

# Facts of Interest

## OUR STUDENTS

- With almost 15,000 students, Union has the ninth-largest total enrollment in Oklahoma. In 2024-25, more than 7,430 students were female and 7,521 male.
- Our student body is ethnically diverse: 3.5% American Indian/Alaska Native, 15.1% African American, 9.8% multi-racial, 0.3% Pacific Islander/Hawaiian, 7.2% Asian, 21.3% Caucasian and 42.8% of Hispanic ethnicity.
- English Learner (EL) services were provided to 2,807 elementary and 1,899 secondary students; 182 became English-proficient and exited the program. Our diverse population speaks more than 60 different languages.
- Union has identified 3,114 gifted students from grades Pre-K-12, served by a variety of courses and programs.
- More than 14% – or 2,164 students – were enrolled in special education.
- The graduation rate was 89.2% for Union High Schools' Class of 2023.
- The dropout rate was 0.7% at the 8th grade level, 2.8% in 9th grade, and 3.9% in High School during the 2022-23 school year.

## STUDENT ACHIEVEMENT

- Of the graduating seniors in 2024:
- 1,254 took the ACT, with an average composite score of 17.0. The average ACT score for Oklahoma students was 17.6, and the national average was 19.4.
- 55 took the SAT, with an average total score of 1099. The average SAT score for Oklahoma students was 966, and the national average was 1024.
- Each year the district has an impressive number of National Merit Scholars. Five seniors were named 2024-25 National Merit Finalists.
- Nineteen Advanced Placement (AP) courses were provided, and 355 students took a total of 676 AP exams. Two hundred sixty-two students – or 74% – earned a score of “3” or higher.

- Students attending college classes offered at the Union Collegiate Academy (UCA) through a dual credit partnership with Tulsa Community College have earned 26,337 credits since the program began in 2010.
- Union earned the Class 6A Championship for graduating the most Oklahoma’s Promise participants for the thirteenth consecutive year; 143 seniors were eligible to receive scholarships.

## PERSONNEL

- Union employs 1,015 teachers, 913 support personnel, and 81 administrators.
- Of the district’s 80 administrators, 89% had a master’s degree or higher.
- Of the teaching and administrative staff, 40.8% held graduate-level degrees – 422 with master’s degrees and 19 with doctorates.
- Student/teacher ratios average 23:1 at the elementary level and 21:1 in core classes at the secondary level.
- Twenty-eight teachers held National Board Certification.
- Union’s staff is highly diverse: 8% African American, 6% American Indian, 19% Hispanic, 3% Asian, and 64% Caucasian/other.

## ENROLLMENT

- Documents needed for enrollment include student’s birth certificate, immunization records, custody documents (if applicable), address of previous school(s) attended, and proof of residence in the Union district.
- Visit the Union Enrollment Center at 6011 S. 89 E. Ave., located approximately ¼-mile east of the Education Service Center. For enroll online, visit [www.unionps.org/enrollment](http://www.unionps.org/enrollment).

## FACILITIES

Union has a strong and supportive community, consistently passing annual bond issues that fund state-of-the-art buildings and equipment for its students. The district’s premier facilities include the 1,995-seat Performing Arts Center; the Union Multipurpose Activity Center (UMAC) and the 5,662-seat John Q. Hammons arena; and Union Tuttle Stadium, which serves students as well as the Tulsa community. Union’s newest and largest school, Ellen Ochoa Elementary, is a model high-tech, energy-efficient community school equipped with maker spaces, as well as indoor and outdoor

classrooms. A new 25,000-square foot clinic on the Ochoa campus completes the “Community Village” concept, providing medical, dental, pharmacy and mental health services.

### Union Public Schools is an Equal Opportunity Employer

Union Public Schools is an equal opportunity employer and complies with all applicable federal and state civil rights statutes, laws and regulations. Discrimination is prohibited against any person in recruitment, selection, promotion, transfer, retention, discipline, pay or other terms and conditions of employment, in access to facilities, in treatment of individuals with disabilities, or in any aspect of operations, because of race, age, color, religion, national origin, pregnancy, gender, gender expression or identity, sex, sexual orientation, disability, genetic information, or veteran status. Discrimination is a violation of the law and will not be condoned or tolerated in the district. January 2024

# OUR MISSION To Graduate 100% of Our Students, 100% College and Career-Ready.

At Union Public Schools, we believe every child has the right to a high-quality public education, and we are committed to our mission:

***"To Graduate 100% of Our Students, 100% College and Career-Ready."***

Union Public Schools is an Oklahoma school district that is nationally recognized in four strategic areas: Early Childhood Education, Community Schools, STEM (Science, Technology, Engineering, and Math), and College/Career Readiness.

Union's approximately 15,000 students, Pre-K through 12th grade, reside within a 28-square-mile boundary encompassing southeast Tulsa and a portion of Broken Arrow. Its 19 schools include an Early Childhood Education Center for three-year-olds; 13 elementary schools, Pre-K through 5th grade; and five secondary schools: a 6th/7th grade Center, 8th Grade Center, Freshman Academy, High School for grades 10-12, and an Alternative School serving grades 9-12.

Today, Union is the ninth-largest district in Oklahoma, continuing its 100-year tradition of spirit, pride and excellence.

“Union shows what can be achieved when a public school system takes the time to invest in a culture of high expectations, recruit top-flight professionals, and develop ties between schools and the community.”

–David L. Kirp, *The New York Times*

## Core Values

The Union community and its many public and private partners are committed to academic excellence. Ensuring all students graduate from high school, prepared for college or career success, guides our practice from Pre-K through 12th grade. Parents choose Union for its all-around excellence – dynamic academic programs; award-winning athletics and fine arts; highly respected leaders; remarkable facilities; and organizational effectiveness.

- **Commitment to Excellence** - quality in all that we do
- **Collegiality** - respect and teamwork
- **Honesty, Integrity, Transparency** – the right, above-board thing to do
- **Innovation** – new, effective thinking and programs
- **Inclusiveness** – culture of accepting families and employees for who they are
- **Empowerment** – freedom to reach full potential
- **Accountability** – acceptance of responsibility for achieving results
- **Thoughtful Planning** – incorporation of values in plans and decisions

Successful bond issues have funded state-of-the-art tools to enhance reading, language, math, science, and writing skills at every grade level. Art, music, and physical education enrich the traditional curriculum. Professionals in remedial reading, speech therapy, and special education are assigned to the schools, along with library media specialists, nurses and counselors. Courses for gifted students are offered at all levels, as are programs for English Language Learners. Union also offers a variety of Advanced Placement (AP) classes which allow students to earn college credit while learning about a subject in depth.

Union continues to adapt to the changing needs of our community and students. We are deeply invested in student engagement and developing new programming – including the expansion of our Construction and Aerospace academies, and the genesis of a Medical Academy – providing our students with even more pathways to success.

- **THE SCIENCE OF HOPE**  
Union is a hope-centered district, using hope as a lens to guide our work. In addition to providing dynamic learning experiences for students, Union is taking a tiered approach to addressing unwanted student behaviors and trauma by providing counseling and guidance to address the social, emotional, and academic needs of our students. The goal is to foster greater hope and confidence in our students' lives in a positive, affirming school environment.
- **STEM EMPHASIS**  
Union offers a wide range of Science, Technology, Engineering, and Mathematics (STEM) opportunities. Using what is considered the gold standard for STEM curriculum, Project Lead The Way (PLTW), Union was the first in the state, and among only a handful of districts nationwide, to offer STEM to students Pre-K through 12th grade. Biomedical, engineering, and computer science classes are among the district's many offerings.
- **UNION VIRTUAL**  
Union Virtual offers a high-quality, age appropriate, virtual education in grades 6-12. The newest version boasts a curriculum backed by Imagine Learning/Edgenuity, a leading national provider of digital curriculum. This curriculum, paired with our own Union certified teachers, will provide families with a comprehensive and robust platform for those choosing virtual as their educational option. Virtual is not for everyone, but with strong parent support at home and a strong self-motivated attitude, students can find success in the virtual program. Students may attend school virtually and still participate in activities like band, orchestra, cheer or athletics. The program is free of charge.

- **UNION COLLEGIATE ACADEMY**  
This wing of Union High School incorporates science labs, tiered lecture halls, Wi-Fi enabled student lounges, cafés, and a rooftop “green” classroom to create a collegiate setting. Here students can meet high school graduation requirements while earning college credits – virtually free of charge – from Tulsa Community College. Advanced Placement courses, Union Virtual, Tulsa Tech and Union Career Connect internships provide an array of options to prepare students for college or the workforce.

- **EDGE: EARN A DEGREE, GRADUATE EARLY**  
Union – in partnership with Tulsa Community College (TCC) – is offering high school students the chance to earn an associate degree at no cost while earning their high school diploma. The EDGE (Earn a Degree, Graduate Early) program focuses on first-generation college-goers and families who qualify based on income. Students apply in the 8th grade. Those selected enroll in a rigorous college prep curriculum as 9th graders before entering EDGE in the 10th grade, where students take a prescribed course schedule taught by TCC faculty. In the first five years, 137 students have earned an associate degree.
- **UNION CAREER CONNECT**  
Students participating in Union Career Connect (UCC) gain valuable work experience during high school internships or community service projects in areas such as Automotive Technology, Child Development, Manufacturing, Construction, Culinary Arts, Sports and Community Medicine, and Teaching. Since its inception in 2014, the program has helped 549 students earn more than 3,872 nationally recognized certifications across a variety of fields.

- **EARLY CHILDHOOD**  
Partnering with CAP Tulsa, Union provides a full-day, year-round program for income-eligible 3-year-olds at Rosa Parks Early Childhood Education Center. The site embraces the world-renowned Reggio Emilia philosophy of rich language development, fine arts exploration, and problem-solving in a beautiful, family-friendly facility. Union offers full-day kindergarten programs at every school site, as well as all-day programs for four-year-old students.

- **COMMUNITY SCHOOLS**  
The 6th/7th Grade Center and eight Union elementary schools are structured as full-service community schools. They are nationally recognized for their work in neighborhood development, parent involvement, academic enrichment, physical and mental health, and family activities to create student achievement. This highly effective model has resulted in increased attendance, reduced mobility, and improved academic success because of partnerships with community agencies, businesses, faith-based organizations, and foundations.  
  
The Union community and its many public and private partners are committed to academic excellence. Ensuring all students graduate from high school, prepared for college or career success, guides our practice from Pre-K through 12th grade.
