

School Supplies for next year 2026-2027

Starting August 15 and due September 15, each student will pay a fee of \$33 for school supplies.

A message/reminder will be sent out August 15 with the online payment information.

Rockwell orders supply for all students to ensure everyone starts the year with teacher-preferred supplies that fit each grade level's specific needs.

PTA has generously donated funds which significantly reduces your cost of supplies. Their partnership and our co-op bulk purchase save you money and time, therefore we are not providing grade level supply lists and asking you to go shopping. Take this off your summer to-do list!

Starting August 15th and due by September 15th, we will require payment to be made to the school for each student.

Mrs. Keller will work with families who need financial support. Send your request to KKeller@lwsd.org
