

Concurrent Credit
Enrollment Guide
Fall 2026 & Full Year
2026-2027

Baker concurrent credit course registration is simple and straight forward! There is no application or preapproval procedure to register for these courses. You must have at least a 3.0 GPA, verified by your counselor, to enroll in concurrent credit courses. If your GPA is lower, you may appeal to enroll in the course. Your counselor will have that form. For virtual courses, please visit your school counselor to confirm that the virtual courses you plan to take can be applied to your high school transcript.

About Appeals

- You are expected to have a cumulative GPA (weighted or unweighted) of 3.00 or greater. Your GPA will be verified for accuracy in reporting.
- If your current GPA is between 2.5 and 2.9, you are encouraged to still apply for Baker concurrent credit registration. You must request a GPA appeal from your high school counselor. See your counselor at least a week before the appeal deadline to request and submit a GPA appeal to Baker to allow time for processing before the enrollment deadline.
- If your GPA is not verified as a 3.00 or greater and you enroll in a course without submitting an appeal, you will be unenrolled, and your funds will be refunded.
- Be aware that even if you submit an appeal, your appeal will still need to go through an approval process, and enrollment is not guaranteed.
- If your GPA appeal is approved, a link will be sent to you from Candi Stewart, concurrent credit director.
