

R5 High School Phoenix Gazette

Dear R5 Community,

We've wrapped up another incredible year at R5 High School and we want to extend our deepest appreciation and gratitude to all of you for helping us reach amazing goals this year. Graduation was an incredible success last month as we had over 80 graduates from the R5 High School class of 2026. It's always energizing to see everyone in attendance supporting those learners who have reached the finish line.

Thank you as well to all of you who attended the R5 High School Sweet Success banquet last month to celebrate our graduates. We enjoy gathering with all of our graduates and families in celebration together. Your support and help with recognizing our graduates who have gone above and beyond during their time at R5 High School means so much to them and our entire staff.

Summer school at R5 High School is wrapping up this week and we've had additional graduates who have completed their journey this month. Our main office will be open with limited hours through Thursday this week. If you are needing something beyond Thursday this week, our office will reopen on July 20th 2026 as our staff takes a well deserved break.

For any learners returning or planning to start their journey at R5 High School, registration for the 2026-27 school year is scheduled for Wednesday, July 23rd from 9am-2pm. Our website has additional information if you are planning to attend R5 High School next year. Please note R5 registration is in-person only.

We wish you all an incredible summer and encourage you to take the time to be with friends, family, and those you love. Spend time outside and enjoy this beautiful place we have the opportunity to live in. Our next newsletter will be forthcoming at the end of July 2026 as we begin the new school year and will contain important updates to some of our policies for next year. Until then, we wish you and yours the best of health and happiness. Thank you for all you do as part of our community!

Ms Sutton Casey, an English/Language Arts teacher at R5, has been chosen to attend "Shakespeare and Digital Storytelling" a two-week summer institute sponsored by the National Endowment for the Humanities. She is one of twenty-five teachers chosen nationally to attend the institute in Decatur, Georgia at Agnes Scott College. She will be studying three of Shakespeare's plays while integrating 21st Century skills in digital storytelling.

"I'm thrilled and honored to be attending this institute. Agnes Scott College is known for its innovative approach to learning and I am excited to work with Shakespearean scholars and digital storytelling experts to bring the timeless nature of Shakespeare's storytelling together with the magical nature of digital storytelling to inspire my students."
