

2026-2027 GOC Supplemental Registration - Family

Through the Gwinnett Online Campus Supplemental Program, students enrolled at a local high school can complete a maximum of five courses as part of their regular school schedule without paying a fee. Students may also choose to pay for tuition and take additional courses after school or during the summer, to get ahead or make room in their schedule for electives. GOC offers more than 175 online courses and delivers over 5,800 segments through the Supplemental Program each year.

Families are presented with an introduction regarding the GOC Supplemental Registration Process. The application can be completed on a computer or mobile device.
