5th Grade Thanksgiving Fun with a Community Connection!

This month, our fifth-grade students enjoyed a wonderful Thanksgiving Feast! In preparation, students calculated recipes, wrote letters to local businesses, prepared and cooked food, and came together as a grade level for some festive fun. This celebration connected our learning in fractions, problem-solving, persuasive writing, and community building.

We could not have made this event possible without the generous support of fifth-grade parents. We would also like to extend our gratitude to local businesses, including Madigans, Villagio, Balloons, and Dinas for their generous turkey donations in response to our fifth graders' handwritten letters.

Thank you to everyone who contributed to making this feast such a meaningful and memorable experience. We look forward to continuing this tradition for years to come!

DELAYED ATHLETIC COMPLEX VOTE: SEE PAGE 3 FOR FURTHER INFORMATION

Christmas

Religious, Tradition & Personal

By Mark J. Ward, Interim Superintendent

By the time you get this newsletter, families will be in full gear shopping, decorating, celebrating and planning for the Christmas and Holiday season. In past years, I have often tried to emphasize that many of us get caught up with the things that are not nearly as important as Christmas itself. Believe me it is easy to do with the advertising that bombards us wherever we look or go.

There is no question that the Christmas season has turned into a huge marketing event as people treat it as a time of giving and gifting whether it is store bought, online or something you make. There is a great feeling watching someone open something you have personally picked out for them. Give to others, not just with presents, but with kindness.

While decorating, colorful lights, gifts, a tree, stockings and multiple blow ups all add to the excitement and wonder of the season...there are some other things that may be worth reflecting on.

Christmas has its origin as a religious celebration:

For Christians, Christmas celebrates the birth of Jesus Christ, the son of God which symbolizes hope in a difficult world. This is the centerpiece of why Christians celebrate Christmas. His birth brought hope and teaches us how to love one another.

From a religious perspective, people celebrate the central themes of the season in many different ways and is instilled through joy, hope, peace and love.

In a broader, non-religious sense, Christmas represents traditions:

- Family and togetherness

- Spending time with family members
- Traditions that bring people closer
- A pause from daily routines
- Attending a community program, service or concert

Most families gather during the Holiday Season to celebrate and spend time together. Traditions often chart the course for what happens and helps families adjust over the years as families grow and change. As we get older, these memories are cherished. Whether it is a very old ornament, grandma's recipe for stuffing, special songs, stories or how and when presents are opened, these vary greatly depending on the family you are from. Passing on the traditions allows a family to never lose sight of its past while still able to start new traditions!

On an individual level, Christmas often becomes what you make it:

- Visit a neighbor, someone in the nursing home...bring cookies or baked goods!
- Slow down and reflect
- A time to practice kindness and generosity to others in need
- An opportunity to focus more on and appreciate what matters
- Volunteer at a church, food pantry, or other charitable organization
- Donating clothing, food and other things you do not need but could help others

Your personal approach to the season allows you to reflect on many things and decide for yourself what you want to do. It can be something you do with no one else knowing or it can be working with a group of people to help members of our community.

There is no question that the feeling you get from helping other people far outweighs getting something yourself. If your act of kindness can brighten other people's day or Holiday Season your reward will be special.

To some degree, volunteering has become a lost art, whether it is in the fire or ambulance services, churches, civic organizations, Arboretum, Alley Katz, Chamber, or various other organizations throughout the community that need your help... please consider joining one of them and share your skills, time and gifts with others. It will be more rewarding than you can imagine!

As the saying goes, slow down and smell the roses, I think that is almost true of everyone. We live in a fast paced world with technology driving it even faster. Families sometimes struggle to eat meals together or even take time to talk with each other. During this Holiday Season try to spend some time with family members, relatives and friends and simply enjoy interacting with each other.

As we are now well into the Holiday Season, reflect on some of these words and see if they sound like you or there is something there you would like to do or try. It is never too late to change your direction or focus. Take more time to enjoy the true meaning of the season and try not to get overwhelmed with lights, decorations, presents and things. The Christmas season is so much more.

ECS TURF ATHLETIC COMPLEX VOTE DELAYED

Mark J. Ward, Interim Superintendent

While the District is continuing to negotiate with Holiday Valley over the potential sale of roughly 120 acres of land, there is nothing to report on at the time of this publication. Therefore, the district plans to delay the previously scheduled vote on December 16th.

This does not rule out the possibility that a “Four Sport Turf Athletic Complex” will happen, it only means that the negotiations process is ongoing and that no agreement has been reached.

As you may imagine this is a somewhat complicated process that simply takes time. Once we have the details worked out, we will be able to release more information and establish a new date to vote on the capital project.

If we continue to have productive discussions we hope to establish a vote in January. We will provide a “special” newsletter dedicated solely to the Turf Complex with more details and the tax impact. A date for a public hearing will be established prior to the capital project vote. The sale of the land is contingent on the voters approving the ECS Turf Athletic Complex.

Whether we describe the tax increase as a %, in terms of pizzas, chicken wings or dimes/pennies a day, the

board is committed to bringing forth a project that is reasonable and responsible. The land deal with Holiday Valley will be the key to whether or not this project is brought to the community for a vote. Ultimately, the property sale price will drive whether or not the Turf Athletic Complex is within reach.

While we want to arrive at an agreement that works for everyone,

we are keenly aware that we need to negotiate a deal that works for the taxpayer and will allow us to give our community an opportunity to build a facility that will change life at ECS and our community forever.

Once we have more information to release, we will share it via a special newsletter, our website, Facebook page and Blackboard where special announcements are communicated.

ECS Musicians Shine in Prestigious Events

ECS musicians Marjorie Brown and Aston Seeley showcased their talents at the NYSSMA Junior High Area All-State Band on November 7th and 8th in Pioneer. Under the direction of Dr. Carrie Pawelski, a seasoned music educator from Jefferson Middle School in Jamestown, NY, these students were selected for their exceptional NYSSMA solo performances last May, earning top scores across Western New York.

In addition, on November 21st and 22nd, ECS Band member Alison Antholzner joined the Senior High Band. She performed under the baton of Dr. Russel C. Mikkelsen, the esteemed Director of University Bands at The Ohio State University.

ECS Band Members Shine at SUNY Buffalo State's Honor Band

Congratulations to ECS band members Isabella Wilder and Alison Antholzner for their selection to participate in SUNY Buffalo State's Seventeenth Annual High School Honor Band. Students from various area school districts gathered for two days of intensive preparation leading to a spectacular concert.

The students received their music for the first time on Saturday morning from their conductor, Dr. Thomas Duffy, a professor in the Practice of Music at Yale University.

ESPRA Visits Palmer Opera House

On a beautiful autumn day in October, members of the ESPRA literary club traveled to the Palmer Opera House in Cuba to watch a matinee performance of *All I Really Need to Know I Learned in Kindergarten*. Did you know that Charles Ingalls from *Little House on the Prairie* fame was born in Cuba, NY? It was a fun, educational day all the way around.

ROTARY CLUB DONATES TO STUDENT COUNCIL

On Thursday, November 6th, representatives of the Ellicottville Student Council (Ava Weber, Delaney Myers, Mrs. Nason) accepted a very generous donation from the Ellicottville Rotary Club to help pay for a Disney Leadership Conference at the end of January. Student Council members and their parents helped at the Rotary Club's Chili Cookoff in September. Thank you, Rotary Club members, – we really appreciate your generosity!

BACK-TO-BACK SECTION V CHAMPS by Coach Auge

It was another great season for the Lady Eagles. Back-to-Back Section VI Champions. I am so beyond proud of these Lady Eagles! With an overall record of 18-7, this team showed all what an Ellicottville Eagle is made of! Along the way, we also celebrated some major accomplishments! At our annual charity volleyball game, we were able to raise \$913 to help "Spike Out Cancer!" Also, Riley Whitmer put down her 500th career kill during the Sectional Championship game!

The playoff journey started when Ellicottville faced Pine Valley on our home court. In quick fashion we won in 3 games and then headed on the road to face our next opponent - the number 3 seed Panama. We swept them in 3 games! Next stop was a trip out to face the number 2

seed Westfield. This is a team we had not faced all season, but we were locked in and ready to face them. The Lady Eagles showed up and beat Westfield in four games! This next part of the journey was going to be another tough battle. For the Section 6 Championship game, we were going to face the number 1 seed Clymer. This is a team that we had already beaten twice in our regular season, but those wins did not guarantee anything come playoff time. We knew we would have to fight for every point. Clymer showed up and gave us a battle! We fought for every point and beat Clymer in 5! Section 6 Champions!

Next stop, was the Far West Regional Game at Wayne High School against Section 5 Champion York. This was a challenge that ended up being too big to

overcome, on that cold, rainy Saturday. York was consistent and found ways to score on us. While we had glimpses of greatness, we were not able to string it together consistently and this is where our season came to an end. While it stings to have the season cut short before reaching the state competition, time and distance will allow that hurt to fade and the positive memories and laughter will remain.

Thank you to all that have helped us and cheered us on throughout our journey this season. It was exciting, overwhelming, and humbling. I feel so lucky to have been part of this journey!

To my 5 seniors- Keira, Faith, Izzy, Anna & Ande, I wish you all the greatness the world has to offer. You will be missed!

JV Volleyball

by Coach Norton

This season, our players learned to work together and truly play as a team. We saw tremendous growth — not only in skill and confidence, but also in the friendships formed along the way. I'm proud of how far everyone has come and can't wait to see each of you continue to develop next year. Great work, ladies! The JV Volleyball team: Makenna Mendell, Abby Rust, Riley Northrup, Shiloh Miller, Briyonna Tarr, Rose Benjamin, Rylie Button, Liliana Horton, Rylynn Oakes, Audri Finch, Lindsay Watson.

Modified Volleyball *by Coach Kruszka*

The 2025 Modified Volleyball Lady Eagles had a successful season this Fall. Although the record shows 3-7 in 10 matches, the girls improved from August all the way to mid-October. Facing off against larger past successful programs like Olean, Portville, Allegany, Gowanda, and Cattaraugus/Little Valley, the ladies showed what hard work can produce—successful improvement, and lots of smiles while doing so. Coach K will be sad to lose four 8th graders to JV next season but knows they will continue their success! As for the 7th graders, these ladies worked every day to ensure improvement and Coach K cannot wait to work with them next Fall. Go Eagles!

FE Titans JV Football Fall 2025

by Coach Chudy

The FE Titans JV football team had a successful season this Fall. The Titans finished with a 4-2 record with victories against Springville, Portville/Cuba-Rushford/Bolivar-Richburg, Salamanca and Cleveland Hill. Our two losses came against Clymer/Sherman/Panama and Southwestern/Frewsburg in hard fought games.

The JV Titans faced a ton of adversity throughout the season. Between injuries, low numbers and many other factors, the boys stepped up whenever a challenge was presented to them. We played many games with far less men on the sideline than our opponents but always battled no matter how many we had able to play on gameday.

Our JV team consisted of 20 total players. From Ellicottville, we had AJ Myers, Landen Jensen, Ricky Howard, Carson Mendell, Zach Brennan, Brody Erlandson, Crew Koleta, Calvin Pearl, Mario Polino, Deegan Newark, Coleman Milks and Bentley Ward. From Franklinville we had Brodie Lattimer, Oliver Shenk, Jaxon Blending, Logan Goss, Tucker Bishop, Quintyn Ruibal and Greg Fisher. From West Valley we had Riley Foster.

These 20 men played their hearts out every time they stepped on the field and consistently impressed me with their work ethic and attitude each day. Their will to win provided them with great life lessons on how to overcome challenges they will face in everyday life in their future. This group has potential to be very successful on the football field in years to come if they get in the weight room and stick together as one! Great season gentlemen, I'm proud to have the opportunity to call myself your coach!

Modified Football

by Coach Palmatier

The Franklinville/Ellicottville/West Valley modified football season came to a close with a tough loss to Maple Grove/Falconer/CV. The modified team had a great young core that all came in ready to learn and got valuable football experience throughout the year. Ellicottville had multiple 7th graders who played a significant role on the team this year including Jameson Burlingame, Gunnar Tirado, Vander Travis, Braylon Van-Buren, Carter Potter, Jase Moss, and Liam Daniels. We also had 8th graders step up as great leaders throughout the season including Thomas Green, Elijah Calkins, Jason Winship, and Aidan Zeher. These 8th graders will be making the step up to Junior Varsity next year and will play a big role in the future of the FE Titan football program. I look forward to watching these young student athletes continue to develop throughout their high school careers.

Girls Varsity Soccer *by Coach Eddy*

The Ellicottville Central School Lady Eagles wrapped up a remarkable 2025 season marked by determination, teamwork, and steady growth. Finishing with a strong 7-3 league record and 10-7 overall record, the Lady Eagles earned an impressive 2nd place in their league and 5th place among Class C schools.

Leadership played a vital role in this year's success. Captains Drew Ficek and Teaghan Finn guided the team with poise, positivity, and a relentless work ethic, setting the tone for excellence both on and off the field.

This season also celebrated the dedication of a talented senior class: Delaney Myers, Olivia Tighe, Bianca Bush, Harper Klein, Teaghan Finn, Drew Ficek, & Makayla

Potter. Their experience, drive, and leadership shaped the team's culture and left a lasting impact on the program.

The Lady Eagles' depth and future strength were highlighted by the strong contributions of underclassmen:

Juniors – Juliana O'Connell, Eliza Murray, Ainsely Edwards, Ava Fuller, Ady Andrews

Sophomore – Juleana Lyon

Freshmen – Ella Weber, Camerie Riley, Cayda Kruszynski

We welcomed four Freshman; Kaegan Bauer, Lilly Pearl, Allison Terhune, & Taylor Perks, at the end of our season to help work with our team and support us leading up to our playoff game

Together, this group formed a cohesive unit that battled through a competitive schedule, delivering key victories and demonstrating the heart and hustle that define Ellicottville athletics.

With many players returning and a solid foundation built this year, the future of Lady Eagles soccer shines brightly.

Congratulations on an outstanding season, Lady Eagles!

Girls Modified Soccer

by Coach LaCroix

Our girls modified soccer team finished the season with a record of 3-6-1. After losing 8 players from last year's mod squad, this year was a bit of a rebuild year mixed with new faces and returning players. This group worked very hard from the beginning, and showed a lot of improvements and dedication throughout the season. They showed up ready to work and ended the year with an improved love for the game! Keep up the hard work in the offseason!

This team consisted of four 9th graders, (Kaegan Bauer, Lillian Pearl, Taylor Perks, and Allison Terhune), eight 8th graders (Harley Andera, Allyana Andrews, Rowan Decker, Maggie Faulkner, Hope Niesyty, Teagan Siperek, Emma Wallace, and Jayda Wyatt), and two 7th graders (Taylor Erlandson and Sophia Joesel).

Great season ladies!!!

Modified Boys Soccer

by Coach Gelen

The Modified Boy's soccer team finished with a record of 2-8. The boys made great improvements from the beginning of the season up until the end due to their hard work and dedication. It was a fun season and a great group of boys. Great season Eagles! A big thank you to all of the players, parents, and everyone who supported us throughout the season. The Modified Boys' Soccer team was a mix of Ellicottville and Franklinville student-athletes this season. The players are listed below:

Ayce Caswell, Marshall DeChane, Carsten Kosinski, Nicholas Wedvik, Jameson Haley, Gabe DeChane, Kullen McGonnell, Griffen Sciara, Oliver Daniels, Caelen Myers, Liam Dahlman, Axel Moore, Caleb Czamara, Mason LaCroix, Skyler Samborski, Everett Parmenter, Noah Bunk, Tucker Cecala, Keegan Feehan, Oliver Johnson, Jack Kerns, James Metcalfe, Colsen Camillo

Friendly Reminder for a Healthy School Break

As we head into the school break, please help keep our students healthy by practicing good hygiene at home:

- **Encourage frequent handwashing** with soap and warm water, especially before eating and after using the restroom.
- **Disinfect backpacks, lunchboxes, and water bottles** to reduce the spread of germs.
- **Wash coats, hats, and gloves** regularly—these items are handled often and can easily carry bacteria and viruses.
- **Remind children to avoid sharing drinks, utensils, and personal items** with others.
- **Cover coughs and sneezes** with a tissue or elbow, not hands.
- **Keep sick children home** until they are fever-free and feeling better.

Thank you for helping us keep our school community healthy!

TOO SICK FOR SCHOOL?

HERE'S HOW TO TELL

STAY HOME IF ...	SYMPTOM	GO BACK TO SCHOOL AFTER ...
Your child feels too sick for regular activities	← COUGH AND OTHER COLD SYMPTOMS →	Fever decreases and your child feels better
Yellow or green pus appears	← EYE DISCHARGE →	The amount of pus decreases, using antibiotic eye drops for 24 hours
The temperature on an oral thermometer reads 100° F or higher (100.4 for an ear, rectal, or forehead temp)	← FEVER →	Body temperature reaches normal
You suspect flu—it spreads rapidly	← FLU →	Fever has been gone for 24 hours
Your child has a migraine—throbbing, severe pain with moodiness, fatigue, and sensitivity to light	← HEADACHE →	Taking pain medication
Redness and itchiness affect all or most of your child's body	← RASH →	The rash is gone—or the doctor gives the OK
Your doctor suspects—or diagnoses—strep throat	← SORE THROAT →	24 hours after beginning antibiotics
Your child is vomiting or has uncontrollable diarrhea	← STOMACHACHE →	Vomiting stops and your child has control of bathroom breaks

Together - Varsity Boys Soccer *by Coach Finn*

With the motto of Together this fall, the Ellicottville Eagles Mens' Soccer Team played together with five Franklinville players to become the Ellicottville-Franklinville Eagles. In the spirit of the team philosophy, these boys worked hard, played hard, laughed hard, and won and lost together.

After losing 1-0 to a tough Avoca-Prattsburgh team and tying Portville 2-2 in the A-L Gator Cup, the Eagles recorded an impressive first win of the season against Southwestern. The beginning of the season was the tone for the rest of the season with the Eagles recording an 8-7-3 overall

record and a 5-4-1 League record, third best in the League.

When the post-season arrived, the Eagles were seeded 7th in class C, a first Class C playoff appearance in 6 years. The team defeated Global Concepts in the Sectional Pre-Quarter Round by the score of 3-0, and then were bounced from the playoffs after losing in the Quarterfinals to Allegany-Limestone by the same 3-0 score.

These young Eagles consisted of nine Sophomores; Holden Basher, George Dick, Liem Haynoski, Jacob Henning, Landon Jankowiak, Rian Johnson, Jonathan Peterson, Cooper Sciara, and Jackson

Tomsick; six juniors; Coleman Carls, Timmy DeChane, Teddy Edwards, Tosh Klein, Jaxson LaCroix, and Reed Nazareth; and one Senior who is ready to soar, Jackson Kruszynski. We will miss all that Jackson has contributed to the program over the years, and we are excited to see these underclassmen spread their wings next fall.

Tosh Klein, Coleman Carls, and Jackson Kruszynski were named 1st Team League All-Stars. Second Team League All-Stars were Rian Johnson, Teddy Edwards, Holden Basher, and Timmy DeChane. Jacob Henning was named to the Honorable Mention Team. Congratulations to all these young men!

Yearbook Ads on Sale until December 31st

Remember all those school memories that you relive every time you open a class yearbook? Wouldn't you like to help current students keep those memories in print?

You and your business can purchase an advertisement in the 2026 yearbook that will last "forever"! You will also be supporting a great cause.

Don't have a business, but have a favorite ECS senior or any student for that matter?! What about wishing the whole class of 2026 a great future? Put your creativity to the test and support the yearbook at the same time!

Here is the link or QR code to create and purchase an ad (it is VERY easy to create one – website walks you through layout, pictures, etc):

jostensadservice.com/business

Not tech savvy or just don't have time? We have members of the Yearbook staff that would LOVE to put together an ad for you! Email: cnason@ecsny.org or call 716-699-2316 ext 1103.

Thank you for your anticipated support!!
