Can I Change My Schedule? FAQ

Contact your counselor via email or the QR code. Please allow up to 72 business hours for a response.

YES

- I have an empty period.
- I have the incorrect class.
- I am missing a core class or a class I need to graduate or be A-G/college ready.
- I have not met the prerequisite for the class.

NO

- I would like a different teacher.
- I would like a different lunch.
- I do not like the period I have a class.
- I would like a free period but do not meet the requirements.
- I didn't get my first choice for an elective.

There is limited elective availability, therefore some changes may not be possible. Graduation requirements will take precedent. During the first three weeks of school, schedules may change due to teacher contract numbers.

Our commitment is to ensuring students are college and career ready. We schedule in alignment with that mission.
