Enrollment Instructions

Open Enrollment

This Enrollment Guide contains a very high-level overview of the benefits offered and the corresponding costs. You **MUST** elect your benefits through our Employee Navigator online enrollment platform otherwise ***YOU WILL NOT BE ENROLLED IN BENEFITS***.

.

Benefits are effective September 1, 2026 thru August 31, 2027.

Please choose your benefits carefully as you will not be able to make any other revisions to your 2026-27 benefit elections until the following Open Enrollment period for 2027-28 (unless you have a Qualified Life Event).

Qualified Life Event Changes

If you have an eligible change in status during the plan year, you may make certain changes to your benefit coverage. Eligible changes in status include:

» Changes in your legal marital status including marriage, death of your spouse, divorce, legal separation or annulment.

» Changes in your number of dependents including birth, adoption, and placement for adoption or death of a dependent.

» Your dependent satisfying or no longer satisfying the eligibility requirements due to age, or other circumstances.

Medical Benefits

Proviso Township HS District 209's plan offers great flexibility in managing care for you and your family. The plans are administered by Blue Cross Blue Shield of Illinois (BCBSIL).

CHANGE 9/1/2026: If you are enrolled in our HSA medical plan, you will see an increase in the deductible for the remainder of 2026 due to a change with the IRS. The individual deductible & out-of-pocket thresholds will increase $100 while the family deductible & out-of-pocket will remain unchanged.

The National Prescription Drug List (PDL) changes are quarterly and set by the carriers. PTHS is not responsible for changes to the PDL.

As you consider your BCBSIL plan options, note the following:

IS AN HMO OR PPO BETTER FOR ME & MY DEPENDENTS?

HMO: *Covers services performed solely by in-network providers. There is no out-of-network benefit. You must select a PCP (Primary Care Physician) and IPA (Independent Physician Association). Care always begins with your PCP and should your ailment require a Specialist, your PCP will refer you to one. You are not allowed to self-refer to any provider.*

PPO (BCO & HSA): *Has a network of providers but also allows for the user of providers outside of the plan's network. It is more flexible than an HMO.*

Medical Benefits

A high-level overview of in-network benefits is illustrated below. Please refer to your plan document for a full description.

Visit **www.bcbsil.com** and refer to your member ID card for the customer service phone # and your plan Group #.

Teladoc Telemedicine

As an enrolled BCBSIL plan member, the District automatically enrolls you in our Teladoc Telemedicine benefit. You will create your member portal within Teladoc and add your eligible dependents. Dependents over the age of 18 are required to create their own account & seek services individually.

The District offers the Telemedicine benefit, so employees have access to reputable, convenient healthcare for non-emergent conditions without incurring an office visit cost. If a prescription is written, you will pay the cost in accordance to your health plan benefit. By referring your non-emergent needs to Teladoc, our BCBS plan does not realize a physician claim cost, thereby keeping our claims cost and renewals favorable.

Care is available 24/7/365 even while traveling within the United States.

Teladoc removes the time in waiting for an appointment with your doctor or at an urgent care facility, while reducing your cost. The consultations are held with a U.S. based physician.

FREE CONSULTATIONS! If a prescription is written, your BCBSIL Rx benefit plan applies.

Some examples of non-emergent health conditions:

- Colds, flu, COVID
- Sprains, strains, muscle aches
- Upper respiratory (sinus infections, bronchitis)
- Pink Eye
- Sore throat, strep throat
- Skin rash
- Allergies
- Urinary Tract Infections
- …….and so much more! When in doubt, call before presenting to the emergency room, physician office and/or Urgent Care facility

Registration includes a health questionnaire (confidential, between you & Teladoc)

Wellness Program

Proviso Township High School District values the health of their employees.

As a convenience, the District offers employees who are enrolled in one of our BCBSIL health plans an opportunity to undergo their CONFIDENTIAL annual biometric screening (blood test) and/or receive their annual flu shot.

Participation is voluntary. If you prefer undergoing your annual biometric screening and/or flu shot with your personal healthcare provider, you may do so.

The advantage in performing your annual screenings and annual preventive wellness exam is to uncover underlying health conditions. By doing so, you may be able to manage and control your condition before it becomes severe.

It is your decision to share your screening results with your personal Primary Care Physician.

Should any of your results be in a significant out-of-range result, you may receive a call or letter from a Clinician of Marquee Wellness. No results are shared with your employer!

Program updates:

8/1/2025-6/30/2026 participants: if you participated in the Marquee Wellness program from 9/1/2025-6/30/2026 will **have until October 31, 2026, to spend their earned rewards**. Rewards not used will be forfeited. Refer to your Wex LSA portal for more information.

8/1/2026-6/30/2027: The District has a new program beginning 8/1/2026. See the ***2026 Wellness Guide***, a separate communication on the new program.

Flexible Spending Account (FSA) / Section 125

Flexible Spending Accounts (FSA)

Enrollment in the Flexible Spending Account is held each October/November for the following calendar year. You will receive an email in October/November to elect this benefit for 1/1/2027.

Watch your emails for more information on the 2027 FSA program.

Section 125 – Cafeteria Plan

A Section 125 plan, or cafeteria plan, allows employees to pay for certain benefits on a pre-tax basis. Paying for benefits on a pre-tax basis reduces the employees' taxable income and therefore reduces both the employees' and the employer's tax liability.

If an employee elects to participate in a Section 125 plan, you may not change your elections until the next plan year, unless you experience an allowed qualifying life event.

Under the Section 125 plan, you may have the following benefits deducted: Group health, dental & vision premiums, Health Savings Account (HSA) and Flexible Spending Account (FSA).

Tax Rules: Employees who elect to participate in a Section 125 plan agree to contribute a portion of their salaries on a pre-tax basis to pay for qualified benefits. These contributions are called "salary reduction contributions" are not considered wages to federal income tax purposes and are generally not subject to Social Security and Medicare Tax (FICE) or Federal Unemployment Tax (FUTA). This reduces employees' taxable income, which results in a savings.

Refer to your HR Department for more information & to complete your form to elect or waive the Cafeteria Plan.
