FSISD Attendance Policy

Absences/Attendance: Regular school attendance is essential. Absences from class may seriously disrupt a student's education. The student and parent should avoid unnecessary absences. Two important state laws are discussed below — one dealing with compulsory attendance and the other with how attendance affects the award of a student's final grade or course credit.

Compulsory Attendance Prekindergarten and Kindergarten Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled. Ages 6-18 State law requires that a student who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached their 19th birthday, shall attend school, as well as any applicable accelerated instruction program, extended-year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt. State law requires a student in kindergarten through grade 2 to attend any assigned accelerated reading instruction program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program based on a diagnostic reading instrument. A student will be required to attend any assigned accelerated instruction program before or after school, or during the summer, if the student does not meet the passing standards on a state assessment in an applicable subject area. **Age 19 and Older:** A student who voluntarily attends or enrolls after their 19th birthday is required to attend each school day until the end of the school year. If the student incurs more than five unexcused absences in a semester, the district may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA for more information.]

Students are allowed to submit up to four parent-written excuse notes per Fall Term (August to December) and four in the Spring Term (January to May). One parent note per day of absence. Absence notes shall be turned in on the day the student returns to school. All attendance notes must be submitted to the attendance clerk on campus. Notes may be handwritten, emailed, or submitted via Parent Square.

No Attend, No Play

Policy Guidelines

Policy:

Sec. 25.092. MINIMUM ATTENDANCE FOR CLASS CREDIT OR FINAL GRADE. (a) Except as provided in this section, a student in any grade level from kindergarten through grade 12 may not receive credit or a final grade for a class unless the student is in attendance for at least 90 percent of the days the class is offered. (Texas Education Code).

Students who fall below this state standard will not earn course credit or be promoted to the next grade level without completing a plan approved by the school principal. Successful performance on state exams (if applicable), local assessment- if no state exam exists in the grade or subject area, is mandatory in order to qualify for credit or promotion.

The best course of action in order to avoid a no-credit or retention scenario is to maintain attendance above the 90% state standard.

In an effort to improve student achievement, Fort Stockton Independent School District's regulations are adjusted as follows: Students involved in extracurricular activities and school-sponsored clubs and organizations, whether they be academic, athletic, fine arts, spirit, or honor/social/interest-based related, will maintain at least a **90%** attendance rate throughout the school year. Further, this attendance rate will be evidenced by the participating student being consistently present in school/class, while providing appropriate documentation for any absence. A student may not be absent, unexcused, more than 4 days or parts of days (no more than 4 periods, per class, for secondary students) during a 9-week grading period.

This policy is in accordance with the state of Texas Compulsory Attendance Law, also known as the "90% rule". This policy also stipulates that:

- 1) A campus may accept up to 3 parent-written excuse notes during a 9-week grading period, and no more than 12 parent notes throughout the entire year. These notes may excuse a student's absence until the parent note limit has been reached. After that point, a parent or student must provide official documentation (Example- doctor's note, religious holy day, official college visit documentation, documented custody issue, court summons, etc.) corresponding to the **state of Texas Compulsory Attendance — Exemptions All Grade Levels list** in order to avoid being in violation of the No Attend, No Play policy (see official exemptions at the end of this document).
- 2) Individual game, competition, event, or performance "**day of**" **absences** will be handled on a case-by-case basis depending on the circumstances, and decisions regarding participation will adhere to an administratively reviewed, formal written policy associated with the activity.

Consequences for Policy Violation:

While individual sports, spirit groups, fine arts organizations, UIL academic teams, and honor/service societies have a high degree of variance in the number of games, events, and competitions they are involved in on a weekly and/or monthly basis, each shall be held to an equitable and **progressive consequence system** to ensure that students are held accountable for their attendance.

Every FSISD-sponsored organization has submitted a formal written No Attend, No Play policy, which has been administratively reviewed for consistency and fairness across organizations, as it corresponds to that particular organization's on-stage/game-day/event-competition participation required of that activity. (Example- Football, which has one game a week, might look different than volleyball, which may have three games in one week). Parents will be advised of this written policy at the start of the competition season and/or the coach-parent meeting.

Appeal Process and Probation:

The parent and/or student may appeal the No Attend, No Play policy consequence by:

Petitioning the respective campus principal, in person, within **3 school days** of the announced consequence.

It will be the campus principal's (or his/her designee) discretion to lift or enforce the policy based upon his/her meeting with the parent or student and their rationale or/documentation provided, as well as based on input from the coach/director/sponsor.

- (1) In certain special cases, a participating student may be placed on **Attendance Probation**, in lieu of enforcement of the consequence. **Probation will- 1) remain in effect for the rest of the 9 weeks grading period, 2) may only be granted once a traditional semester (fall or spring), and, 3) while on probation, a participating student will only be allowed to submit official documentation (no parent notes) for absences found on the state of Texas Compulsory Attendance — Exemptions All Grade Levels list.**

2) If relief cannot be found with the campus principal, the parent or student may appeal to the campus's No Attend, No Play Attendance Committee.

- 1) The committee's decision is considered final.
- 2) District grievance procedures are available on the FSISD website.

Full Exemptions List:

Compulsory Attendance — Exemptions All Grade Levels State law allows exemptions to the compulsory attendance requirements for the following activities and events, as long as the student makes up all work:

- Religious holy days
- Required court appearances
- Appearing at a governmental office to obtain U.S. citizenship
- Taking part in a US naturalization oath ceremony
- Serving as an election clerk
- Health-care appointments for the student or a child of the student, including absences related to autism services
- Absences resulting from a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, with certification by a physician

For students in the conservatorship of the state:

- An activity required under a court-ordered service plan; or
- Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

For children of military families, absences of up to five days will be excused for a student to visit a parent, stepparent, or legal guardian going to, on leave from, or returning from certain deployments.

Note that documented health-care appointments may include telehealth appointments. Students who are physically on campus will not be allowed to participate in telehealth or other online appointments without specific authorization from an appropriate administrator. Students should not use district-issued technology, including Wi-Fi or the internet, for telehealth appointments because use of district-owned equipment and its network systems is not private and may be monitored by the district.

Secondary Grade Levels: The district will allow a student who is 15 years of age or older to be absent for one day to obtain a learner's license and for one day to obtain a driver's license, provided that the board has authorized such excused absences under policy FEA(LOCAL). The student will be required to provide documentation of his or her visit to the driver's license office for each absence and must make up any work missed. [

The district will allow junior and senior students to be absent for up to two days per year to visit a college or university if the following conditions are met:

- The board has authorized such excused absences under policy FEA(LOCAL).
- The principal has approved the student's absence.
- The student follows campus procedures to verify the visit and makes up any work missed.

The district will allow a student 17 years old or older to be absent for up to four days during the period the student is enrolled in high school to pursue enlistment in the U.S. armed forces or Texas National Guard, provided the student verifies these activities to the district.

The district will allow a student to be absent for up to two days during the student's junior year and two days during the student's senior year for a career investigation day to visit a professional at that individual's workplace to determine the student's interest in pursuing a career in the professional's field, provided the student verifies these activities to the district.

The district will allow a student to be absent for up to two days per school year to serve as:

- An early voting clerk, provided the district's board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; or
- An election clerk, if the student makes up any work missed. The district will allow a student in grades 6-12 to be absent to sound "Taps" at a military honors funeral for a deceased veteran.

Riding the bus is a privilege—not a right.

Students who do not follow bus expectations may receive a bus violation from the driver. In such cases:

- **1st Violation** – Student conference with the principal and a formal warning.
- **2nd Violation** – Disciplinary consequences, including possible suspension from bus services for up to two weeks.
- **3rd Violation** – Further disciplinary consequences, including potential suspension from bus services for the remainder of the school year.
- **Severe Misconduct** – If the behavior is serious or poses a safety risk, bus suspension may occur **after the first violation.**

Bus Stop Timing:

Students should arrive at their designated bus stop no earlier than five minutes before the scheduled pick-up time to ensure safety and minimize unsupervised wait time.

MANDATORY DRUG-TESTING PROGRAM

The District (Fort Stockton ISD) requires drug testing of any student in grades 7–12 who chooses to participate in school-sponsored extracurricular activities.

COVERED ACTIVITIES

School-sponsored extracurricular activities for which testing is required include UIL-sponsored activities, FFA, Industrial Tech, cheerleading, and any other school-sponsored activity.

SCOPE

A student participating in these activities shall be randomly tested throughout the school year.

PURPOSE

The purposes of the drug-testing program are to prevent injury, illness, and harm resulting from the use of illegal and performance-enhancing drugs or alcohol; help enforce a drug-free educational environment; deter student use of illegal and performance-enhancing drugs or alcohol; and educate students regarding the harm caused by using illegal and performance-enhancing drugs or alcohol.

DISTRIBUTION OF POLICY

The District shall provide each parent and student with a copy of the drug-testing policy and consent form prior to the student's participation in an affected activity.

CONSENT

Before a student is eligible to participate in extracurricular activities, the student shall be required annually to sign a consent form agreeing to be subject to the rules and procedures of the drug-testing program. If the student is under 18, the student's parent or guardian shall also sign a consent form. If appropriate consent is not given, the student shall not be allowed to participate in extracurricular activities.

USE OF RESULTS

Drug test results shall be used only to determine eligibility for participation in extracurricular activities. Positive drug test results shall not be used to impose disciplinary sanctions or academic penalties.

Nevertheless, nothing in this policy shall limit or affect the application of state law, local policy, or the Student Code of Conduct. A student who commits a disciplinary offense shall be subject to consequences in accordance with the Student Code of Conduct.

CONFIDENTIALITY

Drug-testing results shall be confidential and disclosed only to the student, the student's parents, and designated District officials who need the information to administer the drug-testing program. Drug test results shall not be maintained with a student's academic record. Results shall not be otherwise disclosed except as required by law.

TESTING LABORATORY

The Board shall contract with a certified drug-testing laboratory to test students' urine, saliva, or hair samples. Testing laboratories shall not disclose statistics on the rate of positive drug tests to any person or organization without the District's consent.

SUBSTANCES FOR WHICH TESTS ARE CONDUCTED

The drug-testing laboratory shall test for the presence of alcohol; performance-enhancing substances, including anabolic steroids; marijuana; cocaine; methaqualone; benzodiazepines; phencyclidine (PCP); methadone; barbiturates; propoxyphene; amphetamines; opiates; and metabolites of any of these substances.

COLLECTION PROCEDURES

Personnel from the drug-testing laboratory shall collect urine, saliva, or hair samples under conditions no more intrusive than those experienced in a public restroom. When selected for testing, a student shall be escorted to the school's testing site by a District employee and shall remain under employee supervision until the student provides a sample. For a urine sample, a student shall provide it within a closed restroom stall. For a saliva or hair sample, the student shall produce a sample in a restroom in view of the person testing and a district employee, not in a closed restroom stall or in a location suitable for testing in view of the person performing the test. If a student is absent on the day of the random test, a sample shall be collected on the next day the student is present.

CONFIRMATION OF POSITIVE RESULTS

An initial positive test shall be confirmed by a second test of the same specimen before being reported as positive. Upon receiving results of a positive drug test, the District shall schedule a meeting with the student, the student's parent if the student is under the age of 18, the campus principal, and the coach or sponsor of the extracurricular activity to review the test results and discuss consequences. The student or parent shall have three school days following the meeting to provide a medical explanation for a positive result.

RETESTING

If the student wishes to return to participation in extracurricular activities after any applicable consequences, the student must be retested at the end of the period of suspension and have a negative test result; following that, the student shall be retested on the next three random test dates so long as the student wishes to participate in extracurricular activities. After any applicable period of suspension, a

Student shall be permitted to retest at a District-approved testing laboratory, at the parent's expense, in order to become eligible for participation in extracurricular activities before the next random test date in the District.

DRUG ABUSE PREVENTION

The District shall notify the parent(s) and student of drug and alcohol abuse prevention resources available in the area.

CONSEQUENCES

The consequences of positive test results shall be cumulative through the student's enrollment in middle school and shall begin anew for high school.

As a parent or guardian of a student enrolled in Fort Stockton ISD, I have read and understood Fort Stockton ISD's policy regarding random student drug testing.

Because my child participates in extracurricular activities, I understand that my child will be asked to provide a urine sample, saliva/swab, or hair sample for drug analysis. I consent to such testing as part of the District's drug and alcohol testing policy.

I also understand that while my child cannot be compelled to produce a specimen, the giving of a specimen when requested by the District is a condition of my child's continuing to participate in extracurricular activities.

I understand that if a test of my child's specimen reveals an unexplained presence of drugs, the District will withdraw the privilege of participating in extracurricular activities as described in FNF (LOCAL) Policy. I understand that refusal to submit to a test will have the same consequences as if my child had tested positive.

We (the student and Parents/Guardians) have read and understand the Fort Stockton Independent School District FNF (LOCAL) Policy and the Student Random Drug Testing Consent Form.

We desire that _____ participate in the drug-testing program offered by the District, and we hereby agree for him or her to be subject to its terms. We accept the method of obtaining urine samples, testing, and analysis of such specimens, and all other aspects of the program. We further agree and consent to the reporting of the results as provided in the program.

Como el padre o guardián de un estudiante matriculado en el distrito escolar de Fort Stockton, yo he leído y entiendo la política del distrito en cuanto a las pruebas administradas al azar para el uso de drogas.

Debido a que mi hijo participa en actividades extracurriculares, entiendo que se le pedirá a mi hijo que proporcione una muestra de orina, saliva/hisopo o muestra de cabello para el análisis de drogas. Yo doy mi permiso para esta prueba como parte de la política del distrito para las pruebas para el uso de y drogas del distrito.

Yo entiendo que si una prueba de muestra de mi hijo revela una presencia inexplicable de drogas , el Distrito se retirará el privilegio de participar en actividades extracurriculares como se describe en FNF (LOCAL) Política . Entiendo que la negativa a someterse a una prueba tendrá las mismas consecuencias que si mi hijo había dado positivo.

Nosotros (el estudiante y los padres/guardiáns) hemos leído y entendido la Fort Stockton Distrito Escolar Independiente de FNF (LOCAL) Política y la prueba de la droga de Consentimiento Estudiante tomado al azar.

Deseamos que _____ participar en el programa de pruebas de drogas ofrecido por el Distrito, y ponemos de acuerdo para que él o ella para estar sujeto a sus términos. Aceptamos el método de obtención de muestras de orina , pruebas y análisis de dichas muestras , y todos los otros aspectos del programa . También estamos de acuerdo y consentimiento para la comunicación de los resultados según lo dispuesto en el programa.
