

Accessing Your WWPS Schoolwork from Home

A quick guide for students and families using a personal device

Whether you're using your own personal Chromebook, Windows PC, Mac, tablet, or phone, your Student Landing Page is the easiest place to start.

1 Open Your Student Landing Page

Locate and click your school's Student Landing Page listed in the directory.

2 Sign In

Click Google or Clever. Use your WWPS student email address and the same password you use at school.

3 Access School Resources

Open Classroom, Clever, Skyward, Drive, Gmail, digital textbooks, library resources, and other classroom apps.

! Bookmark this page! It contains links to nearly everything you'll use throughout the school year.

Already signed into a personal Google account?
Choose Use another account, or open an Incognito/Private browser window before signing in.

Need Help?

If you can't sign in:

- ✓ Verify you're using your WWPS email address and password.
- ✓ Make sure you're signing into your school Google account - not a personal account.
- ✓ Try using an Incognito or Private browser window.
- ✓ Restart your browser or device and try again.

If you're still having trouble, contact your school's office or the WWPS Technology Services Department.
