

Union Grove High School

9TH GRADE NIGHT

FOR PARENTS!

High school is an exciting new chapter, and we're here to help you and your student start strong! Join us for an engaging evening where you'll meet your student's teachers, learn what to expect in each class, and discover how you can support your child's success throughout the school year.

You'll also gain valuable information about testing, graduation expectations, and proven strategies for helping freshmen thrive academically, socially, and personally.

Don't miss this opportunity to connect with our staff, ask questions, and become an important partner in your student's high school journey. Together, we can make 9th grade the foundation for four years of success!
