ISS) if a proper uniform is not brought in.
- Third and additional offenses: Out-of-school suspension for one (1) day for each additional offense.

Visitors

With regard to building safety and security for all students, Chester Community Charter School has security cameras at main entrances, throughout school buildings, and surrounding school property. These cameras operate at all times and assist with school safety and the screening of visitors. All doors at each school will remain locked from the outside during regular school hours. **ALL VISITORS WILL BE DIRECTED TO THE MAIN ENTRANCE OF EACH BUILDING.** Please do not ask staff to open side doors, as it is a breach of security.

Upon entering any of our buildings, each parent, guardian, or visitor will be required to sign in and out, present identification, and state the purpose of the visit. All visitors must remain in the entrance/front office area until welcomed in by school staff. Visitors are required to wear a visitor's badge while in the school. Visitors must not disturb the educational environment and must always follow the direction of the staff member guiding the visit. Anyone may be asked to leave school property at any time and must comply immediately, or authorities may be notified.

Please be aware that Chester Community Charter School may deploy weapons detection equipment, including metal detectors or magnetometer screening systems, at the entrance of any school building. At campuses where such equipment is in use, all students, staff, and visitors entering the building will be required to pass through the weapons detection system and to pass all personal belongings and bags through the scanning equipment. Families are encouraged to contact the Building Principal if they have questions about security procedures at a specific campus.

Parking

- East Campus: Parking is prohibited on 5th Street from 7:15–9:00 a.m. and 2:00–4:00 p.m. Madison Street and Crosby Street will be used for parent parking. Parents may also park on 4th Street or in designated school parking lots.
- West & Upland Campuses: Visitors may park in any available slot in any lot. Bus lanes must remain clear.
- Aston Campus: Visitor parking is available 9:00 a.m.–2:00 p.m. During arrival (7:15–9:00 a.m.) and dismissal (2:30–3:45 p.m.), visitors should park on the street.

Video Camera Surveillance

Chester Community Charter School equips its schools with video cameras to ensure student and staff safety and to protect school property. Cameras are installed only in PUBLIC areas and student and staff privacy is respected at all times. There is no expectation of privacy in PUBLIC areas. Any questions regarding video camera surveillance should be directed to the School's CEO or his/her designee at 610-447-0400.

Dismissal / Early Dismissal / Appointments

Students are engaged in academic learning until the end of their school day. Early dismissals interrupt student learning and are not acceptable under the Student Attendance and Truancy Policy. Parents/guardians who arrive at school to pick up their child prior to dismissal will need to wait outside until dismissal.

All early dismissals are made from the office, not from the classroom. Families and authorized persons must enter through the front entrance into the secured vestibule area and sign the child out there. Identification must be presented and checked by school staff before any student is released. A child will be dismissed early only to a parent/guardian or other properly authorized and identified adult who is listed on the emergency pick-up/drop-off form on file with the school.

No early dismissals may occur after 2:00 PM for elementary (K-6th grade) and 1:30 PM for Middle School (7th & 8th grade).

Emergency Contact, Custody, and Student Release Information

Each school year, families must provide and maintain current emergency contact, pick-up/drop-off, custody, and authorized person information for their child through the registration packet and any school-required update forms. It is very important that all contact information remain current with the school so that families and authorized persons may be reached quickly in the event of an emergency, illness, early dismissal, or other student need.

If a family moves, changes address or telephone numbers, or has any change involving custody or release status, the school must be notified immediately. Address changes, telephone number changes, and custody information updates are to be completed through the Child Accounting Department. Families may also be required to provide court orders, custody agreements, or other legal documentation when those documents affect a student's release, school access, or decision-making authority.

If a family is experiencing hardship and is displaced, homeless, or living in a shelter, the school and the Child Accounting Department can assist in connecting the family to the proper liaison and available school supports. Chester Community Charter School seeks to work with families to provide support and guidance when housing instability or related hardship affects a student's school enrollment, attendance, transportation, or educational access.

Only those persons properly authorized by the parent/guardian and reflected on school records may pick up or otherwise assume release of a student.

Student Attendance

Students are expected to attend school every day that school is in session and to arrive on time. Families must report absences and lateness to the school in accordance with school procedures. Pennsylvania's Compulsory School Attendance Law mandates that all children begin attending school by age 6 and continue until age 18. Students who accumulate three (3) or more unexcused absences may be considered truant under Pennsylvania law, which can carry legal consequences for families including fines and court action.

Students are expected to be on time for class every day. Habitual lateness will impact the student's ability to grasp subject matter and may result in a lower grade. If students arrive after 10:30 AM (Elementary K-6th grades) and 10:00 AM (Middle School 7th-8th grades), they will be marked absent for that day. If a student is late more than three times in a given month, a meeting between the parent/guardian and administration will be required. If excessive absences impede academic progress, students may be retained.

Policy References: Policy 908 Student Attendance and Punctuality Policy; Policy 909 Truancy Elimination Policy.

Long Term Illness / Absence

If your child is expected to be absent for an extended period of time, parents/guardians should make arrangements with the classroom teacher to obtain long-term assignments. Depending upon the nature of the illness or absence, students will be responsible for keeping up with class work to the extent possible. Medical documentation may be required to support extended absences and to determine appropriate school support.

Policy References: Policy 908 Student Attendance and Punctuality Policy; Policy 909 Truancy Elimination Policy.

Reporting a Child's Illness

If your child will be absent from school due to illness, parents/guardians should notify the school promptly in accordance with school procedures. Absences due to illness must be followed by appropriate written documentation, and medical documentation may be required for extended or repeated illness-related absences. School staff may contact families to verify student absences when necessary.

Children should not be sent to school if they are ill. They should be free of fever, vomiting, or diarrhea for at least twenty-four (24) hours before returning. Children who become ill during the school day should be picked up promptly.

Policy References: Policy 908 Student Attendance and Punctuality Policy; Policy 909 Truancy Elimination Policy.

Meals

Chester Community Charter School provides breakfast and lunch at no cost to families. Students should arrive during the designated breakfast service time so they can begin the day with a healthy meal. Lunches are ordered by the homeroom teacher or front office staff up to the designated daily cutoff time. Students arriving after that time must bring a packed lunch.

Student Deliveries

Students are not permitted to use third-party food delivery services (e.g., DoorDash, Uber Eats, Grubhub) during the school day. Any food delivered to a student through a third-party delivery service will be confiscated and will not be provided to the student.

The only exception to this policy is when a parent or legal guardian personally delivers food for their child.

- Food delivered by a parent or legal guardian may be dropped off in the front office between 10:30 a.m. and 1:45 p.m.
- Parents are not permitted to enter classrooms or the building.
- All approved food drop-offs will be received in the front office.
- Office staff will notify the student's teacher when the food has arrived.
- Teachers or designated support staff should retrieve the food from the front office on their way to lunch and provide it to the student.
- Students should not report to the front office to retrieve food unless directed by a staff member.

Policy References: Meal service procedures administered by Chester Community Charter School and applicable school nutrition requirements.

School Nurse

It is essential that parents/guardians cooperate with the school nurse in ensuring that all medical and dental records are current at the beginning of each school year. Children's records that are not up to date in accordance with state law may result in the student being excluded from school. Any student who does not have the appropriate medical records on file, including immunizations or physicals, may be excluded from school beginning in early December, until such records are brought up to date. Students will not be able to participate in any school or holiday activities during this time.

If your child has a chronic condition that may require medication during the school day, that medicine must be supplied to the school nurse. The medication must be provided in its original prescription bottle/box, including pharmacy instructions. The physician and parent/guardian also need to complete the school's required physician form for administration of medication during school hours. For more information on which form is required please contact your building nurse.

Children should not carry medication, including inhalers or epi-pens, in their school bags or pockets unless approved by their doctor and the school nurse. For your child's health and safety, please keep the school nurse informed about anything relating to your child's health, especially any new allergies or diagnoses that may be identified throughout the school year. Please remember to keep the nurse informed of changes in home or work phone numbers.

Immunizations and Health Records

The following policy applies to immunizations and health screenings required by the Pennsylvania School Immunization Law (28 Pa. Code Ch. 23).

Immunization Requirements

All students shall be immunized against specific diseases in accordance with state law and regulations, unless specifically exempt for religious or medical reasons. According to state law, the school cannot allow a student to attend unless evidence that immunization requirements are met is received by the 5th day after enrollment and 30th calendar day is under McKinney Veto Act.

Children in ALL grades (K–8) need the following vaccines:

Vaccine	Required Doses
DTP (Diphtheria, Tetanus, Pertussis)	4 doses (1 on or after 4th birthday)
Polio	4 doses (1 on or after 4th birthday)
Hepatitis B	3 doses
MMR (Measles, Mumps, Rubella)	2 doses (1 on or after 4th birthday)
Varicella (Chicken Pox)	2 doses (1 on or after 4th birthday)

Required before entering 7th Grade (may be given in 6th grade):

Vaccine	Requirement
Tdap (Tetanus, Diphtheria, Acellular Pertussis)	1 dose at 12 years of age
MCV (Meningococcal)	1 dose at 12 years of age

These requirements allow for exemptions for medical reasons and religious beliefs. If your child is exempt from immunization, he/she may be quarantined and not allowed to attend school during an outbreak.

Health Records

A comprehensive health record shall be maintained for each student enrolled. The record shall include the results of required tests, measurements, screenings, examinations, and medical questionnaires. All health records shall be confidential and their contents divulged only when necessary for the health of the student or to a physician at the written request of the parent/guardian. The school shall require parents/guardians to annually complete a medical history report form that includes information regarding known communicable diseases.

Policy References: Pennsylvania immunization requirements under 28 Pa. Code Ch. 23; student health procedures administered by Chester Community Charter School.

Health Examinations and Screenings

In compliance with the School Code, students shall submit to health and dental examinations in order to protect the school community from the spread of communicable disease, to ensure that participation in health, safety, and physical education courses meets individual needs, and to ensure that the learning potential of each student is not lessened by a remediable physical disability.

Each student shall receive a comprehensive health examination upon original entry and at designated grade levels unless a privately conducted health examination is submitted. Each student shall receive a comprehensive dental examination upon original entry and at designated grade levels unless a privately conducted dental examination is submitted.

The school nurse shall administer vision screenings, hearing screenings, scoliosis screenings, and height and weight measurements at intervals established by the school and mandated by the Commonwealth of Pennsylvania. Where it appears that a student deviates from normal growth and development, or where school examinations reveal conditions requiring health, surgical, or dental care, the parent/guardian shall be informed and a recommendation shall be made that the parent/guardian consult a private physician or dentist. The Chief Executive Officer or designee shall ensure that notice is provided to all parents/guardians regarding the existence of and eligibility for the Children's Health Insurance Program (CHIP).

Recess

Students may receive a daily recess period to provide a short break, fresh air, and positive social and physical activity. Recess will be held outside except in extreme weather conditions. Parents/guardians are expected to ensure that students are dressed appropriately for outdoor conditions. If a student cannot participate in recess for medical reasons, a doctor's note must be provided to the nurse. Recess privileges may be limited or revoked based on student behavior.

Policy References: Recess and student supervision procedures administered by Chester Community Charter School.

Riding the Bus / Bus Rules / Transportation

Chester Community Charter School students who are assigned transportation are expected to ride the bus to which they are assigned and to follow all bus safety and behavior rules. Transporting students to and from school is the responsibility of the student's home school district. Concerns about bus drivers, student behavior on the bus, or bus stop locations can be reported to Transportation.

Bus Behavior Rules

- Upon boarding the bus, students should be seated immediately and remain seated while the bus is in motion.
- Students must talk quietly and may not shout or distract the bus driver.
- Students must keep their head and arms inside the bus at all times.
- Students are expected to help keep the bus clean.
- Profane language, talking back, and fighting on the bus are not permitted.
- Students must follow the directions of the bus driver or aide at all bus stops and crossings.

Students violating the rules of safety and courtesy will be reported to the principal or behavioral specialist by the bus driver. The principal will then determine whether the student's riding privileges will be suspended or whether additional school discipline is appropriate.

No Temporary Transportation Changes

Last-minute requests for a student to ride a different bus home, go home with a friend, or go to a babysitter on a different bus route will not be honored, except with emergency situations. The student must ride the bus to which he or she is assigned. Any changes in bus assignments must go through Transportation. If your child cannot ride their regularly scheduled bus home, alternate arrangements must be made for pickup from school. A written note must be sent to the front office no later than the morning of the day of the change.

Policy References: Policy 900 Student Conduct and Discipline Policy; Policy 901 Student Rights Policy; transportation procedures administered by Chester Community Charter School and the student's home school district.

Emergency Closings

In the event of snow closings or other emergencies, families should monitor major radio and television stations, the Chester Community Charter School website, and official school communication channels for school closing, delay, or emergency information.

Policy References: School emergency communication procedures administered by Chester Community Charter School; Policy 601 School Safety Policy.

Volunteers

Parents/guardians who wish to volunteer in a school building must contact the Building Principal and follow all school volunteer procedures before participating in volunteer activities. All volunteer participation is subject to applicable school requirements, approvals, and clearance expectations in accordance with Pennsylvania law.

Policy References: Volunteer clearance and visitor procedures as administered by Chester Community Charter School.

Student Behavior

Chester Community Charter School expects students to conduct themselves in a manner that reflects respect for themselves and others. The school promotes self-discipline, accountability, and positive decision-making through direct instruction, restorative practices, and consistent expectations. Parents/guardians are encouraged to support students in taking responsibility for their behavior. When needed, the school will apply behavioral interventions and disciplinary measures in accordance with the Student Code of Conduct.

Policy References: Policy 900 Student Conduct and Discipline Policy; Policy 901 Student Rights Policy.

Student Code of Conduct

Chester Community Charter School is committed to providing a safe, secure learning environment for every child in its program. Every child has the right to learn in an orderly, respectful environment. Consequently, no child has the right to disrupt the learning of other children. To enforce this belief, the administration, teachers, and paraprofessionals of Chester Community Charter School do everything possible to demonstrate respect for students. Accordingly, Chester Community Charter School has adopted a Student Code of Conduct along with consequences for violations. These violations apply to all students enrolled in the school whether they are on school property, at any school-sponsored activity, or on any public conveyance providing transportation to a school or school-sponsored activity.

Students also have the right to freedom of expression, provided that expression does not materially and substantially interfere with the educational process, threaten serious harm to the school or community, encourage unlawful activity, or interfere with another individual's rights (22 Pa. Code § 12.9). Students have the right to be free from corporal punishment (22 Pa. Code § 12.5) and the right to confidential communications with school counselors (22 Pa. Code § 12.12).

Policy References: Policy 900 Student Conduct and Discipline Policy; Policy 901 Student Rights Policy; 22 Pa. Code §§ 12.2–12.12.

School Culture and PBIS

Chester Community Charter School is committed to maintaining a safe, respectful, orderly, and academically focused school environment. The school believes that students learn best in school communities where expectations are clear, behavior is consistent, relationships are respectful, and adults and students work together to support learning.

Chester Community Charter School uses Positive Behavioral Interventions and Supports (PBIS) and other school-wide behavior supports to help students understand expectations, strengthen positive decision-making, and encourage appropriate conduct throughout the school day. The purpose of PBIS is to promote a positive school climate by teaching, reinforcing, and supporting appropriate student behaviors while also providing consistent responses when expectations are not met. Students are expected to Be Safe, Be Kind, Be Respectful, Be Responsible, and act in a manner that supports the safety, well-being, and educational progress of the entire school community.

Policy References: Policy 808 Positive Behavior Support Policy; Policy 900 Student Conduct and Discipline Policy; Policy 901 Student Rights Policy.

Bullying, Cyber-Bullying, and Hazing Policy

Chester Community Charter School recognizes that safe learning environments are necessary for students to learn and achieve high academic standards. Our school strives to provide safe learning environments for all students and all employees. Bullying, cyber-bullying, and hazing in any form are not tolerated and will be addressed in accordance with school policy. Chester Community Charter School annually distributes this policy to all students, families, and staff as required by Pennsylvania law.

Definition of Bullying

Bullying and cyber-bullying are defined as an intentional electronic, written, verbal, or physical act or series of acts directed at another student or students that is severe, persistent, or pervasive, and that substantially interferes with a student's education, creates a threatening environment, or substantially disrupts the orderly operation of the school.

Bullying applies to conduct in a school setting and to conduct outside of school when the Charter School reasonably forecasts that such conduct will materially interfere with or substantially disrupt the educational process.

Protected categories include, but are not limited to: race, color, religion, sex, gender identity, gender expression, sexual orientation, national origin, immigration status, disability, and socioeconomic status.

Cyber-Bullying

Cyber-bullying is bullying that occurs through electronic communication devices and platforms, including social networking sites, email, text messaging, blogs, chat rooms, and websites. Cyber-bullying includes, but is not limited to: sending harmful or threatening messages, posting embarrassing photos or videos, creating fake profiles, and excluding or humiliating another person online. Cyber-bullying that substantially disrupts the school environment is subject to school discipline regardless of where it originates.

Hazing

Hazing is defined as any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a person for the purpose of initiation or admission into or affiliation with, or as a condition for continued membership in, any organization. The Pennsylvania Anti-Hazing Law (P.L. 1595, No. 175, as amended 2016) applies to secondary schools serving grades 7–12. Hazing in any form is strictly prohibited.

Reporting and Consequences

Students who have been bullied, hazed, or who have witnessed such conduct are encouraged to report incidents immediately to a teacher, counselor, or school administrator, or anonymously through the Safe2Say Something system. Staff who observe bullying or hazing must report immediately to the CEO. All reports will be promptly and thoroughly investigated. Confirmed bullying or hazing will result in appropriate interventions and disciplinary consequences consistent with the Student Code of Conduct. If bullying, cyber-bullying, or hazing constitutes criminal activity, police will be notified. Per Act 55 of 2022, all bullying incidents are reported to PDE through the Future Ready Index annually.

Retaliation against any person who reports bullying, hazing, or cyber-bullying in good faith is strictly prohibited. Students with disabilities are protected from disability-based harassment under Section 504 of the Rehabilitation Act and Title II of the ADA.

Safe2Say Something System

Each year in schools and communities across the United States, there are millions of youth who hurt themselves or others through verbal, physical, and digital means. These behaviors can cause youth to experience emotional trauma, physical injury, mental health or wellness issues, stress, anxiety, and/or feelings of being unsafe. Too often the outcome results in self-harm, suicide, or homicide.

The Safe2Say Something system teaches youth and adults how to recognize warning signs and signals – especially within social media – from individuals who may be a threat to themselves or others, and to say something using our anonymous reporting system BEFORE it is too late.

How Safe2Say Something Works

1. Submit an anonymous tip report through the Safe2Say Something system, located on the CCCS website.

2. Crisis center reviews, assesses, and processes all submissions.
3. Crisis center sends all submissions to school administration and/or law enforcement for intervention.
4. If needed, the crisis center may contact the tipster anonymously through the app.

Safe2Say Something is a youth violence prevention program run by the Pennsylvania Office of Attorney General. With Safe2Say Something, it's easy and confidential to report safety concerns to help prevent violence and tragedies. You may also contact Safe2Say at 1-844-SAF2SAY or www.safe2saypa.org.

Student Discipline and Due Process

Chester Community Charter School maintains student discipline procedures in order to preserve a safe, respectful, and productive learning environment. When a student violates school rules, the Student Code of Conduct, Board policy, or applicable law, the school may impose consequences and disciplinary measures consistent with the seriousness of the offense, the student's conduct history, the circumstances of the incident, and any other relevant factors. The school is committed to using fair procedures when discipline is imposed.

Student Rights in the Discipline Process

Consistent with 22 Pa. Code Chapter 12 and the Public School Code, students at Chester Community Charter School have the following rights in connection with disciplinary action:

- The right to be informed of the reasons for disciplinary action before a consequence is imposed
- The right to respond to allegations before a suspension or exclusion takes effect, except in emergencies
- The right to due process, including formal hearing rights, in cases of expulsion
- The right to have a parent or guardian notified promptly in writing upon suspension
- The right to make up missed work during a suspension
- The right to freedom from corporal punishment (22 Pa. Code § 12.5)
- The right to confidential communications with school counselors (22 Pa. Code § 12.12)

Suspensions

A suspension is an exclusion from school for one (1) to no more than ten (10) consecutive school days, assigned by the Principal or designee. When a suspension exceeds three (3) school days, the student and parent/guardian shall be offered an informal hearing. Parents/guardians are notified in writing immediately upon suspension. Students are permitted to make up exams and work missed during a suspension.

Expulsions

An expulsion is an exclusion exceeding ten (10) consecutive school days and may result in permanent exclusion. Only the Board of Trustees, through a majority vote, may expel a student. A formal hearing is required in all expulsion cases. Students under age 18 remain subject to compulsory attendance law following an expulsion and shall be provided an education in accordance with applicable law.

Formal Expulsion Hearing Rights

- Notification of charges sent by certified mail, with at least three (3) days' notice of the hearing date, time, and place
- The hearing shall be held privately unless a public hearing is requested by the student or family
- The student may be represented by legal counsel at the family's expense
- The student has the right to receive the names of witnesses and copies of statements presented against them

- The student has the right to cross-examine witnesses and to testify and present witnesses on their own behalf
- A written or audio record shall be kept of the hearing
- Notice of the right to appeal the expulsion decision will be provided

Students with Disabilities

Students with disabilities will be disciplined in accordance with the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act. A Manifestation Determination meeting will be conducted as required under federal law when a disciplinary change of placement is under consideration. Chester Community Charter School shall comply with Chapter 711 of Title 22 of the Pennsylvania Code in all discipline matters involving students with disabilities.

Grievance and Complaint Procedures

Chester Community Charter School is committed to resolving concerns, complaints, and disagreements promptly, fairly, and respectfully. Parents, guardians, and students who are dissatisfied with a school action, decision, staff conduct, or school policy — other than student disciplinary matters, which are governed by the Student Discipline and Due Process section of this handbook — are encouraged to use the following grievance process:

Step 1 — Direct Resolution. Address the concern directly with the teacher, staff member, or other school employee involved. Most concerns can and should be resolved at this level. Parents and guardians are encouraged to contact their child's teacher first before escalating a concern.

Step 2 — Building Principal. If the concern is not resolved through direct communication, the parent, guardian, or student should submit the concern in writing to the Building Principal. The Principal will direct academic concerns to the appropriate administrator. The Principal is the final decision-maker regarding complaints about the grading of individual assignments. The Principal or their designee will respond within ten (10) school days of receiving the written concern.

Step 3 — Chief Accountability Officer. If the concern remains unresolved after Step 2, the parent, guardian, or student may submit the concern in writing to the Chief Accountability Officer, Lyndsay Stephens, at 302 East 5th Street, Chester, PA 19013, or by telephone at (610) 447-0400. The Chief Accountability Officer or designee will respond in writing within ten (10) school days of receiving the written concern.

Step 4 — Chief Executive Officer. If the concern remains unresolved after Step 3, the parent, guardian, or student may submit the concern in writing to the Chief Executive Officer, Mark Battinieri, at 302 East 5th Street, Chester, PA 19013, or by telephone at (610) 447-0400. The Chief Executive Officer or designee will respond in writing within ten (10) school days of receiving the written concern.

Retaliation against any student, parent, or guardian for submitting a grievance or complaint in good faith is strictly prohibited. Nothing in this grievance procedure limits a family's right to file a complaint with the Pennsylvania Department of Education or any other applicable state or federal agency.

Attendance Guide Principle

Regular school attendance and punctuality are essential to student learning, academic progress, and school success. Chester Community Charter School expects students to attend school every day that school is in session and to arrive on time, prepared to learn. Parents/guardians are responsible for ensuring that their child attends school regularly in accordance with compulsory attendance law and Charter School procedures.

When a student is absent, parents/guardians are expected to provide timely written excuse information in accordance with school procedures. Absences that are not properly excused may be recorded as unexcused and may result in truancy-related intervention, notices, conferences, referrals, and legal action as permitted by law and policy.

Attendance Notice Flow

- Parents/guardians are expected to submit excuse information for absences in accordance with school procedures. All absences are considered unexcused until a valid written excuse is received.
- After repeated unexcused absences, the school will issue written notice as required by Pennsylvania law (at 3, 6, and 10 unexcused absences).
- When required, a School Attendance Improvement Plan (SAIP) conference will be scheduled with the parent/guardian to develop a shared plan for improved attendance.
- Continued unexcused absences may result in referrals to school-based or community-based attendance supports and programs.
- Habitual truancy may result in additional action, including referral to outside agencies or truancy court, as permitted by law and policy.

Policy References: Policy 908 Student Attendance and Punctuality Policy; Policy 909 Truancy Elimination Policy.

Homework

It is our policy to assign homework on a regular basis. The purpose of homework is to reinforce skills taught in class. Generally, new skills will not be introduced as homework. Children are responsible for returning homework promptly when due. Teachers will specify which assignments will require parent assistance. Parents are encouraged to check all homework assignments and to make comments as to how difficult or easy the assignments were for their children to complete. Please remember that homework can and does have an impact on grades.

Student Services Department

Student Services includes Special Education, Occupational Therapy, Physical Therapy, Speech Therapy, School Psychology, Counseling, Social Work, Nursing, and any other professional services needed to support students appropriately. These services are provided in accordance with student needs, applicable law, and school procedures. Families with questions about available student supports should contact the Building Principal or the Student Services Department.

Policy References: Policy 800 Special Education Policy; Policy 811 Section 504 Policy; student support service procedures administered by Chester Community Charter School.

Individual Educational Plans (I.E.P.)

Parents/guardians should advise the Special Education Department if a newly enrolled student has an Individualized Education Plan (I.E.P.) or has previously received special education services. If a teacher or school team believes a student should be evaluated to determine eligibility for special education services, parental permission will be

requested before any evaluation is conducted. Parents/guardians may also request an evaluation if they have concerns regarding their child's academic progress or educational needs.

Chester Community Charter School follows all applicable requirements under IDEA and related special education laws in determining eligibility, developing IEPs, and providing services in the least restrictive environment. IEP meetings are held annually and may be convened at any time as warranted. Parents/guardians are valued members of the IEP team and are invited to all IEP meetings. Students age 14 and older will be invited to participate in discussions regarding post-secondary goals and transition planning.

Families of students with IEPs will receive Procedural Safeguards Notices as required by IDEA, which explain their rights in the special education process, including the right to participate in IEP meetings, dispute Charter School decisions, and request an independent educational evaluation.

Policy References: Policy 800 Special Education Policy; Policy 811 Section 504 Policy; 22 Pa. Code Ch. 711; special education procedures administered by Chester Community Charter School.

Grading System

The Chester Community Charter School grading and reporting system is aligned to curriculum objectives by grade level. Student grades may reflect performance on homework, classwork, projects, participation, quizzes, tests, and other assignments or assessments as determined by the school and classroom teacher.

Letter Grade	Numerical Range	Performance Level
A	90–100	Excellent
B	80–89	Above Average
C	70–79	Average / Satisfactory
D	60–69	Below Average / Passing Minimum
F	59 & Below	Failing

Report cards are distributed at the end of each marking period. Progress reports may also be issued mid-marking period to keep families informed. Families are encouraged to contact their child's teacher with any questions or concerns about academic progress.

Policy References: Grading and reporting procedures administered by Chester Community Charter School.

Promotion / Retention

Chester Community Charter School is dedicated to the continuous development of each student. Students will be promoted on the recommendation of the classroom teacher and approval of the principal. The classroom teacher will base his/her recommendation upon the following criteria:

If a student is being considered for retention, the school will notify the parents by the end of January. An Individual Learning Plan will be created to outline how the school and the parent/guardian agree to help the student progress

to the next grade. Retention is ultimately determined by the Chief Executive Officer or his/her designee in consultation with teachers and other administrators.

Students enrolled in special education may also be retained, but these decisions will be made on a case-by-case basis, consistent with each student's Individualized Education Plan. Retention is not viewed as a punitive measure, but as an enhanced opportunity to meet ultimate graduation requirements. For English Language Learners, the decision to promote or retain will be based on the students' academic skills, and not upon English language proficiency.

Policy References: Promotion and retention procedures as administered by Chester Community Charter School; Policy 800 Special Education Policy where applicable.

Emergency Preparedness and Response

Chester Community Charter School maintains emergency preparedness and response procedures designed to address a wide range of school safety situations. These procedures are in place to help protect students, staff, and visitors and to support an organized response during emergencies or crisis events.

School staff are trained on emergency procedures and are expected to respond in accordance with school safety protocols, administrative direction, and applicable emergency response requirements. Depending on the situation, the school may implement procedures such as evacuation, lockdown, shelter-in-place, reverse evacuation, controlled student release, reunification, medical response, or other protective actions necessary to maintain safety and order.

During an emergency, families should understand that school personnel must follow established safety procedures and may be temporarily limited in the information they can immediately provide. Parents/guardians should not come directly to a school building during an active emergency unless directed to do so by the school or emergency responders. When appropriate, Chester Community Charter School will provide families with official instructions, updates, and reunification information through approved communication channels.

Policy References: Policy 601 School Safety Policy; emergency preparedness and response procedures administered by Chester Community Charter School.

Locker Use and School Property

Student lockers, desks, and other school storage areas are and shall remain the property of Chester Community Charter School. These areas are provided for student use and convenience, but they remain subject to school authority and oversight. Students are expected to use lockers and other school storage areas properly and to maintain them in a safe, orderly, and respectful manner.

Students are responsible for the care, maintenance, and prompt return of school property issued to them or made available for their use, including lockers, desks, textbooks, supplies, materials, devices, and equipment. Intentional damage, misuse, theft, or destruction of school property may result in disciplinary action, restitution, loss of privileges, and any other consequence permitted by school policy or law. Parents/guardians may be held financially responsible for lost, damaged, or unreturned school property.

Annual Student Search Notice: Consistent with Board Policy 943 and 22 Pa. Code § 12.14, Chester Community Charter School administrators are authorized to conduct searches of students, their lockers, desks, backpacks, handbags, and personal items when reasonable suspicion exists that a search will uncover evidence of a violation of

school policy or applicable law. Because lockers, desks, and other school storage areas are school property, the school may inspect or search them in accordance with applicable school policy and law. Cell phones and personal electronic devices may be seized but not searched by school officials — any search of device contents requires law enforcement involvement. Board Policy 943 and Administrative Regulations AR 943-1 are available on the CCCS website and upon request.

Student Technology, School-Issued Devices, and Acceptable Use

Chester Community Charter School may provide students with access to school technology, internet services, digital platforms, electronic resources, and school-issued devices in support of instruction and learning. Student use of school technology is a privilege, not a right, and all use must be consistent with school rules, the educational purpose of the Charter School, and applicable school policies.

Students and families are responsible for the appropriate care, security, and return of school-issued technology and for compliance with all acceptable use expectations. Students may not use school technology, networks, accounts, or devices to harass, bully, threaten, cheat, gain unauthorized access, transmit inappropriate material, damage equipment, interfere with school operations, violate copyright, or engage in any activity prohibited by school policy or law.

Chester Community Charter School reserves the right to monitor, access, review, track, and investigate the use of school-issued devices, school accounts, school networks, internet access, and electronic resources in accordance with school policy and law. Students and families should have no expectation of privacy in the use of school-issued technology or school-operated systems.

Electronic Devices During the School Day

Students are prohibited from using cell phones, tablets, smart watches, electronic toys, gaming devices, headphones/earbuds, laser pointers, or other unauthorized electronic devices during the school day unless specifically permitted by a teacher or Administrator for an approved educational purpose. Toys, cards, games, and similar non-school items that interfere with instruction are also not permitted during the educational day.

Chester Community Charter School is not responsible for lost, stolen, or damaged personal items brought to school. Violations involving electronic devices may result in confiscation, parent/guardian pick-up requirements, loss of privileges, disciplinary action, and any other consequences outlined in the Student Code of Conduct and applicable school policies.

Policy References: Policy 929 Electronic Devices by Students Policy; Policy 925 Acceptable Use and Internet Safety Policy; Policy 900 Student Conduct and Discipline Policy.

Notification of Rights, Policies, and Procedures

Chester Community Charter School provides families and students with notice of important rights, policies, procedures, and school expectations through this handbook, school forms, policy materials, annual notices, and other school communications. Families are encouraged to review all handbook sections, policy references, and school notices carefully and to contact the school if they have any questions.

The Charter School maintains policies and procedures regarding, but not limited to, student discipline and due process, grievance and complaint procedures, student records, nondiscrimination, equal educational opportunity, bullying, hazing, student searches, electronic devices, technology use, FERPA rights, Title IX, Section 504, foster care, homeless students, family engagement, and other school-related matters. Nothing in the handbook is intended to conflict with applicable law or controlling Charter School policy. To the extent that a handbook statement must be read together with a Board-approved policy, the applicable policy and governing law shall control.

Code Chapter 12.

Annual Required Legal Notices

The following notices are required by Pennsylvania and federal law to be provided to families annually. Each notice has been included in this handbook to satisfy those requirements. Notices 3 and 4 also contain the school's Title IX and Section 504 grievance procedures respectively, which describe how families may file complaints related to sex discrimination or disability discrimination. Please read each notice carefully. Contact the school with any questions at (610) 447-0400.

1. FERPA — Annual Notice of Family Educational Rights

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, affords parents and guardians the following rights with respect to their child's education records:

- The right to inspect and review your child's education records within 45 days of the day the Charter School receives a written request for access. Submit written requests to the Building Principal identifying the records you wish to inspect.
- The right to request amendment of records you believe are inaccurate or misleading. Identify the part of the record you want changed and specify why it should be changed.
- The right to consent to disclosures of personally identifiable information from your child's education records, except to the extent FERPA authorizes disclosure without consent (e.g., to school officials with a legitimate educational interest).
- The right to opt out of the release of directory information. Directory information includes: student name, address, telephone number, dates of attendance, grade level, honors and awards, and participation in school activities. To opt out, submit a signed written request to the Building Principal within 30 days of receiving this notice.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures to comply with FERPA. Write to: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202.

Legal Authority: FERPA, 20 U.S.C. § 1232g; 34 CFR Part 99; CCCS Policy 940 Annual Notification of Rights under FERPA; Policy 613 Student Educational Records Policy.

2. PPRA — Protection of Pupil Rights Amendment

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, affords parents and guardians certain rights regarding surveys, the collection and use of student information for marketing purposes, and certain physical examinations. Chester Community Charter School will provide advance notice of activities covered under PPRA and will provide an opportunity to opt out. Specifically:

- No student shall be required to submit to a survey that reveals information in protected categories (political affiliations, mental/psychological problems, sexual behavior, anti-social attitudes, etc.) without prior written parental consent.
- Parents/guardians have the right to inspect, upon request, any survey instrument used to collect personal information before it is administered.
- Parents/guardians have the right to opt their child out of non-emergency, invasive physical examinations not required by state law.
- Parents/guardians have the right to opt their child out of activities involving collection, disclosure, or use of personal information collected for marketing purposes.

Legal Authority: PPRA, 20 U.S.C. § 1232h; 34 CFR Part 98.

3. Title IX — Notice of Nondiscrimination

Chester Community Charter School does not discriminate on the basis of sex in its educational programs or activities. Sex discrimination, including sexual harassment and sexual violence, is prohibited in all school programs, activities, and employment. This prohibition applies to students, employees, applicants, and third parties participating in Charter School programs.

Chester Community Charter School has designated a Title IX Coordinator responsible for receiving reports, coordinating the school's response to sex discrimination and sexual harassment, and overseeing the school's compliance with Title IX. Any person may report sex discrimination or sexual harassment to the Title IX Coordinator at any time, including during non-business hours, by mail, telephone, or email:

Title IX Coordinator: Janesca Martin / Address: 302 East 5th Street, Chester, PA 19013 / Telephone: (610) 447-0400 Email: jamartin@chestercommunitycharter.org

How to File a Complaint

Any student, parent, guardian, employee, or other person may file a formal complaint of sex discrimination or sexual harassment with the Title IX Coordinator. A formal complaint must be submitted in writing and must identify the complainant and describe the alleged conduct with sufficient detail. The Title IX Coordinator can provide assistance in completing a formal complaint. Complaints may also be filed at any time with the U.S. Department of Education, Office for Civil Rights, at <http://www.ed.gov/ocr>, by telephone at (800) 421-3481, or by mail at: Office for Civil Rights, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202.

Grievance Procedure

Upon receiving a formal complaint, Chester Community Charter School will promptly respond using the following process:

1. The Title IX Coordinator will provide written notice to all parties identifying the allegations, the applicable policies, the grievance process, and the parties' right to an advisor of their choice throughout the process.
2. The Charter School will conduct a prompt and thorough investigation. Both the complainant and the respondent will have equal opportunity to present evidence, identify witnesses, and review the evidence gathered.
3. The standard of evidence used to reach a determination is the preponderance of the evidence standard — whether it is more likely than not that the conduct occurred as alleged.
4. The Charter School will issue a written determination of responsibility and any remedies or disciplinary action to all parties simultaneously.
5. Both the complainant and the respondent have the right to appeal the written determination to the Chief Executive Officer within ten (10) school days of receiving the determination. Appeals may be based on: a procedural irregularity that affected the outcome, newly discovered evidence, or a conflict of interest involving the investigator or decision-maker.
6. The Charter School will complete the investigation and determination process within sixty (60) school days of receiving a formal complaint, absent good cause for an extension agreed upon by the parties.

Supportive Measures

Supportive measures are non-disciplinary, non-punitive individualized services available to both parties regardless of whether a formal complaint has been filed. These may include counseling referrals, schedule modifications, safety planning, and other reasonable measures designed to protect the safety or equal access of any party. Contact the Title IX Coordinator to request supportive measures.

Anti-Retaliation

Chester Community Charter School strictly prohibits retaliation against any person who reports sex discrimination, files a formal complaint, participates in an investigation, or otherwise exercises rights protected under Title IX. Any person who believes they have experienced retaliation should report it immediately to the Title IX Coordinator at (610) 447-0400 or jamartin@chestercommunitycharter.org

Legal Authority: Title IX of the Education Amendments of 1972, 20 U.S.C. § 1681; 34 CFR Part 106; CCCS Policy 914 Title IX Policy.

4. Section 504 / ADA — Notice of Nondiscrimination

Chester Community Charter School does not discriminate against qualified individuals with disabilities in its educational programs, activities, services, or employment practices. This prohibition on discrimination applies to all aspects of the Charter School's operations, including academic programs, extracurricular activities, school discipline, and access to school facilities. This notice is provided pursuant to Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794) and Title II of the Americans with Disabilities Act (42 U.S.C. § 12131).

What Is a Section 504 Plan?

Students with a physical or mental impairment that substantially limits one or more major life activities — and who do not qualify for an Individualized Education Plan (IEP) under the Individuals with Disabilities Education Act (IDEA) — may be eligible for a Section 504 Plan. A Section 504 Plan identifies the accommodations and modifications the Charter School will provide to ensure the student has equal access to the educational program. Eligibility determinations are made by a team that includes the parent or guardian and other persons knowledgeable about the student, the evaluation data, and the placement options.

Section 504 Coordinator

Chester Community Charter School has designated a Section 504 Coordinator responsible for overseeing the school's compliance with Section 504 and for coordinating evaluations, plans, and services for students with disabilities.

Section 504 Coordinator: Lisa Bellamy Title/Office: Executive Director for Student Services Address: 302 East 5th Street, Chester, PA 19013 Telephone: (610) 447-0400 Email: lbellamy@chestercommunitycharter.org

How to Request a Section 504 Evaluation

Parents, guardians, or eligible students who believe a student may have a disability requiring accommodations under Section 504 may request an evaluation at any time by submitting a written request to Lisa Bellamy, Executive Director for Student Services, or to the Building Principal. The Charter School will respond to the request in writing within a reasonable time, conduct an evaluation using information from multiple sources, and convene a team meeting to determine eligibility. If eligible, the team will develop an appropriate 504 Plan. Parents and guardians are integral members of the 504 team and will be invited to participate in all meetings regarding their child's evaluation and plan.

Section 504 Grievance Procedure

Chester Community Charter School has adopted the following grievance procedure for resolving disability-related complaints under Section 504, consistent with 34 CFR § 104.7:

1. **File a Written Complaint.** Any person who believes that the Charter School has violated Section 504 — including disagreements with eligibility determinations, the content of a 504 Plan, or the school's implementation of a 504 Plan — may file a written complaint with Lisa Bellamy, Section 504 Coordinator, at 302 East 5th Street, Chester, PA 19013, or at lbellamy@chestercommunitycharter.org. The complaint should describe the specific concern and, if applicable, identify the student affected.
2. **Investigation and Response.** The Section 504 Coordinator will investigate the complaint and issue a written response within thirty (30) calendar days of receiving the complaint. The response will state the Charter School's findings, any corrective action to be taken, and the complainant's right to appeal.
3. **Appeal.** If the complainant is not satisfied with the Section 504 Coordinator's response, they may appeal in writing to Chief Executive Officer Mark Battinieri at 302 East 5th Street, Chester, PA 19013,

within fifteen (15) school days of receiving the response. The CEO or designee will issue a final written decision within thirty (30) calendar days.

4. **External Complaint.** At any time, a person may file a complaint directly with the U.S. Department of Education, Office for Civil Rights, at <http://www.ed.gov/ocr>, by telephone at (800) 421-3481, or at: Office for Civil Rights, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202. Filing an internal complaint does not waive the right to file an external complaint.

Anti-Retaliation

Chester Community Charter School prohibits retaliation against any person who requests a Section 504 evaluation, files a Section 504 complaint, or participates in a Section 504 investigation or hearing. Any person who believes they have experienced retaliation should report it immediately to Lisa Bellamy at (610) 447-0400 or lbellamy@chestercommunitycharter.org

Legal Authority: Section 504, 29 U.S.C. § 794; ADA, 42 U.S.C. § 12131; 34 CFR Part 104; CCCS Policy 811 Section 504 Policy.

5. McKinney-Vento — Rights of Students Experiencing Homelessness

Chester Community Charter School is committed to removing barriers to the enrollment, attendance, and success of students who are homeless or in unstable housing situations. Under the McKinney-Vento Homeless Assistance Act, students who lack a fixed, regular, and adequate nighttime residence have specific rights, including:

- Immediate enrollment in school, even without records normally required for enrollment
- Continuation in their school of origin (when in their best interest) and transportation assistance to maintain school stability
- Full participation in all school programs, services, and activities
- Access to the same services available to other students

If your family is experiencing housing instability, please contact the school or the Child Accounting Department immediately. Legal Authority: McKinney-Vento Homeless Education Assistance Improvements Act, 42 U.S.C. § 11432; CCCS Policy 915 Homeless Students Policy.

6. Foster Care — Educational Stability Rights

Under the Every Student Succeeds Act (ESSA) and Pennsylvania law, students in foster care have the right to educational stability. Chester Community Charter School will work with the child welfare agency and, where applicable, the student's school of origin, to ensure placement decisions prioritize the student's best interest and educational continuity. Foster care students shall receive prompt enrollment and have access to all educational services.

Families, foster parents, and caseworkers with questions about educational stability rights should contact the school's Homeless/Foster Care Liaison or the Building Principal.

Legal Authority: ESSA § 1111(g)(1)(E); 20 U.S.C. § 6312; CCCS Policy 916 Foster Care Policy.

7. ESSA / Title I — Parental Right to Know Teacher Qualifications

Chester Community Charter School receives Title I funds. As required by the Every Student Succeeds Act, parents and guardians have the right to request information regarding the professional qualifications of their child's classroom teachers. Specifically, you have the right to know:

- Whether the teacher meets the state qualification and licensing criteria for the grades and subject taught
- Whether the teacher is teaching under emergency or other provisional status
- The teacher's college major, advanced degrees earned, and field of certification or degree
- Whether paraprofessionals provide services to your child, and if so, their qualifications

To request this information, submit a written request to the Building Principal. Legal Authority: ESSA, 20 U.S.C. § 6312; CCCS Policy 205.

8. IDEA Child Find — Special Education Rights

Chester Community Charter School has a duty under the Individuals with Disabilities Education Act (IDEA) to identify, locate, and evaluate all children with disabilities, including children who are homeless, in foster care, or attending private schools within its service area.

If you believe your child may have a disability and may be eligible for special education services, you have the right to request a multidisciplinary evaluation at no cost to you. Submit requests in writing to the Special Education Department. The Charter School will respond in writing within 10 calendar days and, upon receiving your signed Permission to Evaluate, will complete the evaluation within 60 calendar days.

Families of students with IEPs will receive a Procedural Safeguards Notice at least once per year. This document explains your rights in the special education process, including the right to participate in IEP meetings, dispute Charter School decisions, and request an independent educational evaluation.

Legal Authority: IDEA, 20 U.S.C. § 1412(a)(3); 34 CFR §§ 300.111, 300.504; 22 Pa. Code Ch. 711; CCCS Policy 800 Special Education Policy.

9. Parental Right to Excusal from Instruction

Under Pennsylvania law (24 P.S. § 15-1516.1), a parent or guardian may request that their child be excused from specific portions of the instructional program on the basis of religious or moral objection. Requests must be made in writing to the Building Principal, who will review the request consistent with Charter School policy and applicable legal requirements. Students excused from instruction will be provided with an alternative educational activity during the excusal period.

Legal Authority: 24 P.S. § 15-1516.1; CCCS Policy 934 Parental Rights Relative to Excusal from Instruction on Religious Grounds.

10. Student Search Policy — Annual Required Notice

Consistent with Board Policy 943 and 22 Pa. Code § 12.14, Chester Community Charter School administrators are authorized to conduct searches of students, their lockers, desks, backpacks, handbags, and personal items when reasonable suspicion exists that a search will uncover evidence of a violation of school policy or applicable law. The scope of any search must be reasonable given the student's age, the intrusiveness of the search, and the immediacy of any threat.

School officials may inspect student desks and lockers at any time as school property. Reasonable efforts will be made to notify students and permit them to be present during locker searches, except in cases of immediate threat. Cell phones and personal electronic devices may be seized but not searched by school officials without law enforcement involvement.

The Charter School may also conduct general or random searches of school property, including canine searches. At least two school officials will be present during all student searches. Full text of Policy 943 and Administrative Regulations AR 943-1 is available on the CCCS website and upon request.

Legal Authority: 22 Pa. Code § 12.14; CCCS Board Policy 943 Student Searches; CCCS Board Policy 944 Search and Seizure.

11. Anti-Bullying Policy — Annual Distribution Notice

Chester Community Charter School's Anti-Bullying Policy (Board Policy 904) is hereby distributed to all students, families, staff, and volunteers in accordance with Pennsylvania law. This policy prohibits bullying, cyber-bullying, and hazing in all forms and in all school settings. A full copy of Policy 904 is posted on the Chester Community Charter School website, posted in all school buildings, and available in all classrooms.

Chester Community Charter School reports bullying incident data to the Pennsylvania Department of Education through the Future Ready Index annually as required by Act 55 of 2022.

Legal Authority: 24 P.S. § 13-1303.1-A; PA Act 55 of 2022; CCCS Board Policy 904 Anti-Bullying Policy.

12. Drug and Alcohol Policy — Annual Notice

Chester Community Charter School strictly prohibits the possession, use, sale, distribution, or being under the influence of alcohol, illegal drugs, controlled substances, marijuana, electronic smoking devices (vapes/e-cigarettes), tobacco, or any other prohibited substance on school property, school buses, or at school-sponsored events.

Students who violate this policy are subject to disciplinary action in accordance with the Student Code of Conduct, up to and including suspension and expulsion. Incidents involving illegal substances will be reported to law enforcement per the Charter School's Memoranda of Understanding with local law enforcement. The Charter School's Student Assistance Program (SAP) is available to students experiencing problems related to alcohol or drug use. SAP personnel provide appropriate referrals to counseling and community support services.

Distribution of this Drug and Alcohol Policy Notice through this handbook constitutes the required annual notice to families under Pennsylvania law.

Legal Authority: 24 P.S. § 13-1303a; Safe Schools Act; T.S. v. Penn Manor School District, 798 A.2d 837 (Pa. Cmwlth. 2002).

13. Title VI — Nondiscrimination on the Basis of Race, Color, and National Origin

Chester Community Charter School does not discriminate on the basis of race, color, or national origin in any of its educational programs, activities, or services. This prohibition on discrimination applies to all aspects of the school's educational program and operations, including but not limited to: enrollment, admissions, academic programs, extracurricular activities, school discipline, student services, and access to school facilities and resources.

Any student, parent, or guardian who believes they have been subjected to discrimination on the basis of race, color, or national origin has the right to file a complaint with Chester Community Charter School and/or with the U.S. Department of Education, Office for Civil Rights (OCR). Complaints to OCR may be filed online at www.ed.gov/ocr, by telephone at 215-656-8541 (Philadelphia regional office), or by mail at: Office for Civil Rights, U.S. Department of Education, 100 Penn Square East, Suite 515, Philadelphia, PA 19107.

Legal Authority: Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d; 34 CFR Part 100; CCCS Policy 912 Nondiscrimination Policy.

14. English Learner / Multilingual Learner Program Notice

Chester Community Charter School is committed to providing meaningful access to its educational programs for all students, including students who are English Learners (ELs) or Multilingual Learners (MLs). The Charter School identifies students who may require English Language Development (ELD) services through a Home Language Survey completed at the time of enrollment, followed by a state-approved English language proficiency screener when the Home Language Survey indicates a language other than English is spoken in the home.

Parents and guardians of students identified as English Learners will receive a separate written notice in their home language (when practicable) that includes the following information specific to their child:

- The reason their child has been identified as an English Learner
- Their child's current level of English proficiency
- The type of English Language Development program or services CCCS provides and what those services involve
- How the EL program will help their child develop academic English and meet grade-level academic standards

- The specific criteria and benchmarks their child must meet to exit EL services
- The parent's or guardian's right to refuse or withdraw their child from EL services at any time, and what happens if they choose to do so
- How EL services will be coordinated with any Individualized Education Plan (IEP) if their child is also receiving special education services

Students who exit EL services are actively monitored by the Charter School for a minimum of two years following exit to ensure continued academic progress. If a formerly identified EL student's academic progress declines during the monitoring period, the Charter School will re-evaluate the student's language needs.

Parents and guardians with questions about EL identification, services, or their child's English language proficiency status should contact the Building Principal or the Student Services Department. Chester Community Charter School will provide interpretation and translation assistance for communications with families of English Learner students when practicable.

Legal Authority: Title III of the Every Student Succeeds Act (ESSA), 20 U.S.C. § 6812; Every Student Succeeds Act § 3113; Pennsylvania English Learner Education Guidance; CCCS Policy 800 Special Education Policy (coordination with IEP services).

Parent/Guardian Handbook Acknowledgment and Agreement

I acknowledge that I have received the Chester Community Charter School Family Handbook for the 2026–2027 school year and have had the opportunity to review its contents. I understand that the handbook contains important information regarding school expectations, student conduct, attendance, school safety, technology use, discipline, student release procedures, and other rules, procedures, and standards applicable to students and families.

By signing below, I acknowledge that I am responsible for reviewing the handbook and for supporting my child's compliance with the rules, expectations, procedures, and requirements of Chester Community Charter School. I further acknowledge that I am responsible for keeping informed of handbook contents and any school-issued updates, notices, or revisions issued during the school year.

I understand and agree that the Chester Community Charter School Family Handbook must be read together with Chester Community Charter School Board policies, administrative procedures, school rules, and applicable federal and state law. In the event of any inconsistency between the handbook and controlling law or Board policy, the controlling law and/or Board policy shall govern. I further understand that Chester Community Charter School has established grievance and complaint procedures available to students and families, and that contact information for the Title IX Coordinator and Section 504 Coordinator is provided within this handbook.

I confirm that I have received, as part of this handbook, the Annual Required Legal Notices and Grievance Procedures including notices and procedures regarding: FERPA, PPRA, Title IX (including the Title IX Grievance Procedure and contact information for the Title IX Coordinator), Section 504 / ADA (including the Section 504 Grievance Procedure and contact information for the Section 504 Coordinator), McKinney-Vento Homeless Student Rights, Foster Care Educational Stability Rights, ESSA/Title I Teacher Qualifications, IDEA Child Find, Parental Excusal Rights, Student Search Policy (Policy 943), Anti-Bullying Policy (Policy 904), Drug and Alcohol Policy, Title VI Nondiscrimination Notice, and English Learner/Multilingual Learner Program Notice.

My signature confirms receipt and acknowledgment of the handbook and my understanding of the matters stated above. This acknowledgment does not waive any rights afforded under applicable law.

TITLE I PARENT & FAMILY ENGAGEMENT NOTIFICATION REQUIREMENTS

Chester Community Charter School receives Title I funding and is included under the regulations of the “Every Student Succeeds Act” (ESSA) that was signed into law by President Obama on December 10, 2015. The ESSA builds upon the critical work States and local educational agencies (LEAs) have implemented over the last few years. The reauthorized law sets high standards and contains policies that will help prepare all students for success in college and future careers. It prioritizes excellence and equity and recognizes the importance of supporting great educators in our nation’s schools.

As a recipient of Title I funds, the school is required to notify parents of the status of the school and of their parental options. Title I Requirements relating to Parental & Family Engagement is specified below:

- 1. Parents/Guardians’ Right-to-Know:** Parents have the right to request information about professional qualifications of their children’s teachers. If requested, CCCS will provide to a parent: certification and/or licensing status of the teacher; degrees held by the teacher; emergency or provisional status of the teacher, if applicable; and qualifications of any paraprofessionals serving the child. In addition, parents will be notified if a teacher who is not “PA certified” is instructing their child for four or more weeks.
- 2. Program Information:** In the Parent Corner of the school website CCCS has posted information regarding the following: the school’s Title I School-Wide Program; the CCCS curriculum; and school assessment measures. Parents are informed of the school’s expectations of students and parents through the CCCS Family Policies Handbook, the Parent-Student-Teacher Compact, monthly newsletter, and PTA meetings. Parents are informed of their child’s academic achievement through report cards (*4 times a year*), parent-teacher conferences (*2 times a year or more if needed*), interim academic progress reports (as needed), and teacher phone calls (as needed).
- 3. Parent & Family Engagement Policies:** Parent & Family Engagement policies will be distributed to parents in an understandable and uniform format and, if possible, in a language the parents understand. The entire policy will be directly disseminated to parents. Schools will update these policies and school-parent compacts periodically to meet the changing needs of parents and the school. Also, the school will evaluate the content and effectiveness of the school’s Parent & Family engagement activities on an annual basis. (*See Attachment T: CCCS Parental & Family Engagement Policy*)
- 4. School - Parent Compact:** In partnerships with parents, CCCS has developed a written school parent compact defining how the parents and the school will work to improve the student’s academic achievement. The compact is part of the school’s Parent Involvement Policy. (*See Acknowledgement: Care of School Property Policy*)
- 5. Title I Annual Parent Meeting:** CCCS convenes an annual meeting to inform parents of CCCS participation in Title I, Part A. At this meeting, the Title I Family Programs Coordinator and/or a Building Principal explains the Title I, Part A requirements, how students will be assessed, how parents will be kept informed, and the right of parents to be involved. This meeting is held at a time convenient for parents. All parents are invited and encouraged to attend.

Title I Compact

Student Name: _____

Grade: _____

Date: _____

This compact is a statement of understanding which was designed by a representative body of parents and school staff to serve as a tool by which the school, parents, and students will develop and build a partnership to help children achieve Pennsylvania's high content and performance standards.

Goal 1: Reading – Every student will learn to read and comprehend well, read often, and enjoy reading through family, teacher, and community support.

Goal 2: Studying – Every student will become a self-directed learner through teaching that incorporates study skills, homework practices that build student habits, and parental guidance.

Goal 3: Respect and Responsibility – Every student will develop a sense of responsibility and respect for self and others through consistent direction and support from the family and the school.

Goal 4: Community – The school will function as a community of parents, students, teachers, and other support members of the community.

As a PARENT/GUARDIAN, I will encourage my child's learning. I will:

- Know what skills our child is learning in reading and math.
- Check our child's assignment each night. I will ensure our child spends the necessary time completing homework assignments and return them to their teacher by the due date.
- Read with, or to, our child for 15-20 minutes each day, five days a week.
- Get a library card for our child, visit the library, and encourage our child to bring home reading materials.
- Establish a study place at home that is quiet, well lit, and where our child can sit and complete assignments.
- Make sure that our child attends school regularly, is on time and is prepared to learn, and has necessary supplies and homework completed.
- Teach and model responsible decision-making and how to treat other students and staff with respect.
- Attend conferences, open houses, and other school functions. Participate in the school's PTA programs.

Parent Signature: _____

Date: _____

As a STUDENT, I will become a partner in my own learning. I will:

- Write down my homework assignments and bring home any needed supplies to complete it each night.
- Read daily for at least 15-20 minutes and discuss my reading with someone at home.
- Study and complete my homework each night giving my best effort. I will return my assignments by their due dates.
- Pay attention in class and listen attentively to my teachers.
- Behave responsibly and treat other people with respect.
- Recognize and accept the positive and negative outcomes of my behavior.
- Keep my family informed of conferences, opportunities to come to school events, and update them on what I am learning.

Student Signature: _____

Date: _____

As a TEACHER, I will become a partner in my students' learning. I will:

- Keep parents informed about school activities.
- Teach students reading for joy and to comprehend the content.
- Assign homework regularly to reinforce classroom instruction.
- Maintain high expectations for every student and consistently apply the Code of Conduct.
- Communicate regularly with parents about their child's progress.

STUDENT ATTENDANCE AND PUNCTUALITY POLICY

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

The Board of Trustees (“Board”) requires that students enrolled at the Chester Community Charter School (“Charter School”) attend school daily and on time in accordance with the compulsory attendance laws of the Commonwealth of Pennsylvania.

Parents or guardians are required to ensure that their children attend school every day that school is in session through the procedures required by the Charter School.

The education program offered by the Charter School is based upon the presence of the student and requires continuity of instruction and classroom participation.

The Chief Executive Officer or his/her designee shall have the responsibility to develop procedures following the guidelines developed by the Board to assure that students attend school regularly and that said procedures comply with all Federal, State and local laws.

A component of the procedures shall be an early intervention process to assure that assistance is given to students who are experiencing problems in attending school.

Attendance and punctuality procedures will be delineated in the Student Handbook and distributed to every student.

Said attendance and punctuality guidelines are subject to periodic review by the entire Board of Trustees.

Student Attendance Guidelines

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

The Chester Community Charter School bell times are **8:00 am to 2:45 pm daily for Elementary school** learners and approximately **7:30 am to 2:30 pm for Middle school**. Elementary students attending school after 8:15 am will be considered late. Middle school students are considered late after 7:45 am. The early dismissal cutoff for ALL students will be at 2:00 pm daily. At 10:30 a.m., the automatic dialing system will notify parents that students are absent. **10:30 am will be the cutoff at which students will be considered absent for that instructional day.** (Unless a valid excuse is submitted within three days of official absence). Please see the list below of valid excuses that may be submitted for review.

Parents are expected to turn in excuse notes when a child returns to school following an absence. Three or more absences that are NOT followed with an excuse note from a parent will lead to truancy. Parents or legal guardians can submit excuse notes via www.chestercommunitycharter.org through the “FAMILIES” portal drop-down tab on our schools’ website and complete the ‘absent & tardy form’ for submission. The attendance department will respond to the inquiry within 24 hours for processing. Don’t hesitate to get in touch with your child’s specific school building for additional assistance.

Please Note: Excessive absences can result in grade retention. Such decisions are at the discretion of the CEO in consultation with teachers and administrators.

Excused absences include:

- Failure of the bus to arrive at the bus stop
- Personal illness
- Medical and dental examination or treatment of the student when such appointments cannot be scheduled other than during school hours
- Death in the family of the parent/guardian or close family member Observation of a religious holiday Emergency conditions in the student’s home (upon student return, documentation is necessary)
 - Ex: Major Utility Failure
 - Power Outage
 - Fire

Excused absences DO NOT include:

- Uniform issues
- Vacations
- Anything that is not considered “excused,” as noted above

Extended Medical Absences: If a student is absent for medical reasons for 10 consecutive days, the parent/guardian must provide a written note/certification from a doctor’s office. All excuse notes are to be received by front office personnel, the school’s principal, and the CCCS attendance department for verification and processing.

LEGAL REQUIREMENT FOR SCHOOL ATTENDANCE AND TRUANCY LAW

The Commonwealth of Pennsylvania has laws that compel children to attend school and impose potential sanctions upon parents who have truant children. The following list explains CCCS’ unexcused absence procedures.

- All absences are unexcused unless a written excuse is received explaining the reason for the absence.

- Upon returning to school, parents/guardians should submit a written explanation of the absence (either in person or through their student) in addition to online submissions through the CCCS website.
- If parents do not provide a written excuse within three days of the student returning to school, reasonable allowances may be made to accept a parent's explanations for the absence without initiating any punitive response. Some notes may not be accepted, depending on the excuse and/or format. Examples include absent notes submitted by anybody outside the parent/legal guardian and online absent forms where all required fields are not completed properly before submission. All excuse notes are received by Front office personnel, the school's principal, and the CCCS attendance department for verification and processing.
- If a third unexcused absence occurs, the school will notify the parents in writing within ten (10) days of the third unexcused absence sent as a "First Notice."
- After the '**First Notice**' has been served, and if no improvement has occurred in student attendance, and after a 6th unexcused absence, a Student Attendance Improvement Plan (SAIP) conference will be initiated. The school will initiate the SAIP conference and contact the parent/guardian regarding the date and time of the meeting. The presence of the parent/guardian at this conference is strongly encouraged. However, if a parent cannot attend, the conference will be held without the parent/guardian's presence, and the outcomes will be mailed to them. The SAIP represents a collaborative effort between school officials and the parent/guardian to improve student attendance.

NOTE:

- **3 Unexcused absences** - a student is **TRUANT**.
- **6 Unexcused absences** - a student is **HABITUALLY TRUANT**. The student will be referred to either school or community-based attendance improvement programs.
- **Children and Youth Agency**. Children and Youth Services (CYS) may be contacted regarding parents/legal guardians not abiding by the state's truancy laws. CCCS may file a citation, which would result in a proceeding before a magisterial district judge, provided a School Attendance Improvement Conference ("Conference") has already been held and is not pending.
- **10 Unexcused absences**—Students who miss ten school days without a valid excuse will be referred to the county Children and Youth Agency, and the Chester Community Charter School Social Worker will be contacted. CCCS may file a citation, resulting in a proceeding before a magisterial district judge.
- **18 Excused absences** submitted online or in person, cumulative or consecutive, will need to be verified by the school's principal.
- Students with 18 or more (10% of instructional days) excused absences may be subject to similar proceedings as truant students, including referral to a school social worker and referral to local children and youth organizations.

ELECTRONIC DEVICES BY STUDENTS POLICY

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

The Board of Trustees (“Board”) of the Chester Community Charter School (“Charter School”) recognizes that the use of electronic devices by Charter School personnel where supportive of the general welfare and the instructional program of the school is endorsed. The use of electronic devices by students has been found not only disruptive but, in many instances, contributory to illegal purposes. This policy is to serve notice to all concerned that use of electronic devices by students on school premises is prohibited.

Students are permitted to have cell phones. However, a student’s cell phone is to be turned off upon entering the school. The Charter School will not assume responsibility for the loss or theft of cell phones.

Electronic devices shall include all devices that can take photographs; record audio or video data; store, transmit or receive messages or images; or provide a wireless, unfiltered connection to the Internet. Examples of these electronic devices include, but shall not be limited to, radios, walk- mans, CD players, iPods, MP3 players, DVD players, handheld game consoles, Personal Digital Assistants (PDAs), cellular telephones, Black Berries, and laptop computers, as well as any new technology developed with similar capabilities.

The Board prohibits use of electronic devices by students during the school day in Charter School buildings; on Charter School property; on Charter School transportation; during the time students are under the supervision of the Charter School at Charter School sponsored activities; and specifically, in locker rooms, bathrooms, health suites and other changing areas at any time. Use of designated electronic devices may be permitted during the times outlined in applicable student handbooks.

The Board prohibits the possession of laser pointers and attachments and telephone paging devices/beepers by students during the school day in Charter School buildings; on Charter School property; on Charter School transportation; during the time students are under the supervision of the Charter School at Charter School sponsored activities.

The Board authorizes the Chief Executive Officer of the Charter School (CEO) to develop and enforce regulations to prohibit use of electronic devices by students. Such regulations shall include:

- Confiscation of electronic devices whose use has not been approved by the CEO
- Investigation of the incident by the CEO who may:
 - Return the electronic device to the parent
 - Suspend the student in accordance with the Charter School Code of Conduct
 - Recommend expulsion of the student for repeated violations of the Charter School Code of Conduct of this prohibition
 - All of the above

The Charter School shall not be liable for the loss, damage or misuse of any electronic device.

Electronic Images and Photographs

The Board prohibits the taking, storing, disseminating, transferring, viewing, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or other means, including but not limited to texting and e-mailing. Because such violations may constitute a crime under state and/or federal law, the Charter School will report such conduct to state and/or federal law enforcement agencies. Such prohibited activity shall also apply to student conduct that occurs off Charter School property if:

- There is a nexus between the proximity or timing of the conduct in relation to the student's attendance at Charter School programs or activities sponsored by the Charter School.
- The student is a member of an extracurricular activity and has been notified that particular off-campus conduct could result in exclusion from such activities.
- The conduct has a direct nexus to attendance at Charter School programs or activities sponsored by the Charter School, such as an agreement made on Charter School property to complete a transaction outside of school that would violate the applicable Student Code of Conduct.

The CEO may delegate responsibility for the enforcement and reporting of the progress of this policy to appropriate school officials. The CEO shall inform the students of this policy by general announcement, by inclusion in the Charter School's Handbook, Code of Conduct and a letter to parents. Staff shall be kept informed continually of the provisions of the policy and its effectiveness.

Exceptions

The CEO may grant approval for possession and use of an electronic device by a student for the following reasons:

- Health, safety or emergency reasons.
- An individualized education program ("IEP").
- Classroom or instructional-related activities.
- Other reasons determined appropriate by the CEO.

The CEO may grant approval for possession and use of a telephone paging device/beeper by a student for the following reasons:

- Student is a member of a volunteer fire company, ambulance or rescue squad.
- Student has a need due to the medical condition of an immediate family member.
- Other reasons determined appropriate by the CEO.

Student Laptops

In order to maintain the security and integrity of the Charter School's networks and systems, student-owned laptops are not to be brought to and used in school. Students may request an exception to this policy for an educationally necessary reason.

STUDENT CODE OF CONDUCT

Mission Statement

Chester Community Charter School is a K-8 public charter school dedicated to educating the whole child in a data-driven learning community. To accomplish this, the school's environment is built on Social-Emotional Learning and a commitment to empowering students to become the drivers of their own learning, with the support of all staff, families, and community stakeholders.

Vision

Chester Community Charter School aspires to be the leader in utilizing our regional, national, and global communities to educate the whole child. Through data-driven best practices, within a positive school-wide culture and climate for learning, we will provide our scholars, staff, and community with opportunities for continuous growth and achievement in an ever-changing world.

Goal

By the time Chester Community Charter School students graduate from 8th grade, they will be self-sufficient learners, with the skills and voice to advocate for their learning for the rest of their lives. They will be able to communicate confidently in the digital world and will be academically astute, resourceful, and impassioned in their continual pursuit of learning. They will have an appreciation for the unique role our region has played in the development of fine arts and technical innovation, and have an awareness of their rights and responsibilities as citizens to utilize their knowledge and skills to advocate for themselves, our local community, and our world, for the good of all.

Student Code Summary

The Chester Community Charter School's Code of Student Conduct provides a four-step level system in response to disruptive, unsafe and/or harmful behaviors.

Step 1: Our disciplinary plan is based on the tenets of positive reinforcement. Whenever circumstances permit, we endeavor to seize the “teachable moments.” These Moments are defined as opportunities to increase the students’ skills in self- management and their ability to respect self and others even in difficult situations. The act of seizing the “teachable moment” is similar to coaching. Its goal is to teach by promoting student reflection and self- correcting behaviors. Such initial responses are offered to those committing first time, lower level offenses barring there is no threat to the physical well-being of others, no violation of the law, and no destruction or loss of property. Teachers, Guidance Counselors, or other qualified adults may be involved in this process. This step does not require any disciplinary responses.

Step 2: The second step refers to offenses managed in most cases by classroom teachers. These are referred to as Level 1 offenses that are listed, along with their potential consequences.

Step 3: The third step recruits the involvement of other professionals whose insights influence may help to redirect a student's persistent misbehavior. These professionals can include but are not limited to, the use of a buddy teacher, Principal, Assistant Principal, Dean of Students, Guidance Counselor, Academic Coach, Building Director or other trusted adults who have a supportive relationship with the student. In all of these steps, the school informs parents of their child's behaviors and invites a partnership that can help the child re-engage positive behaviors at school. This step generally involves Levels 2 and 3 violations.

Step 4: The fourth step in this disciplinary code provides guidelines for addressing the most dangerous and disruptive behaviors. Those behaviors are considered Level 4 violations that may result in an alternative placement or expulsion.

Shared Responsibilities: The 4-step approach mentioned above reinforces the African proverb, “it takes a village to raise a child.” This belief is further supported by the need to establish a sense of shared responsibility in nurturing and educating children.

This student code of conduct does not list all student offenses. If a student’s offense is not listed, the building principal or designee can classify it as a closely related offense listed in the code.

Level 1 Offenses & Consequences

Offenses

- Cursing lewd/inappropriate language
- Pushing, showing aggressive or intimidating physical postures
- Defiant, disrespectful behavior
- Dress Code Violation
- Unprepared for class
- Teasing, taunting, trash talk
- Defiance/Non-Compliance
- Disruptive behavior
- Incomplete Assignments
- Misuse of school property
- Loitering
- Leaving class without permission (class cutting)

Exclusion from School

Charter schools follow § 711.61 of the Pennsylvania Code regarding suspension and expulsion. Exclusion from school includes either "suspension" or "expulsion." Unless otherwise indicated, the Charter School will follow the definitions and procedures in Chapter 12 of the Pennsylvania Code.

Suspension is exclusion from school for a period of 1 to 10 consecutive school days. Suspensions may be given by the principal or person in charge of the school. A student will be informed of the reasons for the suspension and given an opportunity to respond. Prior notice of the intended suspension need not be given when it is clear that the health, safety or welfare of the school community is threatened. The parents or guardians shall be notified in writing when the student is suspended.

When the suspension exceeds three school days, the student and parent shall be given the opportunity for an informal meeting on the 4th day. Students shall make up exams and work missed during the suspension.

In-school suspension may be given to a student after the student has been informed of the reasons for the suspension and has been given an opportunity to respond before the in-school suspension becomes effective. Communication to the parents or guardian shall follow the in-school suspension action taken by the school. If the in-school suspension exceeds 10 consecutive school days, an informal hearing with the principal shall be offered to the student and the student's parent or guardian prior to the 11th school day in accordance with the procedures in § 12.8 (relating to hearings). The Charter School will provide education during the period of the in-school suspension.

Expulsion is exclusion from school by the governing board for a period exceeding 10 school days and may be permanent expulsion from the school rolls. Expulsions require a prior formal hearing. During the period prior to the hearing and decision of the governing board in an expulsion case, the student shall be placed in his normal class except if it is determined after an informal hearing that a student's presence in his normal class would constitute a threat to the health, safety or welfare of others and it is not possible to hold a formal hearing within the period of a

suspension, the student may be excluded from school for more than ten school days. A student may not be excluded from school for longer than fifteen school days without a formal hearing unless mutually agreed upon by both parties. Student's parents or guardians must comply with compulsory attendance laws and provide the expelled student with another educational program or must notify the Charter School or school district of their inability to do so.

Students with Disabilities: When a child with a disability has been expelled, the Charter School shall provide the child with a disability with the education required under § 12.6(e) (related to compulsory attendance laws) and under the Individuals with Disabilities Education Act until the Charter School is notified in writing that the child is enrolled in another public agency, private school, approved private school or private agency.

Notwithstanding the requirements incorporated by reference in 34 CFR 300.530(b) and 300.536 (relating to authority of school personnel; and change of placement because of disciplinary removals), a disciplinary exclusion of a student with a disability for more than fifteen cumulative school days in a school year will be considered a pattern so as to be deemed a change in educational placement.

Any removal from the current educational placement is a change of placement for a student who is identified as intellectually disabled.

45 Day Unilateral Placement – Charter School personnel may unilaterally remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability if the child:

- Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function;
- Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

Care of School Property Acknowledgement

We _____ (name of student) and _____ (name of parent/guardian) acknowledge that it is our responsibility to properly care for school property including but not limited to textbooks, supplies, and equipment (ex., Chromebooks, etc.). We acknowledge that we must promptly return school property when asked and we understand that we could be assessed penalties for loss or damage to school property. We further acknowledge that intentional damage or destruction of school property will result in disciplinary action in accordance with the School's Student Code of Conduct.

The Board of Trustees ("Board") of the Chester Community Charter School ("Charter School") believes that Charter School should help students learn to respect property and develop feelings of pride in community institutions. The Board also recognizes the relationship between effective use of property and Charter School financial solvency.

The Board charges each student with responsibility for the proper care of Charter School property and the school textbooks, supplies, and equipment entrusted to his/her use.

Students are responsible for the care, maintenance and timely return of all textbooks, supplies, equipment and any other school property. Charter School shall require students and/or parents to sign a compact acknowledging their responsibility for the care and prompt return of textbooks and any other materials or equipment lent to them by the Charter School.

Students and/or their parents will be assessed penalties for lost or damaged textbooks, equipment or school property in accordance with a schedule of fines maintained by School Administration. Imposition of one or more of the following penalties is permitted: a charge for replacement of the school property; requiring the student to perform a prescribed number of hours of school service; and/or loss of privileges such as participation in sports or other extracurricular activities, proms and other special events or graduation-related activities.

Students who willfully cause damage to school property shall be subject to disciplinary measures pursuant to the School Code of Conduct. Students and others who damage or deface school property may be prosecuted and punished under law. Parents and guardians shall be held accountable for student actions. The CEO or his/her designee may report to the appropriate juvenile authorities any student whose damage of school property has been serious or chronic in nature.

User Identification (ID): Any identifier that would allow a User access to Charter School's Technology Resources or to any program including, but not limited to, e-mail and Internet access.

Vandalism: Any malicious attempt to harm or destroy Technology Resources, data of another user, Internet or other networks. This includes, but is not limited to, the uploading or creation of computer viruses.

Authorized Users

Charter School's Technology Resources may be used by any authorized User. Use of Charter School's Technology Resources is a privilege, not a right. If a potential User has a history of discipline problems involving Technology Resources, the CEO or his/her designee may make the decision not to give the potential user access to certain Charter School Technology Resources.

User Privacy

Computer accounts and Technology Resources are given to Users to assist them in the performance of Charter School related functions. A User does not have a legal expectation of privacy in the User's electronic communications or other activities involving Charter School's Technology Resources, including e-mail, in anything they create, store, send, share, access, view or receive on or through the Internet.

By using Charter School's network and Technology Resources, all Users are expressly waiving any right to privacy and consenting to having their electronic communications and all other use accessed, reviewed and monitored by the Charter School. A User ID with

e-mail access will only be provided to authorized Users on condition that the User consents to interception of or access to all communications accessed, sent, received or stored using Charter School technology and signs this policy.

Electronic communications, downloaded material and all data stored on the Charter School's Technology Resources, including files deleted from a User's account, may be intercepted, accessed or searched by the Charter School administrators or designees at any time in the regular course of business to protect Users and the Charter School's equipment. Any such search, access or interception will be reasonable in inception and scope and shall comply with all applicable laws.

Technology Administration

The Board of Trustees directs the CEO or his/her designee to assign trained personnel to maintain the Charter School's technology in a manner that will protect the Charter School from liability and will protect confidential student and employee information retained on or accessible through the Charter School's Technology Resources.

Administrators may suspend access to and/or availability of the Charter School's Technology Resources to diagnose and investigate network problems or potential violations of the law or the Charter School policies and procedures. All Charter School Technology Resources are considered Charter School property.

The Charter School may maintain or improve Technology Resources at any time. The Charter School or authorized Charter School agents may remove, change or exchange hardware, equipment or other technology between buildings, classrooms or Users at any time without prior notice.

Content Filtering and Monitoring

The Charter School employs technology protection measures and will monitor the online activities of Minors on the Charter School network and/or all Technology Resources and equipment with Internet access, as required by law. At a minimum, they are meant to block visual depictions that are obscene, illegal, pornographic, Child Pornographic and/or harmful to Minors as well as Internet/World Wide Web/computer resource access to such material. If Users find a website deemed inappropriate, such website must be reported to CEO. After review of the site, appropriate steps will be taken to block inappropriate site from Users.

For purposes of bona fide research or other lawful purposes, certain blocked sites may be made available for those purposes only after approval of the request by the CEO.

In making decisions to disable the Charter School's Technology Protection Measure device, the administrator shall consider whether the use will serve a legitimate educational purpose or otherwise benefit the Charter School. If a student claims he/she is being denied access, he/she must notify the teacher, who must submit an IT ticket requesting that the IT Department review the website to ensure that the website does not violate requirements set forth in CIPA. If the request is for a video game, the IT Department will deny the request unless the game has a legitimate educational purpose or otherwise benefits the Charter School. If a question arises as to the legitimacy of the website the IT Department must consult with the Principal, who will make the final determination.

The Technology Protection Measures will be used to protect against access to visual depictions that are Obscene, harmful to Minors, illegal, pornographic, and Child Pornographic, as required by law.

Technology Protection Measures are not foolproof, and the Charter School does not warrant the effectiveness of Internet filtering except to the extent expressly required by federal and state laws. Evasion or disabling, or attempting to evade or disable, a Technology Protection Measure device installed by the Charter School is prohibited.

The Charter School shall not be held responsible when a student or other User knowingly or willingly accesses inappropriate material or communicates or shares such materials with others.

Viruses

Viruses can cause substantial damage to Technology Resources. Users are responsible for taking reasonable precautions to ensure they do not introduce viruses to the Charter School's Technology Resources.

All material received on disk, flash drive, or other magnetic or optical medium, and all materials downloaded from the Internet or from Technology Resources or networks that do not belong to the Charter School must be scanned for viruses and other destructive programs before being transferred to Charter School's Technology Resources. Any User receiving an e-mail from a questionable source must contact the IT Department before opening the e-mail or any attachment included in the e-mail. To ensure security and avoid the spread of viruses, Users accessing the Internet through a Technology Resources attached to the Charter School's network must do so through an approved Internet firewall or Technology Protection Measure.

Encryption Software

Users shall not install or use encryption software on any Charter School Technology Resource without first obtaining written permission from the CEO. Users shall not use passwords or encryption keys that are unknown to the CEO.

The federal government has imposed restrictions on export of programs or files containing encryption technology. Software containing encryption technology shall not be placed on the Internet or transmitted in any way outside the United States.

Web Content Developed by Students

As part of class/course assignments, students may be developing and/or publishing content to the Internet via web pages, electronic and digital images, blogs, wikis, podcasts, vodcasts, and webcasts, or may be participating in videoconferences.

The following guidelines must be adhered to when students develop and publish information to the Internet:

- Personal information such as phone numbers, addresses, e-mail addresses or other specific personal information shall not be published or shared to a public page or videoconference.
- All web content must comply with this policy.

- All web content and videoconferencing must be under the direction and supervision of the teacher/administrator and is to be used for educational purposes only.
- All web content is subject to copyright law and fair use guidelines.
- All web content shall only be posted to Charter School approved web pages, blogs, wikis, podcasts, webcasts, vodcasts and videoconferences.

Prohibitions

Students, staff and all Users are expected to act in a responsible, ethical and legal manner in accordance with Charter School policies and federal and state laws. Specifically, the following uses of the Charter School's Technology Resources are prohibited:

- To facilitate illegal activity, including unauthorized access and hacking;
- To engage in commercial, for-profit, or any business purposes, except where such activities are otherwise permitted or otherwise authorized;
- Non-work or non-school related work;
- Product advertisement or political lobbying;
- Production or distribution of hate mail, unlawfully discriminatory remarks, and offensive or inflammatory communication;
- Unauthorized or illegal installation, distribution, reproduction, or use of copyrighted materials;
- To access or transmit material that is harmful to Minors and/or Users, indecent, Obscene, pornographic, Child Pornographic, terroristic, or advocates the destruction of property;
- Use of inappropriate language or profanity;
- To transmit material likely to be offensive or objectionable to recipients;
- To intentionally obtain or modify files, data and passwords belonging to other Users, or integral to system and network operations;
- Impersonation of another User, anonymity and/or use of pseudonyms;
- Loading or use of unauthorized games, programs, files, or other electronic media;
- To disrupt the work of other Users;
- Destruction, modification, evasion, disabling, or abuse of Technology Resources and peripheral hardware or software including Go Guardian software.
- Relocation of Charter School hardware without prior administrative consent;
- Quoting personal communications in a public forum without the original author's prior consent;
- To access or use any form of electronic mail on Charter School Technology Resources unless authorized by the CEO or his/her designee;
- Using the network to participate in online or real-time conversations unless authorized by the teacher/administrator for the purpose of communicating with other classes, students, teachers, experts or professionals for educational purposes;
- Using a disk, removable storage device or CD/DVD brought into the Charter School from an outside source that has not been properly scanned for viruses or authorized for use by a teacher/administrator in accordance with Charter School established procedures;
- To discriminate against, advocate violence against, harass, intimidate, bully or cyberbully others;
- To send unsolicited ("spamming") or forwarded e-mails and chain letters to persons;
- Using "spoofing" or other means to disguise User identities in sending e-mail or other electronic communication via bulletin boards, newsgroups, social networking sites, instant messages, e-mail systems, chat groups, chat rooms, or through other Technology Resources;

- To send, transmit or otherwise disseminate proprietary data, trade secrets, or other confidential information of the Charter School;
- Posting or allow the posting of personal information about themselves or other people on the Technology Resources unless authorized by the CEO. Personal information includes address, telephone number (including home, work and cell phone numbers), school address, work address, pictures or video bites, clips, etc.;
- To refer to or attempt to refer to the Charter School or its employees, agents, trustees, parents or students in any electronic communication, posting, blog, website, e-mail or social networking site, without written authorization of the CEO;
- To access or transmit gambling, pools for money, or any other betting or games of chance;
- To solicit information with the intent of using such information to cause personal harm or bodily injury to another or others;
- Posting, sharing or attempting to post information that could endanger an individual, cause personal damage or a danger of service disruption; and
- Indirectly or directly making connections that create “backdoors” to the Charter School, other organizations, community groups, etc. that allow unauthorized access to the Technology Resources or the Charter School.

Security

The Charter School intends to strictly protect its Technology Resources against numerous outside and internal risks and vulnerabilities. Users are important and critical players in protecting these assets and in lessening the risks that can harm Technology Resources.

Therefore, Users are required to comply fully with this Policy and to immediately report any violations or suspicious activities to the CEO.

System security is protected in part by the use of passwords. All passwords must be at least eight (8) characters and include alphanumeric and special characters. After three (5) unsuccessful access attempts, an attempted User will be locked out and must contact the CEO or his/her designee.

Failure to adequately protect or update passwords could result in unauthorized access to personal or Charter School files. Users shall be responsible for safeguarding their passwords for access to the Charter School's Technology Resources and for all transactions made using their passwords. To protect the integrity of the Charter School's Technology Resources and systems, the following guidelines shall be enforced:

- Students and other Users shall not reveal their passwords to another unauthorized individual.
- Passwords shall not be printed or stored online.
- Students and other Users are required to log off from the network when they complete working at a particular station.
- Users are not to use a computer that has been logged in under another student's, teacher's or User's name.
- Any User identified by the CEO or his/her designee as having a history of discipline problems involving Technology Resources may be denied access to any or all of the Charter School's Technology Resources.
- Students and other Users shall not alter a communication originally received from another person or computer with the intent to deceive.
- Users shall not misrepresent the identity of a sender or source of communication.

- Users shall not disable or circumvent any Charter School security; software or hardware. More specifically, users must not disable or evade Go Guardian software.
- Users shall not interfere with or disrupt the Charter School's systems, network accounts, services or equipment.
- Files, system security software/hardware or any Charter School system shall not be altered or attempt to be altered without the written authorization of the CEO or his/her designee.
- Unauthorized hardware and electronic devices shall not be connected to the Charter School system.
- Users shall comply with requests from the CEO or his/her designee to discontinue activities that threaten the operation or integrity of the Charter School system.

Use of passwords to gain access to Technology Resources or to encode particular files or messages does not imply that Users have an expectation of privacy in the material they create or receive on Technology Resources. The Charter School retains access to all material stored on the Technology Resources regardless of whether that material has been encoded with a particular User's password, subject to limitations as set forth in the Charter School's policy governing Remote Access and Monitoring of the Charter School's Technology Resources, as well as applicable law.

Users shall not alter or copy a file belonging to another User without first obtaining permission from the owner of the file. Ability to read, alter, or copy a file belonging to another User does not imply permission to read, alter, or copy that file. Users shall not use the Technology Resources to "snoop" or pry into the affairs of other Users by unnecessarily reviewing the files and e-mails of another.

A User's ability to connect to another computer's system through the network or by any other electronic means shall not imply a right to connect to those systems or to make use of those systems unless specifically authorized by the administrators of those systems and the CEO.

Students Using Approved Personal Technology for Classroom Use

The Charter School retains the right to determine where and when personal technology may access the Charter School network. The CEO or designees will determine if Users are permitted to connect on a space-available basis and Charter School resources will receive priority over non-Charter School equipment and may connect on a space-available basis and Charter School resources will receive priority over non-Charter School equipment.

Peripheral devices such as printers may not be disconnected from the network and connected to personal technology.

All personal technology must be running up-to-date, with Charter School-approved virus detection software and operating system critical updates prior to accessing the Charter School network. Equipment must be certified as virus-free before being connected to the network.

Charter School-owned software may not be installed on personal technology without written permission from the CEO or designee.

File storage on the network is limited to schoolwork only. The User must supply all necessary hardware and software.

The CEO or his/her designee has the right to deny the connection of personal technology to the network. Personal technology may be removed from the Charter School network at any time on the recommendation of the CEO or his/her designee.

Photos, digital images, videos, and recordings taken of Charter School students and staff without their consent or knowledge will not be tolerated. Violators will be subject to disciplinary actions that may include losing the privilege to possess and use electronic devices on Charter School property, at Charter school sponsored events/activities and on Charter School transportation.

Personal technology discovered on the Charter School network without authorization from the CEO shall be confiscated.

Safety

To the greatest extent possible, Users of the network will be protected from harassment or unwanted or unsolicited communication. Any network User who receives threatening or unwelcome communications shall immediately bring them to the attention of a teacher, staff member or an administrator.

Communications through Charter School Technology Resources are limited to only that which serves a demonstrable educational purpose. For safety reasons, Charter School Users shall not reveal personal addresses or telephone numbers to other Users on Charter School networks or on the Internet.

The CEO or his/her designee shall be responsible for implementing protection measures to determine whether Charter School's computers, laptops, iPads, Kindles and other Technology Resources and technology related devices such as USB drives, digital cameras and video cameras, PDAs, MP3 players, printers, etc. are being used for purposes prohibited by law or for accessing sexually explicit materials. The procedures shall include but not be limited to:

- Utilizing technology protection measures that block or filter Internet access for minors and adults to certain visual depictions that are Obscene, Child Pornography, harmful to minors with respect to use by Minors, or determined inappropriate for use by Minors by the Board of Trustees.
- Approved employees and/or vendors with access to the room that contains Charter School's server.
- Removing terminated employees and vendors from the Charter School's system in a timely manner.
- Analyzing the impact of proposed program changes in relation to other critical business functions before adopting the proposed program changes.
- Developing compensating controls to mitigate information technology (IT) weakness to student data, i.e. reconciliations to manual records, analysis of student trends, data entry procedures and review, etc.

Vendors

If the Charter School shares internally sensitive or legally/contractually restricted Charter School data with parties outside the Charter School community, the Charter School shall first enter into a Non-Disclosure Agreement with the party. The Non-Disclosure Agreement is needed to protect the Charter School's proprietary or otherwise sensitive information.

Non-Disclosure Agreements are typically needed when entering into a business relationship with vendors, consultants and contractors. All Non-Disclosure Agreements must be reviewed by the Charter School's legal counsel before signing.

All vendors, consultants and/or contractors shall only be granted access to the Charter School's Technology Resources to make changes or updates with prior written authorization from the CEO or his/her designee. Once the vendor, consultant and/or contractor, completes its work, access to the Charter School's Technology Resources will be removed.

Vendors, consultants and contractors are required to assign unique user IDs and passwords to each of their employees authorized to access the Charter School's system. Vendors, consultants and/or contractors may be terminated for violating this Policy and/or violating any state or federal laws.

All vendors, consultants and/or contractors and their employees who have direct contact with students must comply with the mandatory background check requirements for federal and state criminal history and child abuse. An official child abuse clearance statement for each of the vendors', consultants' and/or contractors' employees shall be submitted to the Charter School prior to beginning employment with the Charter School. Failure to comply with the background check requirements shall lead to immediate termination.

Closed Forum

The Charter School's Technology Resources are not a public forum for expression of any kind and are to be considered a closed forum to the extent allowed by law.

All expressive activities involving Charter School Technology Resources that students, parents/guardians and members of the public might reasonably perceive to bear the approval of the Charter School and that are designed to impart particular knowledge or skills to student participants and audiences are considered curricular publications. All curricular publications are subject to reasonable prior restraint, editing and deletion on behalf of the Charter School for legitimate educational reasons. All other expressive activities involving the Charter School's technology are subject to reasonable prior restraint and subject matter restrictions as allowed by law and Board of Trustees policies.

Records Retention

Charter School personnel shall establish a retention schedule for the regular archiving or deletion of data stored on Charter School Technology Resources that complies with the Charter School's Record Retention and Destruction Policy as well as all federal and state laws and regulations. It is the User's responsibility to know which records are subject to these conditions and to comply with these laws and regulations or to contact the CEO for clarification.

In the case of pending or threatened litigation, the Charter School's attorney will issue a litigation hold directive to the CEO or his/her designee. A hold directive will direct all Charter School administration and staff not to delete or destroy any electronic mail or other documentation on a computer as related to a specific student, employee, issue and/or for a specific time period. Failure to follow such a directive could result in negative legal consequences for the User and/or within the actual or threatened litigation. The litigation hold directive will override any records retention schedule that may have otherwise called for the transfer, disposal or destruction of relevant documents until the hold has been lifted by the Charter School's attorney. E-mail and computer accounts of separated employees that have been placed on a litigation hold will be maintained by the Charter School until the hold is released. No employee, who has been so notified of a litigation hold, may alter or delete any electronic record that falls within the scope of the hold. Violation of the hold may subject the individual to disciplinary actions, up to and including termination of employment, as well as personal liability for civil and/or criminal sanctions by the courts or law enforcement agencies.

Drafting E-mails

Like any other document, an e-mail message and other computer information is discoverable during litigation. An e-mail may be used in litigation to indicate what a User knew or felt. It is important to keep this in mind when creating e-mails and other documents. Even after you delete an e-mail message or close a computer session, it may still be recoverable and may remain on the system. Since e-mail communications are discoverable during litigation, they will have to be turned over to the opposing party unless determined to be privileged by the Charter School's legal counsel.

Privileged Attorney-Client Communications

Confidential e-mail sent to or retained from counsel or an attorney representing the Charter School shall include this warning header on each page: "ATTORNEY CLIENT PRIVILEGED: DO NOT FORWARD WITHOUT PERMISSION."

Damages

All damages incurred by the Charter School due to a User's intentional or negligent misuse of Charter School's Technology Resources, including loss of property and staff time, may be charged to the User. Charter School administrators have the authority to sign any criminal complaint regarding damage to Charter School technology.

No Warranty/No Endorsement

The Charter School makes no warranties of any kind, whether expressed or implied, for the services, products or access it provides.

The electronic information available to students and staff on the Internet or through web- based services does not imply endorsement of the content by the Charter School, with the exception of resources approved and adopted by the Board of Trustees. Nor does the Charter School guarantee the accuracy of information received using the Charter School's Technology Resources.

The Charter School is not and shall not be responsible for the loss of data, delays, non- deliveries, miss-deliveries or service interruptions. The Charter School is not and shall not be responsible for any information that may be damaged or unavailable when using Charter School Technology Resources or for any information that is retrieved via the Internet. The Charter School is not and shall not be responsible for any damages incurred as the result of using the Charter School's Technology Resources, including but not limited to, the loss of personal property used to access Technology Resources. Further, the Charter School is not and shall not be responsible for any unauthorized charges or fees resulting from access to the Internet or other commercial online services.

Unauthorized Disclosure of Information of Minors

It is a violation of state laws, including, but not limited to Chapter 12 of Title 22 of the Pennsylvania Code, the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g) and all other federal laws and regulations, to access data of a student the User does not have a legitimate educational interest in or to disclosure information about a student without parental permission or absent an exception to the disclosure requirements.

Access and distribution of student data is recorded.

Questions regarding the disclosure of student information must be directed to the CEO prior to disclosure and must conform to the Charter School's student records and confidentiality policies. Unauthorized disclosure, use and dissemination of personal information regarding Minors is prohibited.

Compliance with Applicable Laws and Licenses

In their use of Technology Resources, Users must comply with all software licenses/copyrights and all other state, federal, and international laws governing intellectual property and online activities. Users shall not copy and distribute copyrighted material (e.g., software, database files, documentation, articles, graphics files, and downloaded information) through the e-mail system or by any other means unless it is confirmed in advance from appropriate

sources that the Charter School has the right to copy or distribute the material. Failure to observe a copyright may result in disciplinary action by the Charter School, as well as legal action by the copyright owner. Any questions concerning these rights should be directed to the CEO or his/her designee.

Violations of Acceptable Technology Usage Policies and Procedures

Use of Technology Resources and equipment in a disruptive, manifestly inappropriate or illegal manner impairs the Charter School's mission, squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all Users granted access to the Charter School's Technology Resources. Any violation of Charter School policies or procedures regarding technology usage may result in temporary, long-term or permanent suspension of User privileges. User privileges may be suspended pending investigation into the use of the Charter School's Technology Resources and equipment.

Employees may be disciplined or terminated, and students suspended or expelled, for violating this Policy. Any attempted violation of the Charter School's policies or procedures, regardless of the success or failure of the attempt, may result in the same discipline or suspension of privileges as that of an actual violation.

Consequences for Inappropriate Use

Charter School Users shall be responsible for damages to the equipment, systems, and software resulting from deliberate or willful acts.

Illegal use of Charter School Technology Resources includes, but is not limited to: intentional copying, deletion or damage to files or data belonging to others, copyright violations, or theft of services. Any illegal usage of Charter School Technology Resources will be immediately reported to the appropriate legal authorities for possible prosecution.

General rules for behavior and communications apply when using the Internet or any Charter School Technology Resource. Suspension of access, loss of access and other disciplinary actions may be consequences for inappropriate use. Vandalism may result in cancellation of access privileges, discipline and possible criminal action.

Cessation of Access

Upon termination or ending of enrollment, employment or the termination of any contract with or from the Charter School, no further access to or use of Technology Resources is permitted without the express authorization from the CEO.

Education of Technology Resource Users

The Charter School shall implement a program that educates students and staff about acceptable use and internet safety associated with the Charter School's Technology Resources. All students must complete a designated Technology Resources and Internet training prior to unsupervised use of the Charter School's Technology Resources as required by the 2008 Broadband Data Improvement Act. This training includes, but is not limited to: appropriate online behavior, including interacting on social networking websites and in chat rooms; cyberbullying awareness and response; proper use of Technology Resources; restricted activities with Technology Resources; and access and monitoring of school-issued Technology Resources to students.

No Additional Rights

This Policy is not intended for and does not grant Users any contractual rights. Users of the Charter School's Technology Resources must review this policy closely and sign and return to Charter School a form acknowledging receipt and acceptance of the terms in this policy, which is attached hereto. Venue for any legal action arising out of an alleged and/or actual violation of the attached Agreement(s) shall be in Delaware County, Pennsylvania.

Acknowledgement of the Acceptable Use and Internet Safety Policy (Student User Agreement)

Dear Parent/Guardian:

Please review the following Student User Agreement with your child. Then please return both the signed Student User Agreement and the signed Parent User Agreement, which acknowledges receipt of **Chester Community Charter School's** ("Charter School") Acceptable Use and Internet Safety Policy ("Policy"), to your child's principal by **{DATE}** _____. This form is valid for the duration of your child's enrollment in Charter School until replaced by another form or revoked in writing by a parent or guardian.

I _____, a student of Charter School, have read the entire Acceptable Use Policy, which consists of 17 pages, understand it and agree to comply with the Policy. In addition to complying with all terms of the Policy, when using any Charter School Technology Resources, as defined above, I accept the following basic rules:

I shall treat all Technology Resources with care and will leave them in good working condition when I am finished. I will not damage, deface, destroy or render inaccessible Technology Resources. I also will not evade or disable any school technology.

I shall use appropriate language on all Technology Resources. If the language is obscene, vulgar, defamatory, harassing, degrading, sexually explicit, threatening, violent, insulting, demeaning, harmful to minors, child pornographic, pornographic, advocating illegal acts, or otherwise inappropriate as deemed by the CEO, I will not access it, use it, send it, share it, create it or attempt to access, use, create, share or send it.

I shall always treat people online with respect. I shall not use any Charter School Technology Resources to insult, harass, threaten, bully or cyberbully other Users, as defined above. I assume responsibility for the content of messages I send to others or that are sent to others via my account.

I shall respect the privacy of other Users and will not make any attempts to gain access into the private mailboxes or accounts of those Users. I shall not allow other Users access to my mailbox and will keep my password private.

I understand that Technology Resources are to be used for educational/professional/contractual use.

I understand that all Technology Resources belong to Charter School and I shall treat them with respect.

I will not install or download any applications (games), programs or materials from the Internet or from any Technology Resources unless the CEO gives me prior permission in writing.

I shall not add any software to Charter School's Technology Resources unless the CEO gives me prior permission in writing.

I understand that the Technology Resources provided to me for use may be protected under copyright law. I agree not to copy resources unlawfully and/or distribute any materials provided for my use without express prior permission by the CEO.

I shall comply with all applicable state and federal laws and regulations regarding the use of Technology Resources, including but not limited to laws regarding child welfare and the Internet protection of minors, such as CIPA and N-CIPA.

By signing below, I agree to abide by the Acceptable Use Policy and understand that failure to follow all rules as explained in this document may result in the loss of my privileges to Technology Resources; disciplinary action, including student disciplinary action up to and including expulsion from Charter School in accordance with the Code of Conduct; charges for damages; and civil or criminal penalties.

I, _____, a parent/guardian of _____, a student of **Chester Community Charter School** ("Charter School"), have read the entire Acceptable Use and Internet Safety Policy ("Policy"), which consists of 17 pages, understand it and agree to comply with the Policy. In addition to complying with all terms of the Policy, when using any Charter School Technology Resources, as defined above, I acknowledge the following:

My child and I shall treat all Technology Resources with care and will leave them in good working condition when he/she is finished. My child and I will not damage, deface, destroy or render inaccessible Technology Resources.

My child and I shall use appropriate language on all Technology Resources. If the language is obscene, vulgar, defamatory, harassing, degrading, sexually explicit, threatening, violent, insulting, demeaning, harmful to minors, child pornographic, pornographic, advocating illegal acts, or otherwise inappropriate as deemed by the CEO, my child and I will not access it, use it, send it, share it, create it or attempt to access, use, create, share or send it.

My child and I shall always treat people online with respect. My child and I shall not use any Charter School Technology Resources to insult, harass, threaten, bully or cyberbully other Users. My child and I assume responsibility for the content of messages we send to others or that are sent to others via his/her account.

My child and I shall respect the privacy of other Users and will not make any attempts to gain access into the private mailboxes or accounts of those Users. My child and I shall not allow other Users access to my child's mailbox and we will keep his/her password private.

My child and I understand that Technology Resources are to be used for educational/professional/contractual use.

My child and I understand that all Technology Resources belong to Charter School and we shall treat them with respect.

My child and I will not install or download any applications (games), programs or materials from the Internet or from any Technology Resources unless the CEO gives prior permission in writing.

My child and I shall not add any software to Charter School's Technology Resources unless the CEO gives prior permission in writing.

My child and I understand that the Technology Resources provided may be protected under copyright law. My child and I agree not to copy resources unlawfully and/or distribute any materials provided for our use without express prior permission by the CEO.

My child and I shall comply with all applicable state and federal laws and regulations regarding the use of Technology Resources, including but not limited to laws regarding child welfare and the Internet protection of minors, such as CIPA and N-CIPA. In addition, my child and I have had a conversation about this policy.

By signing below, I agree to abide by the Acceptable Use Policy and understand that failure to follow all rules as explained in this document may result in the loss of my and my child's privileges to Technology Resources; disciplinary action, including student disciplinary action up to and including expulsion from Charter School in accordance with the Code of Conduct; charges for damages; and civil or criminal penalties.

BULLYING / CYBER-BULLYING POLICY

A. POLICY: *Approved by Board of Trustees, July 30, 2025*

I. Prohibition of Bullying

To further these goals, Chester Community Charter School prohibits the bullying of any person on school property, at school functions, by use of data or computer software accessed through a computer, computer system, computer network or other electronic technology of the school from kindergarten through grade eight. Chester Community Charter School further prohibits reprisal, retaliation or false accusation against a target, witness or one with reliable information about an act of bullying.

II. Definition of Bullying and Cyberbullying

As used in this policy, bullying means any intentional written, electronic, verbal or physical act or actions against a student, school volunteer or school employee that a reasonable person under the circumstances should know, would have the effect of:

- a. Placing a student, school volunteer or school employee in a reasonable fear of substantial harm to his or her emotional or physical well-being, or substantial damage to his or her property; or
- b. Creating a hostile, threatening, humiliating or abusive education environment due to persuasiveness or persistence of actions, or due to a power differential between the bully and the target; or
- c. Interfering with a student having a safe school environment necessary to facilitate educational performance, opportunities or benefits; or
- d. Perpetuating bullying by inciting, soliciting or coercing an individual or group to demean, dehumanize, embarrass or cause emotional, psychological or physical harm to another student, school volunteer or school employee.

III. Reporting Requirements

Bullying is unacceptable and a culture of openness is the best way to counter such behavior. It is the responsibility of each member of the school community: pupils, staff and parents to report instances of bullying or suspicions of bullying, with the understanding that all such reports will be heard and taken seriously. Any school employee with reliable information that would lead a reasonable person to suspect a person is a target of bullying shall immediately report it to the school administration.

IV. Investigative Procedures

- a. Chester Community Charter School shall maintain a procedure to promptly investigate in a timely manner and determine whether bullying has occurred.
- b. All confirmed bullying incidents must be reported to the CEO, principal, assistant principal, or behavior specialist immediately.
- c. Some acts of bullying may also be crimes, which will be reported to the police.

V. Consequences for Bullying

Consequences for bullying are described in the Chester Community Charter School's Student Code of Conduct. (**See Code of Conduct - Attachment F**)

VI. Retaliation

Retaliation for reporting bullying is prohibited. The consequences and appropriate remedial action for a person who engages in retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act.

VII. Accountability

Each school shall verify for the Chief Executive Officer the method and date the policy has been distributed to all students, parents, faculty and staff.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (FERPA)

Under the FAMILY EDUCATION RIGHTS AND PRIVACY ACT OF 1974 (FERPA), you have the right to inspect and review your student's education records. This right includes the right to seek amendment of the student's education records that you believe are inaccurate, misleading or otherwise in violation of the student's privacy rights. You have the right to consent to disclosures of personally identifiable information contained in the student's education records except for those provisions under FERPA, which authorizes disclosure without consent. For instance, records may be disclosed to other school officials, including teachers, school social workers, school psychologist or psychiatrists, occupational, physical or speech therapists, assistant principals, reading and math specialists, and administrative staff members, so long as that disclosure serves a legitimate educational interest. A legitimate educational interest arises when in the professional opinion of school officials, disclosure of the record (file) serves to enhance or benefit the student's educational progress. You have the right to file with the Department of Education a complaint if we fail to comply with the requirements of FERPA.

If you would like to review your student's education record (file), please contact the principal for an appointment. If you seek to amend the records, you must: 1) place your request in writing to the principal fully explaining the section of the record that you seek to amend and the basis for this request; 2) within a reasonable period of time after reviewing this request, school officials shall decide whether to amend the record as requested; 3) if school officials determine an amendment is not necessary, you as the parent shall be informed of this decision and of the right to a hearing. Outlined below are changes in the NCLB (No Child Left Behind) that do not amend FERPA, but relate to the disclosure of personally identifiable information from students' education records.

Suspension and expulsion disciplinary records:

- Section 4155 of the Elementary and Secondary Education Act of 1965 (ESEA), 20 U.S.C. Section 7165, as amended by the NCLB, requires that each State have "a procedure in place to facilitate the transfer of disciplinary records, with respect to a suspension or expulsion, by local educational agencies to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll, on a full or part-time basis, in the school" no later than January 8, 2004. LEAs (local educational agencies) should include a notice in their annual notification of rights under FERPA that they forward education records to other schools that have requested the records and in which the student seeks or intends to enroll (34 CFR Sections 99.7 and 99.34(a)(ii)). (See enclosed model notification of rights.)
- Section 9528 of the ESEA, 20 U.S.C. – 7908, as amended by the NCLB, and 10 U.S.C. 503, as amended by – 544 of the National Defense Authorization Act for Fiscal Year 2002 (Pub.L No. 107-107), require LEAs to:
 - give military recruiters the same access to secondary school students as provided to postsecondary institutions or to prospective employers; and,
 - provide students' names, addresses, and telephone listings to military recruiters, when requested, unless a parent has opted out of providing such information. (Military Recruiter Guidance is on FPCO Web site.)

Protection of Pupil Rights Amendment (PPRA)

Statute: 20 U.S.C. Section 1232h. Regulations: 34 CFR Part 98.

PPRA governs the administration to students of a survey, analysis, or evaluation that concerns one or more of the following eight protected areas:

- political affiliations or beliefs of the student or the student's parent;
- mental or psychological problems of the student or the student's family;

- sex behavior or attitudes;
- illegal, anti-social, self-incriminating, or demeaning behavior;
- critical appraisals of other individuals with whom respondents have close family relationships;
- legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- religious practices, affiliations, or beliefs of the student or student's parent; or
- income (other than that required by law to determine eligibility for participation in the program or for receiving financial assistance under such program).

PPRA also concerns marketing surveys and other areas of student privacy, parental access to information, and the administration of certain physical examinations to minors.

GENERAL NOTIFICATION – LEAs must provide parents and students effective notice of their rights under PPRA. In addition, the NCLB amendments to PPRA require that LEAs provide for reasonable notice of the adoption or continued use of the policies described below. The LEA must provide such notice at least annually, at the beginning of the school year, and after any substantive change in such policies. This new notification requirement may be included in the PPRA general notification.

The general notification must indicate that PPRA applies to surveys that contain questions about one or more of the eight protected areas listed above. The notification must explain that for surveys that contain questions about one or more of the eight protected areas and that are funded in whole or in part by Department funds, the LEA must obtain prior written consent from parents before students are required to submit to the survey.

The general notification must also indicate that, for surveys that contain questions from one or more of the eight protected areas but are not funded in whole or part by Department funds, the LEA will notify the parent, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when it will administer the survey(s) and provide an opportunity for the parent to opt his or her child out of participating.

In addition, LEAs must notify parents that they have the right to review, upon request, any survey that concerns one or more of the eight protected areas, and any instructional material used as part of the educational curriculum for the student. (A model PPRA general notification for use by LEAs is attached and may also be obtained on FPCO's Web site).

Section 1061 of NCLB amended PPRA to give parents more rights with regard to the surveying of minor students, the collection of information from students for marketing purposes, and certain non-emergency medical examinations. Here are some of the changes made to PPRA by NCLB:

- An eighth category of protected information was added to PPRA. See No. 7 above, "religious practices, affiliations, or beliefs of the student or student's parent."
- The following new provisions apply to educational agencies and institutions that receive funds from any Department program.

- 1) LEAs are required to develop and adopt policies – in consultation with parents regarding the following:
 - a) The right of parents to inspect, upon request, a survey created by a third party before the survey is administered or distributed by a school to students.

- b) Arrangements to protect student privacy that are provided by the LEA in the event of the administration of a survey to students containing one or more of the eight protected items of information noted above (including the right of parents to inspect, upon request, a survey that concerns one or more of the eight protected items of information).
 - c) The right of parents to inspect, upon request, any instructional material used as part of the educational curriculum for students, and the procedure for granting a request by a parent for such access.
 - d) The administration of physical examinations or screenings that the school may administer to students.
 - e) The collection, disclosure, or use of personal information (including items such as a student's or parent's first and last name, address, telephone number or social security number) collected from students for the purpose of marketing or selling, or otherwise providing the information to others for that purpose, including the LEA's arrangements for protecting student privacy in the event of collection, disclosure, or use.
 - f) The right of parents to inspect, upon request, any instrument used in the collection of personal information, as described above in paragraph 5, before the instrument is administered or distributed to a student and the LEA's procedure for granting a parent's request.
- 2) **SPECIFIC NOTIFICATION** – An LEA must “directly” notify, such as through U.S. mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and must provide an opportunity for the parent to opt his or her child out of participation in the specific event or survey. The notification must be provided at least annually at the beginning of the school year and must include the specific or approximate dates during the school year when activities described below are scheduled, or expected to be scheduled. If the LEA is unable to identify the specific or approximate dates of the activities or surveys requiring specific notification the beginning of the school year, it must provide this notification to parents once the activity or survey is scheduled. Parents should be provided reasonable notification of the planned activities and surveys, and be provided an opportunity to opt their child out, as well as an opportunity to review any pertinent surveys. A model specific notification for use by LEAs is attached and may also be obtained on the Web site noted at the end of this guidance. **LEAs must offer an opportunity for parents to opt their child out of participating in the following activities:**
- a) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - b) Any non-emergency, invasive physical examination or screening that is:
 - required as a condition of attendance;
 - administered by the school and scheduled by the school in advance; and
 - not necessary to protect the immediate health and safety of the student, or of other students.
 - c) The administration of any survey containing one or more of the eight protected areas of information listed above and that is not funded in whole or in part by Department funds. (LEAs must obtain active consent, and may not use an opt-out procedure, if the survey is funded in whole or in part with Department funds).
- 3) An LEA is not required to develop and adopt new policies if the SEA or LEA has in place, on the date of enactment (January 8, 2002) of the NCLB, policies covering the requirements set forth in this law; however, the LEA must still provide annual notice of these policies to parents.
- 4) The requirements concerning activities involving the collection and disclosure of personal information from students for marketing purposes do not apply
- 5) to the collection, disclosure or use of personal information collected from students or services for or to students or educational institutions, such as the following:
- College or other postsecondary education recruitment, or military recruitment.
 - Book clubs, magazines, and programs providing access to low-cost literary products.
 - Curriculum and instructional materials used by elementary schools and secondary schools.

- Tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or
 - Achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
 - The sale by students of products or services to raise funds for school- related or education-related activities.
 - Student recognition programs.
- 6) This law does not pre-empt applicable provisions of State law that require parental notification.
- 7) This law does not apply to any physical examination or screening that is permitted or required by State law, including physical examinations or screenings permitted without parental notification.
- 8) A SEA or LEA may use funds provided under part A of title V of the ESEA to enhance Parent & Family Engagement in areas affecting the in-school privacy of students, such as reimbursement for costs associated with this direct notification.

DEFINITION OF SOME TERMS USED IN PPPA:

“Instructional Material” – instructional material that is provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible throughout the Internet). The term does not include academic tests or academic assessments.

“Invasive Physical Examination” – any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

“Personal Information”– individually identifiable information including –

- a student’s or parent’s first and last name;
- a home or other physical address (including a street name and the name of a city or town);
- a telephone number; or
- a social security-number

CHILDREN'S INTERNET PROTECTION ACT (CIPA) POLICY

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

According to the Pennsylvania Department of Education (“PDE”), the Federal Children’s Internet Protection Act (“CIPA”), Pub. L. No. 106-554 and 47 USC 254(h), mandates that schools that receive federal technology funds must develop and implement measures and policies to prevent access to “visual depictions” that are determined to be “obscene”, “child pornography”, or “harmful to minors” as defined herein.

PDE has further stated that schools receiving certain E-rate discounts are also mandated by the Neighborhood Children’s Internet Protection Act (N-CIPA) to adopt and enforce an Acceptable Use and Internet Policy that addresses harmful or inappropriate online activities. N-CIPA was passed as part of CIPA.

The Board of Trustees of the Chester Community Charter School (“Charter School”) has adopted this Policy in order to establish specific standards to comply with CIPA and N-CIPA requirements.

This Policy is to be read in conjunction with the Charter School’s Acceptable Use of Computer Resources Policy and shall supplement, not supplant, the Charter School’s Acceptable Use of Computer Resources Policy.

The Chief Executive Officer of the Charter School (“CEO”) or his/her designee is directed to include this Policy in the Parent and Student Handbook and the Employee Handbook. Failure to comply with this Policy and/or Internet safety requirements of Charter School shall result in consequences as set forth in the school’s Parent and Student Handbook, Code of Conduct or Employee Handbook and/or as allowed by applicable law. Consequences may include, but are not limited to: denial of or restriction to access to technology, suspension, expulsion, notification of authorities, termination, commencement of civil and/or criminal proceedings and/or other consequences available under school policy and/or applicable state and/or federal laws.

The Charter School uses computer resources to facilitate the education of students and to aid in matters related to the operations of Charter School. The Charter School further places student Internet safety as a primary concern.

It is every computer user’s duty to use computer resources, including the Internet, responsibly, professionally, ethically and lawfully. Access to these resources shall be designated a privilege, not a right.

This policy applies to aspects of both adult and student compliance with Internet safety at the Charter School.

CIPA/N-CIPA Compliance/Internet Safety

It is the policy of the Charter School to:

- Prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, and all other forms of direct electronic communications;
- Prevent unauthorized access and other unlawful online activity;
- Prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and
- Comply with the Children’s Internet Protection Act, Pub. L. No. 106-554 and 47 USC 254(h).

To the extent consistent with applicable state and federal laws and reasonably practical, technology protection measures (or “Internet filters”) shall be used at the Charter School to block or filter Internet, and other forms of electronic communications, and access to inappropriate information. The form and type of technology protection measures used during the school year include: SonicWall Comprehensive Gateway Security Suite, Google G Suite Management for Chromebooks, Meraki Layer 7 application and content blocking.

The term “technology protection measure” means a specific technology that blocks or filters Internet access to visual depictions that are:

- Obscene, as that term is defined in section 1460 of title 18, United States Code;
- Child Pornography, as that term is defined in section 2256 of Title 18, United States Code; or
- Harmful to minors. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:
 - Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
 - Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

The terms “sexual act” and “sexual contact” have the meanings given such terms in section 2246 of title 18, United States Code.

As required by the Children’s Internet Protection Act (CIPA), blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors.

Technology protection measures shall only be disabled pursuant to the direction of the CEO or his /her designee to the extent allowed by applicable law and regulation, for bona fide research or other lawful purposes of an adult as determined by the CEO or his / her designee. The development of procedures for the disabling or otherwise modifying of any technology protection measures shall be the responsibility of the CEO of the Charter School or his or her designee.

The CEO or his /her designee shall take reasonable steps to promote the safety and security of users of the online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

As required by the Children’s Internet Protection Act, prevention of inappropriate network usage at Charter School shall include:

- Unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and
- Unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

It shall be the responsibility of all members of the Charter School staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and applicable laws, including the Children’s Internet Protection Act as well as in accordance with any administrative procedures developed by the CEO in furtherance of this Policy.

In accordance with the “Protecting Children in the 21st Century Act” and its requirement to certify to the Schools and Library Division (“SLD”) that the school’s Internet Safety Policy includes educating minors about appropriate online

behavior, students shall be educated about appropriate online behavior, including cyber-bullying awareness and response and interacting with other individuals on social networking sites and in chat rooms.

With regard to educating minors about appropriate online behavior, the CEO or his / her designee is directed to:

- Make such educational opportunities available to students during the school year;
- Notify students and their parents about these educational opportunities in advance; and
- Maintain documentation of:
 - educational programs offered;
 - the dates and locations of such opportunities;
 - how online safety was taught and what was covered in the programs offered; and
 - those in attendance at the programs offered.

The CEO or his /her designee is directed to file and/or provide the appropriate certifications evidencing compliance with CIPA and N-CIPA as required by applicable state and/or federal laws and regulations.

The CEO or his /her designee is directed to maintain documentation of compliance with CIPA and N-CIPA certification requirements including the annual filing of FCC Form 486.

The CEO or his /her designee is directed to ensure that the Charter School employs necessary technology protection measures in accordance with this Policy and shall report to the Board when modifications are needed to technology protection measures at the Charter School.

The online activities of students shall be monitored and minors' access to harmful materials shall be restricted to the extent required by applicable laws and regulations.

To the extent not inconsistent with applicable laws and regulations, the following disclaimers apply:

- There shall be no expectation of privacy by users of the Charter School's Computer Resources;
- The Charter School does not guarantee the effectiveness of technology protection measures or internet filtering; and
- The Charter School does not guarantee network functionality or accuracy of online information.

The CEO is directed to implement any procedures that may be necessary to implement this policy as well as to timely submit any forms and paperwork as required by CIPA and N-CIPA and/or applicable state and federal Internet safety laws and regulations.

You can find out more about CIPA or apply for E-rate funding by contacting the Universal Service Administrative Company's (USAC) Schools and Libraries Division (SLD) at (<http://www.sl.universalservice.org/>) SLD also operates a client service bureau to answer questions at 1-888-203-8100 or via email through the SLD website.

REMOTE ACCESS AND MONITORING OF SCHOOL-ISSUED TECHNOLOGY

The Board of Trustees (“Board”) of the Chester Community Charter School (“Charter School”) recognizes the need to establish regulations for school-issued Technology Resources consistent with the educational mission of the Charter School.

Definitions

Technology Resources means technologies, devices and resources used to access, store or communicate information, as issued by the Charter School to Charter School students and employees for use in connection with the Charter School academic programs. This definition includes, but is not limited to: computers, laptops, iPads, modems, printers, scanners, fax machines and transmissions, telephonic equipment, audio-visual equipment, digital cameras, e-readers, i.e. Kindles and Nooks, Internet, electronic mail, electronic communications devices and services, multi-media resources, hardware and software, including the Moodle software (abbreviation for “Modular Object-Oriented Dynamic Learning Environment”).

Remote Access of Technology Resources means a situation where a Charter School employee or designee, using client management software, accesses a Technology Resource in the student’s possession or employee’s possession. Software maintenance, which will download software and configuration changes automatically when a student or employee connects to the Charter School Network with the Technology Resource, does not constitute remote access of the Technology Resource. Remote access of Technology Resources does not include voluntary participation by the student or employee or other User in web conferences, chat rooms or other web-based activities not required as part of the Charter School’s academic program.

Software maintenance means any software or configuration changes sent out to all Technology Resources even if it only affects certain Technology Resources that are necessary for the maintenance and security of the Charter School’s Technology Resources and to ensure that only authorized software is installed on the Technology Resources.

Repair and Maintenance of Technology Resources

Technology Resources are the property of the Charter School. Students and employees are responsible for the appropriate use of Technology Resources whether in the Charter School facility or if used in the student’s or employee’s home in accordance with Charter School policies. If Technology Resources are in need of repair, service or other maintenance, students and employees are to report to repairs to the IT Department. Students and employees should not attempt to repair or service any Technology Resources. Vandalism to any Technology Resource or any of their accessories is strictly prohibited by the Charter School Student Code of Conduct and Employee Handbook.

Remote Access

Certain Technology Resources may be equipped with the ability to be accessed remotely in the following two scenarios:

- **Technical Problems.** In some instances, it may be necessary for Charter School or its designee to access the Technology Resource remotely to resolve a technical problem. If this is needed, the student or employee may be asked for permission. Software maintenance may involve the correction of altered code

or programming and in some cases may remove files from the Technology Resource if the files are deemed to be a threat to the operation or security of the Network or are stored in unauthorized software.

- **A Technology Resource Reported Missing or Stolen.** If the student or parent/guardian parent/guardian) or employee believes the Technology Resource is missing or stolen, a written report of the incident must be filled out by the student (and parent/guardian) or employee and filed with the IT Department. Once the report is filed, the Charter School or designee may initiate the following procedures for reporting Technology Resources missing or stolen which provide as follows:
 - Activate Internet Protocol tracking may be used for the sole purpose of retrieving the equipment.
 - At no time will the Technology Resource's camera be activated remotely nor will screen shots, audio, video or on-screen text be remotely monitored.

NOTE: The Board of Trustees may from time to time approve other tracking technologies; however, no tracking technology will be used unless its function and capabilities have first been explained to the parent/guardian and student or employee.

Review of Records

The Charter School's Student Information System or information applicable to employees permits only authorized Charter School users or designees to remotely access student records and various remote levels of access are permitted depending on the reason for review and level of authority of authorized user, in accordance with applicable state and federal law.

Review of Student or Employee Files

At no time will any Charter School employee (or designee), other than as stated above, review a student's files stored on the Technology Resource, except as follows:

- After the Student or Employee Technology Resource has been returned for reason of end of school year, disenrollment or for a replacement Technology Resource because of a defective Technology Resource.
- If the Charter School has a reasonable suspicion that a student is violating applicable state or federal laws, Charter School Code of Conduct and/or Charter School rules or policies, authorized Charter School administrators or designee may remotely access and/or take custody of the Technology Resource and review student or employee files. "Reasonable suspicion" means reasonable grounds exist that the search will uncover evidence that the student has violated state or federal law, Charter School Code of Conduct, or Charter School rules or policies. The scope of the search must be reasonably related to the violation that justified the search.
- Where a Technology Resource is reported missing or suspected stolen, pursuant to a written and signed consent form that clearly and conspicuously sets forth the ability of the Charter School to access or review student files. Parents/guardians and student or employee must be informed in writing that the failure to sign the consent form or to otherwise cooperate with the Charter School or an investigating law enforcement agency in connection with the retrieval of the Technology Resource may subject the parents/guardians and/or student or employee to the cost of the full replacement value of the Technology Resource.

WIRELESS READING DEVICES POLICY

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

The Board of Trustees (“Board”) of the Chester Community Charter School (“Charter School”) believes in the advancement of student learning through the use of new and innovative technology. Consequently, the Board has approved student and staff usage of wireless reading devices, including, but not limited to Chromebooks, Kindles, Nooks, eBooks and Cool-ERs, and directs that the following shall be observed:

All wireless reading devices and their parts, stored content, and applications made available to students and/or staff are considered the property of Charter School. Therefore, the Charter School requires that all wireless reading devices and their contents, parts and applications be maintained and used in accordance with manufacturer recommended specifications, administrative procedures and applicable federal and state laws and regulations.

All wireless reading devices and their parts and applications shall be inventoried and inspected for functionality on a periodic basis by the Charter School as deemed appropriate, but, at least yearly.

The Board charges each student and/or staff member entrusted with or in possession of any wireless reading device for any period of time with responsibility for the proper care, maintenance and use of the wireless reading device and any and all related applications, content and parts thereof.

No materials shall be purchased, used, stored, retrieved, downloaded and/or maintained on or for wireless reading devices and no attempt shall be made to do so without the prior express consent of the Chief Executive Officer (“CEO”) of the Charter School or his/her designee.

The Charter School shall not be responsible for any unauthorized usage or attempted unauthorized usage of wireless reading devices and/or their content, applications and/or parts. Students and staff are responsible for any and all loss or damage in connection with wireless reading devices and their content applications and/or parts and may be required by the Charter School to reimburse the Charter School for any associated damages, fines or losses. The Charter School is not responsible for any claims, demands, damages or awards sought against student or staff in connection with their use or attempted use of wireless reading devices and/or their applications, content or parts.

Students and staff shall comply with the Charter School’s Acceptable Use and Internet Safety Policy, CIPA Policy and any and all other Charter School policies and procedures. Students and staff shall also adhere to state and federal copyright laws and any regulations regarding the use and possession of wireless readings devices and their applications and parts as well as any content stored, shared or attempted to be stored, shared and/or accessed on wireless reading devices.

The Charter School may report to the appropriate authorities any student or staff member whose damage or reckless or inappropriate use of a wireless reading device or its content or related applications or parts has violated applicable state and/or federal laws and regulations.

Wireless reading devices shall be used for school purposes only during those periods and times expressly authorized by Administration and in the manner and scope as directed by Administration. Failure to adhere to reasonable administrative procedures, directions and guidelines regarding wireless reading devices may result in any or a combination of the following consequences: the Charter School’s confiscation of the wireless reading device; reports to appropriate authorities; consequences under the Charter School’s Student Code of Conduct (up to and including suspension and/or referral to the Board for expulsion depending upon the severity of the incident); consequences

under the Charter School's employee handbook (up to and including warnings, suspension and/or termination of employment depending upon the severity of the incident); and/or the imposition of fines and/or damages as may be deemed appropriate by the Charter School and allowed by applicable federal and/or state laws and regulations.

The Board directs the CEO to develop procedures necessary to implement this policy which shall include: (1) Rules for the safekeeping and accounting of wireless reading devices; and (2) establish potential fines or penalties for lost or damaged wireless reading devices.

PROHIBITION FROM RECORDING POLICY

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

It is the goal of the Board of Trustees (“Board”) of the Chester Community Charter School (“Charter School”) to protect Charter School employees, independent contractors and/or volunteers from parents/guardians, students and others who attempt to record them and/or do record them in the course of their professional and/or volunteer duties at the Charter School. This includes while such persons are working with students in the home classroom, testing site, clinical setting, private school, Intermediate Units, other placements made by the Charter School, school sponsored event, activity, on school transportation, and/or any partial program and/or residential placements made by Student’s parents/guardians or outside entities other than the Charter School.

The Board declares it to be their policy to ensure that the Charter School is protected from any unlawful video or audio recording of the provision of educational programming to Charter School students, including but not limited to academic instruction, related services, behavioral supports, and the like, during a school day, after school at a school-sponsored event or activity, or on school transportation. These unlawful recordings could potentially put the Charter School at risk for liability. Charter School employees, independent contractors, and volunteers have an expectation of privacy when they provide services to the Charter School and to its students. No Charter School employees, independent contractors, or others may be recorded, videotaped, or audio taped, in the course of their duties with the Charter School without the express written consent of the Chief Executive Officer (“CEO”) of the Charter School or his/her designee.

Definitions:

“Recording” refers to any audio or video taping, by any method used to record sounds or visual images, stored on any device.

“Charter School employees” refers to any employees, with requisite background clearances, of the Charter School, acting in their professional capacity.

“Independent Contractors” refers to any certified and/or licensed professional, with requisite background clearances with whom the Charter School contracts.

Pennsylvania Wiretapping Statute:

18 Pa.C.S.A. § 5703 states the general rule for the interception, disclosure or use of wire, electronic or oral communications:

Except as otherwise provided in this chapter, a person is guilty of a felony of the third degree if he/she:

- intentionally intercepts, endeavors to intercept, or procures any other person to intercept or endeavor to intercept any wire, electronic or oral communication;
- intentionally discloses or endeavors to disclose to any other person the contents of any wire, electronic or oral communication, or evidence derived therefrom, knowing or having reason to know that the information was obtained through the interception of a wire, electronic or oral communication; or

- intentionally uses or endeavors to use the contents of any wire, electronic or oral communication, or evidence derived therefrom, knowing or having reason to know, that the information was obtained through the interception of a wire, electronic or oral communication.

18 Pa.C.S. A § 5704 states exceptions to the rule, most of which pertain to law enforcement investigations. However, subsection (4) states that it is an exception to the prohibition of interception and disclosure of communications of a person, to intercept a wire, electronic or oral communication, **“where all parties to the communication have given prior consent to such interception.”** 18 Pa.C.S. A § 5704(4) (emphasis added).

Prohibition Against Consent:

Charter School personnel, independent contractors, volunteers and others do not have authority to consent to be recorded while in the course of performing their professional duties with the Charter School. The only person at the Charter School who has the authority to consent to any recordings of anyone is the CEO and/or his or her designee. Parents/guardians, students, and others are not permitted to record any Charter School personnel without the express written permission of the Charter School’s CEO and/or his or her designee.

As soon as any Charter School personnel, independent contractors, volunteers and others learn that they are being privately recorded by parents/guardians, students or others without the express written permission of the Charter School’s CEO and/or his or her designee, such persons must immediately report this matter in writing to the Charter School’s CEO and/or his or her designee. Any and all programming or services being provided will cease immediately upon notice of recording and will only begin again once recording devices are stopped and/or disabled and recording is turned over to the Charter School personnel, independent contractor, volunteer, or other agent of the Charter School.

Penalties:

The Pennsylvania Wiretapping Act carries both civil and criminal penalties.

- Criminal penalties: A person found guilty of violating the wiretapping statute could be subject to a third-degree felony conviction and face up to seven (7) years in prison.
- Civil penalties: A successful plaintiff seeking damages against a person who has violated the wiretapping act can seek:
 - Actual damages, but not less than liquidated damages computed at the rate of \$100 a day for each day of violation, or \$1,000, whichever is higher.
 - Punitive damages.
 - Reasonable attorney’s fees and other litigation costs reasonably incurred.

If the Charter School becomes aware of a person who records, or attempts to record Charter School personnel or contracted personnel without the express written permission of the Charter School’s CEO, such persons could be subject to both civil and criminal penalties, including the penalties and consequences outlined in the Charter School Student and Parent/Guardian handbooks and Student Code of Conduct.

The Charter School has the right to retrieve, from the unauthorized maker, any recordings of its personnel and contracted personnel, made without the express written permission of the Charter School’s CEO or designee. The Charter School may seek court involvement to secure the recording, including injunctive relief to prevent dissemination of the unlawful recording.

Notice Provisions:

The Board authorizes the Charter School Administration to include, in the Student/Parent Handbook, notice of this prohibition of unauthorized recording of Charter School employees, independent contractors and/or volunteers, and the penalties for such unauthorized recording.

The Student/Parent Handbook shall also provide notice to parents/guardians, and students of the need to secure written authorization from the Charter School CEO or designee before any such recording shall be permitted and that any such unauthorized recording shall be retrieved on-site by the Charter School employee or independent contractor or by legal means if not turned over voluntarily at the time of recording.

The Student/Parent Handbook shall also contain a provision that notifies parents/guardians that any/all programming and services being provided will cease immediately upon notice of recording such programming and services. Programming and services will only begin again once the recording device is stopped and/or disabled and the unauthorized recording is turned over to the Charter School personnel or to the independent contractor or other agent of the Charter School, who will forward such recording(s) to the Charter School.

The Charter School administration is also directed to include notice to Charter School employees in their handbook and/or by other means of the prohibition of recording by a parent/guardian, student or other person of the provision of programming, services, supports, and the like, of a Charter School employee without the express written authorization of the Charter School CEO or his/her designee.

The Charter School administration is further directed to include notice in any/all independent contractor agreements of the prohibition of recording by a parent/guardian, student or other person of the provision of programming, services, supports, and the like, of an independent contractor without the express written authorization of the Charter School CEO or his/her designee.

Exemption from Specific Instruction

This form needs to be completed by the student's parent/guardian. Parents may request that their child be excused and exempted, for the current school year (see request date below), from the following school instruction and/or activities. An alternative assignment will be provided. Please identify the units and lessons from which you would like your child to be excused and exempted:

Unit(s) /Lesson(s):

Describe reason for request:

Four (4) copies will need to be made of the completed notice.

Sign and date each copy in blue/black ink. One copy stays in the child's cumulative file, one goes to the principal, one to the teacher, and one for the parent/guardian's records.

Child's Name: _____ **School:** _____

Grade Level: _____

Date: _____ **Parent/Guardian's Name(s):** _____

STUDENT ASSISTANCE PROGRAM POLICY

The Board of Trustees (“Board”) of the Chester Community Charter School (“Charter School”) recognizes that the provision of an educational program to its students may require services and supports in addition to academic instruction. Therefore, the Board, through this policy, directs the Administration to implement a comprehensive student assistance program in accordance with applicable law, implementing regulations and best practices. The Charter School, through its Student Assistance Process Team will not diagnose, treat or refer for treatment but a referral for assessment may be made in the appropriate circumstances.

Guidelines

Pursuant to 22 Pa. Code §12.41, entitled “Student Services”, the Charter School administration is directed to:

- Prepare a written plan for the implementation of a comprehensive and integrated K-12 program of the student services based on the needs of its students. The plan shall be prepared and revised in accordance with the timeframes and procedures described in 22 Pa. Code §§4.13(a), (b), (d), (e) and (f) (relating to strategic plans). Services offered by community agencies in public schools shall be coordinated by and under the general direction of Charter School. The plan shall include policies and procedures for emergency care and administration of medication and treatment under the Controlled Substance, Drug, Device and Cosmetic Act (35 P.S. sections 780-101 – 780-144) and guidelines issued by the Department of Health. The Department of Health guidelines are available from the Division of School Health, Department of Health, P.O. Box 90, Harrisburg, PA 17108.

The following categories of services shall be provided in planning student services:

- Developmental services for students that address their developmental needs throughout their enrollment in school. Developmental services include guidance counseling, psychological services, health services, home and school visitor services and social work services that support students in addressing their academic, behavioral, health, personal and social development issues.
- Diagnostic, intervention and referral services for students who are experiencing problems attaining educational achievement appropriate to their learning potential. Diagnostic services are used by student services staff to identify barriers that limit a student’s success in school. Intervention services actively engage student services staff in activities planned to reduce or eliminate specific barriers to student success. Student services staff may arrange for referrals to other school-based or school-linked professionals or may refer parents and guardians to appropriate community-based services for assistance.
- Consultation and coordination services for students who are experiencing chronic problems that require multiple services by teams or specialists. Consultation services are used by student services staff, in partnership with parents or guardians, to obtain assistance to address barriers and issues that are outside the scope of the student services professional. Consultation and coordination services may be used to assist in the diagnosis, intervention or referral of students who face barriers to success. Coordination services connect school resources with other available resources to assist students in meeting their educational objectives.
- Student services shall:
 - Be an integral part of all levels of the Charter School’s instructional program.
 - Provide information to students and parents or guardians about educational opportunities of the Charter School’s instructional program and how to access these opportunities.
 - Provide career information and assessments so that students and parents or guardians might become aware of the world of work and of a variety of career options available to individual students.

- Provide basic health services outlined in Article XIV of the Public-School Code for students and information to parents or guardians about the health needs of their children.
- When student assessments using individual surveys are administered, parents or guardians shall be informed of the nature and scope of the surveys and of their relationship to the educational program of their child, consistent with the requirements of the Protection of Pupil Rights Amendment (20 U. S. C. section 1232h). Parents or guardians shall have the right to refuse to participate in the survey via procedures established by the Charter School.
- All Charter School employees delivering student services shall be specifically licensed or certified as required by statute or regulation.
- The Charter School will refer to the Department of Education for guidelines and technical assistance in planning student services.
- The Charter School administration may refer to the following website for information:

FOSTER CARE POLICY

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

The Board of Trustees of the Chester Community Charter School (“Charter School”) desires to articulate its responsibilities as to foster care students in order to ensure that students in foster care have equal access to the same free, appropriate public education, including a public preschool education, as is provided to other children and youth. Of the approximately 400,000 children and youth in foster care, nearly 270,000 children in foster care are school-aged.

State educational agencies (SEAs), State child welfare agencies (SCWAs) and local educational agencies (LEAs), such as the Charter School, are obligated to coordinate efforts to ensure the educational stability of students in foster care under the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Fostering Connections Act). The Fostering Connections Act legislation requires child welfare agencies to collaborate with educational agencies to keep children in foster care in the same school when living placements change, if remaining in that school is in their best interest. The Fostering Connections Act also requires child welfare agencies to ensure that children in foster care who do change schools are promptly enrolled in a new school, with the relevant school records.

In December 2015, Every Student Succeeds Act (ESSA) reauthorized the Elementary and Secondary Education Act of 1965 (ESEA). Complementing the Fostering Connections Act, the focus of ESSA, with regard to students in foster care, is to enhance collaboration and align education and child welfare systems to improve educational outcomes for foster care youth. According to the U.S. Department of Education, data show that foster care youth are more likely than their peers to experience a host of barriers that lead to troubling outcomes, including low academic achievement, grade retention and lower high school graduation rates. Children in foster care often face steep challenges to school success, including high rates of mobility. The new protections for children in foster care under ESSA will apply to all children in foster care enrolled in public schools.

Pursuant to The Fostering Connections Act, and consistent with the ESSA, foster care means 24-hour substitute care for children placed away from their parents or guardians and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions and pre-adoptive homes.

All children in foster care (with the exception of voluntary placements) are placed under order of the court. As such, court determinations, findings and orders are critical to best interest discussions.

The LEA should decide with the State or local child welfare agency what documentation or records should be shared, establish criteria to be used in any decision-making process, and identify a structure, such as regularly scheduled meetings, in which relevant individuals can participate in a particular process.

PDE is tasked with ensuring that LEAs, like the Charter School, consider all factors when making a best interest determination for students in foster care, including appropriateness of the current educational setting and proximity of foster care placement. Importantly, transportation costs should not be considered when determining a child’s best interest, which is a requirement under Every Student Succeeds Act, along with the Fostering Connections Act. In making best interest determinations, the Charter School and County Children and Youth Agency (“CCYA”) should work together to develop clear policies, protocols, guidelines and procedures – including identifying who should be involved in the decision-making process.

Best interest determinations are to be made jointly with input from all relevant parties (including, as appropriate, the child's biological family and resource family, CCYA staff, school staff, and legally-appointed education decision makers. Teams making decisions should consider a number of factors, including a child's attainment and engagement in their current school, placement of siblings, school environment, quality of services, history of school transfers, and the impact of commuting on a child. Best interest determinations should reflect, where applicable, a child's need for, and entitlement to, special services, including special education and/or English learner supports.

Foster Care Point of Contact

The Charter School shall establish a foster care "Point of Contact" (POC) and communicate this designation to the Pennsylvania Department of Education (PDE). This staff member will act as a liaison between the CCYA, districts of residency, and the Charter School for each foster care student. The responsibilities of this person have been described by PDE to include:

- Leading the LEA's development of best interest determination process, in partnership with the CCYA;
- Facilitating with the CCYA the transfer of student records, including immunizations, medical records, and copies of Individualized Education Program (IEP) and Section 504 plans, to ensure immediate enrollment when a student in foster care changes schools;
- Facilitating data sharing with the CCYA, consistent with FERPA and other privacy protocols;
- Developing and coordinating local transportation procedures, including protocols for resolving transportation disputes;
- Ensuring that children in foster care are enrolled in and regularly attending school; and
- Providing professional development and training for school staff on the Title I foster care provisions and education needs of children in foster care, as needed.

English Learners

Some children in foster care are also English learners ("ELs"), who are students identified as having limited English proficiency in speaking, listening, reading, or writing English through procedures established by school districts. Title VI and the Equal Educational Opportunities Act of 1974 require public schools, including charter schools, to ensure that all EL students, including EL students in foster care, can participate meaningfully and equally in educational programs.

Individuals with Education Assistance ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504")

A very significant number of students in foster care receive special education services pursuant to IDEA or if not IDEA eligible, meet the definition of a disabled student pursuant to Section 504. A greater percentage of students who are in foster care receive educational programming and services through an Individual Education Plan or a Section 504 Plan respectively, than students who are not in foster care and foster care students change schools more often than peers not in the foster care system. Such factors will be taken into consideration by the Charter School in identifying and programming for foster care students who have needs pursuant to either the IDEA or Section 504.

Student Data and Privacy

The Uninterrupted Scholars Act (Public Law 112-278), which was signed into law on January 14, 2013, amends the Family Education Rights and Privacy Act ("FERPA") in the following two ways:

- Educational agencies and institutions are permitted to disclose a student's education records, without parental consent, to a caseworker or other representative of a State or local child welfare agency or tribal organization authorized to access a student's case plan "when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student."
- Educational agencies and institutions are permitted to disclose a student's education records pursuant to a judicial order without requiring additional notice to the Parent by the educational agency or institution in specified types of judicial proceedings in which a parent is involved. The theory behind this change is that the Parent has already been informed by being involved in the child abuse, neglect, or dependency proceeding

The child welfare agency can then disclose (or re-disclose) the records to "an individual or entity engaged in addressing the student's education needs". This individual or entity must be authorized to receive the records and the disclosure (or re-disclosure) must be consistent with State confidentiality law.

These changes to FERPA (and, consequently, to the confidentiality provisions applicable to Parts B and C of the IDEA), help in improving educational and developmental outcomes for children in foster care by providing those agencies that are legally responsible for such children access to specific information that is maintained by those agencies that provide early intervention or educational services to such children. More specifically, child welfare agency workers must develop a written case plan for each child in foster care, which includes the education records of the child, including the most recent information regarding:

- The names and addresses of the child's education providers;
- The child's grade level performance;
- The child's school record;
- Any other relevant education information the child welfare agency
- Determines to be appropriate.

As part of the Student's Educational Stability Plan, which is revised when placing a child in foster care, or, when a child is changing foster care placements, the agency must consider the appropriateness of the child's current school and the proximity of that school to the foster care placement; and coordinate with the local educational agency to ensure the child can stay enrolled in his or her school of origin despite the foster care placement. However, if the child welfare agency determines it isn't in the child's best interests to stay in the same school, the agency must ensure that the child is immediately enrolled in a new school, and all the child's education records are provided to that new school.

Child welfare agencies must assure that each child receiving a Federal foster care payment is a full-time elementary or secondary school student (or is incapable of attending school due to a medical condition). Federal child welfare guidance encourages child welfare agencies to ensure that children are not only enrolled, but are actually attending school.

Training

The Charter School Point of Contact will provide professional development and training to Charter School administration and staff on the Title I provision and educational needs of children in foster care, as needed.

The CEO, or designee, is directed to develop any/all procedures that may be necessary to implement this policy.

DIABETES MEDICATION, EQUIPMENT, AND SELF-ADMINISTRATION

Note: This attachment applies specifically to students with a medically certified diabetic condition. If your child does not have diabetes, no action is required. Families of students with diabetes should review this policy with the school nurse at the beginning of the school year.

The Board of Trustees of the Chester Community Charter School (“Charter School”), recognizes that a number of students have a medically certified diabetic condition requiring medication, equipment or machinery to be administered during school hours in order to maintain health and to function in the school setting. A student with diabetes shall be permitted to monitor glucose levels and otherwise attend to the care and management of his or her diabetes in the classroom in any area of the school or school grounds and at any school-related activity if requested by the parent or guardian in accordance with this Policy and Charter School procedures. The key to optimal blood glucose control is to carefully balance food, exercise, and insulin or medication. As a general rule, food makes blood glucose levels go up, while exercise and insulin make blood glucose levels go down. Other factors, including growth and puberty, illness, mental stress, or injury can also affect blood glucose levels.

Diabetes is a chronic disease in which the body does not make or properly use insulin. Insulin is a hormone needed to convert sugar, starches, and other food into energy. When insulin is no longer made, it must be obtained from another source, such as insulin injections or an insulin pump. When the body does not use insulin properly, oral medications may be taken instead of, or in addition to, insulin injections. There is not currently any cure known for diabetes. The goal of managing a student’s diabetes and of medication therapy is to maintain even blood sugar levels and allow the student to benefit from the Charter School’s education program.

The goal is to control blood glucose levels by keeping them within a target range that is determined for each child. The school should work with the student’s parents to ensure the child’s health and safety.

If the school is not provided with a Diabetes Medical Management Plan (DMMP) by student’s parent(s), the school must contact the parent(s) and inform them of the need to have a DMMP developed with their child’s healthcare provider and to provide a copy of this plan to the school as soon as possible.

Depression is another concern for students with diabetes. It is increasingly being recognized as quite common among children and teens generally, and even more so in those with diabetes. Healthcare providers and school personnel must be aware of emotional and behavioral issues related to diabetes care and management and refer students with diabetes and their families for counseling and support as needed.

Written plans for effective diabetes management may include:

Individualized Healthcare Plan (IHP) – This plan is required by professional standards of practice and uses the nursing process (assessment, diagnosis, planning, implementation, and evaluation) to determine a plan of action that meets the healthcare needs of a student during the school day. This plan, initiated by the Certified School Nurse, provides written directions for school health personnel to follow in meeting the individual student’s healthcare needs. While parental involvement is not required, it is strongly encouraged.

Emergency Care Plan – This plan is based on the information provided in the student’s Individualized Healthcare Plan and specifically describes how to recognize hypoglycemia (low blood sugar) and hyperglycemia (high blood sugar) and what to do when signs or symptoms of these conditions are observed in students with diabetes. The school nurse usually coordinates the development of the Emergency Plan, and the plan should be distributed to all school personnel who have responsibility for students with diabetes including administrators, teachers, counselors,

bus drivers, food service managers, and lunchroom personnel, once the student's parent(s)/guardian(s) have signed any necessary consent form(s) allowing such disclosure.

Diabetes Medical Management Plan – This plan should be part of the Individualized Healthcare Plan (IHP) and Emergency Care Plan (ECP). This plan is developed by a student's personal healthcare team and family. It outlines the prescribed healthcare regimen and should be signed by the student's physician or another member of the student's personal healthcare team. The Medical Management Plan may include information such as the student's date of diagnosis, current health status, list of diabetes equipment and supplies, specific medical orders, and emergency contact information.

The following information must be provided in the DMMP to the Charter School's Nurse:

- The name of the medication;
- The dose and maximum dosages;
- The times when medication is to be taken;
- The diagnosis or reason medicine is needed (unless this is confidential);
- Information on serious reactions that could occur and appropriate emergency responses;
- That the child is qualified and able to self-administer the medication;
- Consent for administration of medication or equipment, contact with student's personal and emergency health care providers and the release of information to such health care providers and school personnel;

The Charter School will require a written statement in the DMMP from the parent or guardian that states:

- The Charter School is to comply with the health care provider's orders;
- The Charter School and/or school employee comply with the order of the healthcare provider and that the School/School employee be relieved of any responsibility for the benefits or consequences of the prescribed medication which is parent-authorized; and
- The Charter School bears no responsibility or liability for ensuring that the medication is taken.

The Charter School has the right to require a statement from the health care provider for continued use of any medication beyond a specified time period. The Charter School may also require updated prescriptions and parental approvals on an annual basis.

School Nurse Duties:

Under the Pennsylvania Nurse Practice Act, there is no provision for a registered nurse (RN) to delegate nursing tasks, such as assessing blood glucose or administering insulin or glucagon to an unlicensed individual. Supplemental licensed nurses who are not certified school nurses must work under the direction of the school nurse and cannot be assigned a caseload. A licensed nurse must have an order for medications. Without an order, licensed nurses administering medication are diagnosing and prescribing treatment, which is outside of nursing practice parameters and is within the practice of medicine defined by the Medical Practice Act of 1985.

Section 504/IEP Considerations:

Students with IHPs and ECPs may also have an Individualized Education Plan (IEP), or a 504 Student Accommodation Plan to ensure school nursing services and access to the learning environment.

If a student's diabetes condition worsens to the point that it interferes with the student's ability to access his/her education at the Charter School, the student may be eligible for a Section 504 Plan or IEP. The Section 504 regulations define a person with a disability as any person who (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment. In determining whether a student with diabetes is covered by Section 504, both the medical condition and extent of the student's treatment program must be considered. The standard for coverage is the same pursuant to Title II of the ADA as it is pursuant to Section 504. Under Section 504, a student does not have to receive special education services in order to receive related aids and services.

Pursuant to IDEA, the category of "other health impairment" includes diabetes as one of the health conditions listed to qualify under IDEA. The student's diabetes must adversely affect educational performance to the point that the student requires special education and related services, as defined by state law. Under IDEA, FAPE means special education and related services that meet state standards and are provided in conformity with an Individualized Education Program (IEP). Typically, an IEP is more specific than a Section 504 Plan with regard to the student's academic needs. Ideally, these documents are developed because of a cooperative effort involving the family, the child's health care team and the school/school district.

While the specifics of a student's 504 Plan or IEP will vary based on each student's unique needs, plans for students with diabetes usually include the following components:

- Where and when blood glucose monitoring and treatment will take place;
- Consent for administration of insulin, blood glucose monitoring, contact with health care providers and the release of information to health care providers and school personnel;
- Identity of licensed school nurses who are authorized to conduct blood glucose assessment, insulin and glucagon administration, and treatment of hypoglycemia and hyperglycemia;
- Location of the student's diabetes management supplies;
- Free access to the restroom and water fountain;
- Nutritional needs, including provisions for meals and snacks;
- Plans to enable full participation in all school sponsored activities and field trips. Students' education plans should carefully describe the plan for coverage and care during school sponsored activities, which take place while under school jurisdiction during or outside of school hours.
- Alternative times for academic exams if the student is experiencing hypoglycemia or hyperglycemia;
- Permission for absences, without penalty, for doctors' appointments and diabetes-related illness;
- Maintenance of confidentiality and the student's right to privacy;

Reference should be made to the Board of Trustee's Section 504 Plan Policy and/or the Annual Notice of Special Education for guidance as to qualifying for an IEP and contact information for Charter School personnel.

CEO Responsibilities:

The Board delegates the following responsibilities to the Chief Executive Officer of the Charter School (CEO) and/or his/her designee(s) for implementation:

- Participate in developing and implementing school policy related to diabetes management at school;
- Ensure sufficient allocation of resources to manage students with diabetes in the Charter School;
- Ensure the development & implementation of a system that keeps Charter School health services informed of the pending enrollment of students with diabetes and any related enrollment changes that may occur throughout the school year and from year to year;

- Promote a supportive learning environment for students with diabetes;
- Promotes a school environment and treats students with diabetes the same as other students, except to be responsive to medical needs as outlined in the student's written IHP, IEP, or other education plan;
- Identify all staff members who have responsibility for students with diabetes;
- Meet at least annually with the Charter School health team;
- Arrange and attend a meeting of the Charter School health team members (student, family, school nurse, 504/IEP coordinator, teacher(s), and other staff members who have primary responsibility for the student) before the school year starts, or when the child is newly diagnosed, to discuss medical accommodations, educational aids and services related to the student's needs;
- Support diabetes management training for the Charter School Nurse and other staff responsible for students with diabetes;
- Provide for practices that alert all Charter School-related staff members who teach or supervise a student with diabetes. Ensure that these staff members, including the bus driver, are familiar with the accommodations and emergency procedures outlined in the student's DMMP, ECP, 504 Plan, IEP or other education plan;
- Provide for practices that alert all substitute personnel. Ensure that they are aware of the needs and emergency procedures for students with diabetes;
- Work with the Charter School health team to ensure the implementation of the student's written plans, including the Diabetes Medical Management Plan and education plans. Monitor plan compliance through the Charter School health team, school nurse and IEP Team, if applicable;
- Ensure that the student's confidentiality & right to privacy is respected;
- Help establish on-campus and off-campus (for field trips and school- sponsored activities) emergency protocols;
- Include diabetes awareness as part of the Charter School health or cultural education;
- Facilitate & support ongoing communication between parents/guardians of students with diabetes and the Charter School staff;

Nursing Implications for Diabetes Mellitus:

- Obtain a complete health history on the student from the parent(s) /guardian(s). Request that the parent(s)/guardian(s) provide information regarding the student's past medical history, the name of the primary care provider/licensed prescriber and medications.
- Develop an IHP and an ECP for students with diabetes. The School Nurse should also be involved in the development of a 504 Plan.
- Manage the diabetic student with a balance of nutrition, exercise and hyperglycemic agents (oral or injectable), monitoring of blood glucose levels and good general hygienic care. Strict adherence to the medical regimen is essential for health maintenance and prevention of secondary complications.
- Ensure that insulin is stored and handled properly.
- Follow Standard Precautions during glucose monitoring and when disposing of insulin syringes and testing equipment.
- Anticipate concerns that may affect the student's participation in the school program. Educate the parent(s)/guardian(s) regarding school practices and policies.
- Invite community resources to participate in the education of school personnel regarding diabetes in the classroom.
- Educate parent(s)/guardian(s), school personnel and students about diabetes including signs and symptoms of hyperglycemia and hypoglycemia and how to respond to them.

Guidelines for Self-Administration:

In order to ensure that a student has his or her diabetes medication and equipment immediately available when needed, this Charter School Policy allows school aged children to carry (possess) and use (self-administer) their diabetes medication and equipment. The Charter School's decision to allow a student to possess and self-administer diabetes medication will be based on the maturity of the student, the severity of the diabetes, and the likelihood of misuse. In order for a student to be allowed to possess and self-administer diabetes medication, this Charter School's policy requires the following responsible behavior from the student:

- Verbally explain the reason for use of the insulin pump and glucose checking equipment to the school doctor or school nurse;
- Identify the appropriate dosage of the individual medication(s);
- Identify the effects and the side effects of medication to the school doctor or school nurse;
- Demonstrate to the school doctor or school nurse the ability to check and write down blood glucose levels, figure out right insulin doses, and how to dispose of needles, lancets, and other supplies you have used in approved containers;
- Behave responsibly when monitoring glucose levels and/or administering insulin or medication;
- Acknowledge the danger of seeking help or treatment alone if having symptoms of low or high glucose or not feeling well.
- Identify placement of glucose monitoring equipment to be kept on his/her person at all times;
- Acknowledge the need to notify the school doctor or school nurse immediately following glucose monitoring and/or use of insulin pump or medication;
- Demonstrate knowledge of how to access assistance for help regarding use of or side effects from use of diabetes equipment/medications;
- Notify the school nurse immediately following each use of insulin pump or medication;
- Understand and acknowledge that the student is restricted from making their inhaler available to other students. The student's privilege to self-administer medication or equipment may be revoked or restricted if the student abuses or ignores Charter School policies. This prohibition must be set forth in the Student Code of Conduct that is distributed to all Charter School families on an annual basis.

Family Education Rights and Privacy Act ("FERPA"):

FERPA generally prohibits schools from disclosing personally identifiable information in a student's education record, unless the school obtains the consent of the student's parent or the eligible student (a student who is 18 years old or older or who attends an institution of postsecondary education). FERPA does allow schools to disclose this information, without obtaining consent, to school officials, including teachers, who have legitimate educational interests in the information and in the educational interests of the child. Charter schools that do this must include in their annual notification to parents and eligible students the criteria for determining who constitutes a school official and what constitutes a legitimate educational interest. Additionally, under FERPA, Charter Schools may not prevent the parents of students, or eligible students themselves, from inspecting and reviewing the student's education records.

HOMELESS STUDENTS POLICY

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

PURPOSE

The McKinney-Vento Homeless Assistance Act (42 U.S.C. § 11431 et seq.), provides authority for the McKinney-Vento Education for Homeless Children and Youth (“EHCY”) program. Pursuant to EHCY program, State educational agencies (“SEAs”) must ensure that homeless children and youths have equal access to the same free, appropriate public education, including a public preschool education, as is provided to other children and youths. The SEAs and local educational agencies (“LEAs”) in the State must review and revise any laws, regulations, practices, or policies that may act as barriers to the identification, enrollment, attendance, or success in school of homeless children and youths. LEAs and schools may not separate homeless students from the mainstream school environment on the basis of their homelessness. Homeless students must also have access to the education and other services that they need to meet the same challenging State academic standards to which all students are held. (Section 721 of the McKinney-Vento Act, as amended by the Every Student Succeeds Act).

The Every Student Succeeds Act (“ESSA”) was signed into law on December 10, 2015, (P.L. 114-95), and reauthorizes the Elementary and Secondary Education Act (“ESEA”) of 1965, which was enacted in its previous version as the No Child Left Behind (“NCLB”) Act, in 2002.

ESSA amended Section 724(g) of the McKinney-Vento Act, requiring the Secretary of Education to develop, issue, and publish in the Federal Register guidelines concerning ways in which a State: (1) May assist LEAs to implement the provisions related to homeless children and youths amended by the ESSA; and, (2) May review and revise policies and procedures that may present barriers to the identification, enrollment, attendance, and success of homeless children and youths in school.

The Board of Trustees (“Board”) of the Chester Community Charter School (“Charter School”) recognizes its obligation to ensure that homeless students have access to the same educational programs and services provided to other Charter School students. The Board shall make reasonable efforts to identify homeless children, encourage their enrollment, and eliminate existing barriers to their attendance and education, in compliance with federal and state law regulations.

The Board may waive policies, procedures and administrative regulations that create barriers for enrollment, attendance, transportation, and success in the Charter School of homeless students, based on the recommendation of the Chief Executive Officer of the Charter School (“CEO”).

DEFINITIONS

Section 725 of the McKinney-Vento Act, as amended by the ESSA, defines the following terms:

“Homeless children and youths” means individuals who lack a fixed, regular, and adequate nighttime residence. The term includes—

- Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack

of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals.

- Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.
- Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- Migratory children (as defined in section 1309 of the Elementary and Secondary Education Act of 1965, as amended), who qualify as homeless because they are living in circumstances described in this definition.
- “Enroll and enrollment” include attending classes and participating fully in school activities.
- “Unaccompanied youth” includes a homeless child or youth not in the physical custody of a parent or guardian.
- The terms “enroll” and “enrollment” are defined to include attending classes and participating fully in school activities.
- The term “school of origin” is the school in which the child or youth attended when permanently housed, or the school in which the child or youth was last enrolled. The definition of “school of origin” now also specifically includes preschools and, when a child or youth completes the final grade level served by the school of origin, it also includes the designated receiving school at the next grade level for all feeder schools. (Section 722(g)(3)(I)).

Note: Students who are “awaiting foster care placement” are no longer considered homeless for purposes of EHCY program. The deletion of “awaiting foster care placement” went into effect on December 10, 2016. (Section 725(2)(B)(i)).

CHARTER SCHOOL LIAISON DUTIES

The Board designates the CEO or his/her designee to serve as the Charter School’s liaison for homeless students and families.

The Charter School’s liaison shall coordinate with:

- Local service agencies that provide services to homeless children, youth and families.
- School districts on issues of records transfer, per pupil allocation, transportation and special education programs to ensure that homeless children who are in need of special education and related services are located, identified, and evaluated.
- State and local housing agencies responsible for comprehensive housing affordability strategies.

In addition to the duties already imposed on the Charter School liaison the following paragraphs (a) through (c) below set forth what the statute now requires of liaisons for homeless children and youths:

- Ensure that school personnel providing services under the McKinney-Vento Act receive professional development and other support. (Section 722(g)(6)(A)(ix)).
- Ensure that unaccompanied homeless youths (i) are enrolled in school, (ii) have opportunities to meet the same challenging State academic standards as other children and youths, and (iii) are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid. (Section 722(g)(6)(A)(x)).
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths,

including schools, shelters, public libraries, and soup kitchens, in a manner and form that is understandable. (Section 722(g)(6)(A)(vi)).

In addition, LEA liaisons who receive appropriate training may now affirm that a child or youth who is eligible for and participating in a program provided by the LEA, or the immediate family of such a child or youth, is eligible for homeless assistance programs administered under Title IV of the McKinney-Vento Act. (Section 722(g)(6)(D)).

These duties are in addition to those already required of the liaison:

- Identify homeless children and youth including preschool age children;
- Inform parents or guardians of educational rights and related opportunities available to their children, and provide them with meaningful opportunities to participate in the education of their children;
- Disseminate public notice of the educational rights of homeless students where children and youth receive services under the Act and forms to such places as schools, family shelters, and food pantries;
- Mediate enrollment disputes in accordance with the Enrollment Dispute section and ensure immediate enrollment pending resolution of disputes;
- Inform the parent/guardian of a homeless child or youth, and any unaccompanied youth, of all transportation options, including to the school of origin, and assist in accessing these transportation services;
- Assist children and youth who do not have immunizations, or immunization or medical records, to obtain necessary immunizations, or immunization or medical records;
- Understand the Pennsylvania Department of Education guidance issued for the education of homeless students in order to distribute information on the subject as well as to present workshops for school personnel, including office staff;

Students shall not be discriminated against, segregated nor stigmatized based on their status as homeless.

BEST INTEREST DETERMINATION

The ESSA now requires that a school selected based on a homeless child's or youth's "best interest" must immediately enroll such child or youth even if he or she has missed application or enrollment deadlines during any period of homelessness. (Section 722(g)(3)(C)(i)(II)).

The statute has modified the requirements governing "best interest" determinations to include the following:

- The Charter School must presume that keeping a homeless child or youth in the school of origin is in the child's or youth's best interest unless doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth. (Section 722(g)(3)(B)(i)).
- The Charter School must consider student-centered factors related to a child's or youth's best interest, giving priority to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth. (Section 722(g)(3)(B)(ii)).
- If the Charter School determines that it is not in a child's or youth's best interest to attend the school of origin, or the school requested by the parent, guardian, or unaccompanied youth, it must provide a written explanation of the reasons for its determination, in a manner and form that is understandable. (Section 722(g)(3)(B)(iii)).

To the extent feasible, and in accordance with the student's best interest and parent/guardian's wishes, a homeless student shall continue to be enrolled in his/her school of origin while he/she remains homeless, or until the end of the academic year in which he/she obtains permanent housing.

Parents/guardians of a homeless student may request enrollment in the school in the attendance area where the student is actually living or other schools. If a student is unaccompanied by a parent/guardian, the Charter School liaison will consider the views of the student in determining where he/she will be enrolled.

The Charter School shall immediately enroll the student and begin instruction, even if the student is unable to produce records normally required for enrollment, which include, but are not limited to school records, immunizations, other health records and proofs of residency or guardianship. However, the Charter School may require a parent/guardian to submit contact information which includes identification of the school district of origin. Once enrolled, the Homeless Liaison will ask homeless families to complete a transitional housing form to determine the precipitating event(s) leading to homelessness, the specific date that homelessness last occurred, and details of current temporary living arrangements.

The Charter School SAP Supervisor/Homeless Liaison reviews each transitional housing form to confirm homelessness and ensure the Charter School is addressing not only the family's education, but their living circumstances appropriately. The Charter School maintains regular contact with homeless families to review any changes in living arrangements in order to determine whether homelessness continues to occur or a permanent residency has been established at which time they are removed from homeless status. The Charter School's SAP Supervisor/Homeless Liaison coordinates with multiple parties to ensure interventions, counseling, and accommodations are readily available to ensure the education of homeless students is not impeded by these outside circumstances.

HEALTH RECORDS/IMMUNIZATIONS

The Charter School liaison may contact the previous school for oral confirmation of immunizations, and the school shall request records from the previous district, pursuant to Board policy. Oral confirmation between professionals is a sufficient basis to verify immunization with written confirmation to follow within 30 days. The instructional program should begin as soon as possible after the enrollment process is initiated and should not be delayed until the procedure is completed. The law specifies that information about a homeless child's or youth's living situation shall be treated as a student education record, and shall not be deemed to be directory information.

(Section 722 (g)(3)(G)).

According to federal law, "(iii) If the child or youth needs to obtain immunizations, or immunization or medical records, the enrolling school shall immediately refer the parent or guardian of the child or youth to the local educational agency liaison designated under paragraph (1)(J)(ii), shall assist in obtaining necessary immunizations, or immunization or medical records, in accordance with subparagraph (D)" 42 U.S.C. §11432(g)(c)(iii).

SCHOOL PLACEMENT

If the Charter School is unable to determine the student's grade level due to missing or incomplete records, the Charter School shall administer tests or utilize appropriate means to determine the student's placement.

If a dispute arises over the school selection or enrollment, the student shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parents/guardians shall be provided with a written explanation of the Charter School's decision, their right to appeal, and the procedures to use for the appeal.

Appropriate school placement arrangements, based on the child's best interest, should be implemented through cooperative efforts of the respective chief school administrators of the Charter School, the chartering district, and any

prior district of residence. Each case presents a unique set of circumstances and, therefore, requires an individualized response. In all cases, the Charter School shall comply, to the extent feasible, with the request made by a parent or guardian regarding school selection, shall attempt to minimize disruptions, and shall maintain the highest possible degree of continuity in programs for all homeless students. The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.

Homeless students shall be provided services comparable to those offered to other Charter School students including, but not limited to, transportation services, school nutrition programs, vocational programs and technical education, preschool programs, programs for students with limited English proficiency, and educational services for which students meet eligibility criteria, such as programs for disadvantaged students, students with disabilities, and gifted and talented students. The CEO or his/her designee must collaborate with the Charter School's special education program to ensure that homeless children who are in need of special education and related services are located, identified and evaluated.

Homeless Students Residing in Shelters, Facilities or Institutions Section

The Board shall admit to the Charter School, upon application, those school age children who are living at or assigned to a facility or institution, and who are residents of the district or another district of this Commonwealth. These facilities or institutions are defined by the Public School Code and include: an agency, supervised or licensed shelter, group home, maternity home, residence, facility, orphanage, or other institution for care or training of children or adolescents.

Homeless Students Not Residing in a Shelter, Facility or Institution

Homeless students may reside in hotels, motels, cars, tents, or temporarily doubled-up with a resident family because of lack of housing. In determining residence and, in the case of homeless children, equating "residence" and "domicile" (home) does not apply. They are presently unable to establish "homes" on a permanent basis. **Homeless families are not required to prove residency regarding school enrollment.**

These children should not be forced to change school districts every time their overnight accommodations change. Rather, these children are entitled to attend school in any school district where a parent, guardian, an adult caring for them or where an unaccompanied child:

- Spends the greatest percentage of his or her time; or
- Has a substantial connection such as where he or she is
- regularly receiving day shelter or other services involving any of the 16 McKinney-Vento Activities (42 U.S.C. 11433(d)) for individuals who are homeless;
- conducting daily living activities; or
- staying overnight on a recurring basis.

TRANSPORTATION

The Charter School shall coordinate transportation for homeless students with the chartering school district of residence or any previous district of residence. The district of origin, the Charter School, and the chartering school district shall agree upon a method to apportion the responsibility and costs of the transportation.

ELIGIBILITY UNDER THE NATIONAL SCHOOL LUNCH AND BREAKFAST PROGRAMS

Homeless, runaway or migratory children are automatically certified as eligible for free meal benefits and can begin receiving free meal benefits upon proper documentation for meals. Migrant Education or Homeless staff are responsible for providing proper documentation of a child's status to the Food Service Directors in each school district.

TITLE I

Title I of the ESSA mandates that funds be reserved to serve homeless children. Section 1113(C)(3) of the Title I statute states, "A local educational agency shall reserve such funds as are necessary...to provide services comparable to those provided to children in schools funded under this part to serve—,"(A) homeless children who do not attend participating schools, including providing educationally related support services to children in shelters and other locations where children may live..." A local educational agency shall reserve such funds as are necessary under this part, determined in accordance with subparagraphs and (C), to provide services comparable to those provided to children in schools funded under this part to serve--``(i) homeless children and youths, including providing educationally related support services to children in shelters and other locations where children may live; ``(ii) children in local institutions for neglected children; and ``(iii) if appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

FISCAL RESPONSIBILITIES

Fiscal responsibilities apply to all homeless students, whether in regular or special education classes. The Charter School should apply the following criteria when determining fiscal responsibility:

- The procedures outlined below will be followed in cases when the education of the child is provided by the district where the homeless student is temporarily living (doubled up, motel, shelter). The procedures shall also apply in cases when the district of prior attendance, where that is not the district the child attended when permanently housed, will educate the child.
 - Homeless individuals not in facilities (shelters) or institutions, as well as homeless individuals living in hotels, motels, cars, tents, or doubled- up with a resident family, shall be reported and reimbursed as resident students;
 - For homeless individuals in temporary shelters, the educating school district will send a PDE-4605 Determination of District of Residence for Student in Facilities or Institutions in Accordance with Section 1306 of School Code to the presumed district of residence;
 - If PDE-4605 is acknowledged by the resident district, the educating district will enter the child on its rolls as a nonresident student from the acknowledging resident school district. The educating district will bill the resident district for tuition, and will report membership data according to PDE child accounting procedures; and,
 - If PDE-4605 is disclaimed and a district of residence cannot be determined, the child will be considered a ward of the state. The educating district will enter the child on its rolls as a nonresident ward of the state, and will report membership according to PDE child accounting procedures. The Department of Education will pay tuition to the educating district based on membership reported to Child Accounting.
 - In cases when the education of the child is provided by the district of origin, including preschool children, where that is the district the child attended when permanently housed, that district will continue to educate a homeless student for the period of temporary displacement and should maintain the homeless student on its role as a resident student. When a child or youth completes the final grade level served by the school of origin, it also includes the designated receiving school at the next grade level for all feeder schools. (Section 722 (g)(3)(I)).

- In cases when the student becomes permanently housed during the academic year and continues in the school of origin, which is not in the district of new residence, the educating district will continue to educate the formerly homeless student, if requested by the student's parent or guardian, until the end of the academic year and should maintain the homeless student on its role as a non-resident student. The educating district/LEA should advise the new district of residence of its financial responsibility for this student and send a tuition bill. If upon identification by the educating district/LEA, either the school of origin district or the new district of residence disputes its obligation for the per pupil allocation for the homeless student, the Charter School shall await determination by PDE which shall determine residency of student and responsibility for payment of per pupil allotment pursuant to its PDE-4605 form and in accordance with PDE Child Accounting Guidelines.

DISPUTE PROCEDURES

Pursuant to the McKinney-Vento Act, every state must develop procedures for the prompt resolution of disputes regarding the educational placement of homeless children and youths. 42 U.S.C §11432(g)(1)(C). The state must ensure that LEAs comply with requirements set forth in the McKinney-Vento Act including ensuring immediate enrollment, providing written notice to families concerning school selection, enrollment decisions and providing enrollment and pendency in the school of choice while a dispute is being resolved. 42 U.S.C §11432(g)(2)(A).

PDE has developed procedures to govern the resolution of disputes regarding enrollment, school selection, homeless status and complaints of non-compliance with legal requirements pertaining to the education for homeless children and youths:

Level 1 – A dispute may be raised with the Charter School, as a LEA. If a dispute arises over school selection or enrollment, the child or youth involved must immediately be admitted to the school in which they are seeking enrollment, pending resolution of the dispute 42 U.S.C.§11432(g)(3)(E)(i). The LEA liaison shall then explain the dispute resolution process to families and help a family or student to use it 42 U.S.C. §11432(g)(3)(E)(iii). The LEA shall issue a written disposition of the dispute within 20 business days after the LEA liaison is notified of the dispute. The disposition shall be provided to the parent, guardian or unaccompanied youth and shall explain the basis for the decision and advise the parent, guardian or youth of the right to appeal. 42 U.S.C.§11432(g)(3)(E)(i). PDE provides a “Notice of Procedural Safeguards” form to provide to families/students for purposes of explaining their rights of appeal.

Level 2 – A complaint may be filed with a McKinney-Vento coordinator. If the parent, guardian or unaccompanied youth is dissatisfied with the LEA's disposition of a dispute or would like to raise any issue of McKinney-Vento Act noncompliance, they may file a complaint or appeal with a McKinney-Vento site or regional coordinator or with the state coordinator or directly to a court of competent jurisdiction.

In the case of an unaccompanied youth, the Charter School will ensure that the Charter School liaison assists in placement or enrollment decisions, considers the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

CCCS Parental & Family Engagement Policy

Chester Community Charter School recognizes and supports the important role parents and families have in the education of their children. Each student's education is a responsibility shared by parents, families, school, and the community. CCCS is committed to working collaboratively with parents to keep and maintain a strong partnership focused on creating school and home environments to help children thrive and succeed. To accomplish our goal of fostering and promoting family engagement, we have the following strategies in place:

- I. We encourage and promote family and community participation in district and school level decisions when we are developing and reviewing our Family Engagement Policy, the Parent- Teacher-Student compact, our Equity Plan, and the development of our Consolidated Application.
 - We have our annual Title I meeting in the beginning of the school year to discuss Title I funds, the Parent Family Engagement policy, and the Parents' Right to Know. We also talk about how parents can get involved.
 - We have regularly scheduled Parent Advisory meetings. In addition, the Parent Engagement Coordinator attends building events to invite parents to attend the Parent Advisory meetings and to discuss equity and engagement topics. We send home virtual forms for parents to participate if they cannot attend meetings.
 - Meetings are held at various times and days throughout the year based on parent input.
- II. We measure the effectiveness of our Family Engagement policy using our end of the year "Parent Report Card". Also, we reevaluate our policy annually using results from our annual Parent survey and conversations with parents.
- III. We believe in strengthening parents' effectiveness in monitoring their child's progress, working with teachers to improve the achievement of their children, understanding the challenging State academic standards and assessments, and building their own strengths. We provide:
 - Meetings to explain State assessments in both Spanish and English.
 - Training videos on our website in both Spanish and English to explain how to log on to Schoology to monitor their child's progress.
 - The school's curriculum posted on our website.
 - Host workshops/parent training for parents:
 - Based on parent needs identified in surveys (e.g., how to help with homework and financial literacy)
 - Specific literature and workshop for state assessments and State Academic standards
 - CCCS staff training based on Parent survey results.
 - Family Engagement Policies posted on our school's web page in English and Spanish.
 - ESL specific meetings in Spanish, with a French translator, 2 to 3 times a year to include our ESL families. At these meetings, we also have a French translation service and use an interpreter if needed for any other languages.
 - Coordination with local agencies (J. Lewis Crozer Library, Ruth Bennett Community Farm, Delaware County Literacy council) to host shared events and promote services available to families in the community.
- IV. In addition to the link on our website for parent questions, comments, or requests for information, we also have a Parent Engagement Coordinator and 2 Spanish speaking parent liaisons to field questions and help reduce barriers for parents.

Clearance Policy for Volunteers

This policy is also available on the Chester Community Charter School website at: [\[link to be added\]](#)

To ensure the safety of our students, the Board of Trustees (“Board”) of the Chester Community Charter School (“Charter School”) has instituted a policy regarding volunteers which follows Act 15 of 2015 (the Act)[1]. Volunteers who have “direct volunteer contact,” with children at a school, meaning, the care, supervision, guidance, or control of children and routine interaction with children, must have background checks. “Routine interaction” is defined in the Act as “regular and repeated contact that is integral to a person’s employment or volunteer responsibilities.”

Volunteers must obtain the following certifications

- Report of criminal history from the Pennsylvania State Police; and
- Child Abuse History certification from the Department of Human Services (Child Abuse)

A fingerprint based federal criminal history (FBI) submitted through the Pennsylvania State Police or its authorized agent is **not** required as long as: (1) the position the volunteer is applying for is an unpaid position; and (2) the volunteer has been a resident of the Commonwealth of Pennsylvania for the entirety of the previous ten (10) years. Volunteers who are not required to obtain the FBI certification for these reasons must swear or affirm, in writing, that they are not disqualified from service based upon a conviction of an offense under Section 6344[2].

If a volunteer has not been a resident of Pennsylvania for the previous ten (10) years, but obtained their FBI certification at any time since establishing residency, they must provide a copy of the certification to the person responsible for the selection of volunteers. They are not required to obtain any additional FBI certifications.

Volunteers required to obtain clearances include persons who are responsible for the child’s welfare or who wish to visit the school regularly to serve as volunteers and to provide for the care, supervision, guidance or control of children. All Clearance Required Volunteers should obtain their clearances and the Charter School will reimburse the cost of clearances if such clearances are obtained solely to be used at the Charter School and after the volunteer completes ten (10) volunteering days. All Clearance Required Volunteers must obtain the required certification every sixty (60) months from the date of the individual’s most recent certification. Copies of all clearances shall be provided to the Charter School.

Examples of volunteer situations requiring clearances include, but are not limited to:

- Homeroom parents
- Working with small group of students or individual students
- Driving a group to an activity
- Assisting in a classroom
- Recess and library volunteers
- Volunteer coaches and club advisors

Volunteers not required to obtain clearances include visitors who are not responsible for a child’s welfare or are visiting the school irregularly and not providing for the care, supervision, guidance, or control of children. Although occasional visitors are not required to complete the clearances, they should continue to comply with building security policies (such as signing in before entering the building).

Examples of situations in which volunteers typically would not need clearances include, but are not limited to:

- Attending a classroom presentation or party

- Attending a school-sponsored event
- Back-to-School nights
- Parent/Teacher Conferences
- Parent guest readers
- Halloween parades
- Collecting tickets to sporting events
- Working concession stands
- Participating in “Career Day”

TO THE EXTENT THAT ANYTHING IN THIS POLICY COULD BE CONSTRUED TO CONFLICT WITH THE SCHOOL’S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

STUDENT SEARCHES

Background

The purpose of this Policy is to provide the Charter School administration with discretion to conduct searches permitted by law in order to promote the health, safety, and welfare of Charter School students, staff, and other members of the school community.

Delegation of Responsibility

The Board directs the Chief Executive Officer or designee to develop Administrative Regulations implementing this Policy which shall, at a minimum, (1) provide Charter School administrators with broad discretion to conduct lawful searches; (2) ensure that students and their parents/guardians are notified at least annually of the contents of this Policy; and (3) ensure that, prior to a search, the student who is the subject of the search is notified and given an opportunity to be present, if required by law.

Administrative Regulations

All searches contemplated in this Policy must be authorized by the Chief Executive Officer or designee.

Searches contemplated in this Policy and the accompanying Administrative Regulations may include, but are not limited to, canine searches, metal detection units, or any device used to protect the health, safety and welfare of the school environment, in accordance with applicable law.

TO THE EXTENT THAT ANYTHING IN THIS POLICY COULD BE CONSTRUED TO CONFLICT WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR SCHOOL'S CHARTER SHALL CONTROL.

Legal:

- 1. 24 P.S. 510**
- 2. 22 PA Code 12.14**

ADMINISTRATIVE REGULATIONS FOR POLICY 943 – STUDENT SEARCHES AR 943-1

ANY SCHOOL OFFICIAL OR EMPLOYEE HAVING QUESTIONS ABOUT THIS POLICY OR IMPLEMENTING SEARCHES UNDER THIS POLICY, SHOULD CONTACT THE CEO OF CCCS.

The Chief Executive Officer, Principals, and designees authorized by the Chief Executive Officer, are authorized to conduct appropriate inspections and searches and to seize property on school premises as provided in these Administrative Regulations and consistent with applicable law.

Law Enforcement Searches

The principal or designee shall open a student's locker for inspection at the request of a local law enforcement officer upon presentation of appropriate credentials and a duly authorized search warrant or on the consent of the student.

General Standards

The Chief Executive Officer, Principals, and designees authorized by the Chief Executive Officer are permitted to conduct searches of students, including their persons, lockers, and other possessions, when there is a reasonable suspicion that such a search will uncover evidence of a violation of Board Policy, Administrative Regulations, school rules, or local, state or federal law on the part of the student.

In order for the requisite level of reasonable suspicion to exist, the administrator must be able to point to a "particularized suspicion" for conducting a search. ***Searches that arise out of generalized concerns or merely suspicious behavior, where the school official is not looking for any object in particular, have been struck down as illegal.***

The scope of any search must be reasonable under the circumstances, taking into consideration the student's age, the intrusiveness of the search, and the immediacy of any threat prompting the search.

Search of a Student's Person, Backpacks, Handbags, and Other Personal Items (but not including Cell Phones and Personal Electronic Devices)

When reasonable suspicion exists that leads school officials to believe that a search of a student as described above will uncover evidence of a violation of Board Policy, Administrative Regulations, school rules, or applicable law, the student should first be asked to voluntarily reveal the contents of pockets, backpack, handbag, or other personal article(s).

If the student does not comply with the request, authorized school administrators may conduct a pat-down search of the student's person or search the contents of the backpack, handbag, or other personal item. A pat-down search shall be limited to lightly patting the outside of a student's clothing.

- The school official conducting any pat-down search shall be of the same biological sex as the student, and such search shall occur in the presence of a second school official.
- Where a search is limited to a student's backpack, handbag, or other personal item(s), reasonable efforts shall be made to conduct the search in the presence of a second school official.

Searches of the student's person, as described above, do not require parental/guardian consent prior to conducting the search, but the principal or designee shall notify the parent/guardian that a personal search of the student was conducted as soon as practicable after the search has occurred.

Any illegal, unauthorized, or other prohibited articles found as a result of searches of the student's person may be seized and used as evidence in disciplinary, juvenile or criminal proceedings. The administrator conducting a search is responsible for the safekeeping and proper retention/disposal of any illegal, unauthorized or prohibited materials found as a result of the search. Please make a photographic record of the materials found as a result of the search.

In any instance where an item or substance is found or seized, the possession of which would appear to be in violation of the law, the circumstances shall be reported to local law enforcement consistent with the current Memorandum of

Understanding (“MOU”) between the Charter School and local law enforcement (CCCS currently has MOU’s in place with the Chester Police Department, the Chester Township Police Department, and the Upland Borough Police Department, all with effective dates of July 2, 2021. See the MOU’s Section II. Notification of Incidents to Law Enforcement, A. Mandatory Notification and B. Discretionary Notification.) Care should be taken to ensure that any seized material is properly secured until surrendered to local law enforcement. Nothing in this paragraph shall preclude the Charter School from performing its own independent testing/analysis on any substance seized in order to determine whether or not possession of such substance constitutes a violation of Board Policy or applicable law.

For any search, the Chief Executive Officer or designee shall be advised of the reason for the search, the manner in which the search occurred, including witnesses, date, time, location, duration, and the results of the search.

Search of a Student's Desk or Locker

A student's desk and lockers are and shall remain the property of the Charter School. As such, they are subject to periodic general or random inspection for the safety, health and welfare of all students.

No student may use a locker or a desk as a depository for any substance or object which is illegal, unauthorized, prohibited, or which constitutes a threat to the health, safety or welfare of the school community.

Authorized school administrators are permitted to inspect a student's desk and/or locker when such employee has reasonable suspicion that the desk and/or locker is being improperly used for the storage of illegal, unauthorized or prohibited materials, or materials which pose a hazard to the health, safety, and welfare of the school community.

When a student's desk or locker is searched, the guidelines listed below shall be followed:

- The student shall be notified and given an opportunity to be present. Where there is reasonable suspicion that a desk or locker contains material, which poses an immediate threat to the health, safety or welfare of students or staff, the desk and/or locker may be searched without prior warning or presence of the student.
- Reasonable efforts shall be made to conduct the search in the presence of a ***second school official***.
- Any illegal, unauthorized, or other prohibited articles found in student desks or lockers may be seized and used for evidence in disciplinary, juvenile or criminal proceedings. The administrator conducting a search is responsible for the safekeeping and proper retention/disposal of any illegal, unauthorized or prohibited materials found as a result of the search. Please make a photographic record of the materials found as a result of the search.
- When a student's desk or locker is searched, the student's parents/guardians shall be notified as soon as practicable after the search has been conducted.
- In any instance where an item or substance is found or seized, the possession of which would appear to be in violation of the law, the circumstances shall be reported to local law enforcement. Care should be taken to ensure that any seized material is properly secured until surrendered to law enforcement. Nothing in this paragraph shall preclude the Charter School from performing its own independent testing/analysis on any substance seized in order to determine whether or not possession of such substance constitutes a violation of Board Policy or applicable law.
- After any search, the Chief Executive Officer or designee shall be advised of the reason for the search, the manner in which the search occurred, including witnesses, date, time, location, duration, and the results of the search.

Special Provisions Regarding Searches of Students' Cell Phones and Personal Electronic Devices

Authorized school administrators who believe that reasonable suspicion exists that a student's cell phone or personally owned electronic device, text messages, call logs, voicemails, photos/files, or other data or activity contained in the device or any application therein contain evidence of a violation of Board Policy, Administrative Regulations, school rules, or local, state or federal law may seize the student's phone/device but **shall not conduct any further search or inspection of the device or its contents. Local law enforcement shall be contacted in order to conduct any search/inspection permitted by law** that is deemed appropriate under the circumstances.

General Searches

The Chief Executive Officer or designee may order a general search of lockers, hallways, randomly selected portions of school buildings, parking lots, and/or other school grounds, when necessary, to promote the health, safety and welfare of the Charter School, students, and staff. Such general searches may include random canine sniff searches of, among other locations, lockers,

motor vehicles, backpacks and other possessions. If a dog alerts on a student's locker, motor vehicle, or personal belongings, the student will be subject to a further individual search, as permitted by law and this Administrative Regulation and the accompanying Board Policy. The assistance of local law enforcement will be requested, if deemed necessary or appropriate. Any violations of Board Policy, Administrative Regulations, school rules, or any Code of Conduct or Student Handbook that are discovered through such searches shall be addressed in accordance with Board Policy or the appropriate Student Handbook, Code of Conduct, or Memorandum of Understanding with local law enforcement.

The following criteria will be maintained with respect to a general search:

- The search may not be overly intrusive;
- Consideration must be given to the students' privacy interests; and
- Students and parents/guardians must have been provided with notice that random general searches of the nature contemplated may take place during the school year.

Nothing in this Administrative Regulation shall be interpreted to limit an authorized Charter School administrator from performing a general, unannounced search in an emergency situation or in connection with any imminent danger.

Annual Notice

After any search, notification shall be made as soon as possible by the administrator conducting the search of their designee to the Chief Executive Officer or designee.

Students and their parents/guardians shall be notified at least annually of the contents of Board Policy 943 Student Search and this accompanying Administrative Regulation via posting of the same on the Charter School's website and in student handbooks.

Surveillance Cameras

The Charter School uses surveillance cameras in schools and on other Charter School property as permitted by law in order to assist in the thorough monitoring of activities taking place on school property. If required by law, the Charter School will notify the appropriate individuals of the use of surveillance cameras.

Use of Scanning Equipment to Detect Weapons

On March 16, 2023 the Board of Trustees adopted Policy 944 Use of Scanning Equipment to Detect Weapons. Policy 944 establishes a standardized weapons screening process setting forth permissible circumstances and limitations upon the use of magnetometers or scanning devices. Any standardized weapons screening process is covered by Policy 944 and its Administrative Regulations.

TO THE EXTENT THAT ANYTHING IN THIS ADMINISTRATIVE REGULATION COULD BE CONSTRUED TO CONFLICT WITH THE SCHOOL’S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR SCHOOL’S CHARTER SHALL CONTROL.

ANTI-WEAPONS POLICY

The Board of Trustees (Board) of the Chester Community Charter School (Charter School) recognizes the importance of providing a safe and secure environment for all students and staff. In an effort to combat violent associated with weapons, the Board establishes this Policy to give students, parents, staff and the community at large a clear statement concerning the Charter School stand against weapons, and to state the consequences that will follow violation of the weapons policy consistent with the Charter School's Code of Conduct.

Objectives

- To ensure the safety of students and staff, their property, and the property of the Charter School.
- To maintain a safe, supportive, nurturing, non-punitive school environment highly conducive to learning.

A weapon is defined as any object that, by design, use, intended use, or brandishing could cause bodily harm or property damage or could intimidate other persons. Weapons include, but are not limited to, firearms (whether loaded or unloaded, whether operational or not, and whether genuine or not), stun guns and BB guns, as well as knives and knife look-alikes, razors or other cutting instruments, chains, martial arts equipment, dangerous chemicals, explosives or devices which may cause a fire or any other tool, instrument or implement capable of inflicting serious bodily injury. In addition, any look-alikes, toy, fakes, play or “pretend” weapons will be in violation of this rule and will be subject to similar consequences.

Items not designed as weapons will be regarded as weapons under this policy if their use causes another person bodily harm or damage, or if the items are used with the intent of causing bodily harm or property damage, or they are used to intimidate others. Such items include, but are not limited to, belts, sprays, pens and pencils, scissors, laser pointers and other sharp objects.

The two exceptions to this policy are:

- A weapon under the control of a law enforcement officer acting in an official capacity.
- A weapon handled legally for the purpose of education approved by the Chief Executive Officer of the Charter School

No one shall use, threaten to use, possess, sell, distribute, or store any weapon or weapon look-alike at a Charter School facility, in a Charter School vehicle, in or on any other Charter School property, or at any Charter School sponsored function at any other location.

The consequences for violating this policy are in accordance with the Charter School's Code of Conduct and may include any or all of the following:

- Administering approved disciplinary practices and procedures.
- Notifying parents, guardians, or legal custodians.
- Notifying law enforcement officials.
- Making a Safe Schools Act report or any other required report.
- Suspension or expulsion from school.

Consequences for employees and individuals on school property other than students or employees, may include either or both of the following:

- Notification of law enforcement officials.
- For employees: disciplinary action in accordance with current employment agreements and/or the employee manual.

TO THE EXTENT THAT ANYTHING IN THIS POLICY COULD BE CONSTRUED TO CONFLICT WITH THE SCHOOL’S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR SCHOOL’S CHARTER SHALL CONTROL.

Swatting Procedures – District Wide

Swatting is not a new threat; it has evolved over the last decade and includes a range of tactics and techniques used to cause false public alarm and divert law enforcement resources to a hoax threat. Swatting scenarios threats of an active shooter, bomb threats, hostage situations, and threats involving chemical, biological, radiological, nuclear, or explosives agents.

Receptionist – Front Office Staff – Person receiving call

- When the caller has communicated the threat, stay calm, and do not manifest fear.
- Make a note as to the date and time of day.
- Keep the caller on the line and talking, the more he/she says, the more we will learn.
- Record every word the caller says, via notes or recording the conversation.
- Note the characteristics of the caller: Sex, Age, Race, demeanor, Accent, Speech Characteristics, and Background noise.
- Report directly to the Building Commander. Do not discuss this with anyone unless authorized to do so.

Building Commander

- Inform the School Safety Director, School Resource Officer & CEO immediately.
- Call 911 (School Resource Officer and/or Local Police)
- Determine known facts and how the threat was received.
- Collaborate on appropriate response to threat. Stay in the building or evacuate as guided by Local officials.
- Set up Incident Command Post (office area, another building, offsite as directed).
- Notify Transportation of possible Evacuation site
- If evacuation occurs, personnel should be a minimum of 500 feet from the building. Stay away from vehicles and trash containers.

All Staff

Decision to Stay in Building

- Teachers should take a count of students, scan the room for anything out of the ordinary, and if possible, do NOT lock classrooms unless informed to do so.
- Inform the Building Commander of any missing students and staff and anything out of the ordinary.
- Conduct a quick visual search of exterior grounds and evacuation routes.
- Search the work area for anything out of the ordinary. Suspicious objects should not be touched.
- Do not use two-way radio or cell phone (Bomb Threat).
- Do not turn off lights or electrical equipment (Bomb Threat).
- All search efforts should be done quietly and quickly without alarming or informing pupils.

Decision to Evacuate Building

- Evacuation message is delivered by runners and building commander.
- Have students bring their school bags and coats with them to the evacuation area.
- Bring class attendance roster and Go-kits
- All staff and students must be accounted for when everyone reaches the assembly area. Missing students or staff must be communicated to Building Commander.

TO THE EXTENT THAT ANYTHING IN THIS ADMINISTRATIVE REGULATION COULD BE CONSTRUED TO CONFLICT WITH THE SCHOOL’S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR SCHOOL’S CHARTER SHALL CONTROL.

Mark Battinieri, CCCS Chief Executive Officer, authorizes these Administrative Regulations (“AR 947”) as of August 4, 2026 as allowed by Board Policy 947 – Swatting Policy, approved by the Board of Trustees on December 6, 2023.
