Bridgeport Elementary School is a "Community Eligibility Provision" School, which means that all students eat at no cost for free at Breakfast and Lunch for the entirety of the school year. Households are not required to do anything.

If you have students at another UMASD school (Elementary Schools(Caley, Candlebrook, Gulph, Roberts, the Middle School, or the High School) please be sure to read the Welcome Letter for those schools, because the rules and steps involved are quite different.

Scanners at the Registers

Elementary students have at least 2 ID cards with their name and barcodes on it with their ID #. One card is used at lunch and is managed in the building(s). The 2nd card is needed for any student who is going to get breakfast. The card should be pinned/connected via lanyard on the inside/outside of the student's backpack or in the holder that some of the schools use for dismissal info. This will ensure that the card is available for the breakfast line. You can help by discussing with your students that when they are in line for breakfast, they should start getting the card available to the cashier to scan it. Food Service will not remove the card- just scan it in place so it will be available the next morning. The ID cards that come with school pictures may also be used at the registers. Since your students' ID never changes, they can continue to use their old cards each year for this purpose. Incoming Kindergartners will get these cards when school starts.

Meal Pricing

Breakfast = FREE to All!
Lunch = FREE to All!

Breakfast will be served from either the cafeteria or a breakfast cart that is more accessible to drop-off zones in the morning. Students will pick up breakfast on their way into the building and bring it directly to their classrooms to eat. There will be multiple choices each day. All breakfasts will come with the choice of whole fruits, 100% fruit juice, and or a milk. PLEASE BE SURE YOUR STUDENT HAS THEIR ID! At lunch, there will be 3 choices every day at the Elementary School. A vegetarian item will be available every day. Students may choose up to two fruits, two vegetables, and one milk with their meals, but they **must** have either a fruit or a vegetable on their tray.

Please Read on for Additional Important Food Service Information...

The Food Service Department's primary goal is to provide your child with healthy, attractive, and tasty meals that comply with all state and federal nutritional guidelines and regulations.

Following the standards of the Healthy, Hunger-Free Kids Act of 2010, most of our grain-based products, such as bread, pizza crusts, and sub rolls, are whole grain-rich, all milk is low-fat or fat-free, and we do not fry any foods. Please strongly encourage your child to take a complete, well-balanced meal that includes fruits, vegetables, and milk.

Starting off the day with a good breakfast helps your child stay alert and focused in class, which improves academic performance. Please remember that a complete breakfast is available every day.

The monthly menus are posted on the district website and on [SchoolCafe.com](https://www.schoolcafe.com). Milk, vegetables, and fruit are always included in the cost of a complete meal. Students must take at least one fruit or vegetable with their meal.

The UMASD Food Service Department is here to serve the students, so please feel free to contact me anytime with compliments, concerns, questions, or suggestions at 610-205-8804 or bfrazer@umasd.org.

Have a great 2025-2026 school year!
Brittany Frazer, Food Service Supervisor
